§ 9.

The resolution enters into force on the date of its adoption.

Rationale

of the draft resolution of the Extraordinary General Meeting of Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna determining the terms of setting the remuneration of members of the Management Board

Pertaining to articles 378 § 2 of the Code of Commercial Companies, the General Meeting may determine the principles of remuneration payment to the Management Board Members, in particular the maximum amounts of remuneration, granting rights to additional benefits for Management Board Members and maximum values of such benefits.

Pertaining to article 2 clause 1 and clause 2 of Act on Principles of Determination of Remuneration of Managers of Certain Companies of 9 June 2016 (Journal of Laws of 2016 item 1202 as amended) an entity entitled to enforce rights attached to shares is obliged to undertake activities aimed at determination of and compliance with the principles of remuneration payment to members of a management body and members of a supervisory body, as defined in the above mentioned Act. The enforcement of the foregoing obligations means in particular ensuring that an extraordinary meeting of

shareholders of a company votes and adopts draft a resolution on the subject concerned. Pertaining to the Regulation of the Council of Ministers of 3 January 2017 on a list of companies, in which the rights attached to Treasury's shares are enforced by other members of the Council of Ministers than the Prime Minister, or by plenipotentiary of the Government or state legal entities, the Minister of Economic Development and Finance executes rights attached to shares of Powszechna Kasa Oszczędności Bank Polski S.A., that are held by the State Treasury.

Due to the foregoing, for the purpose of adjustment of the current principles of remuneration payment to the Management Board Members of Powszechna Kasa Oszczędności Bank Polski S.A. to the provisions of the Act on Principles of Determination of Remuneration of Managers of Certain Companies, the Minister of Economic Development and Finance has asked for introduction of the issue of adoption of the resolution on the principles of determination of remuneration of Management Board Members in compliance with provided draft resolution to the agenda of the Extraordinary General Meeting.

Proposed remuneration of the Management Board Members of Powszechna Kasa Oszczędności Bank Polski S.A. has been determined in compliance with the provisions of the Act on Principles of Determination of Remuneration of Managers of Certain Companies.

The projected principles of remuneration payment to the Management Board Members shall replace the currently binding principles of remuneration payment to the Management Board Members, that have been defined by the Supervisory Board of Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna.

Solutions adopted by the Supervisory Board under the resolution of the Extraordinary General Meeting on the principles of determination of remuneration of Management Board Members should comply with the provisions of resolution no 258/2011 of the Polish Financial Supervision Authority on detailed principles of operation of the risk management system and internal audit system, as well as detailed conditions of

estimation of internal capital by banks and reviews of the process of estimation and maintenance of internal capital, and principles concerning determination of the policy on variable components of remuneration of persons on managerial positions in a bank, and in the future also with provisions of the regulation of the Minister of Economic Development and Finance on risk management and internal audit system issued on the basis of article 9f of the Banking Act, that is to replace the above mentioned resolution of the Polish Financial Supervision Authority.

Due to the fact, among others, that at the moment all Management Board Members of Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna are bound with an employment relationship and new principles resulting from the resolution of the Extraordinary General Meeting should be also coherent with the general remuneration policy that is adopted by the Supervisory Board in compliance with article 9ca of the Banking Act, the implementation of new principles of remuneration payment to Management Board Members requires a number of activities to be performed by the Supervisory Board.

The draft resolution allows a possibility for the Supervisory Board to grant the same additional benefits to the Management Board Members as benefits for other employees of the Bank, such as professional trainings, health insurance, etc. This results from specific conditions of the Bank's operations and the volume of its activities, and regulatory requirements. Pertaining to article 22aa clause 8 of the Banking Act, **the bank is obliged to ensure means necessary to prepare the Management Board Members for performance of their functions and funds necessary for trainings.**

The Supervisory Board will be obliged to adjust the currently binding conditions of remuneration payment to the Management Board Members to the Resolution of the Extraordinary Meeting on principles of determination of remuneration of the Management Board Members no later than by the date of the Annual General Meeting of Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna with an agenda including examination and approval of the report of the Management Board on the Bank's activities and the Bank's financial statement for financial year starting in 2016.

§ 4.

The resolution enters into force on the first day of a month after the closing of the Extraordinary Meeting convened for 13 March 2017.

Rationale

of the draft resolution of the Extraordinary General Meeting of Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna determining the terms of setting the remuneration of members of the Supervisory Board

Pertaining to articles 392 § 1 of the Code of Commercial Companies, remuneration of Supervisory Board Member of a company is defined in the Articles of Association or a Resolution of the General Meeting.

Pertaining to article 2 clause 1 and clause 2 of Act on Principles of Determination of Remuneration of Managers of Certain Companies of 9 June 2016 (Journal of Laws of 2016 item 1202 as amended) an entity entitled to enforce rights attached to shares is obliged to undertake activities aimed at determination of and compliance with the

principles of remuneration payment to members of a management body and members of a supervisory body, as defined in the above mentioned Act. The enforcement of the foregoing obligations means in particular ensuring that an extraordinary meeting of shareholders of a company votes and adopts draft a resolution on the subject concerned. Pertaining to the Regulation of the Council of Ministers of 3 January 2017 on a list of companies, in which the rights attached to Treasury's shares are enforced by other members of the Council of Ministers than the Prime Minister, or by plenipotentiary of the Government or state legal entities, the Minister of Economic Development and Finance executes rights attached to shares of Powszechna Kasa Oszczędności Bank Polski S.A., that are held by the State Treasury.

Due to the foregoing, for the purpose of adjustment of the current principles of remuneration payment to the Supervisory Board Members of Powszechna Kasa Oszczędności Bank Polski S.A. to the provisions of the Act on Principles of Determination of Remuneration of Managers of Certain Companies, the Minister of Economic Development and Finance has asked for introduction of the issue of adoption of the resolution on determination of remuneration principles of Supervisory Board Members in compliance with provided draft resolution to the agenda of the Extraordinary General Meeting.

Proposed remuneration of the Supervisory Board Members of Powszechna Kasa Oszczędności Bank Polski S.A. has been determined in compliance with article 10 of the Act on Principles of Determination of Remuneration of Managers of Certain Companies.

Presented draft resolution of the Extraordinary Meeting includes a possibility to raise the remuneration defined in § 1 clause 1 of the draft resolution, if a Supervisory Board Member participates at least in one standing committee of the Supervisory Board. At the moment, there are the following four standing committees in the Supervisory Board of Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna: the Remuneration Committee, the Risk Committee, the Audit Committee and the Strategy Committee. Additional remuneration shall be granted to the Supervisory Board Members due to

numerous obligations of Supervisory Board Members related to participation in the above mentioned committees.

The draft presented to the Extraordinary Meeting complies also with good practice applied by Powszechna Kasa Oszczędności Bank Polski S.A. Pertaining to § 29 clause 1 of the Corporate Governance Principles for supervised institutions “*Remuneration of members of supervisory body is set in a way corresponding to the performed function, and to the volume of activities of a supervised institution. Members of a supervisory body, who have been appointed as members of committees, including an audit committee, should be remunerated for additional tasks performed in a given committee accordingly.*”. But according to clause VI.R.4 of Good Practices of Companies Quoted on WSE 2016 “*Remuneration should correspond to the scope of responsibilities defined for individual persons and should cover performance of additional functions, like for instance work in committees of a supervisory board.*”

The projected principles of remuneration payment to the Supervisory Board Members shall replace the currently binding principles of remuneration payment to the Supervisory Board Members of Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna, that were defined in resolution no 36/2010 of the Extraordinary General Meeting of Shareholders of Powszechna Kasy Oszczędności Bank Polski S.A. dated 25 June 2010 on determination on remuneration principles for Supervisory Board Members of the Bank.

The Articles of Association of Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna shall be amended as follows:

1) in § 23, section 2 shall read as follows:

“2. The President of the Management Board shall be accountable for, without limitation, matters related to supervision over the maintenance of functioning of Bank authorities and matters related to supervision over the maintenance of functioning of Bank standing committees, as well as related to internal audit, security, communication and promotion, strategy and human resources management.”,

2) in § 27, section 3 shall read as follows:

“3. An internal audit unit and a compliance unit shall be independent. The internal audit unit shall report directly to the President of the Management Board.”.

§ 2.

The Supervisory Board is hereby authorized to draw up a uniform text of the Articles of Association of Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna, including the amendments contemplated in § 1 hereof.

§ 3.

The resolution shall enter into force as of the date of its adoption.

Rationale

for a proposal of the resolution on amendments to the Articles of Association of Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna

The proposed amendments to the Articles of Association of the Bank aim at enabling supervision over Bank activities related to legal services and risk of non-compliance by a member of the Management Board of the Bank other than the President of the Management Board. Apart from the above-mentioned issue, the proposed amendments to the Articles of Association of the Bank include more precise specification of the areas of Bank activities which are supervised by the President of the Management Board, involving matters related to security, strategy and human resources management.

Upon the above-mentioned amendments to the statute of the Bank, the Legal and Compliance Area created within the framework of internal division of powers in the Management Board of the Bank can be supervised not only by the President of the Management Board but also by the Vice-President of the Management Board or a member of the Management Board.

The proposed amendments to the Articles of Association of the Bank were allowed by the Polish Financial Supervision Authority.
