The above financial data has been converted into EUR under the following assumptions:

- Elements of the consolidated profit and loss account and consolidated statement of cash flows were converted into EUR by applying the arithmetic average of exchange rates for the final day of each month belonging to the reporting period, as published by the National Bank of Poland. The corresponding exchange rates were: 4.5585 PLN/EUR for the period between 1 January and 30 September 2021, and 4.4420 PLN/EUR for the period between 1 January and 30 September 2020 respectively,
- Assets and liabilities listed in the consolidated statement of financial position were converted into EUR by applying the exchange rate for the final day of the reporting period, as published by the National Bank of Poland. These exchange rates were: 4.6329 PLN/EUR on 30 September 2021 and 4.6148 PLN/EUR on 31 December 2020 respectively.

The Group's **Sales revenues** for the third quarter of 2021 amounted to 144 463 thousand PLN, which is 39 945 thousand PLN more than in the third quarter of 2020 (38.2% increase).

The most significant contribution to CD PROJEKT Group's revenues during the reporting period came from **Revenues from sales of products**, at 104 262 thousand PLN (68.4% increase), mostly comprising:

- licensing royalties associated with distribution of Cyberpunk 2077, released on 10 December 2020;
- licensing royalties associated with continuing sales of The Witcher 3: Wild Hunt, along with its expansions – Hearts of Stone and Blood and Wine – sold separately and as the Game of the Year Edition bundle;
- licensing royalties from digital distribution platforms generated by GWENT: The Witcher Card Game, Thronebreaker: The Witcher Tales, The Witcher 2 and The Witcher;
- licensing royalties generated by CD PROJEKT RED franchises.

An important contribution came from **Revenues from sales of goods and materials**, at 39 781 thousand PLN in Q3 2021 (5.6% decrease compared to the reference period). The largest contribution to this revenue category is the digital distribution of games sourced from external suppliers directly to end customers via the GOG.COM platform (5.5% increase compared to the reference period). In addition, this category also includes CD PROJEKT S.A. revenues from sales of elements of box sets of the Studio's own videogames (including carrier media, boxes, etc.) which CD PROJEKT sells to its distributors, as well as revenues from sales of tie-in merchandise carried out by the CD PROJEKT RED GEAR storefront.

The **Cost of products and services sold** in Q3 2021 was reported at 23 217 thousand PLN, which is 16 597 thousand PLN (250.7%) more than in the third quarter of 2020. This line item represents depreciation of development projects at CD PROJEKT S.A. and GOG sp. z o.o. – mainly games developed by CD PROJEKT RED. The reported increase is mainly due to ongoing depreciation of Cyberpunk 2077 development expenses following the game's release in Q4 2020.

In line with the accounting policies in force at the Group expenditures on development projects for which a reliable estimate of the quantity and volume of sales budgets can be provided, are depreciated in proportion to the projected consumption of economic benefits, which depends on the number of copies sold.

For other projects, the Group recognizes depreciation using the straight-line method. For projects whose development costs were subject to depreciation in the third quarter of 2021 the following rules apply:

- 40% of Cyberpunk 2077 development expenditures was recognized as costs in 2020, in the release quarter, while the remaining 60% will be depreciated throughout a five-year economic use period, at 3% per quarter;
- GWENT development expenditures are depreciated using the straight-line method, throughout three years following the game's full official release (October 2018). Accordingly, Q3 2021 marks the last quarterly period during which depreciation of the original development expenses related to that game is carried out;
- Development expenditures related to Thronebreaker: The Witcher Tales (released in October 2018) and The Witcher 3: Wild Hunt for Nintendo Switch (released in October 2019) are depreciated throughout three years following their respective releases; however, in their case depreciation is based on the expected breakdown of future revenues, projected on the basis of sales data for past projects.

The **Cost of goods and materials sold**, at 29 710 thousand PLN (0.3% decrease) corresponds mainly to the cost of goods distributed via the GOG.COM platform. In the CD PROJEKT RED segment, contribution to this line item come from sales of physical videogame components and merchandise marketed directly to customers via the gear.cdprojektred.com storefront.

Regarding operating expenses in the third quarter of 2021 the largest contribution came from **Selling costs**, at 53 322 thousand PLN, which increased by 24 124 thousand PLN compared to the reference period (77.3%).

This figure comprises mainly costs related to maintenance and upkeep of past releases, at 23 387 thousand PLN. In addition to ongoing maintenance of GWENT: The Witcher Card Game, the CD PROJEKT RED segment reported costs related to support of Cyberpunk 2077 and the associated strong commitment of the game's dev team – these costs had no counterpart in the reference period.

Another large contribution to this cost category came from publishing, advertising and promotional activities carried out in the CD PROJEKT RED segment with regard to the Studio's own releases. This includes remuneration (fixed and dependent on results) of the Studio's internal publishing departments, as well as the cost of bought-in services related to sales support.

In the GOG.COM segment selling costs are generated mainly by marketing activities related to the GOG.COM platform, and by work on further development and support for sales carried out on this platform.

General and administrative costs at the CD PROJEKT Group reached 23 231 thousand PLN, having increased by 14 634 thousand PLN compared to the reference period (170.2% increase).

This line item aggregates fixed and result-dependent remuneration of administrative teams, fixed remuneration of board members at the Group's member companies, as well as bought-in services which qualify for this category. The reported increase was due to additional recruitment and expansion of the Group's activities over the past 12 months, as well as – principally – estimation of additional entitlements assigned under the new incentive program for 2020-2025, which had no counterpart in the reference period (8 901 thousand PLN in Q3 2021) and R&D activities in the CD PROJEKT RED segment (4 320 thousand PLN in Q3 2021). The latter include early-stage (exploratory) work on new videogame projects, which occurs before the development phase commences and further costs are subject to capitalization on the balance sheet as Expenditures on development projects.

Regarding **Other operating revenues and expenses**, in the reporting period they comprise mainly revenues obtained by CD PROJEKT in association with leasing of office space (along with the corresponding maintenance costs) at the commercial campus located in Warsaw at Jagiellońska 74 and 76, as well as subsidies received in the CD PROJEKT RED segment.

In Q3 2021 Group member companies obtained 9 984 thousand PLN in **Financial revenues**. The reported increase - by 200.5% compared to the reference period – is mostly due to recognition of 7 696 thousand PLN in surplus positive exchange rate differences related to estimation of treasury bonds denominated in foreign currencies, which CD PROJEKT S.A. had previously purchased. In parallel, the **Financial costs** category, at 9 216 thousand PLN (125.6% increase), includes the corresponding estimation of exchange rate hedges related to the aforementioned foreign treasury bonds denominated in foreign currencies (at 8 787 thousand PLN).

The income tax recognized in the P&L account for the third quarter was 58 thousand PLN. This figure represents the balance between current income tax (6 634 thousand PLN) and changes in deferred income tax (6 576 thousand PLN).

The Group's consolidated **Net profit** for the third quarter of 2021 was 16 342 thousand PLN, which is 30.1% less than in the corresponding period in 2020 (23 382 thousand PLN).

* adjusted

The Group's **Fixed assets** at the end of Q3 2021 were estimated at 931 541 thousand PLN, having decreased by 13 587 thousand PLN (1.4%) compared to 30 June 2021.

The largest contribution to this figure was from **Expenditures on development projects**, which correspond to development of new games and technologies, subject to progressive depreciation. In the third quarter of 2021 this line item decreased by 2 414 thousand PLN, mainly due to a surplus of depreciation of projects completed in past years (primarily Cyberpunk 2077) over current development projects in the CD PROJEKT RED segment.

An increase was observed in **Shares in subsidiaries excluded from consolidation**. This increase – by 7 699 thousand PLN (93.1%) was due to acquisition of the Canadian Digital Scapes studio (later rebranded as CD PROJEKT RED Vancouver) in July 2021.

The balance of the Group's **Working assets** at the end of Q3 2021 was 1 216 539 thousand PLN, which represents a quarter-over-quarter increase of 14 237 thousand PLN (1.2%).

The balance of **Trade receivables** on 30 September 2021 was 42 927 thousand PLN. The reported decrease – by 88 231 thousand PLN (67.3%) – was mainly due to collection (in Q3 2021) of licensing royalties in the CD PROJEKT RED segment in association with sales realized in the first half of the year.

The Group's **Other receivables** were estimated at 123 145 thousand PLN at the end of September 2021, which corresponds to an increase by 6 263 thousand PLN compared to 30 June 2021. The bulk of this figure comes from withholding tax deducted at source by recipients of licenses granted by CD PROJEKT RED segment, for which the Company has to account in its annual tax statement, including withholding tax on payments related to sales of Cyberpunk 2077 in its release window. Additionally, the Group's member companies report as Other receivables their VAT settlements, advances on future expenditures on development projects and advance payments for future deliveries of goods and services.

Other short-term financial assets (279 491 thousand PLN) and **Other long-term financial assets** (173 808 thousand PLN) yield a balance of 453 299 thousand PLN as of 30 September 2021 (increase by 34 534 thousand PLN, i.e. 8.2%). This figure comprises mainly treasury bonds purchased by CD PROJEKT S.A. in the framework of diversifying credit risk related to its cash assets. The reported value of such bonds increased by 33 661 thousand PLN compared to the end of June 2021 (8.2% increase).

Long- and short-term **Deferrals** reached 37 418 thousand PLN at the end of September 2021, which represents an increase by 14 425 thousand PLN (62.7%) compared to 30 June 2021. The reported balance and the increase observed in the reporting period are both due mainly to minimum guarantees which have not been reported in the P&L account as of the balance sheet date – i.e. prepayments made by GOG.COM to its suppliers in relation to licensing royalties arising from distribution of games on the GOG.COM platform (26 444 thousand PLN – an increase by 14 265 thousand PLN, i.e. 117.1%).

The total value of the Group's **Cash and cash equivalents** and **Bank deposits (maturity beyond 3 months)** was reported at 740 754 thousand PLN as of 30 September 2021, having increased by 21 581 thousand PLN (3.0%) during the third quarter. Factoring in other liquid financial assets, i.e. treasury bonds (aggregated with short- and long-term Other financial assets), the Group held 1 184 648 thousand PLN in financial reserves at the end of Q3 2021, which is 55 242 thousand PLN (4.9%) more than at the end of June.

TOTAL EQUITY AND LIABILITIES		2 148 080	2 147 430	2 890 299

* adjusted

At the end of Q3 2021 the CD PROJEKT Group's **Equity** was 1 833 522 thousand PLN, which is 27 159 thousand PLN more than on 30 June (1.5% increase). The reported increase in equity is mainly due to current-period earnings, along with an increase in the Other reserve capital line item, in correspondence with the costs of the Group's incentive program which is based on parent Company stock options.

The balance of **Long-term liabilities** at the end of the reporting period was 20 771 thousand PLN, which corresponds to a decrease by 457 thousand PLN (2.2%).

The balance of **Short-term liabilities** was 293 787 thousand PLN, having decreased by 26 052 thousand PLN (8.1%) since the close of Q2 2021. The primary reason is a decrease of **Other provisions** (by 49 246 thousand PLN) – these include provisions for returns or costs related to settlement of sales of Cyberpunk 2077 in the CD PROJEKT RED segment, along with provisions for bonuses and remuneration dependent on financial results. The reduction in Other provisions over the third quarter of the year is mainly due to consumption of provisions.

As of 30 September 2021 the Group's **Trade liabilities**, mainly composed of trade liabilities at GOG.COM (most of which are licensing royalties payable in relation to Q3 sales), and current trade liabilities in the CD PROJEKT RED segment, were reported at 61 832 thousand PLN, having increased by 13 504 thousand PLN since the close of Q2 2021 (27.9% increase).

The value of **Deferred revenues**, both long- and short-term, was 43 108 thousand PLN at the end of September, which represents an increase by 1 517 thousand PLN compared to 30 June 2021 (3.6%). The bulk of the reported figure comes from the following: in the CD PROJEKT RED segment – advance payments received or receivable from publishers and distribution partners (so-called minimum guarantees); in both CD PROJEKT RED and GOG.com segments – deferred revenues related to subsidies.

The Group's aggregate **Other financial liabilities**, both short-term (15 218 thousand PLN) and long-term (15 011 thousand PLN), increased by 7 992 thousand PLN (35.9%). This line item comprises mainly liabilities related to perpetual usufruct of land plots at Jagiellońska 74 and 76 in Warsaw (in accordance with IFRS 16), while the reported increase is mostly due to revaluation of exchange rate hedges related to the Group's possession of foreign treasury bonds denominated in foreign currencies.

Condensed interim statement of changes in consolidated equity

* adjusted

The Group adjusted the presentation of the effect of the vesting of its incentive program for 2012-2015. As a result of this change, the "Other reverse capital" line item was adjusted downward by 3 861 thousand PLN, while the "Supplementary capital from sale of shares above nominal value" was adjusted upward by the same amount.

In the third quarter of 2021 the CD PROJEKT Group reported 85 831 thousand PLN in **Net cash flows from operating activities**, which is 53 280 thousand PLN less than in the reference period (38.3% decrease). The consolidated base net earnings, at 16 342 thousand PLN, were subject to the following adjustments:

- a) Non-cash items (aggregate decrease by 13 088 thousand PLN):
 - **Depreciation** (+4 396 thousand PLN),
 - **Development projects recognized as cost of products and services sold** (+22 876 thousand PLN), mainly depreciation of development costs related to Cyberpunk 2077, GWENT: The Witcher Card Game, Thronebreaker: The Witcher Tales and The Witcher 3: Wild Hunt - Complete Edition for Nintendo Switch,
 - **Profit (loss) from exchange rate differences** (-9 705 thousand PLN), mainly from estimation of foreign treasury bonds,
 - **Profit (loss) from investment activities** (+9 460 thousand PLN), mainly from estimation of exchange rate hedges associated with purchases of foreign treasury bonds,
 - **Change in provisions** (-49 463 thousand PLN), mainly due to settlement of provisions for returns and adjustments to Cyberpunk 2077 licensing reports in the CD PROJEKT RED segment,
 - **Other adjustments** (+9 348 thousand PLN), where Group companies mainly recognize settlements related to the incentive program.
- b) Items related to changes in working assets and short-term liabilities (aggregate increase by 88 992 thousand PLN):
 - **Change in inventories** (+339 thousand PLN),
 - **Change in receivables** (+88 877 thousand PLN), primarily due to a decrease in the balance of trade receivables as a result of collection (in Q3 2021) of licensing royalties previously reported in Q2 2020,
 - **Change in liabilities excluding credits and loans** (+12 747 thousand PLN),
 - **Change in other assets and liabilities** (-12 971 thousand PLN).
- c) One line item recognized elsewhere in the cash flow statement - **Interest and profit sharing** (-17 thousand PLN);
- d) Difference between the value of income tax reported in the profit and loss account and income tax actually paid in the third quarter of 2021 (-6 398 thousand PLN).

The most significant driver of Net cash flows from operating activities in the reference period was the increase in the balance of Deferred revenues, primarily due to collection – in the previous year – of advance payments associated with Cyberpunk 2077 licensing royalties.

In the third quarter of 2021 the CD PROJEKT Group posted 63 232 thousand PLN in negative **Net cash flows from investment activities**, primarily due to the following:

- a) Investments in assets – **Expenditures on development projects**, at 26 530 thousand PLN, along with other Fixed assets at 5 636 thousand PLN,
- b) Purchase of treasury bonds as a means of allocating surplus cash (22 623 thousand PLN),
- c) Acquisition of Digital Scapes (later rebranded as CD PROJEKT RED Vancouver) (7 679 thousand PLN).

The Group reported 1 018 thousand PLN in negative **Net cash flows from financial activities**, related mostly to settlement of liabilities arising under lease agreements.

The total balance of the Group's **Net cash flows** for the third quarter of the year was 21 518 thousand PLN, i.e. 14 551 thousand PLN less than for the corresponding period in 2020 (40.3% decrease).

Altogether, the balance of the Group's financial reserves, comprising cash, bank deposits and other financial assets which correspond to the value of treasury bonds held by the Group, increased by 55 242 thousand PLN during the reporting period, reaching 1 184 648 thousand PLN.

CD PROJEKT

Clarifications regarding the condensed interim consolidated financial statement

2

General information

Name of reporting entity:	CD PROJEKT S.A. (no changes in the name of the reporting entity occurred since the close of the previous reporting period)
Legal status:	Joint-stock company
Headquarters:	Jagiellońska 74, 03-301 Warsaw
Country of registration:	Poland
Principal scope of activity:	CD PROJEKT S.A. is the holding company of the CD PROJEKT Group which conducts its operations in two activity segments: CD PROJEKT RED and GOG.COM
Primary site of activity:	Warsaw
Keeper of records:	District Court for the City of Warsaw in Warsaw – Poland; 14th Commercial Department of the National Court Register (Sąd Rejonowy dla m.st. Warszawy w Warszawie, XIV Wydział Gospodarczy Krajowego Rejestru Sądowego)

Tax identification number (NIP):	7342867148
Waste disposal database (BDO) number:	000141053
Duration of the Group:	Indefinite
Name of parent entity:	CD PROJEKT S.A.
Name of ultimate parent entity of the Group:	CD PROJEKT S.A.

Structure of the Group

Affiliates

Consolidation principles

Entities subject to consolidation

	capital share	voting share	consolidation method
CD PROJEKT S.A.	parent entity	-	-
GOG sp. z o.o.	100%	100%	full
CD PROJEKT Inc.	100%	100%	full
CD PROJEKT Co., Ltd.	100%	100%	excluded from consolidation
Spokko sp. z o.o.	74%	74%	excluded from consolidation
CD PROJEKT RED STORE sp. z o.o.	100%	100%	full
CD PROJEKT RED Vancouver Studio Ltd.	100%	100%	excluded from consolidation

In accordance with the accounting policies in force within the Group, the parent entity may elect to exclude certain subsidiaries from consolidation as long as each of these subsidiaries:

- contributes not more than 2% to the parent entity's balance sheet total,
- contributes not more than 1% to the parent entity's aggregate sales and financial revenues.

Note that the above values are exclusive of any transactions between the subsidiary and the parent company which would have otherwise been subject to consolidation eliminations.

In addition to the above, all subsidiaries excluded from consolidation must jointly:

- contribute not more than 5% to the parent entity's balance sheet total,
- contribute not more than 2% to the parent entity's aggregate sales and financial revenues.

The above values are also exclusive of any transactions between each subsidiary and the parent company which would have otherwise been subject to consolidation eliminations.

The above criteria are met by CD PROJEKT Co., Ltd., Spokko sp. z o.o. and CD PROJEKT RED Vancouver Studio Ltd.

Subsidiaries

Subsidiaries are defined as all entities which fall under the Group's control. An entity is considered to fall under the Group's control if all of the following criteria are met:

- executive control, i.e. possession of the required legal title to direct the entity's significant operations (operations, which significantly affect the entity's financial standing),
- exposure to variation in the entity's financial results, or possession of the required legal title to adjust the Group's financial results in relation to the entity's own financial results,
- possession of the required administrative apparatus to affect the Group's own financial results by exercising the right to affect financial results attributable to the Group by leveraging the Group's involvement in the entity.

Subsidiaries which meet materiality criteria are subject to full consolidation from the date of acquisition of control by the Group and cease to be reported as such on the day control is lost.

Any revenues, expenses, settlements and unrealized gains on transactions between companies belonging to the Group are eliminated in full. Unrealized losses are also eliminated unless the nature of the transaction indicates impairment of any of the transferred assets. Accounting practices in use at subsidiary companies are adjusted whenever necessary to ensure compliance with accounting practices adopted by the Group.

Basis for the preparation of the condensed interim consolidated financial statement

This condensed interim consolidated financial statement is prepared in compliance with International Accounting Standard 34 (IAS 34) *Interim financial reporting*, approved for use within the EU.

The condensed interim consolidated financial statement does not contain all the information and disclosures which would otherwise be required in an annual financial statement. Accordingly, this statement should be read in conjunction with the Consolidated Financial Statement of the CD PROJEKT Group for the year ending 31 December 2020, approved for publication on 22 April 2021.

Assumption of going concern

This condensed interim consolidated financial statement is prepared under the assumption that the Group and its parent entity intend to continue as a going concern in the foreseeable future, i.e. at least throughout the 12-month period following the balance sheet date.

As of the date of signing this financial statement the Management Board of the parent entity is not aware of any facts or circumstances which would jeopardize the assumption of going concern within said 12-month period by way of intended or forced cessation or significant reduction of continuing operations.

As of the day of preparation of this consolidated financial statement covering the period between 1 July and 30 September 2021 the Management Board is not aware of any events which should have been reflected in the accounts for that period but have not been reflected therein. Additionally, no important events related to the preceding years were included in this statement.

Compliance with International Financial Reporting Standards

This condensed interim consolidated financial statement conforms to International Accounting Standard (IAS) 34, *Interim Financial Reporting*, as well as to International Financial Reporting Standards (IFRS) applicable to interim financial reporting, endorsed by the International Accounting Standard Board (IASB) and the International Financial Reporting Interpretations Committee (IFRIC) and approved by the EU under the relevant Regulation on the Application of International Accounting Standards (European Council 1606/2002), hereinafter referred to as UE IFRS, valid for 30 September 2021.

The Group intends to apply amendments to IFRS which have been published but have not yet entered into force on the publication date of this condensed interim consolidated financial statement, depending on their date of entry into force. Information regarding standards and interpretations applied for the first time, early application of new standards, standards which have entered into force on or after 1 January 2021 and the effect of changes in IFRS upon the Group's future financial statements is provided in Section 2 of the Group's Consolidated Financial Statement for 2020.

Changes in standards or interpretations in force and applied by the Group, which entered into force since 1 January 2021

- Amendments to **IFRS 9**, **IAS 39**, **IFRS 7**, **IFRS 4** and **IFRS 16** - applicable to reporting periods beginning or on after 1 January 2021,
 - In the case of estimation at amortized cost, changes in estimated flows resulting directly from the IBOR reform will be treated in the same way as changes in variable interest rates, i.e. without affecting the financial result,
 - There will be no requirement to terminate a hedging relationship if the only change results from the IBOR reform while all other hedge accounting criteria met; the relevant change regulates the recognition of alternative rates in the hedging relationship,
 - The entity will be obligated to disclose risks arising in conjunction with the reform, and describe its approach to managing recognition of alternative rates.
- Amendments to **IFRS 4** – *Insurance contracts* – deferring the application of **IFRS 9** – *Financial instruments* until 1 January 2021, i.e. until **IFRS 17** – *Insurance contracts* comes into force.

Standards published and approved by the EU, which have not yet entered into force, and their effect on the Group's financial statement

The Management Board performed an assessment of the effect of application of new standards upon future financial statements. In approving this financial statement, the Group did not apply the following standards, amendments to existing standards and interpretations which had been published and approved for use in the EU but which had not yet entered into force:

- **IFRS 17 Insurance contracts** – approved on 23 November 2021; applicable to reporting periods beginning on or after 1 January 2023;
- Amendments to **IFRS 16 Leases** which introduce a one-year extension of COVID-related rent concessions for lessees who make use of the option to temporarily suspend lease payments. In line with the practical expedient, when a lessee obtains relief from lease payments due to COVID-19, they do not need to assess whether such concession is a lease modification; instead, they report it in their accounts as if it did not constitute a modification. These amendments, approved on 31 August 2021, are applicable to reporting periods beginning on or after 1 April 2021;
- Amendments to **IFRS 3 Business combinations**, **IAS 16 Property, plant and equipment**, **IAS 37 Provisions, contingent liabilities and contingent assets** and the annual improvements to **IFRS, 2018-2020 cycle (IFRS 1, IFRS 9, IFRS 16 and IAS 41)** – approved on 31 August 2021; applicable to reporting periods beginning on or after 1 January 2022.

The Group does not expect the introduction of the above changes to have a significant effect on its accounting policies with regard to the Group's activities or earnings.

Standards and interpretations adopted by the IASB which have not yet been approved by the EU

In approving this financial statement the Group did not apply the following standards, amendments and interpretations which have not yet been approved for use in the EU:

- Amendments to **IAS 1** and *Practice Statement 2: disclosure of accounting policies* (published on 12 February 2021) – applicable to reporting periods beginning on or after 1 January 2023,
- Amendments to **IAS 1 - Classification of liabilities as current or non-current** - applicable to reporting periods beginning on or after 1 January 2023,
- Amendments to **IAS 8 - Accounting policies, changes in accounting estimates and errors** - applicable to reporting periods beginning on or after 1 January 2023,
- Amendments to **IAS 12 - Income taxes: deferred tax related to assets and liabilities arising from a single transaction** - applicable to reporting periods beginning on or after 1 January 2023,
- **IFRS 14 - Regulatory deferral accounts** (published on 30 January 2014) - according to a decision of the European Commission the endorsement process of the interim version of this standard will not be initiated until the final version has been published - not approved for publication by the EU as of the approval date of this financial statement - applicable to reporting periods beginning on or after 1 January 2016,
- Amendments to **IFRS 10** and **IAS 28 - Sale or contribution of assets between an investor and its associate or joint venture** (published on 11 September 2014) - work on endorsing these amendments by the EU has been delayed indefinitely and the date of entry into force of the amended standard has been indefinitely postponed by the International Accounting Standards Board.

The Group is performing an assessment of the effect these new standards and amendments to standards upon the Group's financial statement.

Functional currency and presentation currency

Functional currency and presentation currency

The functional currency and the presentation currency of the Group and its parent Company is the Polish Zloty (PLN). All figures are quoted in PLN thousands unless indicated otherwise.

Transactions and balances

Transactions denominated in foreign currencies are converted to the functional currency according to the exchange rate on the date of the transaction. Exchange rate losses and gains on settlement of transactions and on valuation of assets and liabilities denominated in foreign currencies are reported in the profit and loss statement, unless deferred in Equity capital when they constitute cash flow hedges or hedges of shares in net assets.

Comparability of financial statements and changes in accounting policies

The accounting practices applied in preparing this condensed interim consolidated financial statement, the Management Board's professional judgment concerning the Group's accounting practices as well as the main sources of uncertainty in estimations are in all material aspects consistent with the practices applied in preparing the Consolidated Financial Statement of the CD PROJEKT Group for 2020, except for changes in accounting policies and presentation-related adjustments described below. This condensed interim consolidated financial statement should be read in conjunction with the consolidated financial statement for the period ending 31 December 2020.

Presentation adjustments

This condensed interim consolidated financial statement for the period between 1 July and 30 September 2021 includes changes in the presentation of certain financial data. In order to ensure comparability of financial data, adjustments were also introduced with respect to reference data for 31 December 2020. The following adjustments were made:

- The Group rectified its calculation of deferred tax assets as of 31 December 2020 by reassigning some negative temporary differences from the 19% tax rate category to the 5% tax rate category. This resulted in the following changes:
 - Deferred income tax assets – adjusted by (4 179) thousand PLN
 - Financial result for the current period – adjusted by (4 179) thousand PLN.

This change resulted in a decrease in equity by 4 179 thousand PLN.

Financial audit

This condensed interim consolidated financial statement with selected elements of the condensed interim separate financial statement has not been subjected to a formal audit or review by an independent licensed auditor.

CD PROJEKT

**Supplementary information –
CD PROJEKT Group activity segments**

3

Activity segments

Presentation of results by activity segment

The scope of financial disclosures in relation to each of the Group's activity segments is regulated by IFRS 8. For each segment the result is based on net profit.

Description of changes in the differentiation of activity segments, or of the assessment of per-segment profit or loss compared to the most recent annual consolidated financial statement

No changes in the differentiation of activity segments, or in the assessment of per-segment profit or loss, occurred in this statement as compared to the Group's financial statement for the year ending on 31 December 2020.

There are no differences in the scope of assessment of assets, liabilities, profits and losses of all activity segments and the Group itself.

Disclosure of activity segments

Activity segments

In the third quarter of 2021 the Group engaged in business activities in two segments:

- CD PROJEKT RED,
- GOG.COM.

CD PROJEKT RED

Target and scope of business activity

The activity of the CD PROJEKT RED studio is carried out in the framework of CD PROJEKT S.A. (domestic holding company of the CD PROJEKT Group), CD PROJEKT Inc. (USA), CD PROJEKT Co., Ltd. (China), CD PROJEKT RED Vancouver Studio Ltd. (Canada – since 8 July 2021) and the newly acquired The Molasses Flood studio (USA – since 22 October 2021). This activity is based on two brands owned by the Company: The Witcher and Cyberpunk.

The segment's activities cover creation and publication of videogames, licensing the associated distribution rights, coordinating promotional activities as well as manufacturing, distributing or licensing tie-in products and merchandise which exploits the commercial appeal of brands held by the Company.

In the scope of its publishing activities the Company also assumes responsibility for its promotional and advertising campaigns, and maintains direct relations with the player base via electronic and social media channels as well as through regular participation in trade fairs.

The segment also covers the activities of the online merch store at gear.cdprojektred.com which markets products directly to fans of CD PROJEKT RED games.

Key products

Videogame development commenced in 2002 and initially focused on the studio's RPG debut: The Witcher. This game, set in Andrzej Sapkowski's fantasy world, was released in 2007 to global acclaim, garnering over 100 awards and accolades.

As of the publication date of this report, key releases in the Company's portfolio include The Witcher, The Witcher 2: Assassins of Kings, The Witcher 3: Wild Hunt with its two expansion packs: Hearts of Stone and Blood and Wine, as well as Cyberpunk 2077 – the first game set in the Cyberpunk universe, released on 10 December 2020.

In 2018 the Company released the full version of GWENT: The Witcher Card Game (PC, macOS, iOS, Android), developed in collaboration with GOG sp. z o.o., as well as a single-player game – Thronebreaker: The Witcher Tales (PC, iOS, Android, Nintendo Switch, Xbox One, PlayStation 4), built around similar gameplay mechanics.

GOG.COM

Target and scope of business activity

The GOG.COM platform was launched in August 2008. Its initial mission was to revitalize major PC cult classics and offer them for sale to international customers with particular focus on English-speaking countries, i.e. United States, Canada, United Kingdom and Australia. The platform is now offered in English, French, German, Russian, Chinese and Polish – this includes full game localizations as well as dedicated customer support and integration with locally popular payment channels, accepting payments in thirteen currencies. GOG.COM also carries releases for the macOS and Linux operating systems.

GOG.COM activities focus on:

- digital distribution of videogames via the Company's proprietary GOG.COM distribution platform and the GOG GALAXY application. The platform enables customers to purchase games, remit payment and download game files to their personal devices, while GOG GALAXY facilitates online gameplay, including cross-platform gameplay;
- collaboration with CD PROJEKT S.A. in the framework of a consortium established to develop and operate GWENT: The Witcher Card Game and Thronebreaker: The Witcher Tales. In this scope, GOG sp. z o.o. is responsible for handling in-game purchases in the PC edition of GWENT, and for delivering the required IT infrastructure and implementing networking features in the PC, iOS and Android editions.

Payments collected by GOG sp. z o.o. from customers are split with the Company's suppliers as agreed upon in distribution contracts. Typical contracts require the Company to submit sales reports in monthly or quarterly cycles, not later than 30 days following the close of the given reporting period. With regard to certain older products the company may be contractually permitted to adapt them to the requirements of modern operating systems, or to enable multiplayer gameplay if such features were originally provided by the given game.

Disclosure of the issuer's significant accomplishments and shortcomings in each activity segment in the third quarter of 2021

CD PROJEKT RED

Events related to Cyberpunk 2077

In the third quarter of 2021 the studio continued to focus on patches, updates and add-ons for Cyberpunk 2077, as well as on developing the game's next-gen version.

On 18 August CD PROJEKT RED released patch 1.3 – the biggest update for Cyberpunk 2077 yet. Along with over 600 bugfixes, the patch provides further improvements in terms of gameplay performance, visuals, quests and the open world, and furthermore includes the first free DLC – additional bonus content intended to spice up the Night City adventure. The patch was released simultaneously on all supported platforms.

On 14 September the Studio released patch 1.31 for Cyberpunk 2077 on the PC, consoles and the Stadia service. The patch introduced numerous further improvements and bugfixes. As of the publication date of this report CD PROJEKT RED has released a total of 11 patches for Cyberpunk 2077.

On 20 October CD PROJEKT RED announced a delay in the release schedule of next-gen console versions of Cyberpunk 2077 and The Witcher 3: Wild Hunt – until Q1 2022 and Q2 2022 respectively.

On 22 October the CEEGA'21 (Central & Eastern European Game Awards) were handed out at the Game Industry Conference and Poznań Game Arena held in Poznań. Cyberpunk 2077 claimed three trophies – Best Audio, Best Narrative, and the main award of the gala – Best Game.

Events related to The Witcher videogame series

WitcherCon – the first ever event for fans of The Witcher universe, organized in collaboration with Netflix – took place on 9 and 10 June. In conjunction with this event, Twitch and YouTube held broadcasts featuring unique content as well as a range of engaging panel discussions.

At one of the WitcherCon panels the Studio announced The Witcher: Ronin – a new comic, inspired by the traditions of feudal Japan where Geralt is a ronin following the trail of Yuki Onna – also known as the Lady of Snow. Additionally, CD PROJEKT RED announced that the next-gen version of The Witcher 3: Wild Hunt, exploiting the additional potential of Xbox XIS, PlayStation 5 and PCs – announced for Q2 2022 – will include unique items inspired by the Netflix series.

WitcherCon was also attended by Studio Spokko, which presented new content for The Witcher: Monster Slayer – a location-based AR mobile game set in The Witcher universe.

The Witcher: Monster Slayer was officially released on 21 July 2021. Within the game, users of iOS and Android devices may assume the role of freshly trained monster hunters. With help from advanced augmented reality, location and daytime tracking features, the game features encounters with over a hundred monsters from The Witcher universe. Within one month of release the game had been downloaded 1.7 million times, with strong ratings on App Store and Google Play (4.5/5 and 4.1/5 respectively).

On 7 September 2021 a crowdfunding campaign concerning the collector's edition of The Witcher: Ronin was launched on Kickstarter. All supporters donating within the first 24 hours would be eligible to receive a 12-cm. collector's figurine featuring Geralt's battle with a Tengu. The campaign, which ended on 27 September having reached 750% of its initial target, attracted nearly 15.5 thousand supporters. It also succeeded in unlocking bonus content prepared by CD PROJEKT RED such as alternative covers designed by Japanese artists, postcards and posters. The comic is expected to ship in January 2022.

On 1 October the Monsters' Fall in-game event began in Spokko's The Witcher: Monster Slayer. For a limited time, the population of rare and legendary monsters encounterable by gamers was increased, along with a permanent increase in the range of interaction and overall population of monsters.

GWENT (developed by a consortium consisting of CD PROJEKT RED and GOG.COM)

GWENT e-sports events continued in the second half of 2021, with GWENT Open tournaments (part of the GWENT Masters series) held on 3-4 July, 21-22 August and 23-24 October.

On 3 August a new expansion – Price of Power: Thanedd Coup – was released, introducing 26 new cards. The new season of Journey also launched on the same day. Journey is a progression mode for GWENT, offering over 100 levels along with the associated rewards.

The subsequent expansion for GWENT: The Witcher Card Game – named Harvest of Sorrow – appeared on 5 October, while the seventh Journey season began on 28 October.

GOG.COM

Digital distribution of videogames

As of the publication date of this report, the list of products available on GOG.COM numbers over 5 600 items.

In the third quarter of 2021 the GOG.COM catalogue was expanded, among others, with Star Trek series classics, as well as with Pathfinder: Wrath of the Righteous, Gamedec, Myst, Psychonauts 2, Chernobylite and Blood Omen: Legacy of Kain.

Sales support

Videogame sales support activities comprise mainly adding new, attractive items to the GOG.COM catalogue and organizing seasonal sale campaigns.

In addition to weeklong promotions, several special events took place during the reporting period, including GOG Games Festival, French Week and the platform's birthday sale.

The RPG Month on GOG.COM kicked off in September, with a selection of articles and video feeds related to this genre, along with new releases and bargain offers.

Other events

On 8 July 2021 the Company announced that it had signed an agreement concerning the takeover of the Canadian Digital Scapes gamedev studio (later rebranded as CD PROJEKT RED Vancouver Studio Ltd.), with which CD PROJEKT RED had been collaborating since 2018. The Vancouver-based studio joined three existing CD PROJEKT RED development teams (in Warsaw, Kraków and Wrocław respectively) to jointly work on new projects.

After the close of the reporting period, on 1 October, CD PROJEKT RED and Fundacja Edukacyjne Perspektywy announced the launch of a joint mentoring program aimed at young girls who express interest in a career in the videogame industry. *Dziewczyny w Grze!* ("Girls at Play!") is the first women-specific scholarship and mentoring initiative in the Polish gaming industry, targeting high school students and inhabitants of smaller communities. Participants are offered access to videogame development training – under the supervision of a mentor who is a CD PROJEKT RED team member – as well as financial support to cover costs related to education and career development.

On 22 October 2021 the Company announced that it had concluded an investment agreement concerning the takeover, by a subsidiary of CD PROJEKT S.A. – CD PROJEKT Inc., of The Molasses Flood development studio located in Boston. Under the agreement CD PROJEKT Inc. acquired 60% of The Molasses Flood and presented a schedule of transactions which will lead to buyout of the remainder of the studio and incorporation of its employees in the organizational framework of the CD PROJEKT Group. The Boston-based studio, established in 2014, will closely collaborate with CD PROJEKT RED while retaining autonomy. It is working on a dedicated project based upon one of CD PROJEKT's IPs.

Disclosure of factors which may affect the Group's future results

Similar to other entities which conduct business activities on the domestic and international markets, the financial results of CD PROJEKT Group companies may be affected by a range of external factors outside of the Group's control, including changes in micro- and macroeconomic conditions, legal reforms and fiscal regulations.

In the fourth quarter of 2021, as well as in subsequent quarterly periods, the CD PROJEKT Group intends to further develop its activities in two parallel segments – CD PROJEKT RED and GOG.COM, while also fostering the activities of its Spokko subsidiary. Furthermore, in the context of the Group's strategy update, the Management Board announced increased interest in M&A as a means of assisting the growth of CD PROJEKT RED, particularly with regard to technical expertise. In July 2021 CD PROJEKT signed an acquisition agreement concerning the Vancouver-based Digital Scapes studio (currently operating under the name CD PROJEKT RED Vancouver Studio Ltd.), while in October 2021 the Group acquired The Molasses Flood studio, based in Boston.

CD PROJEKT RED

Key factors which will guide activities in the CD PROJEKT RED segment include ongoing projects, the scale of development work associated with those projects and their popularity among gamers. In this context, the most significant factors shaping the current results of the CD PROJEKT Group include the popularity of previously published games, as well as – in future periods – the course of development work and market reception of the Company's future releases.

In the coming quarters the activities of CD PROJEKT RED will focus on further support for Cyberpunk 2077 through patches and on publishing the game's next-gen console release alongside the dedicated next-gen release of The Witcher 3, together with its expansions.

Maintaining the current growth dynamics of the CD PROJEKT RED segment will depend on further enhancement of its world-class videogame development skillset and on maintaining effective communication channels with the global gaming community. Both aspects are enshrined in the RED 2.0 transformation strategy, currently being implemented. The strategy involves migrating to agile, quality-oriented development methodologies, as well as changes in marketing practices – with campaigns becoming shorter and focusing on more polished content. Managing two separate major franchises (The Witcher and Cyberpunk), along with several independent development teams, should enable the Company to conduct parallel work on several projects, beginning in 2022, and smoothen its long-term release schedule. This migration towards a dual franchise model supported by several independent

product lines also permits optimization of manufacturing and financial activities, mitigates important risk factors and makes it easier for Company employees to seek professional fulfillment.

GOG.COM

In the GOG.COM segment, maintaining the current high sales volume should be supported by the customers' increasing tendency to turn to online channels for purchases, as observed during the recent years.

GOG.COM growth also depends on seeking additional brand-new products. Accordingly, GOG sp. z o.o. actively communicates with leading global developers and publishers of videogames, continually expanding its list of business partners and products offered. Each new release on GOG.COM contributes to the platform's popularity and drives up sales. In addition to adding new products GOG sp. z o.o. also seeks to expand its user base by attracting new players – those who have not yet set up a GOG.COM account. The Company has been successful in this regard, owing to its PR activities and synergies resulting from cooperation with CD PROJEKT RED. The GOG.COM customer pool continues to grow at a steady pace.

Further growth of activities in the GOG.COM segment, including the potential to acquire unique know-how and experience, and to fully leverage the Company's technological expertise, will be influenced by the Company's involvement in the GWENT project, where GOG.COM is responsible for networking and online sales.

Disclosure of seasonal or cyclical activities

CD PROJEKT RED

The revenues and earnings of the CD PROJEKT RED segment are strongly affected by the videogame release schedule. CD PROJEKT RED usually takes between 2 and 5 years to produce a game. Initial development work occurs before the previous game in the series is complete and ready to be released.

CD PROJEKT RED also engages in smaller-scale projects – such as expansions for its own games or adapting existing products to work on new gaming platforms. Such projects may be carried out directly by the Company or by its external partners, and their implementation may take several months (up to around a year).

With regard to games which have already been released, their yearly sales distribution is dependent on the schedule of periodic sale campaigns. In most cases, strong sales are reported in the second and fourth quarter, while the first and the third (vacation) quarter see weaker sales.

GWENT: The Witcher Card Game, currently operated by the Company, is developed in the game-as-a-service model where revenues depend on the service's popularity and the appeal of new content released within the game.

In addition to gamedev-related activities the Company also develops its franchises in other market segments, aiming to continually broaden its client community and explore new media types and platforms.

Chart 1 Effect of new releases on PROJEKT RED quarterly revenues from sales of products, goods and materials, 2011-2021 (PLN thousands)

GOG.COM

The digital videogame distribution market, which is the main area of activity of GOG.COM, is characterized by seasonal fluctuations in revenues. On an annual basis, the highest revenues are typically obtained in the fourth quarter while the lowest revenues correspond to the third quarter. Sales in Q2 and Q4 are boosted by promotional activities organized in these periods.

The sales volume is also strongly dependent on the timing of new releases in each reporting period.

GOG.COM also obtains revenues from microtransactions carried out within GWENT: The Witcher Card Game. The volume of such revenues depends, among others, on the game's popularity and on new content released to gamers during each period.

Chart 2 Quarterly revenues from sales of goods and materials at GOG.com; 2018-2021 (PLN thousands)

Information regarding key clients

The CD PROJEKT Group collaborates with external clients whose share in revenues may exceed 10% of the consolidated sales revenues of the Group.

Within the CD PROJEKT RED segment the activities of CD PROJEKT S.A. carried out in collaboration with two external clients throughout Q3 2021 generated revenues which exceeded 10% of the consolidated sales revenues of the CD PROJEKT Group – specifically, 180 317 thousand PLN and 65 138 thousand PLN, which respectively corresponds to 29.3% and 10.6% of the Group's consolidated sales revenues for this period. The abovementioned clients are not affiliated with CD PROJEKT S.A. or any of its subsidiaries.

No other external client accounted for more than 10% of the Group's consolidated sales revenues.

Contractual commitments for future acquisition of intangible assets

None reported.

Note 4. Goodwill

No changes in goodwill occurred between 1 July and 30 September 2021.

Note 5. Investment properties

The parent company is the owner of the immovable property complex located at Jagiellońska 74 and 76 in Warsaw. As the Group leases portions of these properties to other entities, including other member companies of the CD PROJEKT Group, it has decided to partly report them as investment properties. The remaining portion of the properties is used by the Group for its own purposes.

Properties purchased by the Group are estimated at purchase cost less depreciation.

Deferred tax liabilities	86 973	(61 766)	(20)	25 187

* adjusted

Deferred income tax was estimated in part by applying the standard corporate income tax rate of 19% (applicable to revenues from other sources) and in part by applying the preferential rate of 5% (applicable to eligible IP-related revenues under the IP BOX tax relief regulation). In determining the correct rate to apply to temporary differences, the Group relied on projections regarding the tax base to which each temporary difference is likely to apply.

Note 15. Disclosure of financial instruments

Fair value of financial instruments per class

Following an analysis of each class of financial instruments held by the Group, the Management Boards has determined that their carrying amounts in all cases reflect their corresponding fair value as of 30 September 2021, 30 June 2021 and 31 December 2020 respectively.

	30.09.2021	30.06.2021	31.12.2020
LEVEL 1			
Assets estimated at fair value			
Financial assets estimated at fair value through other comprehensive income	220 301	198 272	97 397
foreign government bonds - CHF	-	-	32 023
foreign government bonds - EUR	24 672	13 218	20 829
foreign government bonds - USD	195 629	185 054	44 545
LEVEL 2			
Assets estimated at fair value through financial result			
Derivative instruments	517	257	6 527
forward currency contracts - CHF	-	-	1 231
forward currency contracts - EUR	37	(11)	(202)

Derivative instruments	13 230	4 518	-
forward currency contracts - EUR	358	(64)	-
forward currency contracts - USD	12 872	4 582	-

Financial assets estimated at fair value are classified according to a three-tier fair value hierarchy:

Level 1 – quoted prices in active markets for identical assets or liabilities.

Level 2 – fair value estimated on the basis of observable market inputs.

Level 3 – fair value estimated on the basis of unobservable market inputs.

**Financial assets – classification and estimation**

Note 20. Short-term lease agreements and lease of low-value assets

The Group has entered into agreements concerning leasing of office equipment (multipurpose photocopiers, kitchen equipment) as well as apartments which potentially meet the criteria of lease agreements under IFRS 16. However, the Group regards these agreements as either short-term or concerning low-value assets, and, consequently, does not apply the new standard to these agreements, in line with the practical expedient specified in Art. 5 of the new standard. In such cases lease payments are reported as costs during the period in which they are incurred, using either the straight-line method or another method which best reflects the breakdown of payments throughout the duration of the agreement (information regarding costs related to such agreements, incurred between 1 July and 30 September 2021, can be found in Note 17).

As of 30 September 2021, 30 June 2021 and 31 December 2020 future payments associated with irrevocable short-term lease agreements and lease agreements concerning low-value assets are as follows:

	30.09.2021	30.06.2021	31.12.2020
Due within 1 year	194	268	179
Due between 1 and 5 years	128	150	170
Due after 5 years	-	-	-
Total	322	418	349

Note 21. Issue, buyback and redemption of debt and capital securities

Issue of debt securities

Not applicable.

Issue of capital securities

	30.09.2021	30.06.2021	31.12.2020
Stock volume (thousands)	100 739	100 739	100 655
Nominal value per share (PLN)	1	1	1
Share capital	100 739	100 739	100 655

Note 22. Dividends declared or paid out and collected

The Group's member companies did not pay out or collect any dividends between 1 July and 30 September 2021.

Note 23. Transactions with affiliates

Conditions governing transactions with affiliates

Intragroup transactions are conducted at market prices on the basis of the so-called *arm's length principle*. The principle stipulates that transactions between affiliated entities should be carried out under conditions similar to those which would otherwise apply to transactions carried out by unaffiliated entities.

The prices of goods and services exchanged in controlled transactions are estimated by CD PROJEKT Group member companies in accordance with OECD guidelines and national legislation, including the so-called *safe harbor* regulations. Transfer method selection is preceded by a thorough analysis of each transaction, which includes, among others, the assignment of responsibilities to each party, the assets involved and the corresponding allocation of risks and costs. In each case, the method regarded as most appropriate for the given transaction type is applied so that transactions between member companies of the CD PROJEKT Group are carried out under conditions approximating those which unaffiliated entities could be expected to agree upon.

Note 26. Changes in the structure of the Group and its member entities occurring during the reporting period

On 2 July 2021 the parent Company sold 1% of shares with a nominal value of 250 PLN in its Spokko sp. z o.o. subsidiary to a key employee thereof, in the framework of an investment agreement concluded by members of Spokko sp. z o.o.

On 8 July 2021 the parent Company acquired the Canadian Digital Scapes studio, becoming its sole owner. Having joined the CD PROJEKT Group, the studio was rebranded as CD PROJEKT RED Vancouver Studio Ltd.

Note 27. Agreements which may, in the future, result in changes in the proportion of shares held by shareholders and bondholders

On 24 May 2016 the General Meeting of Shareholders of the parent Company voted to institute an incentive program which remained in force between 2016 and 2019.

Following positive verification of the attainment of the program's goals, which took place in 2020, 5 167 500 exercisable entitlements existed. In the course of exercising these entitlements the Company sold to entitled parties a total of 516 700 shares which had previously been bought back on the open market. The remaining entitlements vested by issuing to entitled parties a total of 4 650 800 subscription warrants. The entitled parties subsequently exercised 4 618 800 from the 4 650 800 subscription warrants assigned thereto, each entitling its holder to claim a single share of the Company issued in the framework of a conditional increase of the Company share capital.

As of the publication date of this statement, there remain 32 000 outstanding Series B subscription warrants, entitling holders to claim the corresponding number of Series M shares. These warrants will expire on 31 October 2022.

Based on the resolutions adopted by the General Meetings on 28 July 2020 and 22 September 2020, the Company introduced another (third) edition of its incentive program, covering the years 2020-2025. As stipulated by the relevant resolutions, a total of 4 000 000 entitlements may be conditionally assigned under the program. The program may vest either by issue and assignment of subscription warrants enabling entitled parties to claim shares of the parent Company (issued separately as a conditional increase of the Company share capital) or by presenting the entitled parties with an offer to purchase shares which the Company will have previously bought back on the open market under a dedicated buy-back program. In either case, assignment and exercise of subscription warrants or purchase from the Company of its own shares will be conditioned upon meeting the goals and criteria of the incentive program. The program provides result goals (80% of entitlements), market goals (20% of entitlements), along with certain individual goals (in selected cases) as well as – in all cases – a loyalty criterion which must be met up until attainment of goals and vesting of the program is confirmed. As of the publication date of this financial statement a total of 2 359 000 entitlements have been granted under the 2020-2025 incentive program.

Note 28. Fiscal settlements

Fiscal settlements and other areas of activity governed by legal regulations (such as import duties or currency exchange) may be subject to audits by administrative bodies authorized to impose high penalties and sanctions. The lack of entrenched legal regulations in Poland leads to numerous ambiguities and inconsistencies in this regard. Interpretation of existing tax law frequently varies from state organ to state organ as well as between state organs and business entities, giving rise to areas of uncertainty and conflict. These conditions elevate tax risks in Poland beyond the level encountered in states with more developed fiscal systems.

As a rule, fiscal settlements may be subject to state audits within five years following the end of the calendar year in which tax payment was due.

IP Box preference

Given that the Company meets the requirements expressed in Art. 19 of the Act of 30 May 2008 on certain forms of supporting innovative activity (JL 2021 item 706), on 11 August 2021, the Minister for Entrepreneurship and Technology issued decision no. DNP-V.4241.11.2021, upholding the previous decision no. 4/CBR/18 of 19 June 2018 which bestowed upon the Company the status of an R&D center. This status entitles the Company to apply broader R&D tax relief options specified in the Corporate Income Tax Act of 15 February 1992 (JL 2021, item 1800).

On 1 January 2019, the Corporate Income Tax Act was amended with regulations which enable taxpayers to apply a preferential tax rate of 5% to eligible income derived from intellectual property rights. Having fulfilled the conditions and formal stipulations expressed in the aforementioned legislation, the Company is able to apply the preferential rate to certain sources of its income.

Note 31. Events following the balance sheet date

On 20 October 2021, in [Current Report no. 39/2021](#) the Management Board of the parent Company announced an update to publishing plans related to Cyberpunk 2077 and The Witcher 3: Wild Hunt for next-gen consoles (Xbox Series X/S and PlayStation 5). Based on recommendations from people in charge of development, the Management Board decided to allocate additional time to both projects. The Company currently intends to release Cyberpunk 2077 for next-gen consoles in the first quarter of 2022 and to publish the next-gen version of The Witcher 3: Wild Hunt in the second quarter of 2022.

On 22 October 2021, in [Current Report no. 40/2021](#), the Management Board of the parent Company announced conclusion of negotiations with members of The Molasses Flood LLC with a registered office in Newton Centre, USA (hereinafter referred to as "The Molasses Flood") concerning acquisition of The Molasses Flood and inclusion of the studio in the CD PROJEKT Group. The studio will work on a separate project based on one of CD PROJEKT's IPs.

The parties agreed that The Molasses Flood would be acquired by a direct subsidiary of CD PROJEKT S.A., i.e. CD PROJEKT Inc. with a registered office in Venice, USA. On 22 October 2021 an investment agreement was concluded between both parties, concerning purchase of 60% of The Molasses Flood and specifying a schedule of transactions which would lead to buyout of the remaining part of the studio and inclusion of its employees in the CD PROJEKT Group's organizational structure.

With the conclusion of negotiations and signing of the investment agreement, the Management Board of the parent Company took steps to increase the capital of CD PROJEKT Inc. to facilitate the first stage of acquisition of The Molasses Flood.

On 26 November 2021, in [Current Report no. 41/2021](#) the Management Board of the Company announced that it had received a certified copy of a Supreme Court decision issued on 24 November 2021 in closed session, in which the Court dismisses the cassation appeal filed by the Company against the judgment of the Appellate Court in Kraków of 21 December 2018 in the Company's lawsuit against the State Treasury for damages incurred by the Company (then operating under the name Optimus S.A.) as a result of erroneous decisions of tax authorities. The cassation appeal dismissed by the Supreme Court concerned the portion of the judgment which reversed the earlier judgment of the District Court in Kraków (announced on 1 August 2014, in [Current Report no. 13/2014](#)) by dismissing the lawsuit, as well as the portion in which the judgment dismissed the Company's appeal concerning the costs of legal proceedings.

CD PROJEKT

Supplementary information

5

Legal proceedings

The following legal proceedings were ongoing during the reporting period (the reported status is valid as of the publication date of this report):

Litigation in which CD PROJEKT S.A. is the plaintiff or claimant

CD PROJEKT S.A. (formerly Optimus S.A.) vs. State Treasury

On 15 February 2006 the Management Board of Optimus S.A. filed a complaint in the District Court for the City of Kraków, 1st Civil Department seeking monetary damages from the State Treasury in the amount of 35 650.6 thousand PLN in relation to decisions issued by the Inspector of Treasury Control concerning VAT liabilities allegedly incurred by the Company's legal predecessor. On 24 November 2003 the Supreme Administrative Court in Warsaw vacated these decisions as unlawful.

On 9 December 2008 the District Court for the City of Kraków issued an interlocutory judgment holding the Optimus claim valid in rem. This judgment concerned the validity of the Company's claim for monetary damages. On 19 May 2009 this judgment was vacated by the Appellate Court for the City of Kraków, 1st Civil Department, which remanded the case to the District Court for further proceedings.

On 1 August 2014 the District Court for the City of Kraków issued a final judgment closing the proceedings in the court of first instance. The District Court's judgment awarded the Company 1 090.5 thousand PLN plus statutory interest for the period between 15 November 2005 and the remittance date, dismissing the lawsuit on all other counts.

On 9 October 2014 the Company filed an appeal against the District Court's judgment with regard to those sections in which the District Court dismissed the Company's claims, and also the section concerning the cost of legal proceedings associated with the case. A parallel appeal against the section in which the District Court affirms the Company's claims was filed by the State Treasury. On 21 December 2018 the Appellate Court altered the judgment of the court of first instance by dismissing the Company's lawsuit in its entirety.

The Company subsequently filed a cassation appeal against the portion of the judgment which reverses the earlier judgment of the District Court in Kraków by dismissing the lawsuit, as well as the portion in which the judgment dismisses the Company's appeal concerning the costs of legal proceedings.

On 24 November 2021, in closed session, the Supreme Court dismissed the Company's cassation appeal in its entirety. As of the publication date of this report the Company was unable to familiarize itself with the justification behind this decision.

Criminal cases in which CD PROJEKT S.A. is recognized as the victim

Case against natural persons (including former members of the Management Board of Optimus S.A.) for acting against the Company's interests

In case no. XVIII K 126/09, following indictment filed by the District Attorney in the District Court for the City of Warsaw, on 27 October 2016 the District Court convicted Mr. Michał L., Mr. Piotr L. and Mr. Michał D. of violating sections 296 §1, 296 §3 and others of the Penal Code. The Company acted as an auxiliary prosecutor in the court of first instance and will retain this status until the trial has concluded. Having found the defendants guilty, the Court awarded the Company 210 thousand PLN in damages under Art. 46 of the Penal Code. According to the operative part of the judgement total losses sustained by the Company as a result of the defendants' actions were estimated at not less than 16 million PLN (this figure follows from standard regulations applicable to criminal trials). The Company subsequently filed an appeal against the judgment, contesting, among others, the amount of damages awarded to the Company. On 26 October 2017 the Appellate Court vacated the judgment of the court of first instance and remanded the case to be retried in full. The parent company continues to act in the capacity of an auxiliary prosecutor. The District Court in Warsaw has scheduled the main hearing in this case for 14 December 2021.

Litigation in which CD PROJEKT S.A. is named as the defendant

Class action lawsuit against CD PROJEKT S.A. concerning US securities

On 25 December 2020 and subsequently on 15 January 2021 the Management Board of the Company received information concerning the filing of civil class action lawsuits in the US District Court for the Central District of California, by law firms acting on behalf of groups of holders of securities traded in the USA under the ticker symbols "OTGLY" and "OTGLF" and based on Company shares, whereby the plaintiffs call for the court to adjudicate whether the actions undertaken by the Company and members of its Management Board in connection with the release of Cyberpunk 2077 constituted a violation of federal laws, i.e. by misleading investors and, consequently, causing them to incur damages. In subsequent months the Company was notified of two additional lawsuits filed in the aforementioned court, which were materially consistent with the lawsuit described above, and also named CD PROJEKT as a defendant. None of the complaints specified the quantity of damages sought.

On 18 May 2021 the Company was notified that the court had consolidated the aforementioned lawsuits and named a lead plaintiff. Following consolidation, all four lawsuits will be merged into a single case.

On 29 June 2021 the Company announced that it had received a transcript of a lawsuit filed against itself and members of its Management Board by a law firm representing the lead plaintiff and other eligible holders of US securities traded under the ticker symbols "OTGLY" and "OTGLF". The lawsuit is not materially different from earlier lawsuits filed in this matter, and likewise, does not specify the amount of damages sought.

As mandated by rules governing pre-trial proceedings in the state of California, each side filed two pleadings related to the subject matter of the lawsuit, and both sides are currently waiting for the Court to determine whether it has jurisdiction to try the case.

Shareholding structure

Shareholders who control, directly or through subsidiaries, at least 5% of the total number of votes at the General Meeting of Shareholders of the parent entity as of the publication date of this quarterly statement

	Qty. of votes at the GM	% share in total number of votes at the GM
Marcin Iwiński	12 873 520	12.78%
Michał Kiciński ¹	10 433 719	10.36%
Piotr Nielubowicz	6 858 717	6.81%
Other shareholders	70 572 844	70.06%

¹ As disclosed in [Current Report no. 33/2021](#) of 26 May 2021

The percentage share in the parent Company share capital and in the total number of votes at the GM was calculated on the basis of the most recent notification submitted to the Company by its shareholders and the total share capital of the parent Company as of the publication date of this statement.

Changes in shareholding structure of the parent entity

None reported.

Comparability of financial statements and changes in accounting policies

The accounting practices applied in preparing this condensed interim separate financial statement, the Management Board’s professional judgment concerning the Company’s accounting practices as well as the main sources of uncertainty in estimations are in all material aspects consistent with the practices applied in preparing the Separate Financial Statement of CD PROJEKT S.A. for 2020, except for changes in practices and presentation-related adjustments described below. This condensed interim separate financial statement should be read in conjunction with the Company’s separate financial statement for the year ending 31 December 2020.

Changes in accounting policies

Changes in accounting practices applicable to the Company are in all matters analogous to those described in the section titled “Assumption of comparability of financial statements and changes in accounting policies” of the consolidated financial statement for the period between 1 July and 30 September 2021.

Presentation adjustments

This condensed interim separate financial statement for the period between 1 July and 30 September 2021 includes changes in the presentation of certain financial data. In order to ensure comparability of financial data, adjustments were also introduced with respect to reference data for 31 December 2020. The following adjustments were made:

- The Company rectified its calculation of deferred tax assets as of 31 December 2020 by reassigning some negative temporary differences from the 19% tax rate category to the 5% tax rate category. This resulted in the following changes:
 - Deferred income tax assets – adjusted by (4 179) thousand PLN
 - Financial result for the current period – adjusted by (4 179) thousand PLN.

This change resulted in a decrease in equity by 4 179 thousand PLN.

- In the statement of financial position for 31 December 2020 the presentation of the Company’s goodwill was adjusted as follows:
 - Goodwill – adjusted by 49 168 thousand PLN
 - Intangibles – adjusted by (49 168) thousand PLN.

This change did not affect the Company’s financial result or equity.

Supplementary information concerning the separate financial statement of CD PROJEKT S.A.

Difference between balance sheet value and tax value of expenditures on development projects	289 019	(1 157)	-	287 862
Other sources	70	133	-	203
Total positive temporary differences	1 532 440	(1 176 771)	(104)	355 565
subject to 5% tax rate	1 480 720	(1 155 072)	-	325 648
subject to 19% tax rate	51 720	(21 699)	(104)	29 917
Deferred tax liabilities	83 863	(61 877)	(20)	21 966

* adjusted

Deferred income tax was estimated in part by applying the standard corporate income tax rate of 19% (applicable to revenues from other sources) and in part by applying the preferential rate of 5% (applicable to eligible IP-related revenues under the IP BOX tax relief regulation). In determining the correct rate to apply to temporary differences, the Company relied on projections regarding the tax base to which each temporary difference is likely to apply.

G. Disclosure of financial instruments

Fair value of financial instruments per class

The Management Board of the Company has assessed each class of financial instruments held by the Company and reached the conclusion that their carrying amount does not significantly differ from their corresponding fair value as of 30 September 2021, 30 June 2021 and 31 December 2020 respectively.

	30.09.2021	30.06.2021	31.12.2020
LEVEL 1			
Assets estimated at fair value			
Financial assets estimated at fair value through other comprehensive income	220 301	198 272	97 397
foreign government bonds – CHF	-	-	32 023
foreign government bonds – EUR	24 672	13 218	20 829
foreign government bonds – USD	195 629	185 054	44 545
LEVEL 2			
Assets estimated at fair value through financial result			
Derivative instruments:	-	-	6 449
forward currency contracts – CHF	-	-	1 232
forward currency contracts – EUR	-	-	(387)
forward currency contracts – USD	-	-	5 604

Statement of the Management Board of the parent entity

With regard to the correctness of the condensed interim consolidated financial statement

Pursuant to the directive of the Finance Minister of 29 March 2018 regarding the publication of periodic and current reports by issuers of securities and the conditions for regarding as equivalent the information required under the laws of a non-member state, the Management Board of the parent entity hereby states that, to the best of its knowledge, this condensed interim consolidated financial statement and comparative data contained herein have been prepared in accordance with all accounting regulations applicable to the CD PROJEKT Group and that they constitute a true, unbiased and clear description of the finances and assets of the Group as well as its current profit and loss balance.

This condensed interim consolidated financial statement conforms to International Financial Reporting Standards (IFRS) approved by the European Union and in force as of 1 January 2021. Where the above mentioned standards are not applicable the statement conforms to the Accounting Act of 29 September 1994 and to any secondary legislation based on said Act, as well as to the directive of the Finance Minister of 29 March 2018 regarding the publication of periodic and current reports by issuers of securities and the conditions for regarding as equivalent the information required under the laws of a non-member state.

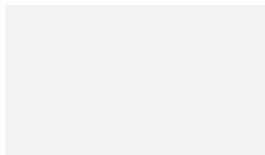

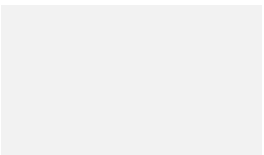

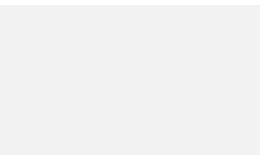

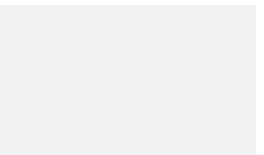

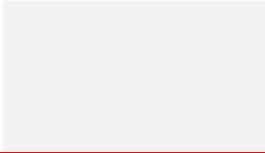

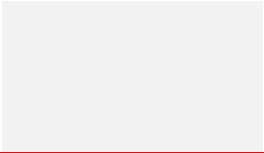

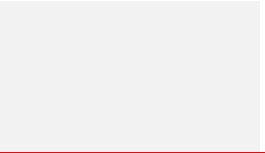

With regard to the entity contracted to perform a review of the condensed interim consolidated financial statement

On 14 May 2020 the Supervisory Board of the parent Company concurred with the Audit Committee recommendation and selected Grant Thornton Polska sp. z o.o. sp. k. with a registered office in Poznań as the entity contracted to review the semiannual financial statements and to perform an audit of the annual financial statements of the Company and its Group for 2020 and 2021. Grant Thornton Polska sp. z o.o. sp. k. is authorized to conduct audits of financial statements by the National Chamber of Licensed Auditors (license no. 4055).

Approval of financial statement

This financial statement covering the period between 1 July and 30 September 2021 was signed and approved for publication by the Management Board of CD PROJEKT S.A. on 29 November 2021.

Warsaw, 29 November 2021
