INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE NINE-MONTH PERIOD ENDED SEPTEMBER 30, 2018

INTERIM CONDENSED FINANCIAL STATEMENTS FOR THE NINE-MONTH PERIOD ENDED SEPTEMBER 30, 2018

REPORT OF THE MANAGEMENT BOARD
ON THE ACTIVITIES OF CYFROWY POLSAT S.A. CAPITAL GROUP
FOR THE THREE-MONTH PERIOD ENDED SEPTEMBER 30, 2018

POLSAT GROUP AT A GLANCE

Polsat Group is Poland's leading multimedia group. Within the scope of our activities we provide a comprehensive array of integrated media and telecommunication services in the following areas:

- pay digital TV services offered mainly by Cyfrowy Polsat – the largest pay TV provider in Poland and one of the leading satellite platforms in Europe. We offer our customers access to about 180 TV channels, including over 80 channels in high definition standard, as well as additional modern OTT services (e.g. Cyfrowy Polsat GO, pay-per-view, Video On Demand) and Multiroom. We also provide online video services through IPLA, the leader on Poland's online video market, by offering them in a subscription and transaction (PPV) model, as well as free of charge (financed by advertising revenue);
- telecommunication services, including voice and data transmission services, as well as various added services (VAS). We provide mobile telecommunication services mainly through our subsidiary Polkomtel – one of Poland's leading telecommunications operators, and fixed-line telecommunication services through our subsidiary Netia;
- mobile broadband Internet, offered under two alternative brands: Cyfrowy Polsat and Plus. We provide these services in the state-of-the-art LTE and LTE-Advanced technologies. We offer the largest LTE coverage in Poland and our customers attain the highest data transmission speed among offers provided by national mobile network operators;
- fixed-line broadband Internet, offered through our subsidiary Netia whose own access networks reach over 2.5 million homes passed in ca. 180 Polish locations. In addition, Netia provides services based on the access to the infrastructure of Orange Polska;
- broadcasting and television production through Telewizja Polsat, the leading commercial TV broadcaster on the Polish market, offering 33 popular TV channels, including our main channel POLSAT, one of the leading FTA channels in Poland;
- wholesale services to other operators, including, i.a., network interconnection, IP and voice traffic transit, lease of lines and national and international roaming services.

The Group operates mainly on the territory of Poland in two business segments: the segment of services to individual and business customers which relates to the provision of services to the general public and the broadcasting and television production segment.

Cyfrowy Polsat shares are listed in the Warsaw Stock Exchange in Warsaw since May 6, 2008.

Our mission and main strategic goals

Our mission is to create and deliver the most attractive TV content, telecommunication products and other services for the home, as well as residential and business customers, using state-of-the-art technologies to provide top quality multiplay services that match the changing needs of the market, while maintaining the highest possible level of customer satisfaction.

The superior goal of our strategy is the permanent growth of the value of Cyfrowy Polsat for its Shareholders. We intend to achieve this goal by implementing the major elements of our operational strategy which include:

- growth of revenue from services provided to residential and business customers through consistent building of the customer base value by maximizing the number of users of our services as well as the number of services offered to each customer, while simultaneously increasing average revenue per user (ARPU) and maintaining high levels of customer satisfaction,
- growth of revenue from produced and purchased content by expanding its distribution, maintaining the audience shares of our channels and improving our viewer profile,
- effective management of the cost base of our integrated media and telecoms group by exploiting its inherent synergies and economies of scale, and
- effective management of the Group's finances, including its capital resources.

DISCLAIMERS

This constitutes the semi-annual report of Cyfrowy Polsat Capital Group S.A. prepared as required by Article 60 section 1 and 2 and Article 68 of the Ordinance of the Minister of Finance of March 29, 2018 regarding current and periodic information to be submitted by issuers of securities, and the conditions for recognizing equivalence of information required under non-member states regulations (Journal of Laws 2018.757 dated April 30, 2018).

Presentation of financial data and other information

References to the Company or Cyfrowy Polsat contained in this Management Board's report on the activities of Cyfrowy Polsat S.A. Capital Group (hereafter "Report") apply to Cyfrowy Polsat S.A., while all references to the Group, Polsat Group, the Capital Group, Cyfrowy Polsat Group or Cyfrowy Polsat Capital Group apply to Cyfrowy Polsat S.A. and its consolidated subsidiaries. Expressions such as "we," "us," "our" and similar apply generally to the Group, unless it is clear from the context that they apply only to the Company. A glossary of terms used in this document is presented at the end of this Report.

Financial and operating data

This Report contains financial statements and financial information relating to the Company and the Group. In particular, this Report contains our interim condensed consolidated financial statements for the nine-month period ended September 30, 2018 and the interim condensed financial statements for the nine-month period ended September 30, 2017. The financial statements attached to this Report have been prepared in accordance with International Financial Reporting Standards as approved for use in the European Union ("IFRS") and are presented in millions of zlotys. The financial statements have not been audited by an independent auditor.

Starting from January 1, 2018, the Group is obligated to apply IFRS 9 *Financial Instruments* and IFRS 15 *Revenue from Contracts with Customers*. The Group has decided to apply IFRS 15 retrospectively without restating the comparative figures for 2017.

IFRS 9 *Financial Instruments* specifies how an entity should classify and measure financial assets, financial liabilities, and some contracts to buy or sell non-financial items. This standard replaces IAS 39 *Financial Instruments: Recognition and Measurement*.

IFRS 15 establishes a single, five-step model for determining and recognizing revenues, which shall be applied to all contracts with customers. It replaces IAS 18 *Revenue* and IAS 11 *Construction Contracts*.

Certain arithmetical data contained in this Report, including financial and operating information, have been subject to rounding adjustments. Accordingly, in certain instances, the sum of the numbers in a column or a row in tables contained in this Report may not conform exactly to the total figure given for that column or row.

Currency presentation

Unless otherwise indicated in this Report, all references to "PLN" or "zloty" in this Report are to the lawful currency of the Republic of Poland, all references to "USD" or "US dollars" are to the lawful currency of the United States and all references to "EUR" or the "euro" are to the lawful currency of the member states of the European Union that adopted the single currency in accordance with the EC Treaty, which means the Treaty establishing the European Community (signed in Rome on March 25, 1957), as amended by the Treaty on European Union (signed in Maastricht on February 7, 1992) and as amended by the Treaty of Amsterdam (signed in Amsterdam on October 2, 1997) and includes, for this purpose, Council Regulations (EC) No. 1103/97 and No. 974/98.

Forward looking statements

This Report contains forward looking statements relating to future expectations regarding our business, financial and operating results. These statements are expressed, without limitation, through words such as "may," "will," "expect," "anticipate," "believe," "estimate" and similar words used in this Report. By their nature, forward looking statements are subject to numerous assumptions, risks and uncertainties. Accordingly, actual results may differ materially from those expressed or implied by the forward looking statements. We caution you not to base investment decisions on such statements, which speak only as at the date of approval of this Report.

The cautionary statements set out above should be considered in connection with any subsequent written or oral forward-looking statements that we or persons acting on our behalf may issue. We do not undertake any obligation to review or confirm analysts' expectations or estimates or to release publicly any revisions to any forward-looking statements to reflect events or circumstances after the date of publication of this Report.

Industry and market data

In this Report, we set out information relating to our business and the markets in which we and our competitors operate. The information regarding the market, its size, the market share, the market position, the growth rates and other industry data relating to our business and markets in which we operate consists of data and reports compiled by various third-party entities and our internal estimates. We obtain market and industry data relating to our business primarily from industry data providers listed below:

- Eurostat, for data relating to the Polish economy and GDP growth;
- the Polish Chamber of Electronic Communication;
- the Office of Electronic Communications (UKE);
- the Central Statistical Office of Poland (GUS);
- the Body of European Regulators for Electronic Communications (BEREC);
- the European Commission (Digital Agenda Scoreboard);
- Nielsen Audience Measurement;
- Starcom (previously SMG Starlink);
- IAB AdEX;
- PwC (Global entertainment and media outlook: 2016-2020);
- Zenith media house;
- Gemius/PBI;
- PMR;
- GfK Polonia;
- Ericsson Mobility Report;
- IQS;
- Fibre to the Home Council Europe; and
- operators functioning on the Polish market.

We believe that these industry publications, surveys and forecasts are reliable but we have not independently verified them and cannot guarantee their accuracy or completeness.

Moreover, in numerous cases we have made statements in this Report regarding our industry and our position in the industry based on our own experience and our examination of market conditions. We cannot guarantee that any of these assumptions properly reflect our market position. Our internal surveys have not been verified by any independent sources.

FINANCIAL DATA OVERVIEW

The following tables set out selected consolidated financial data for the 3 and 9-month periods ended September 30, 2018 and September 30, 2017. The selected financial data presented in the tables below is expressed in millions PLN, unless otherwise stated. This information should be read in conjunction with interim condensed consolidated financial statements for the 9-month period ended September 30, 2018 and the information included in item 4 of this Report – *Operating and financial review of Polsat Group*.

Selected financial data:

- from the consolidated income statement for the 3-month periods ended September 30, 2018 and September 30, 2017 have been converted into euro at a rate of PLN 4.3055 per EUR 1.00, being the average of monthly average exchange rates announced by the NBP in the reporting period i.e. from July 1, 2018 to September 30, 2018;
- from the consolidated income statement and the consolidated cash flow statement for the 9-month periods ended September 30, 2018 and September 30, 2017 have been converted into euro at a rate of PLN 4.2490 per EUR 1.00, being the average of monthly average exchange rates announced by the NBP in the reporting period i.e. from January 1, 2018 to September 30, 2018;
- from the consolidated balance sheet data as at September 30, 2018 and December 31, 2017 have been converted into euro at a rate of PLN 4.2714 per EUR 1.00 (average exchange rate published by NBP on September 28, 2018).

Such translations shall not be viewed as a representation that such zloty amounts actually represent such euro amounts, or could be or could have been converted into euro at the rates indicated or at any other rate.

It should be noted that data for the periods of 3 and 9 months ended September 30, 2018 are not fully comparable to data for the periods of 3 and 9 months ended September 30, 2017 due to the disposal of LTE Holdings Limited on June 19, 2017, the acquisition of 51% of shares in Plus Flota Sp. z o.o. (formerly Paszport Korzyści Sp. z o.o.) on September 7, 2017, the acquisition of 100% of shares in Eska TV S.A. and Lemon Records Sp. z o.o. on December 4, 2017, the acquisition of 34.02% and later 15.46% of shares in TV Spektrum Sp. z o.o. on December 4, 2017 and February 2, 2018, respectively, the acquisition of 31.76% of shares of Netia S.A. on December 5, 2017 and the acquisition of additional 10.33% shares in Netia S.A. on 22 May 2018 and 5.16% shares in Netia S.A. on July 3, 2018, the disposal of shares in New Media Ventures Sp. z o.o. on December 8, 2017, the acquisition of 100% of shares in Coltex ST Sp. z o.o. on March 1, 2018, the acquisition of 50% plus one share in Eleven Sports Network Sp. z o.o. on May 25, 2018, the acquisition of 45,1% shares in TVO Sp. z o.o. on May 29, 2018, the acquisition of 100% shares in Superstacja Sp. z o.o. on June 4, 2018 and the acquisition of 100% shares in Netshare Media Group Sp. z o.o. on June 25, 2018. Furthermore, the comparability of figures presented below is affected by the retrospective implementation from January 1, 2018 of IFRS 9 and IFRS 15 without the restatement of the comparative figures.

Other consolidated financial data

	for the 3-month period ended September 30				for the 9-month period ended September 30			
	2018		2017		2018		2017	
	<i>acc. to IFRS 15</i>		<i>acc. to IAS 18</i>		<i>acc. to IFRS 15</i>		<i>acc. to IAS 18</i>	
	mPLN	mEUR	mPLN	mEUR	mPLN	mEUR	mPLN	mEUR
EBITDA ⁽¹⁾	920.0	213.7	851.1	197.7	2,756.4	648.8	2,744.3	645.9
EBITDA margin	33.6%	33.6%	35.6%	35.6%	35.9%	35.9%	37.9%	37.9%
Operating margin	14.5%	14.5%	17.6%	17.6%	17.0%	17.0%	19.3%	19.3%
Capital expenditures ⁽²⁾	282.8	65.7	173.2	40.2	633.4	149.1	556.2	130.9

(1) We define EBITDA as net profit/(loss), as determined in accordance with IFRS, before depreciation and amortization (other than for programming rights), impairment charges and reversals on property, plant and equipment and intangible assets, net value of disposed property, plant and equipment and intangible assets, revenue obtained from interest, finance costs, positive/(negative) exchange rate differences, income taxes and share of net results of joint ventures. The reconciling item between EBITDA and reported operating profit/ (loss) is depreciation and amortization expense and impairment charges and reversals on property, plant and equipment and intangible assets and net value of disposed property, plant and equipment and intangible assets.

We believe EBITDA serves as a useful supplementary financial indicator in measuring the profitability of media and telecommunication companies. EBITDA is not an IFRS measure and should not be considered as an alternative to IFRS measures of net profit/(loss), as an indicator of operating performance, as a measure of cash flow from operations under IFRS, or as an indicator of liquidity. You should note that EBITDA is not a uniform or standardized measure and the calculation of EBITDA, accordingly, may vary significantly from company to company, and by itself our presentation and calculation of EBITDA may not be comparable to that of other companies.

(2) Capital expenditures represent payments for our investments in property, plant and equipment and intangible assets. It does not include expenditure on purchase of reception equipment leased to our customers, which are reflected in the cash flow from operating activities, or payments for telecommunication concessions.

Premium Mobile S.A. ⁽³⁾	Gintrowskiego 31, 02-697 Warsaw	telecommunication activities	1%	-

(1) Investment accounted for at cost less any accumulated impairment losses.

(2) AltaLog Sp. z o.o. holds a 2.3% share in voting rights in InPlus Sp. z o.o.

(3) On October 9, 2018 Aero 2 Sp. z o.o. and Premium Mobile S.A. announced a plan in accordance with which the a2mobile brand, owned by Aero 2, shall join Premium Mobile. Following the completion of the process, Cyfrowy Polsat Group, of which Aero 2 is a part, shall increase its engagement in Premium Mobile to 25% of votes at its shareholders meeting (see chapter 3.2 - Events after the balance date).

Changes in the organizational structure of Polsat Group and their effects

From January 1, 2018 until the date of approval of this Report, i.e. November 7, 2018, the following changes were implemented in the structure of Polsat Group. These changes are the effect of acquisitions and the systematically executed process of simplifying the capital structure of the Group. The changes in the Group's structure entail, among other things, improved efficiency of financial management on the consolidated level through the simplification and streamlining of intragroup financial flows and the elimination of redundant costs. What is more, they translate into greater credibility and transparency of Polsat Group, which in turn has a positive influence on the possibilities of obtaining and using external debt financing.

Date	Description
January 12, 2018	Acquisition of 1% of shares in Premium Mobile S.A.
February 2, 2018	Acquisition of 15.46% of shares in TV Spektrum Sp. z o.o. (total shareholding increased to 49.48%).
March 1, 2018	Acquisition of 100% of shares in Coltex ST Sp. z o.o.
April 28, 2018	Registration of the cross-border merger by acquisition of Cyfrowy Polsat with Eileme 1 AB (publ).
May 22, 2018.	Acquisition of 10.33% of shares in Netia S.A.
May 25, 2018	Acquisition of 50% + 1 share in Eleven Sports Network Sp. z o.o.
May 29, 2018	Acquisition of 45.1% shares in TVO Sp. z o.o.
June 4, 2018.	Acquisition of 100% shares in Superstacja Sp. z o.o.
June 25, 2018	Acquisition of 100% share in Netshare Media Group Sp. z o.o.
July 3, 2018	Acquisition of 5.16% shares in Netia S.A.
August 31, 2018.	Transfer of telecommunications infrastructure of Polkomtel to Polkomtel Infrastruktura Sp. z o.o. (formerly PL 2014 Sp. z o.o.)
October 2, 2018	Acquisition of 17.49% of shares in Netia S.A.

1.2. Shareholders with qualifying holdings of shares of Cyfrowy Polsat

The following table presents shareholders of Cyfrowy Polsat S.A. holding – according to our best knowledge – at least 5% of votes at the General Meeting of Cyfrowy Polsat S.A. as at the date of approval of this Report, that is November 7, 2018. Information included in the table is based on the information received from shareholders pursuant to Art. 69 of the act of July 29, 2005 on Public Offering, Conditions Governing the Introduction of Financial Instruments to Organized Trading, and Public Companies (as amended, Journal of Law 2018 item 512).

Shareholder	Number of shares	% of shares	Number of votes	% of votes

(1) An entity controlled indirectly by Mr. Zygmunt Solorz through TiVi Foundation.

Changes in the structure of ownership of significant number of shares of the issuer in the period since the publication of the last periodic report

To the Company's best knowledge, there were no changes in the structure of ownership of significant packages of the Company's shares from the date of publication of the previous interim report, i.e. August 22, 2018 (semi-annual report for the first half of 2018) until the date of approval of this Report, i.e. November 7, 2018.

1.3. Shares of Cyfrowy Polsat owned by Management Board and Supervisory Board members

To the Company's best knowledge members of the Management Board did not hold any shares of the Company, directly and indirectly, as at the date of approval of this Report, i.e. November 7, 2018 as well as at the date of publication of the previous interim report, i.e. August 22, 2018 (semi-annual report for the first half of 2018).

To the Company's best knowledge as at the date of approval of this Report, i.e. November 7, 2018, Mr. Aleksander Myszka, Member of the Supervisory Board, held directly 50.000 shares of the Company with the nominal value of PLN 2,000.00. To the Company's best knowledge the remaining Members of the Supervisory Board did not hold any shares of the Company, directly and indirectly, as at the date of approval of this Report, i.e. November 7, 2018 as well as at the date of publication of the previous interim report, i.e. August 22, 2018 (semi-annual report for the first half of 2018).

2. BUSINESS REVIEW OF POLSAT GROUP

Polsat Group is the largest provider of integrated multimedia services in Poland. We are the leading pay TV provider and one of the leading telecommunications operators in the country. We are also one of Poland's leading private broadcasters in terms of both audience and advertising market shares. We offer a complete package of multimedia services designed for the entire family: pay TV via satellite, terrestrial and online broadcasting, mobile and fixed-line telephony, data transfer services and broadband Internet access, mainly in LTE and LTE-Advanced mobile technologies and also through the fixed-line network. We also provide a wide array of wholesale services to other telecommunication operators, television operators and broadcasters.

We operate in two business segments: segment of services to individual and business customers, and broadcasting and television production.

In the segment of services to individual and business customers we provide the following services: digital television transmission signal, Internet access, mobile TV, video online, mobile and fixed-line telephony services, wholesale services for other telecommunications operators as well as sales of telecommunication equipment and production of set-top boxes. As at September 30, 2018 we had over 5.7 million contract customers and companies from our Group provided a total of nearly 16.9 million active services, including 14.1 million contract RGUs (the above data does not include the activities conducted by Netia Group companies).

Our broadcasting and television production segment consists mainly of production, acquisition and broadcasting of information, sports and entertainment programs as well as TV series and feature films broadcast on television channels in Poland.

2.1. Segment of services to individual and business customers

Pay TV

Cyfrowy Polsat is the largest pay TV provider in Poland and a leading satellite platform in Europe in terms of the number of customers. Since 2006 we are the leader on the Polish market in terms of the number of active services, as well as market share. We actively expand our pay TV offer by adding additional services, such as Multiroom or paid video online subscriptions, providing over 5.1 million pay TV services as at September 30, 2018.

Our offer includes mainly digital pay TV services distributed directly to end-users via satellite through set-top boxes and satellite antennas. Our programming strategy is to offer a wide range of channels that appeal to the whole family at attractive prices. At present we provide access to about 180 TV channels, including all of Poland's main terrestrial channels as well as general entertainment, sports and esports, music, lifestyle, news/information, children's, education and movie channels. In addition, we offer our customers access to over 80 HD channels and also provide OTT services, such as Cyfrowy Polsat GO, VOD/PPV, online video, catch-up TV and Multiroom HD services.

Currently, we are the only operator in Poland to offer our customers high quality set-top boxes manufactured in our plant in Mielec. We systematically develop the software of our set-top boxes and improve their functionality, so as to better address the changing consumer preferences and video consumption trends.

Furthermore, Netia Group from Cyfrowy Polsat Group provides IPTV service under the brand of 'Personal Television' ('Telewizja Osobista'). The product includes 'Netia Player', a set-top-box which allows access to digital pay TV over IP, fast and easy access to popular Internet services or own multimedia resources through a screen of a TV set, as well as access to VOD services such as IPLA, TVN Player or HBO GO. Currently Netia's Personal Television offering includes over 200 channels, with over 100 channels in HD or super HD technology, and a number of TV services as at September 30, 2018 reached over 200 thousand.

Online video

The entertainment website IPLA offered by our Group is the leader of the Polish video online streaming market, both in terms of compatibility with a broad range of end-user devices, including computers, tablets, smartphones, TV sets with Internet access, set-top boxes and game consoles, as well as in terms of the volume of available content. IPLA also enjoys one of the leading positions in terms of the number of users and the average time spent by a single user on watching streamed content.

IPLA offers the largest database of legal video content and live broadcasts and over 100 online TV channels, live coverage of major national and international sports events, a vast and regularly expanded library of feature films, TV series and television programs provided by both Polish and international licensors. In 2018 IPLA's sports content offering was expanded with the Polsat Sport Premium package which broadcasts live football matches of the UEFA Champions League and the UEFA Europa League. At present, IPLA offers over 360 hours of live coverage per month from the largest sports events nationwide and worldwide. IPLA provides its users access to content in the free of charge model accompanied by advertisements and the paid model, as well as the possibility to download selected content and view it offline. Nearly 90% of IPLA VOD content is available free of charge, whereas advertisements constitute the source of revenue.

Access to video materials and channels via the Internet is based on one of three models. The first is a pay model, where a customer makes a fixed payment for the right to access a given video material. The second model consists in access to a package of video materials and channels in exchange for a periodic (e.g. monthly) fee. The third model is based on free access in exchange for viewing advertisements. Approximately 80% of IPLA's total revenue is generated by the advertisement-based model, while about 20% is derived from the purchase of access to content made by users.

Thanks to the <http://www.ipla.tv> website and dedicated applications the content of IPLA online television is available on a wide array of consumer devices, including computers with Windows, mobile devices powered by iOS, Android and Windows Phone, TV sets with internet connections (Samsung, LG, Sony, Panasonic, Philips, Sharp, Ikea, Toshiba, Thomson, TCL), set-top boxes (cable TV TOYA, Netia), game consoles (PlayStation 3) and Blu-ray. Since its inception IPLA's mobile app has been already downloaded more than 10 million times. In February 2018, we refreshed our IPLA website by introducing changes which made the service even more user-friendly and adjusted to users' needs.

Moreover, we offer to our satellite TV customers an access to the video on demand (VOD) "Home Film Rental" service which allows paid access to the latest novelties and film hits through a decoder. The service does not require any additional technological solutions and is available via a TV set.

Mobile and fixed-line telephony

We provide mobile telephony services mainly through our subsidiary Polkomtel, Plus network operator. Polkomtel is one of the leading Polish mobile telecommunications network operators. As at September 30, 2018 we provided nearly 9.8 million mobile telephony services under both the postpaid and prepaid models.

We offer a comprehensive array of mobile telecommunications services under the established umbrella brand "Plus" and our additional brand "Plush," as well as under the brands of companies belonging to Aero2 Group. Our offer includes retail services, comprising contract and prepaid voice services, as well as data transmission services encompassing basic mobile broadband services, MMS, value added services such as entertainment, information and comprehensive convergent telecommunication services for large businesses. Additionally, our mobile telephony offer is complemented with a wide portfolio of handsets and smartphones, including devices which support LTE and LTE-Advanced technologies. Our retail mobile telephony offering is addressed to individual and business customers, including major corporate accounts, small and medium-sized enterprises, and the SOHO (Small Office/Home Office) segment.

We provide fixed-line telecommunications services through our subsidiary Netia, which operates based on both own telecommunications infrastructure and an access to the infrastructure of Orange Polska. The dedicated retail offering of fixed-line telephony includes both business customers, including institutions, medium and large enterprises and small companies, as well as residential customers.

Mobile broadband Internet

In 2011, we were the first commercial service provider in Poland to launch an LTE-based broadband Internet access service, offering technical features and quality parameters which allow to compete effectively with fixed-line Internet services, thus meeting the increasing demand of consumers. In addition, LTE-based broadband access offers mobility, which is a significant feature for a significant group of consumers. Our LTE Internet and HSPA/HSPA+ Internet covers nearly 100% of Poland's population. Since 2016 we have been offering our customers services in the LTE-Advanced technology. This technology is being successively developed, as demonstrated by our launch of the 256 QAM and MIMO 4x4 modulation, which allows for increased transmission speed by 33% while using the same radio band. We are also pursuing aggregation of bands in two, three and, selectively, four frequencies which further contributes to increasing the capacity of our network, thus making our mobile Internet faster and more stable. Thanks to the applied technological solutions, in May 2018 the speed of out LTE-Advanced Internet ranged from 300 Mb/s to 500 Mb/s in over 300 locations. Furthermore, the tests of download transmission speed conducted in Białystok on aggregated four bands along with modulation allowed us to

achieve data transfer speed above 600 Mb/s. As at September 30, 2018, we provided nearly 2.0 million mobile broadband Internet access services, mostly in the contract model.

We provide a comprehensive array of mobile broadband Internet access services to both residential and business customers under two alternative brands: Plus and Cyfrowy Polsat. We offer broadband Internet in the contract and prepaid model. Moreover, thanks to our LTE Internet access service combined with the set Home LTE Internet we can offer customers a product that constitutes a substitute for fixed-line Internet. Additionally, pursuant to the provisions of the concession related to the purchase of the 2.6 GHz band, our subsidiary Aero2 provides free of charge Internet access services, however with limited parameters (BDI offer).

Our offering is complemented by a portfolio of dedicated devices (modems, routers, tablets, laptops, ODU-IDU sets, etc.), that support LTE and LTE-Advanced technologies. Such a wide offering allows us to address the needs of customers, who are interested in using mobile broadband Internet for its mobility as well as those customers, who want to substitute fixed-line Internet access at home or in the office.

Fixed-line broadband Internet

Through our subsidiary Netia we also provide fixed-line broadband Internet services, among others in fiber optic technologies. Netia's services are being rendered via own access networks with over 2.5 million homes passed in approximately 180 locations. They are also supported by an extensive, nationwide backbone infrastructure. Moreover, Netia offers fixed-line Internet services based on regulated access to Orange Polska's network.

Netia provides fixed-line broadband Internet services to both residential and business customers.

Services to residential customers are sold mainly in bundles with TV and voice telephony services, including a mobile offering under an MVNO model. The service offering is supplemented by a number of value added services which support ARPU levels and loyalty of the customer base. Netia Spot, a wireless WIFI router, and Netia Player, an innovative multimedia set-top box with an access to a variety of TV channels, VOD services, Internet apps and a possibility to open own multimedia files, constitute a part of a home multimedia platform which uses broadband Internet access for distribution of content to members of a household.

Broadband Internet access services for business customers are offered in fiber optic, Ethernet, xDSL and HFC technologies. They are part of a wide range of services, including traditional fixed-line telephony solutions (analogue and ISDN access), the latest IP telephony services with hosted PABX (NGN – Next Generation Network technology), Unified Communications services, video communications (video conference services in HD quality), wholesale messaging, lease of digital lines, VPN and Ethernet networks, and data center services which are addressed to companies using Internet in business solutions, running portals and news services.

Bundled services

Currently, the bundling of services is one of the strongest trends on the Polish media and telecommunications market. In keeping with the rapidly changing market environment and consumer expectations, we consistently implement our multiplay strategy by offering our customers a complete and unique service package based on pay TV, telephony and broadband Internet access, complemented by additional services, such as financial, banking and insurance services or sale of electric energy and gas. These services can be combined freely on an as-needed basis. Our broad range of bundled services is offered through a diverse array of digital entertainment and communication platforms, such as television sets, mobile handsets, computers and tablets.

As part of our strategy of integrating products and services, Polsat Group promotes its unique savings programs - smartDOM and smartFIRMA - which enable profitable bundling of modern services for the home or company. Our bundled services offer is based on a simple and flexible mechanism - a customer subscribed to one service receives an attractive discount for the entire term of the contract for every additional product or service purchased from the Group's portfolio. Our customers can combine flexibly products such as satellite TV, broadband LTE and fixed-line Internet, mobile and fixed-line telephony, banking and insurance services, energy and gas, home security services or supplies of telecommunications and electronics equipment, saving on each added service or product.

Starting from June 2018 we have expanded our bundled services offering with services of Netia. Primarily under a pilot project covering about 180 points of sale, and from September 2018 in approximately 470 points of sale, the customers of Plus and Cyfrowy Polsat can purchase, with a smartDOM discount, fixed Internet access offered by Netia, along with TV services based on it, and fixed-line telephony services.

Wholesale business

As part of our wholesale business we provide services to other telecommunication operators. These services include network interconnection, traffic transit, national and international roaming, services to MVNOs, shared access to network assets and lease of network infrastructure.

Network interconnection

Our telecommunication infrastructure used in interconnection cooperation enables us to effectively manage telecommunication traffic routing to all operators domestically and abroad.

Shared access to network assets and lease of telecommunications infrastructure

As a consequence of significant capital expenditures and acquisitions carried in the past our Group has an extensive telecommunications infrastructure, which allows handling constantly increasing usage of telecommunication products and services. In order to optimize costs of maintenance of our infrastructure, we share access to network assets and lease components of our network infrastructure from and/or to other telecommunication providers on the Polish market.

International roaming

Within our wholesale business we provide international roaming services to foreign mobile operators that allow the customers of foreign mobile telecommunications network operators to use mobile telecommunications services when logged to Plus mobile network and outside their home network. We also enter into international roaming wholesale agreements in order to provide, both to our own customers and the customers of MVNOs, international roaming services in the networks of our roaming partners.

Cooperation with roaming partners represents a major part of sales in the wholesale segment. We develop our international roaming services by offering roaming services over our own network to subscribers of foreign operators, who are currently staying in Poland. In addition, we offer the wholesale roaming service over our own network to foreign operators under discount agreements in exchange for favorable terms offered by foreign partners for the handling of roaming traffic generated by our customers, who use roaming services abroad. This helps reduce costs of wholesale international roaming services incurred by us and enables the provision of competitive international roaming services (in terms of their price and quality) to our customers.

National roaming and virtual operators (MVNOs)

We provide local operators with wholesale access to our mobile telecommunications network based on different models of cooperation, which can be divided into two main groups: national roaming and virtual operators (MVNOs).

As part of the wholesale national roaming service, we offer voice calls, text messaging and packet data transmission services to P4, operator of Play network. P4's subscribers use the Plus mobile telecommunications network in areas not covered by the P4 network, within the scope offered by P4.

Mobile Virtual Network Operators (MVNOs) are operators that provide mobile telephony, data services and fixed-lined telephony services based on mobile networks, but do not own frequency allocations nor all technical infrastructure required to provide telecommunications services. Their operation is typically based on the frequency allocations and the infrastructure of existing MNOs throughout the country.

As part of the cooperation with MVNOs, we provide wholesale services including voice calls, text messaging and data transmission, premium rate services, value-added services, international roaming, services provided to specific governmental authorities and agencies, hosting services on our billing platform, customer support, as well as other services, depending on the needs and selected technical model of cooperation.

2.2. Broadcasting and television production segment

Production and sale of television channels

Our portfolio comprises 33 channels including our flagship channel POLSAT, available in SD and HD formats, and 32 thematic channels. Moreover, there is a group of 8 cooperating channels which are related with Polsat Group either by capital links or joint broadcasting projects.

The main channel POLSAT, broadcast since December 5, 1992, was the first commercial channel in Poland to obtain the nationwide license for analogue broadcasting. POLSAT is one of the leading Polish TV channels in terms of share in the commercial audience group, totaling 11.33% in the third quarter of 2018 and 11.47% in three quarters of 2018. POLSAT broadcasts daily, 24/7. The channel is available via digital terrestrial TV on the second multiplex (MUX-2) and on local multiplexes (MUX-L4 and MUX-TV5). Apart from terrestrial signal, POLSAT is also available in SD and HD formats in most cable networks and satellite platforms. The channel features a broad selection of films, entertainment shows, news and commentaries, Polish and foreign TV series, as well as popular sporting events.

Thematic channels are television channels delivered primarily over cable or satellite (pay) and to a smaller extent over multiplexes in the terrestrial network (free of charge), which broadcast themed content, such as children's programs, films, sports, music, lifestyle, news or weather.

Thematic channel	Description
Polsat Sport HD	The first sports channel of Polsat Group broadcasting major sports events in Poland and worldwide (volleyball, athletics, football, world class boxing and MMA contests), which include live broadcasts.
Polsat Sport Extra HD	Sports channel broadcasting premium sport events, primarily the largest international tennis tournaments such as Wimbledon.
Polsat Sport News HD	Sports channel dedicated to sports news. Broadcast within the DTT technology until January 1, 2017, since January 2, 2017 available only from cable and satellite networks.
Polsat Sport Fight HD	Channel dedicated to martial arts, broadcasting, among others, professional boxing galas and mixed martial arts, as well as coverages of Polsat Boxing Night.
Polsat Film HD	Movie channel broadcasting movie hits, top box office productions and non-mainstream movies from a library of major US movie studios.
Polsat Cafe HD	Channel dedicated to women focusing on lifestyle, fashion and gossip as well as talk-shows.
Polsat Play HD	Channel dedicated to men, focusing on consumer gadgets, the automotive industry, angling and cult series.
Polsat 2 HD	Channel broadcasting reruns of programs that premiered on our other channels.
Polsat News HD	24-hour news channel broadcasting live shows and covering primarily news from Poland and key international events.
Polsat News 2	News channel offering debates on politics, business and world economy, as well as programs on culture, society, current and international affairs. Addressed to viewers interested in economics.
TV4 HD	Nationwide entertainment channel, the programming offer of which includes feature movies, series, entertainment and popular science programs and sports. The channel is available in digital terrestrial television.
TV6 HD	Nationwide entertainment channel broadcasting popular foreign formats, as well as series, entertainment programs and feature movies from Polsat's library. The channel is available in digital terrestrial television.
Polsat Romans	Channel created for and dedicated to women. The programming offer includes both feature movies as well as popular Polish and foreign series.
Disco Polo Music	Music channel broadcasting disco polo, dance and feast music.
Polsat Music (formerly MUZO.TV)	Channel broadcasting rock and pop music as well as the best video clips, both the classics and the novelties. Polsat Music is the second music channel in Polsat's programming offer.

TV Okazje	Channel broadcasting 24 hours a day, dedicated to teleshopping and broadcasting solely spots that encourage shopping.

Sales of TV channel advertising airtime and sponsoring

Within our wholesale business we sell advertising and sponsoring time on our own channels as well as third-party channels. Based on initial data from Starcom we estimate that in nine months ended September 30, 2018 Polsat Group channels captured 27.0% of the Polish TV advertising market worth approximately PLN 3 billion in that period while in the third quarter alone the share of the Group's channels reached 27.6% in the market valued at PLN 0.9 billion in that period.

A key factor with a bearing on our revenue from advertising and sponsoring time sale is our share in the total audience. Airtime on our channels is more attractive if the demographic profile of the audience meets advertisers' requirements. In order to make our airtime more attractive, our programming offering is carefully selected and broadcast in specific parts of the day.

Sale of channel broadcasting rights

Our channels are distributed by the majority of Polish cable networks, including such operators as UPC Polska Sp. z o.o., Multimedia Polska S.A. and Vectra S.A., and by all major satellite platforms (with the exception of selected sports channels, which are exclusive to the Cyfrowy Polsat platform), as well as using the IPTV technology (Orange Polska S.A., Netia S.A.). Our agreements with third-parties provide for a non-exclusive license of a specific duration to distribute our channels. The agreements also provide for monthly licensing fees, charged as the product of the contractual rate and the number of customers, or as fixed fees.

3. SIGNIFICANT EVENTS

3.1. Corporate events

Decision of the Head of the Malopolska Tax Office in Cracow

On February 15, 2018, the Head of the Malopolska Tax Office in Cracow issued a decision assessing the tax liability from uncollected withholding corporate income tax in 2012 in the amount of PLN 24.2 million increased by interest on tax arrears. The Company informed of the decision of the tax office issued at the first instance in its current report No.11/2018 of March 5, 2018.

In the issued decision the tax authority contested the Company's right to an exemption from the obligation to withhold income tax on certain interest payments in 2012. The Company appealed against the decision of the tax authority on the basis of acquired opinions issued by renowned entities. The Company has not created any provisions encumbering its financial results.

On July 10, 2018 the tax office upheld the previous decision dated February 15, 2018. The Company informed of the decision of the tax authority issued at the second instance in its current report No.27/2018 of July 16, 2018. The Company does not agree with the decision of the tax office in question and appealed against it to the Voivodship Administrative Court in Cracow.

Moreover, the tax authority control activities in the aforesaid matter were in progress in relation to 2013 and 2014. Custom and tax control activities has not been transformed into tax proceedings. However, if an unfavorable and, in the opinion of the Company, incorrect interpretation of tax regulations relating to disputed matter is upheld, the Tax Authority may issue a decision assessing additional tax liabilities respect for 2013 and 2014.

At present the Company does not intend to create any provisions encumbering its financial results.

Decision of the Head of the Mazovian Tax Office in Warsaw

On April 30, 2018 the Director of the Revenue Administration Regional Office in Warsaw issued a decision upholding the appealed decision of the Head of the Mazovian Tax Office in Warsaw of May 25, 2017 determining the value of a tax obligation in relation to corporate income tax for the year 2011 at a higher level than the declared value, by PLN 40.6 million plus accrued penalty. The Company informed of the decision issued by the tax office in its current report no. 12/2017 dated May 29, 2017 and in its financial statements for the year 2017.

The Company does not agree with the decision of the Director of the Revenue Administration Regional Office in Warsaw in question and appealed against it to the Voivodship Administrative Court.

At present the Company does not intend to create any provisions encumbering its financial results.

3.2. Business related events

Acquisition of a stake in Netia S.A.

On November 29, 2017 the Management Board of the Company took a decision on effecting the acquisition transaction of a controlling block of shares in Netia accounting for not more than 66% of the total number of votes at the General Meeting of Netia for the total amount of PLN 1.33 billion. The transaction was split into two stages.

The first stage, executed on December 4 and 5, 2017, consisted in the Company purchasing in aggregate a block of shares representing 32.99% of the total number of votes at the Netia General Shareholders Meeting.

In the second stage, initiated on December 5, 2017, the Company announced a tender offer for the sale of Netia shares (the "Tender Offer"). The Tender Offer price for one share of Netia was PLN 5.77. The subscription period began on January 30, 2018 and ended on May 14, 2018. As a result of settlement of the Tender Offer, on May 17, 2018 the Company and Karswell Limited jointly acquired, based on the agreement described below, 110,702,444 shares in Netia constituting in total 32.99% of Netia's share capital and representing 32.99% of the total number votes at its general meeting. In particular, the Company acquired 34,662,045 Netia shares constituting in total 10.33% of Netia's share capital and representing 10.33% of the total number votes at its general meeting while Karswell Limited acquired 76,040,399 Netia shares constituting

in total 22.66% of Netia's share capital and representing 22.66% of the total number votes at its general meeting (all percentages of shares in Netia's share capital and total number of votes at Netia's general meeting mentioned above are as at November 7, 2018, i.e., including the effect of registered changes in Netia's share capital).

More information regarding the acquisition of a controlling stake in Netia is presented in item 4.3. of the Annual Report of Cyfrowy Polsat S.A. Capital Group for the financial year ended December 31, 2017 published on March 22, 2018 and in the Company's current reports No. 16/2018 of May 11, 2018, No. 17/2018 of May 14, 2018 and No. 18/2018 of May 22, 2018.

Agreement with Karswell Limited

Provisions of the Combined SFA, concluded on September 15, 2015, permitted companies from Polsat Group to allocate a strictly limited amount of funds to acquisitions. Due to those restrictions, which were binding as at the date of the announcement of the Tender Offer, under the Tender Offer Netia shares were acquired by the Company and its affiliate – Karswell Limited.

On December 5, 2017 the Company and Karswell concluded the Agreement on the Joint Acquisition of Shares in a Tender Offer and Preliminary Share Purchase Agreement (the "Acquirers' Agreement"). Immediately after the conditions precedent for the Acquirers' Agreement have been satisfied, i.e. specifically immediately after amending the Combined SFA or its replacement with other financing agreements in a manner making it possible for the Company to acquire all shares under the Tender Offer, Karswell committed to sell to the Company all the shares acquired for the price paid by Karswell for shares under the Tender Offer. In addition, Karswell was to receive an additional premium for the period between the settlement date on which Karswell acquired the last share under the Tender Offer and the date on which the shares acquired by Karswell under the Tender Offer was sold to the Company (the "Interim Period") in an amount equivalent to the average weighted cost of financing of the Company's Capital Group provided by financial institutions, prorated to the specific portion of the price paid by Karswell for shares under the Tender Offer for each day of the Interim Period. The premium is intended to compensate the burden related to committing Karswell's capital to the Tender Offer.

Additionally, during the Interim Period Karswell shall exercise the voting rights attached to the Netia shares acquired in the Tender Offer as instructed by the Company. Other significant terms and conditions of the Acquirers' Agreement are summarized in the Tender Offer document.

On July 2, 2018 the Company and Karswell executed an amendment to the Acquirers' Agreement amending it in such a way that the obligation of the Company to effect one-off acquisition of all Netia shares acquired by Karswell under the Tender Offer was replaced by the obligation of the Company to acquire said shares in subsequent instalments. On July 3, 2018 the Company repurchased from Karswell 17,331,023 Netia shares which were acquired by Karswell under the Tender Offer. After the balance sheet date, on October 2, 2018, in a subsequent transaction the Company repurchased from Karswell further 58,709,376 Netia shares. As a result of the above mentioned transactions, the total number of Netia shares acquired jointly by Cyfrowy Polsat and Karswell under the Tender Offer remained unchanged.

As at November 7, 2018, Cyfrowy Polsat holds directly 221,404,885 Netia shares constituting in total 65.98% of the share capital of Netia and entitling to 65.98% of the total number of votes at Netia's general meeting while Karswell holds directly null Netia shares.

Details regarding the amendment to the Acquirers' Agreement and the acquisition of Netia shares by the Company from Karswell are presented in the Company's current reports No. 26/2018 of July 2, 2018 and No. 29/2018 of September 26, 2018.

Acquisition of sports rights by Telewizja Polsat

In January 2018, Telewizja Polsat prolonged an agreement with the International Volleyball Federation FIVB and, as a result will broadcast the most important events in world and national team volleyball during the next seven years. The package of acquired rights includes the Volleyball Nations League (replacing the men's World League and women's Grand Prix) – 260 matches in total during the season and qualifying tournaments to the Volleyball Nations League, Challenger Cup/Match, qualifying tournaments to the 2020 and 2024 Olympic Games, men's and women's 2022 World Championship, and 2019 and 2023 World Cup. In addition, in January 2018 a three year contract was concluded to broadcast on Telewizja Polsat's antennas the events of UFC, a sports organization devoted to martial arts and the largest provider of pay-per-view services.

Taking control over Eleven Sports Network

In May 2018 Telewizja Polsat entered into an agreement with Eleven Sports Network LTD on the acquisition of 3,340 shares in Eleven Sports Network Sp. z o.o. with its registered seat in Warsaw representing 50% + one share in the share capital of Eleven Sports Network.

Eleven Sports Network produces and distributes sports content within the territory of Poland and owns attractive sports rights which are sold as program packages to pay TV operators, including the Company, active on the Polish market. The premium sports content offered by Eleven Sports Network, including Spanish LaLiga Santander, German Bundesliga, Italian Serie A TIM, English The Emirates FA Cup, F1™ and Polish and foreign speedway, are delivered to around two million subscribers and carried by more than 100 operators and online. The acquisition of the shares constitutes a long-term strategic investment by Polsat Group. In the medium term, gaining access to the portfolio of sports rights held by Eleven Sports Network will allow to strengthen the position of the Group in the increasingly fragmented television market, while concurrently securing access to Eleven Sports Network's sports content for the Company's and other Group companies' customers within their Group.

The total price for the acquired shares was set at EUR 38 million. The Share Price is payable in two tranches. The first tranche for the shares of EUR 18 million was paid on May 25, 2018. The second tranche, adjusted for the net debt of Eleven Sports Network, was paid on July 31, 2018.

If the value of Eleven Sports Network based on the results for 2020 exceeds the amount of EUR 80 million, Telewizja Polsat will be required to pay the seller an additional earn-out payment equal to 25% of the surplus of Eleven Sports Network's value over the amount of EUR 80 million (with Eleven Sports Network's value calculated as 9x adjusted EBITDA based on the financial statements of ESN for the financial year ending June 30, 2020).

Details regarding the acquisition of shares in Eleven Sports Network by Polsat Group are presented in the Company's current report No. 20/2018 of May 24, 2018.

Development of the smartDOM program

In February 2018, we launched a refreshed edition of our strategic bundled offer, the smartDOM program, which comprises a portfolio of products and services for each home. Apart from our basic, core products and services: telephony from Plus, broadband LTE Plus and Plus Advances and Cyfrowy Polsat satellite television, smartDOM customers can also buy electric energy and gas, banking, insurance and home security services as well as telecommunication devices.

One of the main, invariable principles of the smartDOM program is the simple relation – the more products and services a customer has, the more he can save thanks to the obtained discounts. However, an important modification we introduced consisted in eliminating the entry threshold. Currently, every customer can join the smartDOM program irrespectively of the value of his or her monthly subscription fee. The discount system was also changed – for every additional service from the pay TV (including DTT), mobile or wireless home telephony and broadband Internet offer the customer receives a discount of PLN 10 each month.

In February 2018, we also decided to modify the smartFIRMA program, which currently functions according to similar principles as the smartDOM program.

While consistently pursuing our strategy of developing integrated services for home, in June 2018 we extended the smartDOM discount system by new products – this time by services offered by Netia: fast, fixed-line Internet access, mainly in fiber optic technologies, as well as TV services which are based on it, and fixed-line voice services. Initially, Netia services were available under the pilot project in over 180 points of sale while currently their coverage expanded to approximately 470 points of sale.

Introduction of new TV offerings including the Polsat Sport Premium package

In July 2018 we offered our customers a new sports package "Polsat Sport Premium", thanks to which starting from the new 2018/2019 season club football fans are able to enjoy, for the first time in Poland, live coverage of all the UEFA Champions League matches as well as watch the UEFA Europa League games. The package consists of two Super HD channels, i.e. Polsat Sport Premium 1 and Polsat Sport Premium 2, as well as 4 premium PPV services. Each match day means approximately 8 hours of daily live broadcasts (studio commentaries and matches) and a rich offer of accompanying programs: commentaries before and after the matches, in-depth analyses, reporting, interviews, experienced experts and commentators, special guests. The programs are broadcasted from a new studio designed specifically for the UEFA Champions League and the UEFA Europa League tournaments, which is equipped with a 4x4K video wall and visual

realization relying on state-of-the-art technologies – augmented reality (AR) and 3D models. It is one of the most technologically advanced objects in Europe of this type and definitely the most modern studio in Poland.

Polsat Group has acquired exclusive rights to broadcast over 1000 matches of UEFA Champions League and UEFA Europa League for three consecutive seasons (from 2018 to 2021) in all distribution channels, including TV, the Internet and mobile devices.

The football matches are available to Cyfrowy Polsat subscribers, Plus mobile network customers as well as to the users of IPLA web TV. For viewers of Cyfrowy Polsat, the new Polsat Sport Premium package is available in bundles with basic packages at monthly prices ranging from PLN 50 to PLN 120 for a two-year contract. The prices of bundles with IPLA Polsat Sport Premium package in Plus mobile network ranges from PLN 70 to PLN 90 per month for a two-year contract. In case of IPLA web service, the package is available, also for external customers, in two variants: as a whole season subscription at PLN 360 and as a 7-day access at PLN 40.

The Polsat Sport Premium channels are broadcast in Poland by part of competing paid TV platforms, including the operator of nc+ and UPC cable TV or Netia, a company from Polsat Group. In this case, Polsat Group's revenue comprises wholesales fees borne by the above mentioned operators to gain a possibility to broadcast the Polsat Sport Premium channels.

Transfer of the organized part of enterprise of Polkomtel to Polkomtel Infrastruktura Sp. z o.o.

On August 31, 2018 the National Court Register ("KRS") entered into records the transfer of the organized part of enterprise of Polkomtel Sp. z o.o., comprising, among others, the active and passive telecommunications infrastructure, to Polkomtel Infrastruktura Sp. z o.o. (formerly PL 2014 Sp. z o.o.), a sole subsidiary from Cyfrowy Polsat Capital Group. In the same company there are also placed the infrastructure areas which were transferred previously from Aero 2 Sp. z o.o. and Sferia S.A. companies.

The above mentioned move is associated with a dynamic growth of the Group's telecommunications infrastructure, resulting in creation of a dedicated area of competence of telecommunications infrastructure, which is responsible for: (i) development, construction and maintenance of radio and transmission telecommunications infrastructure, (ii) leasing of telecommunications infrastructure, including broadcasting radio signal by the mobile cellular network and providing other telecommunications services (e.g., point-to-point transmission) and (iii) full servicing of the radio and transmission part of the telecommunications network which is necessary to execute the above mentioned tasks.

The main goal of this step is to establish an own operator of infrastructure, concentrate the ownership of network assets in one legal entity, simplify and arrange the structure of entities of the Group, join the identical resources as well as optimize costs of construction and maintenance of the network infrastructure.

Introduction of new models of set-top boxes

In September 2018 we expanded Cyfrowy Polsat's equipment offering with new satellite TV set-top boxes. EVOBOX LITE and EVOBOX HD represent another high quality equipment of HD class which combines modern design with simple, intuitive operation and easy access to extensive VOD content of Cyfrowy Polsat GO and HBO GO multimedia services. The set-top boxes have a built-in Wi-Fi, which allows for a wireless Internet connection and gives a possibility to use online services and watch thousands of films, series and programs of Cyfrowy Polsat GO and HBO GO always when it suits a viewer, also before their airing on TV. The equipment is produced in Polsat Group's factory.

We are constantly working on expanding our equipment offering. We would like to offer our customers a possibility to choose convenient, adjusted to their needs technology solutions which allow to watch TV in the highest quality thanks to using the modern equipment, providing also access to rich premium content of VOD services. A combination of high quality set-top boxes with a wide variety of multimedia services offering freedom, flexibility and convenience to the users when accessing their favorite content is in our opinion an important element of building a competitive advantage on the pay TV market.

3.3. Events after the balance sheet date

Launch of two new TV thematic channels

In October 2018 we launched two new thematic channels: Polsat Games and Polsat Rodzina ("Polsat Family").

Polsat Games is a proposal addressed not only to the fans of computer games or e-sport but also to those whose interests include latest technologies and animation. The station's flagship productions are its own e-sport games. Apart from that, the programming includes game and hardware reviews, talk shows featuring game creators, entertainment programs featuring Internet stars, anime and shows addressed to younger viewers which will propose using games in the learning process. Polsat Games is a 360° project, which means that all live broadcasts will be also available on Twitch and own programs, after their premiere on TV, will be available in the Internet via IPLA and YouTube.

Polsat Rodzina ("Polsat Family") is a TV station with a family-oriented profile. The station's offering includes programs providing guidance and advice on various matters, educational cartoons for kids as well as programs covering Christian topics. A broad range of programs is addressed to three generations – from children, through parents to seniors. The morning advice shows will touch upon such issues as healthy lifestyle, psychology and raising kids. Certain legal and economy advice will also be given. For younger viewers, the station prepared a block of educational tales without violence. The offer will include also programs on Christian matters, which are to be shown in an intriguing way not only for the believers. The programs will focus on matters close to each thinking and sensitive individual and not on ideological or political disputes.

Joining a2mobile brand and its customers with Premium Mobile

On October 9, 2018 Aero 2, a company from Cyfrowy Polsat Group, and Premium Mobile announced a plan in accordance with which the a2mobile brand, owned by Aero 2, and its customers shall join Premium Mobile. The above mentioned decision takes into account the fact that both companies have a similar mode of operations and provide services to a group of customers united by similar interests, values and demand for telecommunication services. Following the completion of the process, Cyfrowy Polsat Group shall increase its engagement in Premium Mobile up to 25% of votes at its shareholders meeting. Moreover, Cyfrowy Polsat Group shall maintain wholesale revenues from the a2mobile and Premium Mobile brands.

Initial steps taken in connection with potential refinancing of bonds

On October 24, 2018 the Management Board of Cyfrowy Polsat adopted a resolution on taking initial steps in connection with potential refinancing of the Company's indebtedness due to unsecured series A bearer bonds with a total nominal value of PLN 1,000.0 million, maturing on July 21, 2021. The Company's intent is to assess possibilities of refinancing the above mentioned bonds in order to decrease costs of servicing the indebtedness.

The actions initiated by the Company shall be aimed at evaluating the present market demand for new bonds and proposing potential conditions and a timetable of issuance of new bonds that would enable the Management Board to take a decision whether to establish a program of issuance of bonds under which the new bonds would have been issued.

Merger of Cyfrowy Polsat and CPTM

On October 31, 2018 the Extraordinary General Meeting of the Company adopted a resolution on merging Cyfrowy Polsat and Cyfrowy Polsat Trade Marks Sp. z o.o. ("CPTM"), an entity being the Company's sole subsidiary. Cyfrowy Polsat Group consistently pursues the strategy of simplifying its structure, including the centralization of provided services. The merger of the Company with CPTM is in accordance with the Group's long-term strategy and shall facilitate cost optimization of operations.

Details of the merger are provided in the Company's current report no. 33/2018 dated October 31, 2018.

4. OPERATING AND FINANCIAL REVIEW OF POLSAT GROUP

4.1. Operating review of the Group

When assessing our operating results in the segment of services to individual and business customers, we analyze contract services and prepaid services separately. In the case of contract services we consider the number of unique, active services provided in the contract model (RGUs), the number of customers, churn rate and average revenue per customer (ARPU). When analyzing prepaid services we consider the number of unique, active services provided in the prepaid model (prepaid RGUs) as well as average revenue per prepaid RGU. The number of reported RGUs of prepaid services of mobile telephony and Internet access refers to the number of SIM cards which received or answered calls, sent or received SMS/MMS or used data transmission services within the last 90 days. In the case of free of charge Internet access services provided by Aero2, the Internet prepaid RGUs were calculated based on only those SIM cards, which used data transmission services under paid packages within the last 90 days.

Please note that the ARPU figure for the nine months and for the third quarter of 2018 does not include the impact of the implementation of IFRS 15 *Revenue from Contracts with Customers* and was calculated based on the accounting standard in force until December 31, 2017 (IAS 18 in particular). Such an approach is intended to ensure comparability of figures given that the Company has decided to apply IFRS 15 retrospectively without restating the figures for the comparative periods.

The Group plans to modify the method of calculating ARPU in the future in order to adjust it to the requirements of IFRS 15. Applying IFRS 15 shall change the allocation between revenue from the sale of the equipment and retail revenue (a higher portion of total compensation shall be attributed to the equipment delivered in advance), which shall result in a decrease of ARPU. When implementing IFRS 15, contract ARPU would amount to PLN 84.0 in the third quarter of 2018 and PLN 82.9 in the nine-month period ended September 30, 2018, increasing by 4.3% and 2.7%, respectively, as compared to PLN 80.5 in the third quarter of 2017 and PLN 80.7 in three quarters of 2017.

Please note that the operational indicators (KPIs) for the third quarter and for three quarters of 2018 presented below do not include operational results of Netia Group over which Cyfrowy Polsat Group took control effective May 22, 2018.

	for the 3-month period ended September 30		change / %	for the 9-month period ended September 30		change / %

4.1.1. Segment of services to individual and business customers

As at September 30, 2018, in the segment of services to individual and business customers our Group provided a total of 16,851,153 services in the contract and prepaid models, which represents 2.7% growth YoY. It is worth emphasis that the share of contract services in the total number of services that we provide is growing consistently, and has reached the level of 83.4% at the end of the third quarter of 2018, as compared to 82.4% recorded at the end of the third quarter of 2017. In the nine months and in the third quarter of 2018 we recorded a YoY growth in the number of all our core services provided in the contract model, i.e. pay TV, mobile telephony services, and mobile broadband. At the same time, following several quarters of visible pressure resulting from the entry into force of legal regulations obligating customers of all mobile networks to register prepaid SIM cards, we observe stabilization of the number of provided prepaid services at high growth dynamics of ARPU.

Contract services

As at September 30, 2018, we provided contract services to a total of 5,712,151 customers, i.e. 1.4% less compared to 5,791,841 customers the Group had as at September 30, 2017. The main reason behind the decline of the contract customer base was the merging of contracts under one common contract for the household, which is reflected in the growing RGU saturation per customer ratio (increase by 5.1% YoY). In line with our strategic assumptions, we avoid conducting an aggressive sales policy on individual products and focus rather on increasing customer loyalty, in particular through offering a wide portfolio of bundled services, as well as on increasing ARPU per contract customer.

The number of contract services provided by us increased by 526,881 in the last 12 months, that is by 3.9%, to 14,057,045 as at September 30, 2018, from 13,530,164 as at September 30, 2017. We recorded growth in the number of all types of services provided in the contract model. The number of pay TV services provided in the contract model amounted to 5,038,210 as at September 30, 2018, which constitutes an increase by 155,705, or 3.2%, compared to 4,882,505 as at September 30, 2017. This increase is mainly due to the growing popularity of our Multiroom service (YoY increase by over 69 thousand, to over 1.1 million RGUs) and to dynamically increasing sales of paid OTT services. The number of provided mobile telephony services in the contract model increased by 344,453, or 5.0%, reaching the level of 7,209,240 as at September 30, 2018, up from 6,864,787 as at September 30, 2017. This growth was driven by the successful implementation of our strategy of cross-selling and the introduction in February 2018 of new, attractive tariff plans addressed to contract customers, as well as by high demand among business customers for m2m services. In terms of mobile broadband, as at September 30, 2018, we provided 1,809,595, RGUs in the contract model, that is by 26,723, or 1.5%, more than as at September 30, 2017, when we provided 1,782,872 such services. Slower growth dynamics is associated, among others, with the gradual saturation of the market with dedicated mobile Internet access services and constantly growing popularity of data transmission in mobile telephony tariff plans (smartphones). As at September 30, 2018, every customer in our base had on average 2.46 contract services, which constitutes an increase of 5.1% compared to 2.34 contract services per customer as at September 30, 2017. We believe that further saturation of our customer base with integrated services, including our flagship product smartDOM to which we consistently add new products, will positively influence the growth of the number of contract RGUs provided by us in the future.

In line with the assumptions of our long-term strategy we aim to maximize revenue per contract customer through cross-selling, i.e., selling additional products and services to our customer base within the framework of our bundled services offer, which has a positive impact on ARPU per contract customer. In three quarters of 2018, average revenue per contract customer increased by 0.6% to PLN 89.5, from PLN 89.0 in the comparative period of 2017. In the third quarter of 2018 the average revenue per contract customer increased by 1.9% to PLN 90.1 as compared to PLN 88.4 in the comparative period of 2017. After applying the currently effective IFRS 15 standard, reported contract ARPU grew YoY by 4.3% to PLN 84.0 in the third quarter of 2018 as compared to PLN 80.5 in the third quarter of 2017.

Our churn rate amounted to 7.9% in the twelve-month period ended September 30, 2018, decreasing by 0.9 p.p. as compared to 8.8% in the twelve-month period ended September 30, 2017. This is primarily the effect of the high level of loyalty of our customers of bundled services resulting from the successful implementation of our multiplay strategy.

Our bundled services offer, based on a mechanism of offering attractive rebates on every additional product or service purchased from the Group's portfolio, remains very popular and continues to record very good sales results, which has a positive effect on the churn rate, RGU saturation per customer rate and ARPU per contract customer. It is also the best recognized convergent offering on the Polish market (according to the GFK survey from January 2018). At the end of September 2018, already 1,727,928 customers were using our bundled services, which constitutes an increase of 284,347 customers, or 19.7%, YoY. This means that the saturation of our contract customer base with multiplay services was at the level of 30.3% at the end of September 2018. This group of customers had a total of 5,169,596 RGUs, that is by 863,658, or 20.1%, more than in the corresponding period of 2017. In the first quarter of 2018, we lifted entry thresholds for the smartDOM program, thus making our bundled services offering available to all customers on identical terms, which translated positively into the dynamics of growth of our multiplay services customer base and blended ARPU level for the total customer base. Bearing in mind the long-term goal of our Group - the maximization of revenue per contract customer through cross-selling - our bundled services offer is perfectly in line with our strategy.

Prepaid services

The number of prepaid services provided by us as at September 30, 2018 decreased by 86,053, that is by 3.0%, to 2,794,108 from 2,880,161 as at September 30, 2017. The regulation implemented by the policymaker in 2016 imposed an obligation on customers to register newly purchased prepaid SIM cards which led to a significant decline in the number of new activations on the entire market. In parallel, thanks to the continuous unification of prices between tariff plans for the contract and prepaid customers, a significant portion of them decided to use the contract services offering.

In three quarters of 2018, average revenue per prepaid RGU (prepaid ARPU) increased by 3.0%, to PLN 20.4 from PLN 19.8 in the corresponding period of 2017. In the third quarter of 2018, average revenue per prepaid RGU (prepaid ARPU) amounted to PLN 20.8 as compared to PLN 20.2 in the corresponding period of 2017. The observed stabilization of ARPU in the prepaid services segment is in line with our expectations.

4.1.2. Broadcasting and television production segment

We consider audience share by channel, advertising market share and technical reach when analyzing and evaluating our television broadcasting and production activities. The following tables set forth these key performance indicators for the relevant periods.

Audience shares

	3 months ended September 30		change [pp]	9 months ended September 30		change [pp]

- 1) Nielsen Audience Measurement, All day ages 16-49 audience share, including Live+2 (viewership results include 2 additional days of time-shifted viewing).
- 2) When calculating the total audience share of Polsat Group and audience share of thematic channels, we take into account the moment of including the channel in our portfolio.
- 3) Channel broadcasting in DTT since January 2, 2017, replaced Polsat Sport News.
- 4) Until May 26, 2017, channel broadcast under the name "MUZO.TV".
- 5) Channel broadcast since February 10, 2017, data for the broadcasting period.
- 6) Channel available only in cable and satellite networks since January 2, 2017 under the name "Polsat Sport News HD".
- 7) Channel not included in the telemetric panel.
- 8) Channel launched in October 2018.
- 9) Channels included in Polsat Group's portfolio on December 4, 2017, data for the entire analyzed period.
- 10) Channels included in Polsat Group's portfolio in June 2018.
- 11) Our estimates based on preliminary Starcom data.

The audience share in the commercial group (all viewers aged 16-49, including Live+2, i.e. 2 additional days of time-shifted viewing) for the entire Polsat Group in the third quarter of 2018 amounted to 25.05% and increased by 0.6 p.p. on a year-on-year basis. The increase was associated with the acquisitions of the new stations and a steadily growing audience shares of our thematic channels.

The audience share in the commercial group (all viewers aged 16-49, including Live+2, i.e. 2 additional days of time-shifted viewing) for the entire Polsat Group in three quarters of 2018 amounted to 24.35% and decreased slightly above 0.1 p.p. on a year-on-year basis.

Our thematic channels recorded a year-on-year increase in both the third quarter of 2018 (by 1.3 p.p. to the level of 13.7%) and in three quarters of 2018 (by 0.9 p.p. to the level of 12.9%). Comparing the first nine months of 2018 with the corresponding period of 2017, it can be seen that the channels acquired in December 2017 - Eska TV, Eska TV Extra, Eska Rock TV, Polo TV and Vox Music TV – as well as the stations added in June 2018 – i.e., the channels from the Eleven Sports group and Superstacja – strongly support the viewership results of our thematic channels. Besides, it is worth mentioning the consistently growing audience share of Super Polsat channel which was launched in January 2017.

Both in the third quarter and three quarters of 2018, viewers in the commercial group were attracted by the fixed slots on our main channel's schedule. Premier episodes of the TV series *First Love* turned out to be very popular, gaining an audience share of 18.8% in the third quarter and 18.1% in nine months of 2018. Monday's film slot *Mega Hit* had an audience share of 14.8% in the third quarter and 15.0% in three quarters of 2018.

The news program broadcast daily at 6.50 p.m., *The News*, maintained high viewership figures with an audience share of 17.8% in the third quarter and 17.0% in three quarters of 2018. The morning block of news and information programs, *New day with Polsat News*, broadcast daily from Monday to Friday, is worth mentioning. This block had an audience share of 18.8% in the third quarter and 18.5% in three quarters of 2018.

The results of the third quarter and nine months of 2018 were significantly influenced by programs from the season programming. A large audience was gathered by the show *Your Face Sounds Familiar*. The Saturday slots dedicated to this show had an audience share of 13.8% in the third quarter and 14.0% in three quarters of 2018. Another position in our scheduling, the show *Our New House*, gathered on average 16.0% of viewers in the third quarter and 13.7% in nine months of 2018. The resumed in spring show *Dancing with the Stars* was watched by 14.0% of audience and the show *World of Dance Polska*, aired in autumn in the same programming time, gained 9.9% of viewers. *Live Cabaret* entertainment series, broadcast on Sunday evenings, had an audience share of 13.4% in the third quarter and 14.8% in nine months of 2018. The reality show *Marry me*, aired in spring, gained an audience share of 10.9% while the show *All Together Now*, presented in the same time in autumn, was watched by 11.4% of audience.

Moreover, it is worth noticing the results of broadcast series. The series *World According to the Kiepski Family* was popular with an audience share of 11.4% in the third quarter and 11.5% in three quarters of 2018. The spring season of the series *Girlfriends* gained 15.0% of audience share in the third quarter and 14.4% in nine months of 2018. Another popular series was *In the Heart's Rhythm* with a 10.1% share in the third quarter and a 11.3% share in three quarters of 2018.

Cabaret and entertainment shows were highly popular in the third quarter of 2018. The *Świętokrzyska Cabaret Gala* of August 25, 2018 had a 24.0% audience share and the concert *Festival of Wedding Hits* of August 18, 2018 gained a share of 22.6%. In nine months of 2018 it is particularly worth noticing the audience shares of *Polsat Superhit Festiwal 2018* broadcast on May 27, 2018 which attracted 28.9% of viewers and *The Cabaret Night at Opole – 800 years of Opole* aired on January 7, 2018 with a 20.5% share of audience. Other programs worth mentioning include *Kabaret Skeczów Męczących Radio Muzyka Żarty* of April 1, 2018 which gained a 19.7% share of audience, *XII Płocka Noc Kabaretowa* of May 6, 2018, with an audience share at the level of 19.6%, the cabaret *Paranienormalni Cabaret - The Joke is Over* of February 18, 2018 which gained a 18.2% share and the *Świętokrzyska Cabaret Gala* of January 21, 2018 with a 17.3% share.

Advertising and sponsoring market share

According to preliminary estimates of Starcom media house, expenditures on TV advertising and sponsoring in nine months of 2018 amounted to PLN 3 billion, increasing year-on-year by 7.9%. Based on these data, we estimate that in three quarters of 2018 our TV advertising market share amounted to 27.0% and remained on a similar level as compared to 27.1% for the corresponding period of 2017. In the third quarter of 2018, expenditures on TV advertising and sponsoring amounted to PLN 0.9 billion, which constitutes an increase of 6.0% year-on-year. Our TV ad market share decreased by 0.5 percentage points to 27.6% in the third quarter of 2018 from 28.1% in the corresponding period of 2017, mainly resulting from The FIFA World Cup 2018 Russia tournaments aired on open stations of TVP, the public service broadcaster, in June and July 2018.

If we compare the current portfolio of Polsat Group's channels, we generated 3.3% more GRPs in three quarters of 2018 compared to the corresponding period of 2017.

- 1) Nielsen Audience Measurement, percentage of TV households able to receive a given channel; arithmetical average of monthly technical reach.
- 2) Channel included in Polsat Group's portfolio from December 4, 2017.
- 3) Channel broadcasting in DTT since January 2, 2017, replaced Polsat Sport News.
- 4) Channel broadcast since May 26, 2017, replaced MUZO.TV.
- 5) Channel available only in cable and satellite networks since January 2, 2017 under the name "Polsat Sport News HD".
- 6) Channel broadcast since February 10, 2017, data for the broadcasting period.
- 7) Channel broadcast outside of Poland, not included in the telemetric survey.
- 8) Channel not included in the telemetric survey.
- 9) Channel included into Polsat Group's portfolio in October 2018.

Thematic channels of Polsat Group are currently available on all significant cable and satellite platforms. The largest increase in technical reach was observed in case of Vox Music TV and Eska TV Extra (through adding them to the program offerings of further TV operators following their inclusion to the Group's portfolio). Besides, when comparing data for the analyzed periods of 2018 with the corresponding periods of 2017 it is worth noticing the increases in reach of other stations, such as Polsat Music HD, Polsat Sport Fight, Polsat Sport News HD, Polsat Doku as well as Polsat Romans. These represent the latest channels in our portfolio which can be accessed by the growing shares of the Polish audience.

4.2. Key positions in the consolidated income statement

Revenue

Revenue is derived from retail revenue, wholesale revenue, sale of equipment and other revenue sources.

Retail revenue

Retail revenue consists primarily of:

- (i) monthly subscription fees paid by our pay digital television contract customers for programming packages;
- (ii) subscription fees paid by our contract customers for telecommunication services;
- (iii) fees for telecommunication services provided to our contract customers, which are not included in the subscription fee;
- (iv) payments for telecommunication services paid by our prepaid and mix customers;
- (v) fees for the lease of set-top boxes;
- (vi) activation fees;
- (vii) penalties; and
- (viii) fees for additional services.

The total revenue from pay digital television and telecommunication subscription fees depends on the number of customers and the number of services provided to them, as well as on the amount of monthly subscription fees paid for our programming and telecommunication packages and the amount of additional services provided to our customers in the given period. Revenues from prepaid mobile telephone services are recognized in profit or loss once the prepaid credit is utilized or forfeited. Activation fees are collected at the moment of activation and amortized over the life of the contract.

Wholesale revenue

Our wholesale revenue comprises:

- (i) advertising and sponsorship revenue;
- (ii) revenue from cable and satellite operator fees;
- (iii) revenue from the lease of infrastructure;
- (iv) interconnect revenue;
- (v) revenue from roaming;
- (vi) revenue from the sale of broadcasting and signal transmission services;
- (vii) revenue from the sale of licenses, sublicenses and property rights; and
- (viii) revenue from Premium rate services.

Sale of equipment

Sale of equipment consists mostly of revenue from sales of smartphones, set-top boxes, STB hard disk drives, antennas, Internet modems, tablets, laptops, routers, mobile handsets, accessories and other equipment.

Other revenue

Other revenue sources consist primarily of revenue from the lease of premises and facilities, revenue from interest on installment plan purchases, revenue from the sale of electric energy and other sales revenue.

Operating costs

Operating costs consist of:

- (i) content costs;
- (ii) distribution, marketing, customer relation management and retention costs;

- (iii) depreciation, amortization, impairment and liquidation;
- (iv) technical costs and cost of settlements with mobile network operators;
- (v) salaries and employee-related costs;
- (vi) cost of equipment sold;
- (vii) cost of debt collection services and bad debt allowance and receivables written off; and
- (viii) other costs.

Content costs

Content costs consist of:

- (i) programming license costs;
- (ii) amortization of purchased film licenses;
- (iii) costs of internal and external production and amortization of sport rights; and
- (iv) other content costs.

Programming license costs include monthly license fees due to television broadcasters and distributors, license fees for materials broadcast on VOD and royalties due to collective copyright management organizations and the Polish Film Institute.

Amortization of purchased film licenses includes amortization of rights to TV programming content produced by third parties and licensed to us. Amortization is based on the estimated number of showings and the type of programming content.

Costs of internal and external production and amortization of sport rights include production costs for TV programs specifically produced by or for us, either under licenses from third parties or under our own licenses, as well as film production. These costs also include amortization of sport broadcasting rights. Amortization of TV production is based on the estimated number of showings and type of programming content. Amortization of sport broadcasting rights is recognized in 100% on the first broadcast or on a straight-line basis over the seasons or competitions.

Distribution, marketing, customer relation management and retention cost

Distribution costs consist of:

- (i) commissions due to authorized retail points of sale as remuneration for concluded agreements with our customers for pay television and telecommunication services;
- (ii) costs of courier services, distribution of reception equipment, storage costs and costs associated with services of our regional agents;
- (iii) costs of warranty service; and
- (iv) costs of maintenance of points of sales.

Marketing expenses consist of expenses on TV and radio commercials, press, online and outdoor advertising, promotional activities and materials, as well as other expenses incurred to increase sales and brand recognition.

Customer relation management and retention costs consist of mailing costs, call center costs and other customer relation management costs.

Depreciation, amortization, impairment and liquidation

Depreciation, amortization, impairment and liquidation costs primarily consist of:

- (i) depreciation of network systems components and telecommunication network equipment (access and core network equipment, network management systems and software, fiber optic cables, etc.);
- (ii) amortization of costs of telecommunications concessions;
- (iii) depreciation of set-top boxes and other equipment leased to our customers;
- (iv) depreciation of plant and equipment, TV and broadcasting equipment;

- (v) amortization of intangible assets, including customer relationships, trademarks and IT programs;
- (vi) non-current assets impairment allowance; and
- (vii) net value of disposed property, plant and equipment as well as intangible assets, no longer suitable for use.

Technical costs and cost of settlements with telecommunication operators

Technical costs and cost of settlements with telecommunication operators comprise:

- (i) telecommunications and IT infrastructure lease costs;
- (ii) electric energy costs connected with the functioning of our telecommunications network;
- (iii) telecommunication network maintenance costs and fees;
- (iv) IT systems maintenance costs;
- (v) payments for the lease of satellite transponder capacity;
- (vi) payments for the use of conditional access system based on the number of access cards;
- (vii) TV broadcasting costs (digital terrestrial transmission and DVB-T);
- (viii) interconnection and roaming charges; and
- (ix) other costs.

Salaries and employee-related costs

Salaries and employee-related expenses consist of salaries paid to employees under employment contracts (excluding salaries and social security contributions of factory employees, which are included in the costs of manufacturing of reception equipment, salaries and social security contributions relating to employees directly involved in the production of TV programs, which are presented as part of the costs of internal TV production and salaries and social security contributions relating to employees directly involved in the production of IT software, which are capitalized on intangible assets) or project-specific contracts, managerial contracts, remuneration of our Supervisory Board members, social security costs and other employee benefits.

Cost of equipment sold

Cost of equipment sold relates mostly to mobile handsets, smartphones, set-top boxes, STB hard disk drives, antennas, Internet modems, routers, tablets, laptops, accessories and other equipment that we sell to our customers.

Cost of debt collection services and bad debt allowance and receivables written off

In this group of costs we present:

- (i) bad debt recovery fees;
- (ii) bad debt allowance and the cost of receivables written off; and
- (iii) gains and losses from the sales of debts.

Other costs

Key items of other costs include:

- (i) the cost of SMART and SIM cards provided to customers;
- (ii) the cost of licenses and other current assets sold;
- (iii) legal, advisory and consulting costs;
- (iv) property maintenance costs;
- (v) taxes and other charges;
- (vi) technical and production costs, such as costs of costumes, set design, staging services, other cost which cannot be directly attributable to production and
- (vii) other costs.

Other operating income/costs, net

Other operating income/costs consist of:

- (i) inventory impairment write-downs/reversals; and
- (ii) other operating revenue/costs, not derived in the ordinary course of business.

Gains and losses on investment activities, net

Gains and losses on investment activities include interest income on funds invested, interest expenses (other than interest expenses on borrowings), dividends income, results on the disposal of available-for-sale financial instruments, fair value gains/losses on financial instruments (other than interest rate derivatives) at fair value through profit or loss, net foreign currency gains/losses, and results on forward exchange contracts and call options, impairment losses recognized on financial assets, unwinding of the discount on provisions.

Finance costs

Finance costs comprise interest on borrowings (including bank loans and bonds), foreign exchange gains/losses on bonds, realization and valuation costs of hedging instruments and instruments not under hedge accounting related to finance activities, bank and other charges on borrowings and guarantee fees resulting from indebtedness. Borrowing costs are recognized in profit or loss using the effective interest method.

4.3. Review of the Group's financial situation

The following review of results for the three- and nine-month periods ended September 30, 2018 was prepared based on the interim condensed consolidated financial statements for the nine-month period ended September 30, 2018, prepared in accordance with International Financial Reporting Standards as approved for use by the European Union and based on internal analysis.

All financial data presented in this chapter below are expressed in millions of PLN.

Starting from January 1, 2018, the Group is obligated to apply IFRS 9 *Financial Instruments* and IFRS 15 *Revenue from Contracts with Customers*. The Group has decided to apply IFRS 15 retrospectively without restating the comparative figures for 2017. In order to ensure full comparability of the data for the three- and nine-month periods ended September 30, 2017 and September 30, 2018, financial figures in the income statement for the three- and nine-month periods ended September 30, 2018 have been presented in two ways:

- in accordance with IAS 18 binding until December 31, 2017 and excluding financial results of Netia Group over which the Company took control effective May 22, 2018, and
- and in accordance with IFRS 9 and IFRS 15 applicable from January 1, 2018 and including the financial results of Netia Group for the consolidated period.

In the Management Board's opinion, when analyzing operational and financial results of the Group year-on-year, above all the comparability of applied accounting standards should be maintained. In particular, comparing the financial results for 2018, presented in accordance with IFRS 9 and IFRS 15, with the financial results for 2017, presented in accordance with the accounting standard binding before January 1, 2018 (IAS 18), would lead, in the Management Board's opinion, to drawing the wrong conclusions concerning the Group's financial results.

It should be noted that the financial data for the three- and nine-month periods ending September 30, 2018 and September 30, 2017 are not fully comparable due to the disposal of LTE Holdings Limited on June 19, 2017, the acquisition of 51% of shares in Plus Flota Sp. z o.o. (formerly Paszport Korzyści Sp. z o.o.) on September 7, 2017, the acquisition of 100% of shares in Eska TV S.A. and Lemon Records Sp. z o.o. on December 4, 2017, the acquisition of 34.02% and later 15.46% of shares in TV Spektrum Sp. z o.o. on December 4, 2017 and February 2, 2018, respectively, the acquisition of 31.76% of shares of Netia S.A. on December 5, 2017 and additional 10.33% shares of Netia S.A. on May 22, 2018 and 5.16% shares of Netia S.A. on July 3, 2018, the disposal of shares in New Media Ventures Sp. z o.o. on December 8, 2017, the acquisition of 100% of shares in Coltex ST Sp. z o.o. on March 1, 2018, the acquisition of 50% plus one share in Eleven Sports Network Sp. z o.o. on May 25, 2018, the acquisition of 45.1% shares in TVO Sp. z o.o. on May 29, 2018, the acquisition of 100% shares in Superstacja Sp. z o.o. on June 4, 2018 and the acquisition of 100% shares in Netshare Media Group Sp. z o.o. on June 25, 2018. Furthermore, the comparability of figures presented below is affected by the retrospective implementation from January 1, 2018 of IFRS 9 and IFRS 15 without the restatement of the comparative figures.

Due to the fact that the results of the above mentioned companies, excluding Netia S.A., do not have a material impact on the results of the Group, we do not eliminate them when analyzing the Group's financial situation.

4.3.1. Income statement analysis

Review of financial results for the third quarter of 2018 and 2017

[mPLN]	Results acc. to IFRS 15 incl. Netia Group		Results acc. IAS 18 binding until December 31, 2017 excl. Netia Group

Revenue

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, our total revenue increased by PLN 44.5 million, or 1.9%, to PLN 2,435.4 million in the third quarter of 2018 from PLN 2,390.9 million in the third quarter of 2017. The increase in revenue was triggered by factors described below.

In accordance with IFRS 15 and including Netia Group's results, our total revenue amounted to PLN 2,735.0 million in the third quarter of 2018.

[mPLN]	Results acc. to IFRS 15 incl. Netia Group		Results acc. IAS 18 binding until December 31, 2017 excl. Netia Group			
	for the 3 month period ended September 30, 2018		for the 3 month period ended September 30		change	
			2018	2017	[mPLN]	[%]
Retail revenue	1,630.5		1,481.7	1,494.0	(12.3)	(0.8%)
Wholesale revenue	741.6		677.7	588.4	89.3	15.2%
Sale of equipment	328.6		237.6	264.5	(26.9)	(10.2%)
Other revenue	34.3		38.4	44.0	(5.6)	(12.7%)
Revenue	2,735.0		2,435.4	2,390.9	44.5	1.9%

Retail revenue

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, retail revenue remained stable, decreasing by PLN 12.3 million, or 0.8%, to PLN 1,481.7 million in the third quarter of 2018, from PLN 1,494.0 million in the third quarter of 2017, primarily due to lower revenue from voice services which was compensated by higher revenue from pay TV and data transmission services.

In accordance with IFRS 15 and including Netia Group's results, retail revenue amounted to PLN 1,630.5 million in the third quarter of 2018.

Wholesale revenue

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, wholesale revenue increased by PLN 89.3 million, or 15.2%, to PLN 677.7 million in the third quarter of 2018 from PLN 588.4 million in the third quarter of 2017. The increase of wholesale revenue was triggered primarily by the inclusion of new TV channels to our wholesale offering, in particular the Eleven Sports Network and Polsat Sport Premium packages, which resulted in higher revenue from cable and satellite operators. Furthermore, we recorded higher revenue from interconnection services due the increasing volume of traffic exchanged with other networks, as well as higher advertising revenue and higher revenue from the sale of programming sublicenses.

In accordance with IFRS 15 and including Netia Group's results, wholesale revenue amounted to PLN 741.6 million in the third quarter of 2018.

Sale of equipment

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, revenue from the sale of equipment decreased by PLN 26.9 million, or 10.2%, to PLN 237.6 million in the third quarter of 2018 from PLN 264.5 million in the third quarter of 2017, which was primarily due to a lower volume of sales of end-user devices, which was also reflected in the lower cost of equipment sold.

In accordance with IFRS 15 and including Netia Group's results, revenue from the sale of equipment amounted to PLN 328.6 million in the third quarter of 2018.

Other revenue

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, other revenue decreased by PLN 5.6 million, or 12.7%, to PLN 38.4 million in the third quarter of 2018 from PLN 44.0 million in the third quarter of 2017. This decrease was mainly due to lower margin on sale of electricity, which was partially compensated by higher revenue from interest on installment plan sales of equipment to residential customers.

In accordance with IFRS 15 and including Netia Group's results, other revenue amounted to PLN 34.3 million in the third quarter of 2018.

Operating costs

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, our total operating costs increased by PLN 68.3 million, or 3.5%, to PLN 2,044.0 million in the third quarter of 2018 from PLN 1,975.7 million in the third quarter of 2017. Operating costs increased for the reasons set forth below.

In accordance with IFRS 15 and including Netia Group's results, total operating costs amounted to PLN 2,345.8 million in the third quarter of 2018.

[mPLN]	Results acc. to	Results acc. IAS 18 binding until December 31, 2017			
	IFRS 15 incl. Netia Group	excl. Netia Group		change	
	for the 3 month period ended September 30, 2018	for the 3 month period ended September 30		[mPLN]	[%]
		2018	2017		
Technical costs and cost of settlements with telecommunication operators	674.8	550.3	528.5	21.8	4.1%
Depreciation, amortization, impairment and liquidation	523.5	452.5	429.2	23.3	5.4%
Cost of equipment sold	281.1	277.3	323.3	(46.0)	(14.2%)
Content costs	338.9	323.5	269.7	53.8	19.9%
Distribution, marketing, customer relation management and retention costs	236.5	217.1	224.0	(6.9)	(3.1%)
Salaries and employee-related costs	187.1	137.0	127.4	9.6	7.5%
Cost of debt collection services and bad debt allowance and receivables written off	34.8	32.9	21.3	11.6	54.5%
Other costs	69.1	53.4	52.3	1.1	2.1%
Operating costs	2,345.8	2,044.0	1,975.7	68.3	3.5%

Technical costs and cost of settlements with telecommunication operators

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, technical costs and cost of settlements with telecommunication operators increased by PLN 21.8 million, or 4.1%, to PLN 550.3 million in the third quarter of 2018 from PLN 528.5 million in the third quarter of 2017. This increase resulted mainly from higher interconnection costs due to a higher volume of calls terminated by our customers in networks of other operators as well as higher costs of telecommunications network maintenance.

In accordance with IFRS 15 and including Netia Group's results, technical costs and cost of settlements with telecommunication operators amounted to PLN 674.8 million in the third quarter of 2018.

Depreciation, amortization, impairment and liquidation

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, depreciation, amortization, impairment and liquidation costs increased by PLN 23.3 million, or 5.4%, to PLN 452.5 million in the third quarter of 2018 from PLN 429.2 million in the third quarter of 2017, among others due to the shortening of the amortization period of certain tangible assets.

In accordance with IFRS 15 and including Netia Group's results, depreciation, amortization, impairment and liquidation costs amounted to PLN 523.5 million in the third quarter of 2018.

Cost of equipment sold

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, the cost of equipment sold decreased by PLN 46.0 million, or 14.2%, to PLN 277.3 million in the third quarter of 2018 from PLN 323.3 million in the third quarter of 2017, as a consequence of a lower volume of sales of end-user devices.

In accordance with IFRS 15 and including Netia Group's results, the cost of equipment sold amounted to PLN 281.1 million in the third quarter of 2018.

Content costs

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, content costs increased by PLN 53.8 million, or 19.9%, to PLN 323.5 million in the third quarter of 2018 from PLN 269.7 million in the third quarter of 2017. This increase was mostly the result of higher cost of internal and external production and amortization of sports rights due to, among others, the consolidation of the Eleven Sports Networks channels and the launch of the Polsat Sport Premium channels.

In accordance with IFRS 15 and including Netia Group's results, content costs amounted to PLN 338.9 million in the third quarter of 2018.

Distribution, marketing, customer relation management and retention costs

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, distribution, marketing, customer relation management and retention costs decreased by PLN 6.9 million, or 3.1%, to PLN 217.1 million in the third quarter of 2018 as compared to PLN 224.0 million in the third quarter of 2017. This decrease was mainly due to lower distribution and logistics costs, which off-set the increase of marketing costs between the quarters.

In accordance with IFRS 15 and including Netia Group's results, distribution, marketing, customer relation management and retention costs amounted to PLN 236.5 million in the third quarter of 2018.

Salaries and employee-related costs

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, salaries and employee-related costs increased by PLN 9.6 million, or 7.5%, to PLN 137.0 million in the third quarter of 2018 from PLN 127.4 million in the third quarter of 2017, due to, among others, concluded acquisitions and the related increase in Group's headcount as well as an increase in the average salary per employee.

In accordance with IFRS 15 and including Netia Group's results, salaries and employee-related costs amounted to PLN 187.1 million in the third quarter of 2018.

Cost of debt collection services and bad debt allowance and receivables written off

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, cost of debt collection services and bad debt allowance and receivables written off increased by PLN 11.6 million, or 54.5%, to PLN 32.9 million in the third quarter of 2018 from PLN 21.3 million in the third quarter of 2017, mainly resulting from the revaluation adjustment of certain overdue receivables made to reflect the current market conditions.

In accordance with IFRS 15 and including Netia Group's results, cost of debt collection services and bad debt allowance and receivables written off amounted to PLN 34.8 million in the third quarter of 2018.

Other costs

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, other costs amounted to PLN 53.4 million in the third quarter of 2018 and remained nearly stable as compared to PLN 52.3 million in the third quarter of 2017.

In accordance with IFRS 15 and including Netia Group's results, other costs amounted to PLN 69.1 million in the third quarter of 2018.

Other operating income and costs, net

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, other net operating income amounted to PLN 4.6 million in the third quarter of 2018 as compared to other net operating income of PLN 6.7 million in the third quarter of 2017.

In accordance with IFRS 15 and including Netia Group's results, other net operating income amounted to PLN 7.3 million in the third quarter of 2018.

Gains and losses on investment activities, net

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, net gains on investment activities amounted to PLN 12.7 million in the third quarter of 2018, compared to net losses on investment activities of PLN 28.0 million in the third quarter of 2017. The net gains achieved for the third quarter of 2018 were mainly the effect of favorable change on foreign exchange rates related, among others, to the valuation of UMTS license liabilities, caused by an appreciation of the PLN versus the EUR in the third quarter of 2018 versus its depreciation in the comparative period.

In accordance with IFRS 15 and including Netia Group's results, net gains on investment activities amounted to PLN 11.7 million in the third quarter of 2018.

Finance costs, net

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, net finance costs amounted to PLN 100.9 million in the third quarter of 2018 and decreased by PLN 3.9 million, or 3.7%, compared to PLN 104.8 million in the third quarter of 2017. This decrease was caused mainly by lower interest expenses on loans and bonds, resulting from the scheduled repayments of the Combined SFA during 2017, as well as our Group's consistent policy of deleveraging.

In accordance with IFRS 15 and including Netia Group's results, finance costs amounted to PLN 101.6 million in the third quarter of 2018.

Income tax

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, income tax amounted to PLN 77.3 million in the third quarter of 2018 and increased by PLN 23.1 million, or 42.6%, compared to PLN 54.2 million in the third quarter of 2017.

In accordance with IFRS 15 and including Netia Group's results, income tax amounted to PLN 76.0 million in the third quarter of 2018.

Net profit

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, as a result of changes mentioned above net profit decreased by PLN 7.9 million, or 3.4%, to PLN 227.0 million in the third quarter of 2018 from PLN 234.9 million in the third quarter of 2017.

In accordance with IFRS 15 and including Netia Group's results, net profit amounted to PLN 227.1 million in the third quarter of 2018.

EBITDA & EBITDA margin

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, EBITDA amounted to PLN 848.4 million in the third quarter of 2018 and remained stable as compared to PLN 851.1 million in the third quarter of 2017. In the third quarter of 2018, EBITDA margin decreased by 0.8 pp to 34.8%, from 35.6% in the third quarter of 2017.

In accordance with IFRS 15 and including Netia Group's results, EBITDA was PLN 920.0 million and EBITDA margin was 33.6% in the third quarter of 2018.

Employment

The average employment of permanent workers not engaged in production in Polsat Group, excluding workers who did not perform work in the reporting period due to long-term absences, amounted to 6,854 full-time equivalents (FTE) in the third quarter of 2018, i.e., increased by 2,044 FTE or 42.5%, compared to 4,810 FTE in the corresponding period of 2017. This increase was mainly attributable to concluded acquisitions and an inclusion of Netia Group's headcount in particular.

Comparison of financial results for nine-month periods ended September 30 of 2018 and 2017

Revenue

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, our total revenue increased by PLN 23.6 million, or 0.3%, to PLN 7,273.0 million in the nine-month period ended September 30, 2018 as compared to PLN 7,249.4 million in the corresponding period of 2017. The increase in revenue was triggered by factors described below.

In accordance with IFRS 15 and including Netia Group's results, our total revenue amounted to PLN 7,684.1 million in the nine-month period ended September 30, 2018.

[mPLN]	Results acc. to	Results acc. IAS 18 binding until December 31, 2017 excl. Netia Group			
	IFRS 15 incl. Netia Group	for the 9 month period ended		change	
	for the 9 month period ended September 30, 2018	2018	2017	[mPLN]	[%]
Retail revenue	4,464.8	4,435.7	4,570.0	(134.3)	(2.9%)
Wholesale revenue	2,116.0	2,022.1	1,802.8	219.3	12.2%
Sale of equipment	987.8	685.2	756.4	(71.2)	(9.4%)
Other revenue	115.5	130.0	120.2	9.8	8.2%
Revenue	7,684.1	7,273.0	7,249.4	23.6	0.3%

Retail revenue

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, retail revenue decreased by PLN 134.3 million, or 2.9%, to PLN 4,435.7 million in three quarters of 2018, from PLN 4,570.0 million in corresponding period of 2017, primarily due to lower revenue from voice services. The erosion of revenue from voice services resulted, among others, from the full implementation of the *Roam Like at Home* regulation, which imposed the levelling of retail roaming charges with domestic charges from June 2017, and the change in the model of offering equipment to retail customers (payment for equipment, previously included in subscription fees, is currently recognized as revenue from sales of equipment under the installment plan model). The decrease in retail revenue was partially compensated by higher revenue from pay TV and data transmission services.

In accordance with IFRS 15 and including Netia Group's results, retail revenue amounted to PLN 4,464.8 million in the nine-month period ended September 30, 2018.

Wholesale revenue

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, wholesale revenue increased by PLN 219.3 million, or 12.2%, to PLN 2,022.1 million in the nine-month period ended September 30, 2018 from PLN 1,802.8 million in the corresponding period of 2017. The increase of wholesale revenue was triggered primarily by higher revenues from interconnection services and from advertising, as well as by higher revenue from cable and satellite operators and from the sale of programming sublicenses. The increase in interconnection revenue was the result of the increasing volume of traffic exchanged with other networks while higher advertising revenue was mainly due to the inclusion of new TV channels to the Group's portfolio. In turn, higher revenue from cable and satellite operators and from the sale of programming sublicenses were impacted by the inclusion of new TV channels to our wholesale offering, in particular the Eleven Sports Network and Polsat Sport Premium packages.

In accordance with IFRS 15 and including Netia Group's results, wholesale revenue amounted to PLN 2,116.0 million in the nine-month period ended September 30, 2018.

Sale of equipment

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, revenue from the sale of equipment decreased by PLN 71.2 million, or 9.4%, to PLN 685.2 million in three quarters of 2018 from PLN 756.4 million in three quarters of 2017, which was primarily due to a lower volume of sales of end-user devices, which was also reflected in the lower cost of equipment sold.

In accordance with IFRS 15 and including Netia Group's results, revenue from the sale of equipment amounted to PLN 987.8 million in three quarters of 2018.

Other revenue

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, other revenue increased by PLN 9.8 million, or 8.2%, to PLN 130.0 million in the nine-month period ended September 30, 2018 from PLN 120.2 million in the corresponding period of 2017. This increase was mainly due to growing revenue from interest on installment plan sales of equipment to residential customers.

In accordance with IFRS 15 and including Netia Group's results, other revenue amounted to PLN 115.5 million in three quarters of 2018.

Operating costs

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, our total operating costs amounted to PLN 5,933.6 million in the nine-month period ended September 30, 2018 and were at a similar level as compared to PLN 5,876.7 million in the nine-month period ended September 30, 2017. Factors influencing our operating costs are set forth below.

In accordance with IFRS 15 and including Netia Group's results, total operating costs amounted to PLN 6,389.9 million in the nine-month period ended September 30, 2018.

[mPLN]	Results acc. to IFRS 15 incl. Netia Group for the 9 month period ended September 30, 2018	Results acc. IAS 18 binding until December 31, 2017 excl. Netia Group			
		for the 9 month period ended September 30		change	
		2018	2017	[mPLN]	[%]
Technical costs and cost of settlements with telecommunication operators	1,757.8	1,575.9	1,480.2	95.7	6.5%
Depreciation, amortization, impairment and liquidation	1,448.8	1,346.1	1,348.2	(2.1)	(0.2%)

Operating costs	6,389.9	5,933.6	5,876.7	56.9	1.0%

Technical costs and cost of settlements with telecommunication operators

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, technical costs and cost of settlements with telecommunication operators increased by PLN 95.7 million, or 6.5%, to PLN 1,575.9 million in three quarters of 2018 from PLN 1,480.2 million in three quarters of 2017. This increase resulted mainly from higher interconnection costs due to a higher volume of calls terminated by our customers in networks of other operators, as well as higher costs of purchasing traffic in international roaming, related to a significant increase in the volume of traffic generated by Poles travelling abroad (effect of the *Roam Like at Home* regulation).

In accordance with IFRS 15 and including Netia Group's results, technical costs and cost of settlements with telecommunication operators amounted to PLN 1,757.8 million in three quarters of 2018.

Depreciation, amortization, impairment and liquidation

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, depreciation, amortization, impairment and liquidation costs amounted to PLN 1,346.1 million in the nine-month period ended September 30, 2018 and remained on a similar level as compared to PLN 1,348.2 million in the corresponding period of 2017.

In accordance with IFRS 15 and including Netia Group's results, depreciation, amortization, impairment and liquidation costs amounted to PLN 1,448.8 million in the nine-month period ended September 30, 2018.

Cost of equipment sold

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, the cost of equipment sold decreased by PLN 154.7 million, or 16.0%, to PLN 811.0 million in three quarters of 2018 from PLN 965.7 million in three quarters of 2017, as a consequence of a lower volume of sales of end-user devices.

In accordance with IFRS 15 and including Netia Group's results, the cost of equipment sold amounted to PLN 836.1 million in three quarters of 2018.

Content costs

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, content costs increased by PLN 77.3 million, or 9.3%, to PLN 909.7 million in three quarters of 2018 from PLN 832.4 million in three quarters of 2017. This increase was mostly the result of higher cost of internal and external production and amortization of sports rights, which was due to, among others, recording the costs of the newly acquired TV channels, including the consolidation of the Eleven Sports Networks channels and the launch of the Polsat Sport Premium channels.

In accordance with IFRS 15 and including Netia Group's results, content costs amounted to PLN 931.3 million in three quarters of 2018.

Distribution, marketing, customer relation management and retention costs

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, distribution, marketing, customer relation management and retention costs decreased by PLN 13.8 million, or 2.1%, to PLN 637.2 million in three quarters of 2018 as compared to PLN 651.0 million in three quarters of 2017. Higher marketing costs were off-set by lower distribution and logistics costs. Moreover, we have recorded decreases in costs of customer servicing and retention and in storage costs.

In accordance with IFRS 15 and including Netia Group's results, distribution, marketing, customer relation management and retention costs amounted to PLN 665.2 million in three quarters of 2018.

Salaries and employee-related costs

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, salaries and employee-related costs increased by PLN 37.9 million, or 9.7%, to PLN 426.8 million in three quarters of 2018 from PLN 388.9 million in three quarters of 2017, due to, among others, concluded acquisitions and the related increase in Group's headcount, an increase in the average salary per employee (including a bonus provision) as well as increased scope of trainings for employees.

In accordance with IFRS 15 and including Netia Group's results, salaries and employee-related costs amounted to PLN 500.2 million in three quarters of 2018.

Cost of debt collection services and bad debt allowance and receivables written off

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, cost of debt collection services and bad debt allowance and receivables written off increased by PLN 6.1 million, or 10.7%, to PLN 63.0 million in three quarters of 2018 from PLN 56.9 million in three quarters of 2017, mainly resulting from the revaluation adjustment of certain overdue receivables made to reflect the current market conditions.

In accordance with IFRS 15 and including Netia Group's results, cost of debt collection services and bad debt allowance and receivables written off amounted to PLN 64.3 million in three quarters of 2018.

Other costs

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, other costs increased by PLN 10.5 million, or 6.8%, to PLN 163.9 million in three quarters of 2018 from PLN 153.4 million in three quarters of 2017, among others due to the incurred cost of licenses sold, which were related to film productions supported by Cyfrowy Polsat Group as well as higher cost of real property maintenance and the higher cost of taxes and fees resulting from the concluded acquisitions.

In accordance with IFRS 15 and including Netia Group's results, other costs amounted to PLN 186.2 million in three quarters of 2018.

Other operating income and costs, net

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, other net operating income amounted to PLN 9.4 million in three quarters of 2018 as compared to other net operating income of PLN 23.4 million in three quarters of 2017.

In accordance with IFRS 15 and including Netia Group's results, other net operating cost amounted to PLN 13.4 million in three quarters of 2018.

Gains and losses on investment activities, net

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, net losses on investment activities amounted to PLN 25.1 million in three quarters of 2018, compared to net losses on investment activities of PLN 11.9 million in three quarters of 2017. This was mainly, the effect of higher foreign exchange losses related, among others, to the valuation of UMTS license liabilities, caused by a depreciation of the PLN versus the EUR in the nine-month period ended September 30, 2018 versus its appreciation in the corresponding period of 2017. Moreover, interest income was lower as a result of, among others, lower level of cash maintained by the Group.

In accordance with IFRS 15 and including Netia Group's results, net losses on investment activities amounted to PLN 37.6 million in three quarters of 2018.

Finance costs, net

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, net finance costs amounted to PLN 272.3 million in three quarters of 2018 and decreased by PLN 131.3 million, or 32.5%, compared to PLN 403.6 million in three quarters of 2017. This decrease was caused, among others, by lower interest expenses on loans and bonds, resulting from the scheduled repayments of the Combined SFA during 2017, as well as our Group's consistent policy of deleveraging. Furthermore, in April 2017 we executed the early redemption of the Litenite Notes, which was associated with a one-time premium reflected in higher financial costs for the first quarter of 2017. In turn, in March 2018 we renegotiated the terms and conditions of the Combined SFA which resulted, among others, in extending the agreement's term. This resulted in a one-time non-cash reduction of finance costs in the first quarter of 2018 due to extending the amortization period of costs related to acquisition of financing incurred in 2015.

In accordance with IFRS 15 and including Netia Group's results, finance costs amounted to PLN 273.1 million in three quarters of 2018.

Income tax

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, income tax amounted to PLN 257.4 million in three quarters of 2018 and increased by PLN 64.8 million, or 33.6%, compared to PLN 192.6 million in three quarters of 2017.

In accordance with IFRS 15 and including Netia Group's results, finance costs amounted to PLN 247.8 million in three quarters of 2018.

Net profit

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, as a result of changes mentioned above net profit increased by PLN 7.6 million, or 1.0%, to PLN 795.6 million in the nine-month period ended September 30, 2018 from PLN 788.0 million in the corresponding period of 2017.

In accordance with IFRS 15 and including Netia Group's results, net profit amounted to PLN 750.7 million in three quarters of 2018.

EBITDA & EBITDA margin

In accordance with IAS 18 binding until the end of 2017 and excluding Netia Group, EBITDA decreased by PLN 49.4 million, or 1.8%, to PLN 2,694.9 million in the nine-month period ended September 30, 2018 from PLN 2,744.3 million in the corresponding period of 2017. In the first half of 2018 we observed an adverse effect on EBITDA dynamics of the *Roam Like at Home* regulation. In three quarters of 2018, EBITDA margin decreased by 0.8 pp to 37.1%, from 37.9% in three quarters of 2017.

In accordance with IFRS 15 and including Netia Group's results, EBITDA was PLN 2,756.4 million and EBITDA margin was 35.9% in three quarters of 2018.

Employment

The average employment of permanent workers not engaged in production in Polsat Group, excluding workers who did not perform work in the reporting period due to long-term absences, amounted to 5,759 full-time equivalents (FTE) in three quarters of 2018, i.e., increased by 960 FTE or 20.0%, compared to 4,799 FTE in the corresponding period of 2017. This increase was mainly attributable to concluded acquisitions and an inclusion of Netia Group's headcount in particular.

4.3.2. Operating segments

The Group operates in the following two segments:

- services to individual and business customers segment which relates to the provision of services to the general public, including digital television transmission signal, mobile services, the Internet access services, the mobile TV services, the online TV services and production of set-top boxes,
- broadcasting and television production segment.

The Group conducts its operating activities primarily in Poland.

The activities of the Group are grouped into segment with distinguishable scope of operations where services are rendered and merchandise delivered in a specific economic environment. Activities of defined segments are characterized by different risk levels and different investment returns from those of the Group's other segments. The operating segments also represent reportable segments of the Group.

Services to individual and business customers segment include:

- digital pay television services which primarily relate to direct distribution of technologically advanced pay TV services and revenues are generated mainly by pay TV subscription fees;
- mobile telecommunication services (postpaid and mix) which generate revenues mainly from interconnection, settlements with mobile network operators and subscription fees;
- mobile telecommunication prepaid services which generate revenues mainly from interconnection and settlements with mobile network operators;
- fixed telecommunication services, which generate revenues mainly from subscription fees, interconnection and settlements with operators;
- providing access to broadband Internet in mobile and fixed-line technologies which generates revenues mainly from traffic and subscription fees;
- telecommunication wholesale services, including international and domestic roaming as well as telecommunication infrastructure sharing services;
- lease of optical fibers and infrastructure;
- online TV services (IPLA) available on computers, smartphones, tablets, SmartTV, game consoles and other TV equipment which generate revenues mainly from subscription fees and advertising on the Internet;
- premium rate services based on SMS/IVR/MMS/WAP technologies;
- production of set-top boxes;
- sale of telecommunication and TV reception equipment;
- sale of electric energy and other media to retail customers.

The broadcasting and television production segment consists mainly of production, acquisition and broadcasting of information and entertainment programs as well as TV series and feature films broadcasted on television and radio channels in Poland. Revenues generated by the broadcasting and television production segment relate mainly to advertising and sponsorship revenues, as well as revenues from cable and satellite operators.

Management evaluates the operating segments' results based on EBITDA. The EBITDA reflects the Group's ability to generate cash in a stable environment. The Group defines EBITDA as profit from operating activities increased by depreciation, amortization, impairment and liquidation. The EBITDA is not an EU IFRS measure and thus its calculations may differ among the entities

The table below presents a summary of the Group's revenues, expenses, acquisition of property, plant and equipment, reception equipment and other intangible assets as well as assets by operating segment for the 9 months ended September 30, 2018:

9 months ended September 30, 2018 (unaudited) IFRS 15 basis [mPLN]	Services to individual and business customers	Broadcasting and television production	Consolidation adjustments	Total
Revenues from sales to third parties	6,635.9	1,048.2	-	7,684.1
Inter-segment revenues	90.5	89.3	(179.8)	-
Revenues	6,726.4	1,137.5	(179.8)	7,684.1
EBITDA (unaudited)	2,375.9	380.5	-	2,756.4
Depreciation, amortization, impairment and liquidation	1,418.1	30.7	-	1,448.8
Profit from operating activities	957.8	349.8	-	1,307.6
Acquisition of property, plant and equipment, reception equipment and other intangible assets	651.8*	43.4	-	695.2
Balance as at September 30, 2018 (unaudited)				
Assets, including:	25,033.7	5,598.4**	(236.8)	30,395.3
Investments in joint venture	3.8	33.1	-	36.9

* This item also includes the acquisition of reception equipment for operating lease purposes.

** Includes non-current assets located outside of Poland in the amount of PLN 20.4 million.

All material revenues are generated in Poland.

It should be noted that the financial data for the nine-month periods ending September 30, 2018 and September 30, 2017 allocated to the "Services to individual and business customers" segment are not fully comparable due to the disposal of LTE Holdings Limited on June 19, 2017, the acquisition of 51% of shares in Plus Flota Sp. z o.o. (formerly Paszport Korzyści Sp. z o.o.) on September 7, 2017, the acquisition of 31.76% of shares of Netia S.A. on December 5, 2017 and the acquisition of additional 10.33% shares of Netia S.A. on May 22, 2018 and 5.16% shares of Netia S.A. on July 3, 2018, the disposal of shares in New Media Ventures Sp. z o.o. on December 8, 2017, the acquisition of 100% of shares in Coltex ST Sp. z o.o. on March 1, 2018, the acquisition of 45.1% of shares in TVO Sp. z o.o. on May 29, 2018 and the acquisition of 100% of shares in Netshare Media Group Sp. z o.o. on June 25, 2018.

It should be also noted that the financial data for the nine-month periods ending September 30, 2018 and September 30, 2017 allocated to the "Broadcasting and television production" segment are not fully comparable due to the acquisition of 100% of shares in Eska TV S.A. and Lemon Records Sp. z o.o. on December 4, 2017, the acquisition of 34.02% and later 15.46% of shares in TV Spektrum Sp. z o.o. on December 4, 2017 and February 2, 2018, respectively, the acquisition of 50% plus one share in Eleven Sports Network Sp. z o.o. on May 25, 2018 and the acquisition of 100% shares in Superstacja Sp. z o.o. on June 4, 2018.

Furthermore, the comparability of figures presented below is affected by the retrospective implementation from January 1, 2018 of IFRS 9 and IFRS 15 without the restatement of the comparative figures.

The table below presents a summary of the Group's revenues, expenses, acquisition of property, plant and equipment, reception equipment and other intangible assets as well as assets by operating segment for the 9 months ended September 30, 2017:

9 months ended September 30, 2017 (unaudited) IAS 18 basis [mPLN]	Services to individual and business customers	Broadcasting and television production	Consolidation adjustments	Total
Revenues from sales to third parties	6,379.5	869.9	-	7,249.4

<i>includes derivative instruments assets</i>	0.4	5.1	(4.7)	(92.2%)
Cash and cash equivalents	1,151.5	1,161.5	(10.0)	(0.9%)
Restricted cash	11.6	10.5	1.1	10.5%
Total current assets	5,300.0	3,931.5	1,368.5	34.8%
Total assets	30,395.3	27,756.0	2,639.3	9.5%

As at September 30, 2018 and December 31, 2017, our non-current assets amounted to PLN 25,095.3 million and PLN 23,824.5 million, respectively, and accounted for 82.6% and 85.8% of total assets, respectively.

As at September 30, 2018 and December 31, 2017, our current assets amounted to PLN 5,300.0 million and PLN 3,931.5 million, respectively, and accounted for 17.4% and 14.2% of the total assets, respectively.

Change in assets [mPLN]

The value of reception equipment amounted to PLN 275.8 million as at September 30, 2018 and decreased by PLN 49.5 million, or 15.2%, compared to PLN 325.3 million as at December 31, 2017.

The value of other property, plant and equipment increased by PLN 1,570.9 million, or 54.8%, to PLN 4,438.0 million as at September 30, 2018 from PLN 2,867.1 million as at December 31, 2017, mainly due to the recognition of the technical infrastructure and telecommunications network equipment of Netia Group companies.

The value of goodwill increased by PLN 477.6 million, or 4.3%, to PLN 11,519.3 million as at September 30, 2018 from PLN 11,041.7 million as at December 31, 2017 following the concluded acquisitions, in particular due to taking control over Netia S.A. and Eleven Sports Network Sp. z o.o. in May 2018.

The value of customer relationships decreased by PLN 299.6 million, or 11.7%, to PLN 2,257.7 million as at September 30, 2018 compared to PLN 2,557.3 million as at December 31, 2017, among others due to calculated amortization for the nine-month period ended September 30, 2018.

As at September 30, 2018, the value of brands was PLN 2,019.0 million, which constitutes a decrease by PLN 18.1 million, or 0.9%, compared to PLN 2,037.1 million as at December 31, 2017, among others due to recognition of the amortization of the Plus trademark for the nine-month period ended September 30, 2018.

The value of other intangible assets amounted to PLN 3,015.6 million as at September 30, 2018 which constitutes a decrease by PLN 245.9 million, or 7.5%, compared to PLN 3,261.5 million as at December 31, 2017. The main reason behind this decrease is the recognition of amortization of telecommunication licenses for the nine-month period ended September 30, 2018, which was partially offset by the recognition of other intangible assets of the newly acquired companies and Netia Group in particular.

The value of non-current and current programming assets increased by PLN 707.0 million, or 167.6%, to PLN 1,128.8 million as at September 30, 2018, from PLN 421.8 million as at December 31, 2017. This increase was primarily the effect of the recognition of a higher value of sports licenses and rights, resulting from taking the control over Eleven Sports Network Sp. z o.o. in May 2018, and recognizing the value of sports rights to broadcast football matches of the UEFA Champions League and the UEFA Europa League.

Investment property increased by PLN 24.8 million to PLN 29.9 million as at September 30, 2018 compared to PLN 5.1 million as at December 31, 2017 following the recognition of investment property of Netia Group companies.

The value of non-current and current deferred distribution fees increased by PLN 25.6 million, or 8.6%, to PLN 324.9 million as at September 30, 2018 compared to PLN 299.3 million as at December 31, 2017 due to the recognition of distribution fees in Netia Group companies.

The value of other non-current assets amounted to PLN 647.9 million as at September 30, 2018 and decreased by PLN 622.8 million, or 49.0%, compared to PLN 1,270.7 million as at December 31, 2017. Due to taking control over Netia S.A., effective May 22, 2018 we fully consolidated Netia Group's results while as at December 31, 2017 this category included a valuation of our ca.32% minority stake in the company.

The value of deferred tax assets amounted to PLN 213.0 million as at September 30, 2018, which constitutes an increase by PLN 15.8 million, or 8.0%, compared to PLN 197.2 million as at December 31, 2017.

The value of contract assets amounted to PLN 655.2 million as at September 30, 2018. This item was recognized in the first quarter of 2018 as a result of applying IFRS 15 and represents the Group's right to future remuneration for the products and services provided to the customer.

The value of inventories increased by PLN 103.9 million, or 36.6%, to PLN 387.6 million as at September 30, 2018 from PLN 283.7 million as at December 31, 2017, mainly due to the higher level of inventories of end-user equipment and spare parts used in manufacturing our pay TV set-top boxes.

The value of trade and other receivables amounted to PLN 2,197.3 million as at September 30, 2018 and increased by PLN 214.1 million, or 10.8%, from PLN 1,983.2 million as at December 31, 2017, primarily due to the recognition of receivables of Netia Group companies.

The value of income tax receivables amounted to PLN 65.4 million as at September 30, 2018 and increased by PLN 64.1 million, from PLN 1.3 million as at December 31, 2017.

The value of other current assets amounted to PLN 56.8 million as at September 30, 2018, which constitutes an increase by PLN 25.1 million, or 79.2%, compared to PLN 31.7 million as at December 31, 2017, mainly as a result of an increase in the value of prepayments and the recognition of other current assets of Netia Group companies.

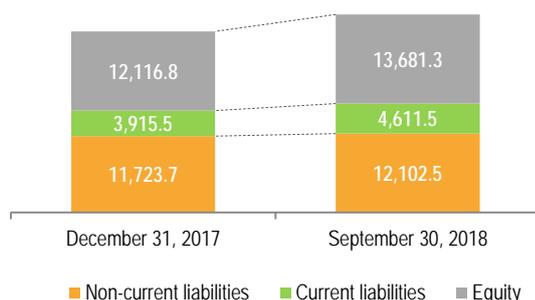

The value of cash and cash equivalents and restricted cash decreased by PLN 8.9 million, or 0.8%, to PLN 1,163.1 million as at September 30, 2018 from PLN 1,172.0 million as at December 31, 2017.

Total equity and liabilities	30,395.3	27,756.0	2,639.3	9.5%

Equity increased by PLN 1,564.5 million, or by 12.9%, to PLN 13,681.3 million as at September 30, 2018 from PLN 12,116.8 million as at December 31, 2017, due to the profit generated in the nine-month period ended September 30, 2018 in the amount of PLN 750.7 million, the acquisition of Netia S.A. and the implementation of IFRS 15 which resulted in the earlier recognition of profit on equipment sold in the past under the subsidized model.

Change in liabilities [mPLN]

As at September 30, 2018 and December 31, 2017 the value of our non-current liabilities amounted to PLN 12,102.5 million and PLN 11,723.7 million, which constituted 72.4% and 75.0% of the Group's total liabilities, respectively.

As at September 30, 2018 and December 31, 2017 the value of our current liabilities amounted to PLN 4,611.5 million and PLN 3,915.5 million, which constituted 27.6% and 25.0% of the Group's total liabilities, respectively.

Loans and borrowings (short- and long-term) decreased by PLN 220.6 million, or 2.1%, to PLN 10,412.7 million as at September 30, 2018 from PLN 10,633.3 million as at

December 31, 2017, which was, among others, the net effect of the partial repayment of the Revolving Facility Loan.

Senior Notes liabilities (short- and long-term) amounted to PLN 1,007.4 million and remained at a similar level compared to PLN 1,018.2 million as at December 31, 2017.

Finance lease liabilities (short- and long-term) decreased by PLN 2.6 million, or 9.2%, to PLN 25.7 million as at September 30, 2018 from PLN 28.3 million as at December 31, 2017.

UMTS license liabilities (short- and long-term) decreased by PLN 95.1 million, or 17.1%, to PLN 460.2 million as at September 30, 2018 from PLN 555.3 million as at December 31, 2017, due to the subsequent payment for the UMTS license executed in September 2018.

Deferred income tax liabilities increased by PLN 126.4 million, or 14.4%, to PLN 1,006.2 million as at September 30, 2018 from PLN 879.8 million as at December 31, 2017. This item was adjusted in connection with the implementation of IFRS 15 from January 1, 2018.

Non-current and current deferred income amounted to PLN 65.0 million as at September 30, 2018, and decreased by PLN 556.5 million, or 89.5%, from PLN 621.5 million as at December 31, 2017. This item was adjusted in connection with the implementation of IFRS 15 from January 1, 2018 and, moreover, it included an effect of consolidating the Netia Group companies.

The value of other non-current liabilities and provisions amounted to PLN 728.3 million as at September 30, 2018 and increased by PLN 614.1 million, or 537.7%, from PLN 114.2 million as at December 31, 2017 following the recognition of liabilities related to the purchase of programming licenses from UEFA as well as the consolidation of non-current liabilities from purchases of programming assets of Eleven Sports Network Sp. z o.o. and the recognition of a liability on a put option constituting part of the agreement to acquire a controlling stake in this company.

The value of contract liabilities amounted to PLN 643.5 million as at September 30, 2018. This item was recognized in the first quarter of 2018 as a result of applying IFRS 15 and refers mainly to the unused funds within the prepaid system, recognized previously as deferred income.

The value of trade and other payables amounted to PLN 2,302.7 million as at September 30, 2018 which constitutes an increase by PLN 575.4 million, or 33.3%, compared to PLN 1,727.3 million as at December 31, 2017. This increase was driven primarily by the recognition of a liability related to an obligation to repurchase shares of Netia S.A. from Karswell, in accordance with the Acquirers' Agreement of December 5, 2017, and by the consolidation of liabilities of the Netia Group companies.

Income tax liabilities amounted to PLN 62.3 million as at September 30, 2018 and remained on a similar level as compared to PLN 61.3 million as at December 31, 2017.

4.3.4. Cash flow analysis

The table below presents selected data from the consolidated cash flow statement for the 9-month periods ended September 30, 2018 and 2017.

[mPLN]	for 9 months ended September 30		change	
	2018 IFRS 15 basis	2017 IAS 18 basis	[mPLN]	[%]
Net profit	750.7	788.0	(37.3)	(4.7%)
Net cash from operating activities	1,976.2	2,087.7	(111.5)	(5.3%)
Net cash used in investing activities	(1,197.3)	(657.2)	(540.1)	(82.2%)
<i>Capital expenditures</i>	<i>(633.4)</i>	<i>(556.2)</i>	<i>(77.2)</i>	<i>(13.9%)</i>
Net cash used in financing activities	(790.1)	(1,676.0)	885.9	52.9%
Net increase/(decrease) in cash and cash equivalents	(11.2)	(245.5)	234.3	95.4%
Cash and cash equivalents at the beginning of the period	1,172.0	1,336.7	(164.7)	(12.3%)
Cash and cash equivalents at the end of the period	1,163.1	1,088.4	74.7	6.9%

Net cash from operating activities

Net cash from operating activities amounted to PLN 1,976.2 million in three quarters of 2018 and decreased by PLN 111.5 million, or 5.3%, compared to net cash from operating activities in the amount of PLN 2,087.7 million the corresponding period of 2017.

A lower stream of cash from operating activities generated in three quarters of 2018 versus the corresponding period of 2017 resulted from the reduction in the level of liabilities, higher expenditures on film and sports licenses, an increase in the level of inventories and a higher amount of income tax paid.

Furthermore, in three quarters of 2018 the Group continued to record a significant scale of engagement of its working capital in the financing of sales of equipment for residential customers in the installment plan model, which was related to the high popularity of this form of sales among our customers.

Net cash used in investing activities

Net cash used in investing activities amounted to PLN 1,197.3 million in three quarters of 2018 which constitutes an increase by PLN 540.1 million, or 82.2%, from PLN 657.2 million in the corresponding period of 2017.

In three quarters of 2018, capital expenditures on the purchase of property, plant and equipment and intangible assets amounted to PLN 633.4 million, which constitutes an increase by PLN 77.2 million, or 13.9%, compared to PLN 556.2 million in the corresponding period of 2017. This increase resulted from the consolidation of capital expenditures of Netia Group effective May 22, 2018. Furthermore, the expenditures included the continued roll-out of our access network, based primarily on the 900 MHz, 1800 MHz and 2600 MHz bands, expansion of the capacity of the telecommunications network based on LTE and LTE-Advanced technologies, expansion of radio links and transmission nodes and expenditures related to the continued project of complex modernization and exchange of the IT environment within the Group. At the same time we also invested in the expansion of areas used for television production, the purchase of broadcast vans, the exchange of equipment used to execute TV recordings and in servers used to develop the IPLA service, the construction of a new logistics center and we also successively exchanged the interior design of our points of sales.

On top of regular capital expenditures, in three quarters of 2018 net cash used in investing activities included other expenditures, related among others to the acquisition of Coltex ST Sp. z o.o., the increase of our stakes in TV Spektrum Sp. z o.o. and Netia S.A., and the acquisitions of shares of Eleven Sports Network Sp. z o.o. and Superstacja Sp. z o.o.

Net cash from/(used in) finance activities

Net cash used in financing activities amounted to PLN 790.1 million in three quarters of 2018, which constitutes a decrease by PLN 885.9 million, or 52.9% compared to PLN 1,676.0 million in the corresponding period of 2017. In three quarters of 2018 we reduced the debt from the Revolving Facility Loan by PLN 200.0 million and repaid the whole inherited indebtedness of Netia S.A. In parallel, we incurred current debt-servicing costs, as well as borne one-time costs associated with the amendment of conditions of the Combined SFA.

4.3.5. Liquidity and capital resources

We maintain cash to fund the day-to-day requirements of our business. Our objective is to ensure cost-efficient access to various financing sources, including bank loans, bonds and other borrowings.

We believe that our cash balances and cash generated from our current operations, as well as means available within our revolving facilities (described below) should be sufficient to fund the future needs related to our operating activities, development of our services, service of our debt as well as for the execution of a majority of investment plans in the field of the Group's activity.

The table below presents a summary of the indebtedness of the Group as at September 30, 2018.

	Balance value as at September 30, 2018 [mPLN]	Coupon / interest	Maturity date
Combined SFA, incl.	10,395.5	WIBOR + marża	2022 ¹
<i>Revolving Facility Loan</i>	800.0	WIBOR + marża	
Series A Notes	1,007.4	WIBOR + 2,5%	2021
Leasing and other	42.9		
Gross debt	11,445.8	-	-
Cash and cash equivalents ²	(1,163.1)	-	-
Net debt	10,282.7	-	-
EBITDA LTM ³	3,629.1	-	-
Total net debt / EBITDA LTM	2.83	-	-
Weighted average interest cost ⁴	3.3%	-	-

1 Accounting for the provisions of the second amendment and restatement deed to the Combined SFA dated March 2, 2018.

2 This position comprises cash and cash equivalents, including restricted cash, as well as short-term deposits.

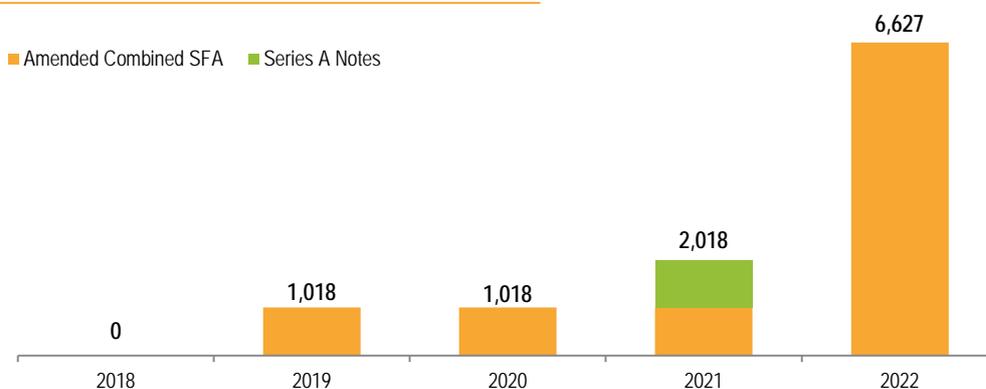

3 In accordance with the requirements of the Combined SFA, EBITDA LTM includes the EBITDA figure for the fourth quarter of 2017 calculated according to IAS 18 (binding until December 31, 2017) and the EBITDA figures for the first, second and third quarters of 2018 calculated according to IFRS 15 (binding from January 1, 2018).

4 Prospective average weighted interest cost of the Combined SFA (including the Revolving Facility Loan) and the Series A Notes, excluding hedging instruments and indebtedness of Netia Group, as at September 30, 2018 assuming WIBOR 1M of 1.64% and WIBOR 6M of 1.79%.

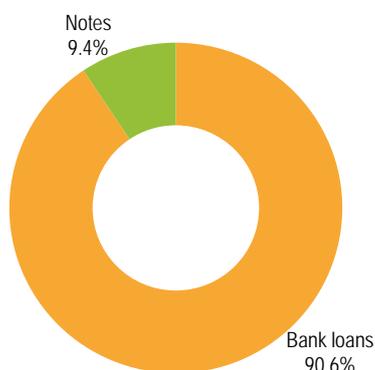

As a result of the conclusion on March 2, 2018 of the second amendment and restatement deed to the Combined SFA, the termination date of the Term Loan and consequently the repayment schedule have changed. The extended repayment schedule resulted, i.a. in the freezing of repayments of capital installments in 2018.

The graphs below present the aging balance of the Group's debt (expressed in nominal values and excluding the indebtedness under the revolving facility loans and leasing) as well as its structure according to instrument type and currency as at September 30, 2018.

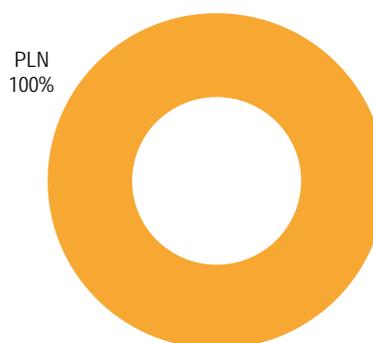

Debt maturing profile as at September 30, 2018 [mPLN]

Debt structure by instrument type as at September 30, 2018

Debt structure by currency as at September 30, 2018

In order to reduce exposure to interest rate risk related to interest payments on the Combined SFA based on a floating rate, we actively apply hedging strategies based on derivative instruments, swaps (IRS) in particular.

Material financing agreements executed by the Group

Below we present information on significant agreements executed by the Company and the Group companies, which remain in force as at the date of publication of this Report.

Combined Senior Facilities Agreement

On September 21, 2015, the Company, as the borrower, along with Telewizja Polsat, Cyfrowy Polsat Trade Marks, Polsat License Ltd. and Polsat Media Biuro Reklamy concluded a Senior Facilities Agreement with a consortium of Polish and foreign financial institutions, led by Powszechna Kasa Oszczędności Bank Polski S.A., Bank Zachodni WBK S.A., ING Bank Śląski S.A., Société Générale (Global Banking Coordinators) with the participation of PZU Fundusz Inwestycyjny Zamknięty Aktywów Niepublicznych BIS 1, PZU Fundusz Inwestycyjny Zamknięty Aktywów Niepublicznych BIS 2, BNP Paribas Fortis SA/NV, Bank Polska Kasa Opieki S.A., The Bank of Tokyo-Mitsubishi UFJ Ltd., Bank of China (Luxembourg) S.A., Credit Agricole Corporate & Investment Bank, Credit Agricole Bank Polska S.A., DNB Bank Polska S.A., DNB Bank ASA, HSBC Bank Polska S.A., HSBC Bank plc, Bank Handlowy w Warszawie S.A., CaixaBank, S.A. (Spółka Akcyjna) Oddział w Polsce, mBank S.A., Bank Millennium S.A., Raiffeisen Bank Polska S.A., Goldman Sachs Bank USA, Erste Group Bank AG, Deutsche Bank Polska S.A., and UniCredit Bank AG, London Branch, acting as the Facility Agent and the Security Agent (the "CP Facilities Agreement").

Moreover, on September 21, 2015, a Senior Facilities Agreement was concluded between Polkomtel as the borrower along with Eileme 2, Eileme 3, Eileme 4, Plus TM Management, TM Rental, Plus TM Group and the consortium of Polish and foreign financial institutions indicated above (the "PLK Facilities Agreement").

Based on the CP Facilities Agreement the Company had been awarded a term facility loan up to PLN 1,200.0 million and a revolving facility loan up to PLN 300.0 million. Based on the PLK Facilities Agreement Polkomtel has been awarded a term facility loan up to PLN 10,300.0 million and a revolving facility loan up to PLN 700.0 million.

The Company utilized the funds obtained under the CP SFA in particular to repay the indebtedness under the Refinanced CP Senior Facilities Agreement of April 11, 2014 between the Company (as the borrower) and a consortium of financial institutions. Polkomtel utilized the funds granted under the PLK Term Facility in particular to fully repay the outstanding debt under the Facilities Agreement of June 17, 2013 concluded between Polkomtel, Eileme 2, Eileme 3 and Eileme 4, and a consortium of Polish and foreign banks and financial institutions (the repayment took place on September 28, 2015), and to fully repay the indebtedness under the PLK Senior Notes (the repayment took place on January 29, 2016). Furthermore, the Group uses the funds obtained under the CP and PLK SFA to finance general corporate needs.

In connection with the redemption on February 1, 2016 of the PLK Senior Notes, amendments, provisioned for in the Amendment, Restatement and Consolidation Deed of September 21, 2015 were incorporated to the CP SFA (for details see current report no. 42/2015 dated September 21, 2015). The amendments consisted, in particular, in increasing the maximum

amount of the term loan to PLN 11,500.0 million and of the revolving facility to PLN 1,000.0 million and the repayment in full of the indebtedness under the PLK SFA. Furthermore, Polkomtel and other subsidiaries of the Company, who were parties to the PLK SFA, have acceded to the CP Senior Facilities Agreement as a borrower and guarantor or guarantor and additional security interests were established as required by the Amendment, Restatement and Consolidation Deed.

Moreover, on March 2, 2018 the Group concluded the Second Amendment, Restatement and Consolidation Deed incorporating further changes in the CP SFA. The modification related, among others, to the extension of the term of repayment of the Term Loan until September 30, 2022, which entailed a modification of the repayment schedule (details described in the item above) and the modification of the ratio of consolidated net debt to consolidated EBITDA, below which the Company will not be obligated to establish or maintain securities in connection with the CP Facilities Agreement (excluding the release of guarantees granted pursuant to the CP Facilities Agreement), by revising it to from 1.75:1 up to 3.00:1.

We will refer to the CP SFA amended by both aforementioned Amendment, Restatement and Consolidation Deeds as the Combined SFA, and the term loan and revolving facility granted under this agreement as the Term Loan and Revolving Facility, respectively.

The Term Facility and the Revolving Facility bear interest at a variable rate equal to WIBOR for the relevant interest period plus margin. The margin on the Term Facility and the Revolving Facility depends on the ratio of net consolidated indebtedness to consolidated EBITDA in such a way that the lower the ratio – the lower the margin, with the maximum margin level applicable when the net consolidated indebtedness to consolidated EBITDA ratio exceeds 3.50:1, and the minimum margin level applicable when that ratio is no higher than 1.50:1, whereby the value of consolidated net debt used in the calculation of this ratio, pursuant to the definition set out in the Combined SFA, does not include debt instruments under which capital is repaid not sooner than 6 months after the term of repayment of the Term Facility and Revolving Facility and interest is not paid in cash on a current basis. Pursuant to the provisions of the amended Combined SFA the final repayment date for the Term Facility and the Revolving Facility is September 30, 2022. Starting from 2019, the Term Facility is to be repaid in quarterly installments of variable value according to an established schedule.

Pursuant to the Combined SFA the Company and its Group companies establish, in specified cases, certain collaterals for the credit facilities granted thereunder. In particular, these collaterals include registered pledges on collections of movables and economic interests of variable composition comprised in the enterprise of the Company and its selected subsidiaries, registered and financial pledges on shares in the Company's subsidiaries, registered and financial pledges on receivables related to bank accounts kept for the Company or its selected subsidiaries, ordinary and registered pledges on selected trademarks, assignments of rights for security, mortgages, notarial submissions to enforcement and similar collaterals on shares or assets of the Company's subsidiaries, to be governed by foreign laws. A detailed description of established securities is presented in item 4.3.6. of this Report – *Operating and financial review of Polsat Group – Review of our financial situation - Information on guarantees granted by the Company or subsidiaries.*

Pursuant to the provisions of the Combined SFA when the net consolidated indebtedness to consolidated EBITDA ratio falls to or below 3.00:1, the Company will have a right to demand that the collaterals for the Combined Senior Facilities Agreement be released (save for guarantees granted on the basis of the Combined SFA). However, such released collateral will need to be re-established if the net consolidated indebtedness to consolidated EBITDA ratio again rises above 3.00:1. Additionally, if certain members of the Company's Group incur secured indebtedness, a pari passu collateral will need to be established in favor of the Security Agent (acting for, among others, the lenders under the Combined Senior Facilities Agreement).

Furthermore, in accordance with the provisions of the Combined SFA the Company and other entities from the Group may incur additional facilities. The terms of such additional facilities will be established individually in separate additional facility accession deeds and their terms will have to satisfy certain criteria, depending on the net consolidated indebtedness to consolidated EBITDA ratio.

Pursuant to the Combined SFA, certain members of the Group are to grant guarantees under the English law to each of the financing parties under the Combined SFA and other finance documents executed in relation thereto. The amount of the guarantees will be equal to the amount of the facility increased by all fees and receivables contemplated in the Combined SFA or other finance documents executed in relation thereto. The guarantees secure:

- (i) the timely discharge of the obligations under the Combined SFA and other finance documents executed in relation thereto;
- (ii) a payment of amounts due under the Combined SFA and other finance documents executed in relation thereto; and

- (iii) an indemnification of the financing parties referred to above against any liabilities, costs and losses that such financing parties may incur in relation to unenforceability, ineffectiveness or unlawfulness of any obligation secured by these guarantees. The period of the guarantees has not been specified. The guarantors will be remunerated at arm's length for granting the guarantees.

The CP SFA, PLK SFA and the Amendment and Restatement Deed of September 21, 2015 provided for typical conditions precedent for the disbursement of the contemplated facilities and certain conditions subsequent for the disbursement of the contemplated facilities, also typical for this kind of transactions.

On July 20, 2018, the Combined CFA was entered into by Netia as an additional borrower and an additional guarantor. Netia's entering into the Combined CFA was based on the resolution of the Management Board of Netia dated June 13, 2018 of which Netia informed in its current report No. 35/2018 dated June 13, 2018.

Furthermore, in the said resolution the Management Board of Netia resolved: (i) to amend the conditions of the previously binding credit facility agreement in the way that the repayment of the indebtedness totaling PLN 200.0 million was made in a single payment on July 26, 2018; and (ii) to terminate the financing agreement signed with European Investment Bank.

Series A Bonds issued by Cyfrowy Polsat

Pursuant to the resolution of the Management Board adopted on July 2, 2015, Cyfrowy Polsat issued on July 21, 2015 1,000,000 unsecured, unsubordinated series A bearer bonds with a nominal value of PLN 1,000.0 each and a total nominal value of PLN 1,000.0 million, maturing on July 21, 2021 (the "Series A Bonds" or the "Bonds"). The Bonds were issued by way of a public offering. Detailed terms and conditions of the Bonds' issuance, redemption and payment of interest are specified in the Bonds Terms.

The interest rate on the Bonds is floating and based on the WIBOR rate for six-month deposits denominated in PLN, increased by a margin whose value depends on the value of the Leverage Ratio (defined in the Bonds Terms as ratio of the net financial indebtedness to EBITDA):

- (i) the margin amounts to 250 bps if the Leverage Ratio in the given period is less than or equal to 3.5:1;
- (ii) the margin amounts to 275 bps if the Leverage Ratio in the given period is greater than 3.5:1 but less than or equal to 4.0:1;
- (iii) the margin amounts to 325 bps if the Leverage Ratio in the given period is greater than 4.0:1.

The coupon is paid biannually on January 21 and July 21.

In accordance with the provisions of the Bonds Terms, the Company may exercise at any time an early redemption of all or part of the Bonds, however, the early redemption may not apply to Bonds that constitute less than 10% of the total nominal value of the Series A Bonds. An early redemption may be exercised based on the Bonds' nominal value together with the accrued interest plus an applicable premium depending on the date of redemption, specified as follows:

- (i) if the early redemption occurs between July 21, 2017 and July 21, 2018, the premium shall be equal to 1% of the nominal value of the Bonds subject to the early redemption;
- (ii) if the early redemption occurs after July 21, 2018, the Bonds shall be redeemed according to their nominal value.

Additionally, pursuant to the Bonds Terms, the Company and its subsidiaries are obliged to maintain required levels of certain financial ratios and are subject to certain restrictions, which have been specified in the Information Note regarding the issue of Series A Bonds of July 22, 2015 (the Information Note is available on our corporate website).

In the event of a breach of restrictions specified in the Bonds Terms, Bondholders are entitled to demand an early redemption of Bonds held by those Bondholders with the consent of the Meeting of Bondholders.

In the event of change of control, as defined in the Bonds Terms, cessation of business activity or insolvency by the Company, i.a. by declaring bankruptcy or liquidation of the Company, Bondholders are entitled to demand an early redemption of Bonds held by those Bondholders.

On August 12, 2015, the Series A Bonds were introduced to trading in the alternative trading system on the Catalyst market managed by WSE.

The Bonds are issued under Polish law and any disputes related to the Bonds shall be resolved in proceedings at the Polish common court having jurisdiction over the registered office of the Company.

Contractual obligations

Contractual commitments to purchase programming assets

As at September 30, 2018 the Group had outstanding contractual commitments in relation to purchases of programming assets. The table below presents a maturity analysis for such commitments:

[mPLN]	September 30, 2018 unaudited	December 31, 2017
within one year	310.0	192.6
between 1 to 5 years	458.0	612.1
more than 5 years	19.3	15.0
Total	787.3	819.7

The table below presents outstanding commitments to purchase programming assets from related parties not included in the consolidated financial statements.

[mPLN]	September 30, 2018 unaudited	December 31, 2017
within one year	0.8	0.2
Total	0.8	0.2

Contractual liabilities related to purchases of non-current assets

Total amount of contractual liabilities resulting from agreements on the production and purchasing of property, plant and equipment was PLN 251.7 million as at September 30, 2018 (PLN 110.4 million as at December 31, 2017). The total amount of contractual liabilities resulting from agreements for the purchases of intangible assets as at September 30, 2018 was PLN 230.5 million (PLN 272.5 million as at December 31, 2017).

Ratings

The table below presents a summary of ratings assigned to Polsat Group as at the date of publication of this Report.

Rating agency	Rating / perspective	Previous rating / perspective	Update
Moody's Investor Service	Ba2 / positive	Ba2 / stable	08.08.2017
S&P Global Ratings	BB+ / stable	BB+ / positive	20.12.2017

On August 8, 2017 Moody's Investors Service ("Moody's") revised the rating outlook for Cyfrowy Polsat Group to positive from stable, concurrently affirming the Ba2 corporate family rating. In its justification Moody's stated that the upward revision of the rating outlook reflects in particular the Group's improved leverage metrics and strong cash flows, thanks to which the Group proactively reduced its indebtedness over the past year. The positive outlook reflects Moody's expectations with respect to further deleveraging and consistent improvement of indebtedness ratios over the next two years and it assumes that the Group will not implement significant changes to its dividend and leverage policies.

On December 20, 2017, S&P affirmed the Group's rating at BB+ revising the outlook to stable from positive. In the rationale behind the decision S&P stated that the outlook revision was primarily influenced by the acquisitions announced by the Company on December 4, 2017, that is the acquisition of a ca. 32% stake in Netia and the intention to increase this stake to no more than 66%, and the acquisition of several television channels from ZPR Media Group. In the opinion of S&P, expenditures related to the above acquisitions will translate into a slower than previously anticipated by S&P pace of deleveraging, as they will be financed partially from own resources and partially from bank loans. The stable outlook reflects S&P's expectation that the net debt to EBITDA ratio will remain at 3.0-3.5x (applying S&P's calculation method) in 2017-2018 and decrease gradually thereafter. Concurrently, S&P assumes that the integration with Netia will be smooth and will generate synergies expected by the Group.

4.3.6. Information on guarantees granted by the Company or subsidiaries

Securities related to the Combined Senior Facilities Agreement

In order to secure the repayment of claims under the Combined Senior Facilities Agreement the following encumbrances over assets of the Group have been established by the Company and other Group companies until the date of publication of this Report:

- (i) registered pledges over variable collections of movable property and rights comprised in the enterprises of the Company, Cyfrowy Polsat Trade Marks Sp. z o.o., Polsat Media Biuro Reklamy Spółka z ograniczoną odpowiedzialnością Sp.k., Telewizja Polsat, Polkomtel, Plus TM Management Sp. z o.o., Aero2, Polkomtel Infrastruktura Sp. z o.o. (formerly PL 2014 Sp. z o.o.) and Plus Flota Sp. z o.o., governed by Polish law;
- (ii) financial and registered pledges on shares in Cyfrowy Polsat Trade Marks Sp. z o.o. (with an aggregate nominal value of PLN 615,445,000), Telewizja Polsat (with an aggregate nominal value of PLN 236,946,700), Polkomtel (with a total nominal value of PLN 2,360,069,800), Plus TM Management Sp. z o.o. (with a total nominal value of PLN 2,106,000) and Aero2 (with a total nominal value of PLN 91,958,700), governed by Polish law, together with powers of attorney to exercise corporate rights attached to the shares in the said companies. the pledged shares represent 100% of the share capital of each company and are held by the Company as a long-term capital investment;
- (iii) financial and registered pledges on shares in Netia S.A. (with a total nominal value of PLN 110,702,441), governed by Polish law, together with powers of attorney to exercise corporate rights attached to the shares in the said company, the pledged shares represent 32.99% of the share capital of the company;
- (iv) financial and registered pledges on shares in TV Spektrum Sp. z o.o. (with a total nominal value of PLN 2,400,000), governed by Polish law, together with powers of attorney to exercise corporate rights attached to the shares in the said company, the pledged shares represent 49.48% of the share capital of the company;
- (v) financial and registered pledges on shares in Polkomtel Infrastruktura Sp. z o.o. (formerly PL 2014 Sp. z o.o.; with a total nominal value of PLN 29,494,600), governed by Polish law, together with powers of attorney to exercise corporate rights attached to the shares in the said company, the pledged shares represent approximately 28.50% of the share capital of the company;
- (vi) financial and registered pledges on receivables under bank account agreements of the Company, Cyfrowy Polsat Trade Marks Sp. z o.o., Polsat Media Biuro Reklamy Spółka z ograniczoną odpowiedzialnością Sp.k., Telewizja Polsat, Polkomtel, Plus TM Management Sp. z o.o., Aero2 and Polkomtel Infrastruktura Sp. z o.o. (formerly PL 2014 Sp. z o.o.), governed by Polish law;
- (vii) powers of attorney to bank accounts of the Company, Cyfrowy Polsat Trade Marks Sp. z o.o., Polsat Media Biuro Reklamy spółka z ograniczoną odpowiedzialnością Sp.k., Telewizja Polsat, Polkomtel, Plus TM Management Sp. z o.o., Dwa Sp. z o.o., Teleaudio Dwa Spółka z ograniczoną odpowiedzialnością Sp. k., Polsat Media Biuro Reklamy Sp. z o.o., Interphone Service Sp. z o.o., Muzo.fm Sp. z o.o., INFO-TV-FM Sp. z o.o., Polkomtel Business Development Sp. z o.o., Nordisk Polska Sp. z o.o., TM Rental Sp. z o.o., Liberty Poland S.A., Aero2, Polkomtel Infrastruktura Sp. z o.o. (formerly PL 2014 Sp. z o.o.) and Plus Flota Sp. z o.o., governed by Polish law;
- (viii) ordinary and registered pledges on protection rights to trademarks vested in Telewizja Polsat and Polsat Brands AG, governed by Polish law;
- (ix) assignment for security of certain property rights in Polsat Media Biuro Reklamy Spółka z ograniczoną odpowiedzialnością Sp.k., governed by Polish law;
- (x) contractual joint mortgage under Polish law on the following real properties owned by the Company: (a) land located in Warsaw, Targówek district, vicinity of ul. Łubinowa, Title and Mortgage Register WA3M/00102149/9, (b) land located in Warsaw, Targówek district, ul. Łubinowa, Title and Mortgage Register WA3M/00136943/2, (c) land located in Warsaw, Targówek district, ul. Łubinowa, Title and Mortgage Register WA3M/00102615/7, (d) land located in Warsaw, Targówek district, ul. Łubinowa, Title and Mortgage Register WA3M/00101039/8, (e) land located in Warsaw, Targówek district, ul. Łubinowa, Title and Mortgage Register WA3M/00132063/1, (f) land located in Warsaw, Targówek district, ul. Łubinowa, Title and Mortgage Register WA3M/00104992/7, (g) land located in Warsaw, Targówek district, vicinity of ul. Łubinowa, Title and Mortgage Register WA3M/00100109/3, (h) land located in Warsaw, Targówek district, ul. Łubinowa, Title and Mortgage Register WA3M/00103400/4, (i) land located in Warsaw, Targówek district, vicinity of ul. Łubinowa, Title and Mortgage Register WA3M/00100110/3, (j) land located in Warsaw, Targówek district, ul. Łubinowa, Title and Mortgage Register WA3M/00131411/9;

- (xi) contractual mortgage governed by Polish law on the land property owned by Polkomtel and located in Warsaw, Ursynów district, in the vicinity of Baletowa street, comprising plots of land no. 131/4 and 132/6, Land and Mortgage Register No. WA5M/00478842/7;
- (xii) assignment for security of receivables under hedge agreements of the Company and Polkomtel, governed by English law;
- (xiii) assignment for security of rights under insurance agreements covering the property referred to in item (i) and item (ix) above;
- (xiv) pledge on shares in Polsat License Ltd. (with an aggregate nominal value of CHF 1,000,000), governed by the Swiss law, the pledged shares represent 100% of the company's share capital and are held by the Company as a long-term capital investment;
- (xv) pledge on shares in Litenite (with the total nominal value of EUR 1,800), governed by Cypriot law;
- (xvi) assignment for security of: (a) receivables due from various debtors, (b) receivables and rights to and in bank accounts. and (c) rights under insurance agreements of Polsat License Ltd., governed by the Swiss law;
- (xvii) assignment for security of rights under a license agreement between Polsat Brands AG and Polsat License Ltd. and rights under bank account agreements, governed by the Swiss law;
- (xviii) pledge on bank accounts taken over by Cyfrowy Polsat following the merger with Metelem, governed by Cypriot law.
- (xix) assignment for security of receivables and rights to and in bank accounts taken over by Cyfrowy Polsat following the merger with Metelem, governed by the Swiss law;
- (xx) pledge on shares in Polsat Brands AG (with the total nominal value of CHF 250,074), governed by the Swiss law;
- (xxi) pledge on receivables under bank account agreements of Litenite governed by Swiss law;
- (xxii) statements of the Company, Cyfrowy Polsat Trade Marks sp. z o.o., Polsat Media Biuro Reklamy Spółka z ograniczoną odpowiedzialnością sp.k., Telewizja Polsat, Polkomtel, Plus TM Management sp. z o.o., Aero2 and Polkomtel Infrastruktura Sp. z o.o. (formerly PL 2014 Sp. z o.o.) on the submission to enforcement on the basis of a notarial deed, governed by Polish law; and
- (xxiii) statements of Litenite and Polsat Brands AG on the submission to enforcement on the basis of a notarial deed executed under the Polish law (concerning all property located in Poland or governed by Polish law).

5. OTHER SIGNIFICANT INFORMATION

5.1. Transactions concluded with related parties on conditions differing from market conditions

Transactions concluded in the nine-month period ended September 30, 2018 by us or our subsidiaries with entities related to Polsat Group have all been concluded on market conditions and are described in Note 18 of the interim condensed consolidated financial statements for the nine-month period ended September 30, 2018.

5.2. Discussion of the difference of the Company's results to published forecasts

Cyfrowy Polsat Group had not published any financial forecasts.

5.3. Material proceedings at the court, arbitration body or public authorities

Management believes that the provisions for litigations as at September 30, 2018 are sufficient to cover potential future outflows and the adverse outcome of the disputes will not have a significant negative impact on the Group's financial situation.

Proceedings before the Office of Competition and Consumer Protection (UOKiK)

On December 27, 2012, the President of UOKiK issued a decision ending investigations related to Polkomtel's (Company's indirect subsidiary) alleged practices which infringed upon the collective interests of consumers by presenting misleading slogans in advertising campaigns. Pursuant to the decision of the President of UOKiK Polkomtel was charged with a penalty in the amount of PLN 4.5 million. The company appealed to SOKiK against the decision. On October 15, 2014, SOKiK issued a decision where the penalty has been reduced to PLN 1.5 million. On February 10, 2016, SOKiK's decision was revoked thus re-establishing the penalty back at PLN 4.5 million. On March 15, 2016, Polkomtel made a payment in the amount of PLN 1.8 million. On March 23, 2018, SOKiK dismissed Polkomtel's appeal by upholding the decision of the President of UOKiK. On July 13, 2018 Polkomtel made a payment in the amount of PLN 2.7 million. The case is finally closed.

On December 23, 2014 the President of UOKiK issued a decision ending investigations related to Polkomtel's (Company's indirect subsidiary) alleged practices which infringed upon the collective interests of consumers by including certain clauses in the terms and conditions of the online shop and including certain clauses in the equipment return policy when telecommunication agreements are terminated by the subscriber. Pursuant to the decision of the President of UOKiK Polkomtel was charged with a penalty in the amount of PLN 8.8 million. The company appealed to SOKiK against the decision. On October 24, 2017 the appeal has been rejected by SOKiK. The company appealed against the SOKiK verdict. On August 30, 2018 Court of Appeals issued a decision where the penalty has been reduced to PLN 1.5 million.

On December 30, 2014 the President of UOKiK issued a decision ending investigations related to Polkomtel's (Company's indirect subsidiary) alleged practices which infringed upon the collective interests of consumers by not providing its telecommunication clients (which entered into a written agreement) with terms and conditions of the preferential sales offer as well as not informing about the termination of the preferential sales offer. Pursuant to the decision of the President of UOKiK Polkomtel was charged with a penalty in the amount of PLN 6.0 million. The company appealed to SOKiK against the decision. On March 5, 2018, SOKiK issued a decision where the penalty has been annulled and dismissed the appeal in remaining scope. Both parties appealed to the Court of Appeals in Warsaw.

Legal dispute in respect to the telecommunication concession

There is a pending legal dispute in respect to the telecommunication license for the 1800 MHz frequency granted in 2007 to Mobyland Sp. z o.o. (currently Aero 2 Sp. z o.o.) and Centernet S.A. (currently Aero 2 Sp. z o.o.). Proceedings to invalidate the 1800 MHz frequency allocation tender have been instigated by T-Mobile and Orange. The Supreme Administrative Court (NSA), in its ruling dated May 8, 2014, sustained the decision of the Court of First Instance and repealed the decision issued by the President of the Office of Electronic Communications (UKE) on September 23, 2011 which partially invalidated the above mentioned tender. Following the decision of the Supreme Administrative Court, UKE informed that "the decisions regarding re-running the tender will be taken by the Office upon careful analysis of the written justification of NSA's rulings and the Court's guidelines regarding further procedure as well as upon analysis of the legal situation". UKE also stated that the "reservation decisions issued by UKE President remained valid while the operators could continue providing their services while using these frequencies." On December 23, 2016, the President of UKE notified the parties that the tender annulment proceedings relating to the 1800 MHz frequency have been adopted. Pursuant to the decision dated August 4, 2017 the President of UKE notified the parties that the tender dated 2007 has been annulled. On October 13, 2017 Aero 2

Sp. z o.o. (legal successor of CenterNet S.A. and Mobyland Sp. z o.o.) filed a motion to reconsider the decision of the President of UKE dated August 4, 2017 concerning the annulment of the tender procedure. On January 31, 2018, the President of UKE upheld its decision dated August 4, 2017. On March 7, 2018 Aero2 filed a complaint with the Provincial Administrative Court in Warsaw. On March 7, 2018 Aero2 filed a complaint with the Provincial Administrative Court in Warsaw, on October 4, 2018 complaint was dismissed. After receiving the justification of the judgment, Aero2 will decide whether to file a cassation appeal to the Supreme Administrative Court.

The decision issued by UKE President does not affect reservation decisions issued following the administrative tender. In accordance with the President of UKE's press release, these reservation decisions remain valid and telecommunication operators may continue to provide their services based on these reservation decisions. In management's opinion this issue should have no negative impact on the results and financial condition of the Group. Accordingly, no valuation adjustment has been made in this Report that could appear necessary as a result of negative outcome for Aero 2 Sp. z o.o. of the above mentioned matters.

Other proceedings

On April 28, 2017, ZASP (Polish Actors Association) filed a lawsuit against Cyfrowy Polsat for payment of PLN 20.3 million. The Company issued an objection in the writ-of-payment proceedings and filed for its dismissal entirety. On January 10, 2018, the Court issued a decision to refer the case to mediation proceedings. Mediation ended without a settlement. Date of hearing was scheduled for November 14, 2018.

In addition to the matters described above, there are also other proceedings, for which provisions have been made according the best estimates of the Management Board Members as to potential future outflows of the economic benefits required for their settlement. Information regarding the amount of provisions was not separately disclosed, as in the opinion of the Group's Management, such disclosure could prejudice the outcome of the pending cases. Other significant proceedings described in the consolidated financial statements for the year ended December 31, 2017 remained unchanged.

5.4. Factors that may impact our results in at least the following quarter

5.4.1. Factors related to social-economic environment

Economic situation in Poland

Macroeconomic trends in the Polish economy and the economic situation on global markets have thus far affected the operations and operating results of Polsat Group, and are expected to continue affecting them in the future. The key factors affecting our operations, in particular the demand for advertising and the spending on our services, as well as demand for end-user devices that we sell, include GDP growth, unemployment rate, changes in salaries in real terms, household consumption, and capital expenditure incurred by enterprises.

Based on data published by the European Commission, a noticeable recovery of economies both of Poland and other EU countries took place in the years 2015-2017. GDP growth for Poland in this period was 3.8%, 2.9% and 4.6%, respectively. Current forecasts, published by domestic and international institutions, regarding growth prospects of the Polish economy assume that the high rate of growth of Poland's GDP, outperforming corresponding indices for the whole European Union nearly twice fold, will be sustained in 2018 and 2019.

We believe that average consumer spending, including spending on pay TV, mobile telephony, video online, broadband access, bundled services and end-user devices generally will grow in line with the overall GDP growth and further growth of the level of wages in Poland, and will support our future revenue growth. We expect that the positive growth dynamics of GDP in the years 2018-2019 will also have a positive impact on the advertising expenditures in Poland.

Situation on the pay TV market in Poland

Our revenue from subscription fees is dependent upon the number of our customers and their loyalty, the pricing of our services and the penetration rate of pay TV in Poland, which we consider saturated.

The market on which we operate is very dynamic and competitive. Strong competition and the dynamically evolving market environment (including consolidation processes on the satellite and cable TV markets) impact promotional offerings addressed to our new customers. In addition, due to high competition, we continuously invest in customer retention programs and loyalty building.

We believe that at present our programming packages offer the best value-for-money on the Polish pay TV market. Moreover, we invest in new, attractive and unique content, as demonstrated, e.g. by the purchase of broadcasting rights to the UEFA Champions League and Europa League for the seasons 2018-2021. This gives us a chance to attract a significant portion of migrating customers to our platform. Moreover, we offer pay TV services as part of our integrated offer, which has a positive impact of the level of loyalty of our customer base and contributes to maintaining a low churn rate.

Dynamic growth of non-linear distribution of content, delivered by video on demand and OTT (over-the-top) services is a global trend. This market is still at an early stage of development in Poland as compared to Western Europe or the United States and in our opinion has significant growth prospects, especially in light of the improving quality of broadband links on the market. The launch of services by global players, such as Netflix, Showmax or Amazon Prime, is proof that Poland is considered an attractive market. We consequently develop our services which consist in providing our customers with content on demand – our VOD rental service, the leading online television in Poland, IPLA, as well as our online service Cyfrowy Polsat GO which allows access to content on mobile devices anytime and anywhere. These products are complementary to our core business in the field of pay TV and allow us to broaden our content distribution channels. We are also working on development of customer equipment for pay TV services, manufactured by us, in order to widen the distribution of our services beyond a traditional model of satellite TV access.

Development of the advertising market in Poland

A significant part of our wholesale revenue comes from the sale of advertising airtime and sponsoring slots on TV channels. Demand for advertising airtime is highly correlated with the macroeconomic situation. In the past, given the increasing GDP of Poland, the TV advertising market was characterized by a regular single-digit (in percentage terms) growth rate and in the first nine months of 2018 it recorded very high growth dynamics of 7.9%. Assuming further positive GDP growth dynamics in the years 2018-2019, we expect continued growth of the Polish advertising market.

In our opinion, television remains an effective advertising medium, and given the relatively low level of advertising expenditures in Poland as a percentage of GDP and per capita in comparison to other European markets, we believe there is still growth potential for TV advertising in Poland in the long term. What is more, the expected high rate of economic growth

in 2018-2019 should have a positive influence on the level of advertising expenditures in Poland. It is worth noticing that despite the growing importance of new media, it is forecasted that television will remain an attractive and popular pastime, primarily thanks to new technical opportunities, which include an increasing number of HD channels and VOD, as well as thanks to a growing number of smart-TVs.

Prospects of the online advertising market are also positive. According to the IAB AdEx report, in 2017 online advertising expenditures increased at a rate of 9.3% YoY and reached the value of PLN 3.96 billion. The growth dynamics of this form of advertising is influenced to a significant extent by expenditures in the video advertising segment, in which we generate part of our revenue. In 2017, those expenditures increased by 34% and represented 13% of the total expenditures on online advertising. We believe that thanks to the leading position on the online video market (through IPLA internet television and the Cyfrowy Polsat GO service) we will benefit from the growth of this promising advertising market segment.

Growing importance of thematic channels

With the high penetration of the Polish market by pay TV, that provides viewers with an increasingly greater selection of thematic channels, as well as a broader offer of channels available via digital terrestrial television (DTT), main general entertainment channels (FTA) are experiencing a gradual decline in audience shares. According to data published by Nielsen Audience Measurement, in 2017 the total share of the four leading channels (POLSAT, TVN, TVP1 and TVP2) in the commercial group (16-49 years old) was 37.9%, while in 2016 it was equal to 40.6%.

Furthermore, according to Starcom media house's data the advertising market share of thematic stations and channels broadcast via terrestrial television multiplexes is consistently growing. In order to maintain total audience share and advertising market share, we focus on developing our thematic channels portfolio and increasing the attractiveness of the content offered to our viewers. From that point of view, the initiation of cooperation and acquisitions in the field of thematic TV channels, made by the Group in 2018, are perfectly in line with the Group's long-term strategy to maintain a strong market presence, measured by viewership results, on an increasingly fragmented market. The channels Eska TV, Eska TV Extra, Eska Rock TV, Polo TV and Vox Music TV, acquired in December 2017, significantly strengthen the music programming in Telewizja Polsat while establishment of cooperation in the scope of developing two other channels available via digital terrestrial television, Nowa TV and Fokus TV, attractively complements our comprehensive program range. All channels mentioned above have a strong market position and solid viewership. In connection with the above transaction we expect to achieve synergies in the areas of sales and costs, originally estimated at ca. PLN 15 million per year. Moreover, in June 2018 we included Superstacja, a news channel, into our thematic channels portfolio.

Next step in strengthening our position was starting in May 2018 the strategic cooperation with Eleven Sports in Poland. By taking control over its Polish company, Eleven Sports Network, we gained access to the premium sports content of the highest quality. This represents yet another strategic investment aimed at consistent creating of the best programming offering for our viewers.

In July 2018 we introduced to our offering the TV package "Polsat Sport Premium", thanks to which for the next three seasons football fans are able to enjoy live coverage of all the UEFA Champions League matches as well as watch the UEFA Europa League games. The package consists of two Super HD channels, i.e. Polsat Sport Premium 1 and Polsat Sport Premium 2, as well as 4 premium PPV services. With a view of these football games in particular, Polsat launched the most advanced and the biggest sports studio in Poland, allowing football fans to receive complete setting for the matches; in the highest visual quality and with an excellent journalist and reporter team of Polsat Sport.

The latest event was launching in October 2018 two thematic channels "Polsat Games" and "Polsat Rodzina" ("Polsat Family"). Polsat Games is addressed to gamers and s-sports as well as to new technologies and animation. The channel broadcasts, among others, live e-sports tournaments, reviews of newest productions and equipment. The station is a 360° project, and its programs will be available everywhere where games fans consume content, also in the Internet. Polsat Rodzina is a family-oriented station. Its offer includes programs providing guidance and advice, educational cartoons for kids as well as programs covering Christian topics.

Growing importance of convergent services

Currently, convergence, meant as a combination of at least two services from different base groups of telecommunications services, is one of the strongest trends both on the Polish media and telecommunications market and worldwide. Operators develop their bundled offerings in response to changing preferences of customers, who more and more often seek media and telecommunications services provided at competitive prices by a single operator under a single contract, a single invoice and a single fee. With the high saturation of the pay TV and mobile telephony markets, bundled services play an increasingly important role in maintaining the existing customer base.

Last year it was possible to observe increased efforts of big Polish market players, especially among mobile operators, aimed at strong promotion of bundled services for the home and solutions being a combination of mobile and fixed services. Operators pay a lot of attention to high quality broadband access for households, which results in wide-scale investments in the modernization and expansion of the footprint of both mobile LTE and LTE-Advance technologies, and modern fixed-line technologies (NGA – Next Generation Network).

Moreover, increasing engagement of mobile operators in the acquisition of content that could differentiate a given offering on the market is visible. For example, thanks to the cooperation with international video online services, such as Showmax, Netflix, HBO GO or the music service Tidal, mobile operators offer access to those services as an add-on to their subscription tariff plans.

In the wake of the increasing importance of convergence and bearing in mind the significant level of fragmentation of the broadband access market, it can be expected that the future shape of the Polish telecommunications and media market will be substantially impacted by consolidation trends which have been visible for a long time on more developed foreign markets where mobile and fixed-line operators merge with content providers.

The acquisition transaction of a controlling stake in the fixed-line operator Netia, finalized by Cyfrowy Polsat in May 2018, can serve as the first example of such consolidation in Poland. Thanks to this transaction Polsat Group possessed all assets necessary to provide fully convergent services which shall facilitate better adjustment of the offering to customers' needs and more effective cost management. Already in June 2018 we offered our customers, under a pilot project, Netia's fixed-line broadband Internet, complemented by TV services based on the Internet and voice telephony. We are also working on expanding the offering and availability of our convergent services.

Changes within the area of convergent services apply also to our competitive environment. In June 2018 T-Mobile Polska and Orange Polska signed an agreement based on which T-Mobile shall provide its customers the bitstream access (BSA) services through part of Orange's FTTH backbone network. According to Orange's press release, the agreement covers a 10-year period, with a possibility of an extension for further 5 years, and concerns multifamily houses in the areas not covered by the regulated BSA access with ca. 1.7 million homes passed. T-Mobile plans to launch convergent services, in limited scale, at the turn of 2018/2019 and to introduce fully its commercial offering at the end of the first quarter of 2019. The transaction has not been entered into on exclusivity basis which, on one hand, allows other operators to start cooperation related to wholesale access to Orange's infrastructure and, on the other hand, does not preclude T-Mobile from entering into agreement with other wholesale providers of fixed-line infrastructure.

Growing demand for smartphones and data transmission

In Poland the popularity and sales of smartphones has been gradually growing. Currently, smartphones have almost completely replaced traditional handsets in our sales structure. Concurrently, we estimate that among all handsets used by our customers only 72% constitute smartphones. This disproportion shows that the saturation of our mobile services customer base with smartphones will continue to grow in the next years.

Popularization of smartphones translates into growing sales of data transmission products in the segment of small screen devices. According to estimates presented in the Ericsson Mobility Report dated June 2018, the volume of transmitted data in the Central and Eastern Europe region, to which Poland belongs, will grow eight-fold in the years 2017-2023.

We expect that the growing popularity, availability and technological advancement of smartphones offered by manufacturers, combined with improving quality parameters of data transmission over our mobile network and the constantly expanded offer of applications and content for customers will continue to be the driving factor behind growing demand for data transmission services.

Roll-out of competing LTE networks

Following the resolution in 2015 of the LTE auction of 5 blocks in the 800 MHz bandwidth and 14 blocks in the 2600 MHz bandwidth, Polsat Group's competitors gained the possibility of providing high quality services in LTE based on the 800 MHz frequency band. Since 2017 our competitors have been investing heavily in the roll-out of their mobile networks based on the 800 MHz spectrum, thus consistently increasing the coverage of their respective LTE networks.

Cooperation between certain telecommunication operators in the scope of network sharing may have a significant effect on the shape of the Polish telecoms market. In December 2016 T-Mobile Polska and Orange Polska signed an agreement, pursuant to which they develop their own LTE networks based on the 800 MHz bandwidth using jointly the network of transmitters of the joint venture NetWorks!, however, without sharing the radio resources owned. In April 2018 both operators

informed that they decided to terminate cooperation relating to co-using the frequency resources in 900 MHz and 1800 MHz bandwidths, no later than in 2019. In parallel, T-Mobile and Orange plan to increase capacity of LTE network in their respective bandwidths while simultaneously limiting the resources used for the purposes of providing services in 2G technology. Moreover, the operators pursue refarming of their own 2100 MHz bandwidths for the needs of LTE technology and at the expense of limiting 3G technology.

In turn, in June 2018 the operator of Play network informed that it reached the level of 6,000 own sites which are being rolled-out under the investment program aimed at reaching nationwide coverage footprint by the year 2020 and constructing in total 9,000 own sites. The expansion of Play's network is intended to reduce the operator's reliance on national roaming services, presently used by Play to ensure nationwide coverage for its customers. At the same time Play customers can count on an improvement of quality of services provided by the operator in the future. Currently, Play often reduces the quality of provided services to avoid excessive costs of purchase of wholesale national roaming services.

In our opinion the significant improvement of the quality of LTE mobile broadband services provided by our competitors, pursued to a large extent by optimization of the possessed frequency resources (refarming), and the systematic expansion of the coverage footprints of their networks resulting from infrastructural investments, as well as exorbitant costs related to the purchase of the 800 MHz frequencies will influence, in coming periods, the competition model functioning on the Polish mobile broadband market.

Information on seasonality

Wholesale revenue includes *inter alia* advertising and sponsoring revenue which tends to be lowest during the third quarter of each calendar year due to the summer holidays period and highest during the second and fourth quarter of each calendar year due to the introduction of a new programming offer. In the year ended December 31, 2017, TV Polsat Group generated approximately 20.8% of advertising revenue in the first quarter, 27.4% in the second quarter, 20.6% in the third quarter and 31.1% in the fourth quarter.

Within retail revenue category mobile revenue is a subject to slight fluctuations during the year. This revenue stream tends to decrease in the first quarter of each year due to fewer number of calendar and business days.

Other revenues are not directly subject to substantial seasonal fluctuations.

5.4.2. Factors related to the operations of the Group

Growing importance of integrated services

Growing interest in integrated services, observed among our customers, provides us with a possibility to generate growth of average revenue per customer. We carefully follow the evolution of consumption patterns and our customers' expectations striving to meet their growing needs by combining our pay TV, broadband access and mobile telephony services into attractive packages, complementing them with products and services outside our core activity, such as financial and insurance services or gas and electric energy supply.

Our bundled services offers, addressed both to our residential and businesses customers, enable our customers to combine products in a flexible way and benefit from attractive discounts that we offer. The program smartDOM, launched in 2014, yields excellent sales results and is regularly adjusted to meet the needs and expectations of our customers. The possibility of selling additional products and services (cross-selling) to our customer base has a positive impact both on our revenue and the level of ARPU per contract customer and contributes to increasing the loyalty of customers, who use our bundled services.

We strive to meet the needs of our customers by offering a broad range of complementary services to every basic service. We combine our traditional pay TV services with VOD, PPV, Multiroom, online video services and mobile television. Along with broadband access and mobile telephony services we offer Value Added Services (VAS) - services including, among others, infotainment, location-based, financial and insurance services.

Effective use of the potential in the area of provision of integrated and value added services to our customers, both through up-selling of single products and value added services, as well as through the sale of bundled offers and cross-selling, may significantly increase the number of services per individual customer, thus increasing average revenue per customer (ARPU), concurrently reducing the churn ratio.

Strengthening of our market position in integrated services thanks to the acquisition of Netia

Thanks to the acquisition of a controlling stake in Netia we have expanded our portfolio with a wide range of fixed-line products and services, in particular with fixed-line broadband Internet offered, among others, in fiber optic technologies. Netia's services are being rendered via own access networks with over 2.5 million homes passed in approximately 180 locations. They are also supported by an extensive, nationwide backbone infrastructure. Moreover, Netia offers fixed-line Internet services based on regulated access to Orange Polska's network.

Netia's fiber-optic, nationwide backbone infrastructure perfectly complements our own infrastructure. It will allow for quick and efficient expansion of the capacity of our mobile network, thus strengthening our competitive advantage and will improve flexibility in planning the development of our joint telecommunication network in the future. At the same time, the reach of Netia's last mile network which allows for the provision of fixed-line broadband access in the NGA standard, opens a new market for Polsat Group – large cities and urban areas. Thanks to this we are gaining a new, attractive base of residential customers, thus increasing significantly our potential for cross-selling products and services as part of the multiplay strategy.

At the same time, we are also substantially improving our position in the business customers segment. We anticipate that the acquisition of Netia, who owns an extensive fixed-line network reaching the majority of the biggest Polish office buildings and has broad competence in serving business customers, will enable us to significantly improve our current competitive position on this market of convergent services for business customers. In particular, by working together we will be able to develop comprehensive offers tailored to customers' individual requirements while optimizing, or eliminating, additional costs associated with the construction of a dedicated telecommunication infrastructure for such customers, which will offer us an opportunity to compete more effectively with other telecommunication operators.

Investments in network roll-out and spectrum refarming

In the nine-month period ended September 30, 2018, residential customers of Cyfrowy Polsat and Polkomtel transferred ca. 699 PB of data. Striving to maintain a high quality of provided services, we continue to invest in our telecommunication network roll-out. In particular, upon having approached the level of coverage of over 99% of the population with our LTE network, we are currently focusing on expanding the capacity of our telecommunication network and extending the coverage footprint of LTE-Advanced.

Investments in the development of our LTE network are mainly conducted using own spectrum in the 900 MHz, 1800 MHz, 2100 MHz and 2600 MHz frequency bands. As at the end of 2017 we had over 9.9 thousand active LTE base transceiver stations (BTS) in operation on various bands from our frequency portfolio.

We expect that LTE network roll-out, relying mainly on continuous 20 MHz spectrum blocks in the 1800 MHz and 2600 MHz bands combined with increasing the density of the base station network, distinct growth of the number of operating transceivers as well as the use of the ODU-IDU (Outdoor Unit Indoor Unit) solution will enable us to maintain our competitive advantage in terms of the quality of provided mobile broadband access.

The next crucial phase in the development of our network consisted in the refarming of the 900 MHz and 2100 MHz spectrum, resulting in the allocation of part of the bandwidth previously used for 2G and 3G services to LTE and LTE-Advanced technologies. In particular, we have released the 900 MHz bandwidth, used so far for the provision of services in the 2G technology, on the entire territory of Poland, and are currently migrating traffic provided in new and definitely more effective technologies to this frequency. By the end of the third quarter of 2018 we have already put into operation for our customers over 5,600 LTE base stations based on the 900 MHz band frequency.

Simultaneously, work is in progress throughout Poland with a view of expanding the capacity of our transmission network to support the continuously increasing data transfer volumes. Transmission network roll-out enables us to use our existing towers and other network locations, which have so far operated in 2G and 3G technologies, for the provision of LTE and LTE-Advanced services. We also consistently aggregate spectrum in the 800 MHz, 900 MHz, 1800 MHz, 2100 MHz and 2600 MHz bandwidths in successive cities, which – combined with the application of the 256 QAM modulation, MIMO4x4 – allows us to offer our customers increasingly higher service quality.

Development of IPLA

IPLA, the leader on the online video market, strengthens our position as aggregator and distributor of content and ensures an important competitive advantage. We continue to develop the service using our experience in sales of pay TV, which helps us achieve synergies in terms of costs and revenues.

Mobile video traffic is the fastest growing segment of global mobile data traffic. According to estimates presented in the Ericsson Mobility Report dated June 2018 in the years 2017-2023 data consumption of video content will increase at an average annual rate of 45%, reaching ca. 73% of the entire data traffic in 2023. Bearing this in mind, we believe that IPLA online television will make an increasingly significant element of our business in the future. Starting from August 2018 a dedicated sports package "IPLA Polsat Sport Premium" is available in IPLA web service. The package offers live broadcasts, without ads, of all the UEFA Champions League matches as well as the UEFA Europa League games to which Polsat Group has acquired exclusive broadcast rights. The package is offered both to the Group's current customers as well as other operators' customers in two pricing options.

Attractive content of our TV channels and monetization of sports rights

We offer the biggest and most versatile portfolio of TV channels on the Polish market, which places us in the leading position in terms of viewership among private television groups in Poland and translates into our share in the advertising market. Our direct production covers mainly news programs, documentaries, shows and series based on international formats as well as solely created concepts. Moreover, we have contracts with major film studios which provide access to a wide selection of the most attractive films and series.

An important element that differentiates us on the market is a rich and unique broadcasting offer of the largest and the most interesting sports events worldwide. We offer, among others, broadcasts of qualifiers to the UEFA EURO 2020, FIFA World Championships 2022, two editions of the football Nations League 2018/19 and 2020/21, big volleyball tournaments – the men's and women's World Volleyball Championships 2018 and 2022, new, attractive games of the volleyball Nations League (2018-2024), the 2019 and 2023 World Cup, qualifying competitions for the Olympic Games in Tokyo (2020) and Paris (2024), Plus Liga and Orlen Liga, boxing and mixed martial arts galas (KSW, FEN and UFC), Wimbledon and ATP 1000 and 500 tournaments, and many others. Additionally, in 2017 we acquired rights to the most popular football club competitions – the UEFA Champions League and UEFA Europa League (for the years 2018-2021). Thanks to taking control in May 2018 over the Polish company Eleven Sports Network, we have gained access to attractive sports rights which are sold as program packages to pay TV operators active on the Polish market. The above mentioned premium sports content include Spanish LaLiga Santander, German Bundesliga, Italian Serie A TIM, English The Emirates FA Cup, F1™ and Polish and foreign speedway. Unique content represents an important element that builds the value of our pay TV offering.

We believe that attractive content, including exclusive content that is not available in the offer of other pay TV operators is a significant competitive advantage over other pay TV operators in Poland.

In parallel, we seek to monetize TV channels from our portfolio, also by offering them in a wholesale offer to other entities which provide pay TV services on the Polish market. This translates positively into the level of wholesale revenues we generate in the Broadcasting and television production segment.

5.4.3. Factors related to the regulatory environment

International roaming in mobile networks

The level of wholesale and retail roaming rates for voice services (reception and execution of voice connections), short text messages, MMS and data transmission on the territory of the European Economic Area (EEA) is subject to regulations.

Pursuant to the Resolution of the European Parliament and Council of November 25, 2015, as of June 15, 2017 retail charges for regulated roaming services were levelled with domestic charges (the *Roam Like at Home* regulation). The majority of tariff plans used on the Polish market include the so-called unlimited tariffs which enable making unlimited domestic calls and sending an unlimited number of short text messages against a fixed monthly subscription fee, and incoming voice calls on the Polish market are free-of-charge, as a general rule. In view of the above, the implementation of the *Roam Like at Home* regulation translated into the reduction of the stream of telecommunication retail revenue of all operators who have fully implemented this regulation, including Polsat Group.

When our customers generate traffic while roaming abroad, we incur costs of purchasing that traffic attributable to foreign telecommunication networks. Wholesale settlement rates for the purchase of roaming traffic on the territory of the EEA are also subject to regulatory reductions. In particular, the implementation of the *Roam Like at Home* regulation starting from June 15, 2017 was preceded by the implementation of an interim plan of a reduction of wholesale charges for international roaming services valid on the territory of the EEA:

[EUR]	Maximum average wholesale prices (settlements between operators) on the territory of the EEA from:						
	July 1, 2014 to June 14, 2017	June 15, 2017	January 1, 2018	January 1, 2019	January 1, 2020	January 1, 2021	January 1, 2022
Data transmission (per 1 GB)	51.2	7.7	6.0	4.5	3.5	3.0	2.5
Outbound voice calls (per minute)	0.05	0.032	0.032	0.032	0.032	0.032	0.032
SMS (per 1 SMS)	0.02	0.01	0.01	0.01	0.01	0.01	0.01

Despite the considerable reduction of the maximum settlement rates introduced in parallel with the implementation of the *Roam Like at Home* regulation, the hike in the traffic volume generated by our customers roaming abroad translates into a significant growth of costs related to the purchase of roaming traffic, which in the case of services provided on the territory of the EEA, generates losses on selected roaming services. In order to mitigate this negative effect we have been actively renegotiating our wholesale agreements with the view of reducing costs related to the purchase of roaming traffic, which leads to a reduction of the rate of growth of these costs in subsequent quarters.

Proposal to cap prices for international calls and text messages

As part of the ongoing works on the Directive of the European Parliament and of the Council establishing the European Electronic Communications Code, provisions regulating prices for international voice calls and text messages within the EEA were included in the draft document. The draft law provides for the introduction of the maximum retail prices that operators will be able to charge for these services. The proposed price caps are 19 eurocents per minute of an outgoing international voice call and 6 eurocents for an international text message sent (prices excluding VAT). It is assumed that the proposed provisions are included into the Roaming Regulation and become effective as of May 15, 2019.

5.4.4. Financial factors

Exchange rates fluctuations

The Polish zloty (PLN) is our functional and reporting currency. Our revenue is primarily denominated in PLN, whereas a portion of our expenses and capital expenditures is denominated in foreign currencies.

Foreign exchange rate fluctuations have historically affected the level of our operating costs, finance costs, as well as the profit or loss on investing activities, and are expected to do so in the future. In particular, our exposure to foreign exchange rate fluctuations stems from our foreign currency payments made in different areas of our operations. These include, among others, payments for license fees, transponder capacity lease, purchase of content and equipment, or international roaming and interconnect agreements.

We have no control over how exchange rates will change in the future, and consequently foreign exchange rate fluctuations will continue to affect (positively or negatively) our operations and financial results. Considering our open exposure to the currency exchange risk, the Group has in place a market risk management policy and uses, inter alia, natural hedging and hedging transactions.

Interest rate fluctuations

Market interest rate fluctuations do not impact the Group's revenue directly, but they do affect our cash flows from operating activities through the amount of interest on current bank accounts and deposits, and also cash flows from financing activities through the Group's costs of servicing debt. In particular, our liabilities under the Combined Senior Facilities Agreement dated September 21, 2015 and our liabilities under the Terms of Issue of Series A Notes are calculated based on variable WIBOR, EURIBOR or LIBOR interest rates subject to periodical changes, increased by a relevant margin.

Despite the fact that the Group intends to maintain certain hedging positions the goal of which is to hedge against WIBOR fluctuations, there is no certainty that such a hedging will be still possible or whether it will be available on acceptable terms. The Group analyzes its interest rate risk on an on-going basis, including the refinancing and risk hedging scenarios, which are used to estimate the impact of the specific interest rate fluctuations on our financial result.

Interest rate fluctuations may affect our ability to meet our current liabilities, which may have a material adverse effect on our business, financial condition, results of operations or prospects.

5.4.5. Influence of changes in financial reporting standards

On January 1, 2018, new standards IFRS 9 Financial Instruments and IFRS 15 Revenue from Contracts with Customers came into force. Moreover, the standard IFRS 16 Leases shall be applicable for annual periods beginning on January 1, 2019.

IFRS 9 Financial Instruments

IFRS 9 *Financial Instruments* sets out requirements for recognizing and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items. This standard replaced IAS 39 *Financial Instruments: Recognition and Measurement*.

IFRS 9 contains a new classification and measurement approach for financial assets that reflects the business model in which assets are managed and their cash flow characteristics. IFRS 9 contains three principal classification categories for financial assets: measured at amortized cost, at fair value through other comprehensive income and at fair value through profit or loss. The new classification requirements didn't have material impact on accounting for trade receivables, loans, investments in debt securities and investments in equity securities that are managed on a fair value basis.

In addition IFRS 9 includes optional hedge accounting requirements. The Group chose as its accounting policy choice to continue to apply the hedge accounting requirements of IAS 39 instead of the requirements of IFRS 9.

IFRS 15 Revenue from Contracts with Customers

IFRS 15 provides a single, principles-based five-step model for the determination and recognition of revenue to be applied to all contracts with customers. It replaced in particular the existing standards IAS 18 *Revenue* and IAS 11 *Construction Contracts*.

In the case of the Group, the biggest change caused by the implementation of the standard concerns the recognition of revenues from multi-element contracts (e.g. mobile contract plus handset), which includes sale of subsidized products delivered at date of the agreement: the cumulative amount of revenues over the contract term will not change, but there will be a change in the allocation between revenues from sale of equipment and revenues from the services rendered (a greater part of the total remuneration will be assigned to the equipment delivered in advance, requiring earlier recognition of revenue).

Earlier revenue recognition resulted in the recognition of assets from contracts in the statement of financial position representing the Group's right to future remuneration for the products and services provided to the customer. In the case of sale of subsidized products the Group does not adjust the promised amount of consideration for the effects of a significant financing component as the Group expects, at the contract inception, that the period between the transfer of goods or services to a customer and the period when the customer pays for that good or service will be one year or less.

The Group does not identify material rights.

The Group usually sells its services and goods through distributors who act as an agent, which means that they do not assume all the risks associated with the delivery of goods and services, therefore sales revenue are recognized at the time of sale to the end customer.

The contractual liabilities included in the balance sheet refer mainly to the unused funds within the prepaid system, recognized previously as deferred income.

The implementation of IFRS 15 resulted in a change in the accounting policy regarding the revenue recognition. The Group's process for revenue recognition from multi-element contracts (e.g. mobile contract and handset) consists of:

- a) assessment of all goods and services provided to the client under the contract and identifying separate performance obligations in that contract;
- b) determining and allocating the transaction prices to separate performance obligations in the contract; the allocation is based on the reference to their relative standalone selling prices that could be obtained if the promised goods and services were sold individually in a separate transaction.

IFRS 15 is applied by the Group using the “modified retrospective approach” in which the cumulative effect of initially applying the standard is recognized as an adjustment to retained earnings at the date of initial application.

IFRS 16 Leases

IFRS 16 replaces existing leases guidance, including IAS 17 *Leases*. The standard is effective for annual periods beginning on or after January 1, 2019. Early adoption is permitted for entities that apply IFRS 15 at or before the date of initial application of IFRS 16. The Group did not decide to implement IFRS 16 earlier.

IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items.

Implementation of IFRS 16 will increase depreciation and financial costs which will result in an increase of EBITDA, assets and liabilities (due to the recognition of a right-of-use asset and a lease liability) as well as an increase of debt ratio. The Group assesses that the agreements for base transceiver stations and space rental, which are currently presented as operational lease, may result in recognizing right-of-use assets and liabilities due to an obligation to pay for these rights.

The Group is currently assessing the impact of IFRS 16 on the consolidated financial statements. Future minimum lease payments under operating lease pursuant to currently effective standards are presented in Note 32 of the consolidated financial statements for the financial year ended December 31, 2017.

GLOSSARY

Capitalized terms used herein and not defined in this Report shall have the meaning assigned to them below, unless the context requires otherwise.

Glossary of general terms

Term	Definition
Aero2	Aero2 spółka z ograniczoną odpowiedzialnością entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000305767, subsidiary of Litenite.
Aero2 Group	Aero2 and its indirect and direct subsidiaries.
AltaLog	AltaLog spółka z ograniczoną odpowiedzialnością entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000493305, subsidiary of Aero2.
Amendment, Restatement and Consolidation Deed	Agreement concluded on September 21, 2015 between the Company, Polkomtel, Telewizja Polsat, Cyfrowy Polsat Trade Marks, Polsat License Ltd. and Polsat Media Biuro Reklamy, Eileme 2, Eileme 3, Eileme 4, Plus TM Management, TM Rental, Plus TM Group and a consortium of Polish and foreign financing institutions, amending and consolidating the CP SFA and the PLK SFA.
ATS, WSE ATS	Alternative system of trading in debt instruments organized by the WSE within the Catalyst market.
B2B	Business to Business, a transaction between businesses.
B2C	Business to Consumer, a transaction between a business and a consumer.
Bonds, Series A Bonds	Dematerialized, interest-bearing, senior and unsecured Series A bearer bonds with the total nominal value of PLN 1 billion and the nominal value of PLN 1,000 each, issued pursuant to the Resolution of the Management Board of the Company No. 01/02/07/2015 dated July 2, 2015.
Bonds Terms	Terms and conditions of Bonds issuance together with the supplement.
Catalyst	Trading system of debt instruments operating on markets organized by the WSE and Bondspot, as defined in § 1 of the Catalyst Operating Rules adopted pursuant to resolution no. 59/2010 of the Management Board of WSE on January 27, 2010, as amended.
Coltex	Coltex ST spółka z ograniczoną odpowiedzialnością entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000362339.
Combined SFA	CP SFA of September 21, 2015 as amended by the Amendment, Restatement and Consolidation Deed of September 21, 2015.
CP Revolving Facility Loan	The revolving facility loan of up to PLN 300 million, issued under the CP Senior Facilities Agreement, with the maturity date of September 30, 2022.
CP Senior Facilities Agreement, CP SFA	The Senior Facilities Agreement of September 21, 2015 between the Company, Telewizja Polsat, CPTM, Polsat License Ltd. and Polsat Media Biuro Reklamy, and a syndicate of Polish and foreign banks, covering the CP Term Facility Loan and the CP Revolving Facility Loan.
CP Term Facility Loan	The term facility loan of up to PLN 1.2 billion, issued under the CP Senior Facilities Agreement of September 21, 2015, with the maturity date of September 30, 2022.
Cyfrowy Polsat, the Company	Cyfrowy Polsat Spółka Akcyjna, entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000010078.
Cyfrowy Polsat Trade Marks, CPTM	Cyfrowy Polsat Trade Marks spółka z ograniczoną odpowiedzialnością entered in the register of entrepreneurs of the National Court Register under entry No. 0000373011.
EEA, European Economic Area	Internal Market guaranteeing free move of goods, services, capital and persons, comprising EU Member States and Island, Norway and Lichtenstein.
Eileme 1	Eileme 1 AB (publ), a company under Swedish law, registered under No. 556854-5668. Merged with Cyfrowy Polsat S.A. on April 28, 2018.

Eileme 2	Eileme 2 AB (publ), a company under Swedish law, registered under No. 556854-5676. Merged with Eileme 1 on November 24, 2017.
Eileme 3	Eileme 3 AB (publ), a company under Swedish law, registered under No. 556854-5692. Merged with Eileme 1 on November 24, 2017.
Eileme 4	Eileme 4 AB (publ), a company under Swedish law, registered under No. 556854-5684. Merged with Eileme 1 on November 24, 2017.
Embud2	Embud2 spółka z ograniczoną odpowiedzialnością spółka komandytowo-akcyjna (Limited Liability Company Limited Joint-Stock Partnership) entered in the register of entrepreneurs of the National Court Register under entry No. 0000676753, legal successor of Embud spółka z ograniczoną odpowiedzialnością.
Eleven Sports Network	Eleven Sports Network spółka z ograniczoną odpowiedzialnością entered in the register of entrepreneurs of the National Court Register under entry No. 0000558277, a producer and distributor of sports content on the territory of Poland.
the Group, Polsat Group, Cyfrowy Polsat Group	Cyfrowy Polsat and the indirect and direct subsidiaries of the Company.
IFRS	The International Accounting Standards, International Financial Reporting Standards and the related Interpretations by the Standing Interpretations Committee and International Financial Reporting Interpretations Committee, adopted pursuant to Commission Regulation (EC) No. 1126/2008 of November 3, 2008, adopting certain international accounting standards in accordance with Regulation (EC) No. 1606/2002 of the European Parliament and of the Council (OJ L 320/1 of November 29, 2008, as amended), as defined in Art. 2 of Regulation (EC) No. 1606/2002 of the European Parliament and of the Council of July 19, 2002 on the application of international accounting standards (OJ L 243/1 of September 11, 2002, as amended).
Karswell	Karswell Limited, a company under Cypriot law with its registered office in Nicosia, Cyprus.
KRRIT	Krajowa Rada Radiofonii i Telewizji, National Broadcasting Council.
Litenite	Litenite Limited, a company under Cypriot law, registered under No. 240249.
Litenite Notes	Zero-coupon unsecured loan notes 2022 with the total nominal value of PLN 1,524.4 million and the issue price of PLN 782.0 million issued pursuant to the resolution of the management board of Litenite of December 31, 2015. Redeemed in full on April 26, 2017.
Metelem	Metelem Holding Company Limited, a company under Cypriot law, registered under No. 286591, indirectly controlling 100% shares in Polkomtel. Merged with Cyfrowy Polsat on April 7, 2017.
Midas	Midas Spółka Akcyjna previously entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000025704. On November 30, 2016 Midas merged with Aero2.
NBP	Narodowy Bank Polski, the central bank of the Republic of Poland.
Netia	Netia spółka akcyjna entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000041649, a telecommunications operator providing, among others, online solutions and multimedia entertainment.
Netia Group	Netia and the indirect and direct subsidiaries of Netia.
NDS	National Depository for Securities (Krajowy Depozyt Papierów Wartościowych, KDPW).
Orange, Orange Polska	Orange Polska Spółka Akcyjna, entered in the register of entrepreneurs of the National Court register under entry No. KRS 0000010681, previously operating under the name of Telekomunikacja Polska Spółka Akcyjna.
P4	P4 spółka z ograniczoną odpowiedzialnością, entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000217207, operator of mobile network Play.
Play Communications	Play Communications S.A. (société anonyme), with its registered office in Grand Duchy of Luxembourg and registered with the Luxembourg Trade and Companies under number B183803, owner of P4.

PLK Revolving Facility Loan	The revolving facility loan of up to PLN 700 million, issued under the PLK Senior Facilities Agreement of September 21, 2015, with the maturity date of September 30, 2022.
PLK Senior Facilities Agreement, PLK SFA	The Senior Facilities Agreement of September 21, 2015 between Polkomtel, Eileme 2, Eileme 3, Eileme 4, Plus TM Management, TM Rental and Plus TM Group and a syndicate of Polish and foreign financial institutions, covering the PLK Term Facility Loan and the PLK Revolving Facility Loan.
PLK Senior Notes Indenture	PLK Senior Notes Indenture of January 26, 2012 between Eileme 2, Eileme 3, Eileme 4, Spartan, Ortholuck, Citibank, N.A., London Branch, Citibank, N.A., New York Branch, and Citigroup Global Markets Deutschland.
PLK Term Facility Loan	The term facility loan of up to PLN 10,300 million, issued under the PLK Senior Facilities Agreement of September 21, 2015, with the maturity date of September 30, 2022.
Plus Bank	Plus Bank Spółka Akcyjna entered in the register of entrepreneurs of the National Court Register under entry No. 0000096937.
Plus TM Management	Plus TM Management spółka z ograniczoną odpowiedzialnością, entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000378997.
Polkomtel	Polkomtel spółka z ograniczoną odpowiedzialnością, entered in the register of entrepreneurs of the National Court Register under entry No. 0000419430. The company was established following the transformation of Polkomtel Spółka Akcyjna, which was entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000020908.
Polkomtel Business Development	Polkomtel Business Development spółka z ograniczoną odpowiedzialnością, entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000377416.
Polkomtel Group	Polkomtel jointly with its indirect and direct subsidiaries.
Polsat Media Biuro Reklamy	Polsat Media Biuro Reklamy spółka z ograniczoną odpowiedzialnością sp.k. entered in the register of entrepreneurs of the National Court Register under entry No. 0000467579.
Reddev	Reddev Investments Limited, a company under Cypriot law with its registered office in Nicosia, Cyprus.
Roaming Regulation	Regulation (EU) No. 531/2012 of the European Parliament and of the Council of June 13, 2012 on roaming on public mobile communications networks within the Union
Sensor	Sensor Overseas Limited, a company under Cypriot law, with its registered office in Nicosia, Cyprus.
Sferia	Sferia Spółka Akcyjna, entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000246663.
SOKiK	The District Court in Warsaw, 17th Department for Competition and Consumer Protection.
Telecommunications Law	Telecommunications Law of July 16, 2004 (Dz. U. of 2004, No. 171, item 1800, as amended).
Telewizja Polsat, TV Polsat	Telewizja Polsat spółka z ograniczoną odpowiedzialnością, entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000388899. The company was established following the transformation of Telewizja Polsat Spółka Akcyjna, which was entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000046163.
Telewizja Polsat Group, TV Polsat Group	Telewizja Polsat together with its direct and indirect subsidiaries.
T-Mobile, T-Mobile Polska	T-Mobile Polska Spółka Akcyjna, entered in the register of entrepreneurs of the National Court register under entry No. KRS 0000391193, previously operating under the name of Polska Telefonia Cyfrowa Spółka Akcyjna.
TM Rental	TM Rental spółka z ograniczoną odpowiedzialnością, entered in the register of entrepreneurs of the National Court Register under entry No. KRS 0000567976.
UKE	The Office of Electronic Communications (Urząd Komunikacji Elektronicznej).
UOKiK	The Office of Competition and Consumer Protection (Urząd Ochrony Konkurencji i Konsumentów).

Technical terms

Term	Definition
2G	Second-generation cellular telecommunications networks commercially launched on the GSM standard in Europe.
3G	Third-generation cellular telecommunications networks that allow simultaneous use of voice and data services.
4G	Fourth-generation cellular telecommunications networks.
Add-on sales	Sales technique combining cross-selling and up-selling.
Advertising market share	The Group's revenue from advertising and sponsoring in the overall revenue from TV advertising in Poland (market data according to SMG Poland (previously SMG)).
Audience share	Percentage of TV viewers watching a channel at a given time, expressed as the percentage of all TV viewers at a given time (based on Nielsen Audience Measurement (NAM), in the "from 16 to 49 years old" demographics throughout the day).
Base transceiver station	(or: relay station / base station / BTS / transmitter / nodeB / eNodeB) – a device equipped with an antenna transceiver which connects a mobile terminal (e.g., mobile phone or mobile router) with a transmission part of a telecommunications network. A base station uses a single technology (2G, 3G or LTE) on a separate carrier (a frequency block from a separate bandwidth). A base station shall not be mistaken with a site.
CAGR	Compounded Annual Growth Rate – the average annual growth rate calculated for a given value using the following formula: $CAGR = \left(\frac{W_{rk}}{W_{rp}} \right)^{\left(\frac{1}{rk-rp} \right)} - 1$ <p>where: rp – start year, rk – end year, Wrp – value in start year, Wrk – value in end year.</p>
Catch-up TV	Services providing access to view selected programming content for a certain period after it was broadcast. Cyfrowy Polsat provides such services from 2011.
Churn	Termination of the contract with Customer by means of the termination notice, collections or other activities resulting in the situation that after termination of the contract the Customer does not have any active service provided in the contract model. Churn rate presents the relation of the number of customers for whom the last service has been deactivated (by means of the termination notice as well as deactivation as a result of collection activities or other reasons) within the last 12 months to the annual average number of customers in this 12-month period.
Commercial group	Viewership group comprising viewers aged 16-49, including time-shifted viewership Live+2, i.e. for two consecutive days after the original airing date).
Contract ARPU	Average monthly revenue per customer generated in a given settlement period (including interconnect revenue).
Converged (integrated) services	A package of two or more services from our pay TV, mobile telecommunications and broadband Internet access offering, provided under a single contract and for a single subscription fee.
Customer, contract customer	Natural person, legal entity or an organizational unit without legal personality who has at least one active service provided in a contract model.
DTH	Satellite pay TV services provided by us in Poland from 2001.
DTT	Digital Terrestrial Television.
DVB-T	Digital Video Broadcasting – Terrestrial technology.
ERP	A family of IT systems supporting enterprise management or shared operation of a group of collaborating enterprises through data collection and enabling transactions on the collected data (enterprise resource planning).
FTR	A wholesale charge for call termination in another operator's fixed-line telecommunications network (Fixed Termination Rate).

Term	Definition
GB	Gigabyte – a measure of digital information, comprising one billion bytes, or 1024 ³ bytes, depending on the interpretation – decimal or binary, respectively.
GRP	A rating point defined as the overall number of persons viewing a given advertising spot over a specific time, expressed as a percentage share of the target group. In Poland, one GRP equals 0.2 million residents in the primary target group for advertisers aged 16-49 (Gross Rating Point).
GSM	A standard developed by the European Telecommunications Standards Institute, which designates 2G cellular telecommunications network protocols, in particular regarding access to voice services (Global System for Mobile Communications).
GSM-1800	A standard developed by the European Telecommunications Standards Institute, which designates 2G cellular telecommunications network protocols in the 1800 MHz bands, in particular regarding access to voice services.
GSM-900	A standard developed by the European Telecommunications Standards Institute, which designates 2G cellular telecommunications network protocols in the 900 MHz bands, in particular regarding access to voice services.
HD	Above-standard resolution signal (High Definition).
HSPA/HSPA+	Radio data transmission technology for wireless networks, increasing the capacity of the UMTS network (High Speed Packet Access/High Speed Packet Access Plus). It also covers the HSPA+ Dual Carrier technology (Evolved High Speed Packet Access Dual Carrier). It supports transmission speeds of up to 42 Mb/s for download and up to 5.7 Mb/s for upload.
Interconnect revenue	Wholesale revenue for terminating voice and non-voice traffic on Polkomtel's network from other network operators based on interconnect agreements as well as revenue from transit of traffic.
IPLA	Internet platform providing access to online video content belonging to Polsat Group.
IPTV	Technology enabling transfer of a television signal over IP broadband networks (Internet Protocol Television).
LTE	Long Term Evolution - a standard for high-speed, wireless data transmission also referred to as 4G. Based on a carrier bandwidth limited to a maximum of 20MHz it supports data transmission speed of up to 150 Mb/s (downlink, using MIMO 2x2 antennas).
LTE-Advanced	Subsequence standard for high-speed, wireless data transmission of the fourth generation (4G). Through carrier aggregation from different bandwidths (a total of up to 100 MHz) it allows to significantly increase maximum data transmission speed up to 3 Gb/s (downlink, using MIMO 8x8 antennas).
Mb/s	A unit of telecommunications channel capacity, being one million or 1024 ² bytes (Megabyte) per second, depending on the interpretation – decimal or binary, respectively.
MIMO	Multiple Input Multiple Output, a method for multiplying the capacity of a wireless network using multiple transmit and receive antennas.
Mobile TV	Our pay mobile TV service rendered in DVB-T technology.
MTR	A wholesale charge for call termination in another operator's mobile telecommunications network (Mobile Termination Rate).
Multiroom	Our service providing access to the same range of TV channels on several television sets in one household for a single subscription fee.
MUX, Multiplex	A package of TV and radio channels and additional services, simultaneously transmitted digitally to the user over a single frequency channel.
MVNO	Mobile Virtual Network Operator.
ODU-IDU	Outdoor Unit Indoor Unit, a proprietary solution of Polsat Group based on a set comprising an external LTE modem (ODU) and an indoor WiFi router (IDU), which increases effective coverage and improve the quality of the LTE signal.
PPV	Services providing paid access to selected TV content (pay-per-view).
Prepaid ARPU	Average monthly revenue per prepaid RGU generated in a given settlement period (including interconnect revenue).
PVR	Electronic commodity hardware for digital recording of TV programs on its hard drive (Personal Video Recorder).
real users	An estimated number of persons who visit a website or open an Internet application at least once in a given month (Real Users).

Term	Definition
RGU (Revenue Generating Unit)	Single, active service of pay TV, Internet Access or mobile telephony provided in contract or prepaid model.
SD	Standard-resolution television signal (Standard Definition).
SMS	Service enabling the sending of short text messages over telecommunications networks (Short Message Service).
Site	(or: mast/tower/roof construction) – a single steel construction located in a separated geographical region which allows to install one or a number of base stations in order to provide radio signal to mobile terminals of end-users within that region.
Streaming	A technical process initiated by the user, enabling the replaying (of video or audio/video content) of material available on the Internet on the user's terminal device, without it being necessary to download the entire content. The process involves the sending of digital data streams, being sections of the entire content spread over time, instead of the entire material.
Technical coverage	Percentage of households in Poland capable of receiving the broadcast of a given channel by Telewizja Polsat.
TSV (Time Shifted Viewing)	Shifting in time of the consumption of content broadcast on TV in real time by recording it on a storage medium (e.g. digital video recorder) and replaying it at a later time.
UMTS	Globally-used European 3G telecommunications standard based on GSM, enabling the provision of data transmission services with a maximum speed of 384 kb/s (Universal Mobile Telecommunications System).
Usage definition (90-day for prepaid RGU)	Number of reported RGUs of prepaid services of mobile telephony and Internet access refers to the number of SIM cards which received or answered calls, sent or received SMS/MMS or used data transmission services within the last 90 days. In the case of free of charge Internet access services provided by Aero2, the Internet prepaid RGUs were calculated based on only those SIM cards, which used data transmission services under paid packages within the last 90 days.
USSD	A protocol used in GSM networks, which enables communication between a mobile phone and a network operator's computer.
Value-added services, VAS	Services offered by telecommunications undertakings and including entertainment, news, location and financial services.
Virtual private network	Network enabling a private connection over a public network (e.g. Internet).
VOD - Home Movie Rental	Our video on demand services.
VoLTE	Technology which ensures immediate call set-up, high quality of voice and the possibility to provide advanced communication services with the guarantee of quality, such as e.g. HD video streaming based on the standard phone number (<i>Voice over LTE</i>).
WCDMA	Network access technology developed by 3rd Generation Partnership Project from 1999, and used in UMTS-standard 3G networks (Wideband Code Division Multiple Access).
WiFi	A set of standards for the development of wireless computer networks.

Notes to the Interim Condensed Consolidated Financial Statements

General information

1. The Parent Company

Cyfrowy Polsat S.A. ('the Company', 'Cyfrowy Polsat', 'the Parent Company', 'the Parent') was incorporated in Poland as a joint stock company. The Company's shares are traded on the Warsaw Stock Exchange. The Parent Company's registered office is located at 4a, Łubinowa Street in Warsaw.

The Parent operates in Poland as a provider of a paid digital satellite platform under the name of 'Cyfrowy Polsat' and paid digital terrestrial television as well as telecommunication services provider.

The Company was incorporated under the Notary Deed dated 30 October 1996.

The consolidated financial statements comprise the Parent and its subsidiaries ('the Group') and joint ventures. The Group operates in two segments: (1) services to individual and business customers which relates to the provision of services to the general public, including digital television transmission signal, Internet access services, mobile TV services, online TV services, mobile services, production of set-top boxes; and (2) broadcasting and television production which consist mainly of production, acquisition and broadcasting of information and entertainment programs as well as TV series and feature films broadcasted on television channel in Poland.

2. Composition of the Management Board of the Company

- Tobiasz Solorz	President of the Management Board,
- Dariusz Działkowski	Member of the Management Board,
- Tomasz Gillner-Gorywoda	Member of the Management Board,
- Aneta Jaskólska	Member of the Management Board,
- Agnieszka Odorowicz	Member of the Management Board,
- Katarzyna Ostap-Tomann	Member of the Management Board,
- Maciej Stec	Member of the Management Board.

3. Composition of the Supervisory Board of the Company

- Marek Kapuściński	President of the Supervisory Board,
- Józef Birka	Member of the Supervisory Board,
- Robert Gwiazdowski	Member of the Supervisory Board,
- Aleksander Myszka	Member of the Supervisory Board,
- Leszek Reksa	Member of the Supervisory Board,
- Tomasz Szelaąg	Member of the Supervisory Board,
- Piotr Żak	Member of the Supervisory Board (from 28 June 2018).

4. Basis of preparation of the interim condensed consolidated financial statements

Statement of compliance

These interim condensed consolidated financial statements for the 9 months ended 30 September 2018 have been prepared in accordance with the International Accounting Standard 34 *Interim Financial Reporting*. These interim condensed consolidated financial statements should be read together with the annual consolidated financial statements for the year ended 31 December 2017, which have been prepared in accordance with International Financial Reporting Standards as adopted by the EU. These interim condensed consolidated financial statements have been prepared on a going concern basis.

The Group applies, for the first time, IFRS 15 Revenue from Contracts with Customers ("IFRS 15") and IFRS 9 Financial Instruments ("IFRS 9"). As required in IAS 34 Interim Financial Reporting, the nature and effect of these changes are disclosed below.

Several other amendments and interpretations apply for the first time in 2018, but do not have material impact on the interim condensed consolidated financial statements of the Group.

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2017, except for the adoption of new, amended Standards or Interpretations that apply to the annual reporting periods beginning on or after 1 January 2018 and below detail introduced to basis of consolidation.

Equity transactions between a parent entity and the non-controlling interests are treated as transactions between shareholders, provided that the transactions do not result in a change of control. No gains or losses are recognised in profit or loss for transactions between the parent entity and the non-controlling interest, unless control is lost. Transactions where control is not lost are recorded within equity.

Put options granted in business combinations to holders of non-controlling interest in the subsidiary (ie. obligating the Group to acquire non-controlling interests in particular circumstances in the future for a particular price) give rise to a financial liability recognised in the consolidated balance sheet.

While such put option remains unexercised, at the end of each reporting period the Group determines the amount of non-controlling interest (including share of profit/losses attributable to the non-controlling interest), de-recognises the controlling interest as if was acquired at that balance sheet date and recognises a financial liability measured at present value of the redemption amount. The difference is accounted for as a transaction between a parent entity and the non-controlling interests as described above.

On expiry of an unexercised put option the Group derecognises the financial liability in full and recognises non-controlling interest as if the put option was never granted.

IFRS 9 Financial Instruments

IFRS 9 *Financial Instruments* sets out requirements for recognizing and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items. This standard replaced IAS 39 *Financial Instruments: Recognition and Measurement*.

IFRS 9 contains a new classification and measurement approach for financial assets that reflects the business model in which assets are managed and their cash flow characteristics. IFRS 9 contains following principal classification categories for financial assets: measured at amortised cost, at fair value through other comprehensive income and at fair value through profit or loss. The new classification requirements didn't have material impact on its accounting for trade receivables, loans, investments in debt securities and investments in equity securities that are managed on a fair value basis.

Loans as well as trade and other receivables are held to collect contractual cash flows and are expected to give rise to cash flows representing solely payments of principal and interest. The Group analysed the contractual cash flow characteristic of those instruments and concluded that they meet the criteria for amortised cost measurement under IFRS 9.

IFRS 9 replaces the 'incurred loss' model in IAS 39 with a forward-looking 'expected credit loss' ('ECL') model. This will require considerable judgement about how changes in economic factors affect ECLs, which will be determined on a probability-weighted basis. Implementation of the forward-looking model did not have a significant effect on the Group's bad debt allowance.

In addition IFRS 9 includes optional hedge accounting requirements. The Group chose as its accounting policy choice to continue to apply the hedge accounting requirements of IAS 39 instead of the requirements of IFRS 9.

As at 1 January 2018 the classification and carrying amount of the Group's financial instruments were as follows:

			IAS 39	IFRS 9
	IAS 39 classification	IFRS 9 classification	Carrying amount	Carrying amount
Loans granted	loans and receivables	amortised cost	4.5	4.5
Trade and other receivables	loans and receivables	amortised cost	2,454.5	2,454.5
Cash and cash equivalents and short-term deposits	loans and receivables	amortised cost	1,161.5	1,161.5
Restricted cash	loans and receivables	amortised cost	10.5	10.5
Loans and borrowings	other liabilities	amortised cost	(10,633.3)	(10,633.3)
Issued bonds	other liabilities	amortised cost	(1,018.2)	(1,018.2)
UMTS licence liabilities	other liabilities	amortised cost	(555.3)	(555.3)
Finance lease liabilities	other liabilities	amortised cost	(28.3)	(28.3)
Accruals	other liabilities	amortised cost	(760.5)	(760.5)
Trade and other payables and deposits	other liabilities	amortised cost	(665.3)	(665.3)
Total			(10,029.9)	(10,029.9)

IFRS 15 Revenue from Contracts with Customers

IFRS 15 provides a single, principles-based five-step model for the determination and recognition of revenue to be applied to all contracts with customers. It replaced in particular the existing standards IAS 18 *Revenue* and IAS 11 *Construction Contracts*.

In the case of the Group, the biggest change caused by the implementation of the standard concerns the recognition of revenues from multi-element contracts (e.g. mobile contract plus handset), which includes sale of subsidized products delivered at date of the agreement: the cumulative amount of revenues over the contract term didn't change, but there was a change in the allocation between revenues from sale of equipment and revenues from the services rendered (a greater part of the total remuneration is assigned to the equipment delivered in advance, requiring earlier recognition of revenue).

Earlier revenue recognition resulted in the recognition of contract assets in the balance sheet representing the Group's right to future remuneration for the products and services provided to the customer. The contract assets are presented as current assets as the Company expects the contracts to be fulfilled within a normal operating cycle. In the case of sale of subsidized products the Group does not adjust the promised amount of consideration for the effects of a significant financing component as the Group expects, at the contract inception, that the period between the transfer of goods or services to a customer and the period when the customer pays for that good or service will be one year or less.

The implementation of IFRS 15 resulted in a recognition of contract liabilities in the balance sheet. Contract liabilities represent the Group's obligation to transfer goods or services to customers, for which the Group received consideration or an amount of the consideration is due from the customer.

The Group has not identified any material rights in the contracts which should have been separately presented as Group's obligations.

The Group usually sells its services and goods through distributors who act as an agent, which means that they do not assume all the risks associated with the delivery of goods and services, therefore sales revenue are recognized at the time of sale to the end customer.

The contractual liabilities included in the balance sheet refer mainly to the unused funds within the prepaid system.

The implementation of IFRS 15 resulted in a change in the accounting policy regarding the revenue recognition. The Group's process for revenue recognition from multi-element contracts (eg. mobile contract and handset) consists of:

- a) assessment of all goods and services provided to the client under the contract and identifying separate performance obligations in that contract,
- b) determining and allocating the transaction prices to separate performance obligations in the contract; the allocation is based on the reference to their relative standalone selling prices that could be obtained if the promised goods and services were sold individually in a separate transaction.

IFRS 15 is applied by the Group using the "modified retrospective approach" in which the cumulative effect of initially applying the standard is recognised as an adjustment to retained earnings at the date of initial application.

The implementation of IFRS 15 had following impact on the consolidated balance sheet as at 1 January 2018:

	1 January 2018 unaudited prepared in accordance with IAS 18	Adjustments	1 January 2018 unaudited prepared in accordance with IFRS 15
Reception equipment	325.3	-	325.3

* Investment accounted for at cost less any accumulated impairment losses

** Altalog Sp. z o.o. holds 2.3% share in voting rights in InPlus Sp. z o.o.

6. Approval of the Interim Condensed Consolidated Financial Statements

These interim condensed consolidated financial statements were approved for publication by the Management Board of Cyfrowy Polsat S.A. on 7 November 2018.

Explanatory notes

7. Information on seasonality in the Group's operations

Wholesale revenue includes *inter alia* advertising and sponsoring revenue which tends to be lowest during the third quarter of each calendar year due to the summer holidays period and highest during the second and fourth quarter of each calendar year due to the introduction of a new programming offer.

Within retail revenue category mobile revenue is a subject to slight fluctuations during the year. This revenue stream tends to decrease in the first quarter of each year due to fewer number of calendar and business days.

8. Revenue

	for the 3 months ended		for the 9 months ended	
	30 September 2018 unaudited (IFRS 15 basis)	30 September 2017 unaudited (IAS 18 basis)	30 September 2018 unaudited (IFRS 15 basis)	30 September 2017 unaudited (IAS 18 basis)
Retail revenue	1,630.5	1,494.0	4,464.8	4,570.0
Wholesale revenue	741.6	588.4	2,116.0	1,802.8
Sale of equipment	328.6	264.5	987.8	756.4
Other revenue	34.3	44.0	115.5	120.2
Total	2,735.0	2,390.9	7,684.1	7,249.4

Retail revenue mainly consists of pay-TV, telecommunication services, revenue from rental of reception equipment and contractual penalties related to terminated agreements.

Wholesale revenue mainly consists of advertising and sponsorship revenue, settlements with mobile network operators, revenue from rental of infrastructure, roaming revenues, revenue from cable and satellite operator fees, sales of broadcasting and signal transmission services and sales of licenses, sublicenses and property rights.

Other revenue mainly consists of revenue from interest on installment plan purchases, revenue from the lease of premises and facilities and revenue from the sale of electric energy.

Interest accrued	32.3	58.9
Issued bonds payable as at 30 September unaudited	1,007.4	1,007.3

Other notes

16. Acquisition of shares

Acquisition of shares in Coltex ST Sp. z o.o.

On 1 March 2018 Liberty Poland S.A. (Company's indirect subsidiary) acquired 100% shares of Coltex ST Sp. z o.o. („Coltex”) from Coltex Rogala sp.j., Star Telecom Sp. z o.o. and R.S. Trading Lachowscy sp.j.

The consideration for the 100% shares of Coltex amounted to PLN 27.5.

a) Provisional consideration transferred

	Provisional value of consideration transferred consideration
Cash transferred for the 100% shares of Coltex	27.5
Provisional value as at 1 March 2018	27.5

b) Reconciliation of transactional cash flow

Cash transferred	(27.5)
Cash and cash equivalents received	7.0
Cash decrease in the period of 9 months ended 30 September 2018	(20.5)

c) Provisional fair value valuation of net assets as at acquisition date

The table below presents provisional fair values of identified assets and liabilities of the acquired companies, as at the acquisition date, and goodwill accounted for an acquisition.

Provisional fair values of assets and liabilities acquired as at 1 March 2018:

	Provisional fair value as at the acquisition date (1 March 2018)
Net assets:	
Inventories	4.0
Trade receivables and other receivables	16.1
Cash and cash equivalents	7.0
Trade liabilities and other liabilities	(22.2)
Provisional value of net assets	4.9
Consideration transferred as at 1 March 2018	27.5
Provisional goodwill	22.6

Goodwill is allocated to the “Services to individual and business customers” operating segment.

The revenue and net profit included in the interim consolidated income statement for the reporting period since 1 March 2018 contributed by Coltex amounted to PLN 0.8 and PLN 0.3, respectively. Had it been acquired on 1 January 2018 the proforma revenue and net income included in the interim consolidated income statement for the 9 months ended 30 September 2018 would have amounted to PLN 7,684.2 and PLN 750.6, respectively.

Acquisition of shares in Netia S.A.

On 22 May 2018 purchase transactions of shares of Netia S.A. (“Netia”) were concluded. As a result of the tender offer settlement on 22 May 2018:

- (i) Cyfrowy Polsat acquired 34,662,045 shares constituting in total 10.33% of the share capital of Netia and carrying the right to 34,662,045 votes at the general meeting of Netia as well as representing 10.33% of the total number of votes at Netia’s general meeting;
- (ii) Karswell Limited, with its registered office in Nicosia, Cyprus (“Karswell”) acquired 76,040,399 shares constituting in total 22.67% of the share capital of Netia and carrying the right to 76,040,399 votes at the general meeting of Netia as well as representing 22.67% of the total number of votes at Netia’s general meeting.

Directly prior to the tender offer settlement, Cyfrowy Polsat held directly 110,702,441 shares in Netia (shares acquired on 5 December 2017) constituting in total 33% of the share capital of Netia and carrying the right to 110,702,441 votes at the general meeting of Netia as well as representing 33% of the total number of votes at Netia’s general meeting.

On 5 December 2017 the Company and Karswell concluded the agreement on the joint acquisition of Netia’s shares in a tender offer and preliminary share purchase agreement - Karswell shall sell all the shares to the Company acquired for the price paid by Karswell for shares under the tender offer. Karswell shall receive an additional premium for the period between the settlement date on which Karswell acquired the last share under the tender offer and a date on which the shares acquired by Karswell under the tender offer will be sold to the Company (the “Interim Period”) in an amount equivalent to the average weighted cost of financing of the Company’s capital group provided by financial institutions, prorated to the specific portion of the price paid by Karswell for shares under the tender offer for each day of the Interim Period. Additionally, during the Interim Period Karswell shall exercise the voting rights attached to the Netia shares acquired in the Tender Offer as instructed by the Company.

On 2 July 2018 an amendment to the agreement on the joint acquisition of shares in a tender offer and preliminary share purchase agreement of 5 December 2017 was entered into with Karswell Ltd., which amends the acquirers' agreement in such way that the obligation of Cyfrowy Polsat to effect one-off acquisition of all the shares in Netia S.A. acquired by Karswell Ltd. under the tender offer was replaced by the obligation of Cyfrowy Polsat to acquire said shares in subsequent instalments.

On 3 July 2018 the Company purchased from Karswell Ltd. 17,331,023 shares in Netia S.A. for the total amount of PLN 100.0.

Taking into account the above mentioned circumstances on 22 May 2018 the Company obtained control over Netia.

As at 30 September 2018:

(i) Cyfrowy Polsat held 162,695,509 shares of Netia constituting in total 48.48% of the share capital of Netia and carrying the right to 162,695,509 votes at the general meeting of Netia as well as representing 48.48% of the total number of votes at Netia's general meeting;

(ii) Karswell held 58,709,376 shares of Netia constituting in total 17.49% of the share capital of Netia and carrying the right to 58,709,376 votes at the general meeting of Netia as well as representing 17.49% of the total number of votes at Netia's general meeting.

a) Provisional consideration transferred

	Provisional value of consideration transferred consideration
Cash transferred for the 48.5% shares of Netia by Cyfrowy Polsat	938.8
Cash transferred for the 17.5% shares of Netia by Karswell*	338.7
Provisional value of 66% shares of Netia	1,277.5

* - as at 30 September 2018 Cyfrowy Polsat presents liability due to Karswell in Trade and other payables

b) Reconciliation of transactional cash flow

Cash transferred by Cyfrowy Polsat	(300.0)
Cash and cash equivalents received	32.2
Cash decrease in the period of 9 months ended 30 September 2018	(267.8)

c) Provisional fair value valuation of net assets as at acquisition date

The table below presents provisional fair values of identified assets and liabilities of the acquired companies, as at the acquisition date, and goodwill accounted for an acquisition.

Provisional fair values of assets and liabilities acquired as at 22 May 2018:

	Provisional fair value as at the acquisition date (22 May 2018)
Net assets:	
Other property, plant and equipment	1,679.8
Other intangible assets	68.2
Investment property	25.0
Non-current deferred distribution fees	6.9
Other non-current assets	19.3
Deferred tax assets	63.1
Contract assets	19.2
Inventories	3.9
Trade and other receivables	154.7
Income tax receivable	3.4
Current deferred distribution fees	26.8
Other current assets	9.7
Cash and cash equivalents	32.2
Loans and borrowings	(259.8)
Deferred tax liabilities	(8.3)
Deferred income	(53.8)
Other non-current liabilities and provisions	(2.0)
Contract liabilities	(9.3)
Trade and other payables	(228.4)
Income tax liability	(7.3)
Provisional value of net assets (100%)	1,543.3
Provisional value of net assets attributable to non-controlling interest	525.0
Provisional value of net assets attributable to Cyfrowy Polsat Capital Group and Karswell	1,018.3
Consideration transferred for 66% of shares as at 22 May 2018	1,277.5
Provisional goodwill	259.2

During the provisional purchase price allocation the Group identified a brand "Netia", customer relationships and optical fibers. A valuation of these items to fair value has not been completed as at the date of preparation of these interim condensed consolidated financial statements and thus are included in the value of goodwill. The provisional fair value of assets and liabilities is estimated at book value as at the acquisition date.

Goodwill is allocated to the "Services to individual and business customers" operating segment.

The revenue and net profit included in the interim consolidated income statement for the reporting period since 22 May 2018 contributed by Netia capital group amounted to PLN 494.4 and PLN 29.7, respectively. Had it been acquired on 1 January 2018 the proforma revenue and net income included in the interim consolidated income statement for the 9 months ended 30 September 2018 would have amounted to PLN 8,197.5 and PLN 779.5, respectively.

Acquisition of shares in Eleven Sports Network Sp. z o.o.

On 25 May 2018 the Company's subsidiary - Telewizja Polsat Sp. z o.o. ("Telewizja Polsat") acquired 50% plus one share of Eleven Sports Network Sp. z o.o. („Eleven”) from Eleven Sports Network Ltd. („ESN LTD”).

The total price for the shares acquired under the agreement has been set at EUR 38. The share price was payable in two tranches. The first tranche in the amount of EUR 18 was paid on 25 May 2018. The second tranche was adjusted for the net debt of Eleven and paid on 31 July 2018 in the amount of EUR 17.9.

If the value of Eleven based on the results for 2020 exceeds the amount of EUR 80, then Telewizja Polsat Sp. z o.o. will be required to pay to Eleven Sports Network Ltd. an additional earn-out payment equal to 25% of the surplus of Eleven's value over the amount of EUR 80 (with Eleven's value calculated as 9x adjusted EBITDA based on Eleven's financial statements for the financial year ending 30 June 2020). The additional payment is a conditional element of the price for the purchased shares of Eleven and its estimated amount has been classified as a financial liabilities and reflected in the pre-determined purchase price of shares under item a) below.

In addition, Telewizja Polsat Sp. z o.o., Eleven Sports Network Ltd. and Eleven executed a shareholders' agreement governing the rights and obligations between the shareholders and Eleven (the "Shareholders' Agreement"). The Shareholders' Agreement includes restrictions in the disposal of Eleven's shares and contractual penalties for a breach of material provisions of the Shareholders' Agreement with the maximum contractual penalty set forth therein in the amount of EUR 10. In addition Telewizja Polsat and ESN LTD have the right to acquire the stake of the other shareholder at the market price or to dispose of their respective stake to the other shareholder at the market price (put options and call options):

- a) call option for Telewizja Polsat in the event of lack of unanimity of shareholders in situations demanding it and in the event of non-performance of this option by Telewizja Polsat - a call option for ESN LTD,
- b) call option for Telewizja Polsat in the event of a change of control over ESN LTD,
- c) mutual call options in the event of unrepaired breach of material terms of the Shareholders' Agreement,
- d) put option for ESN UK available for execution in three periods of time (1 January 2022 – 28 February 2022, 1 January 2024 – 29 February 2024, 1 January 2026 – 28 February 2026).

Put options were recognized in the consolidated balance sheet of the Company in accordance with the accounting policy described in note 4.

The privileged position of Telewizja Polsat in Eleven's Management Board, ownership of more than 50% of votes at the general meeting of shareholders of Eleven, combined with the asymmetry of the call and put options described above, constitute the basis for consolidating Eleven on the basis of control over the company. This control is not temporary, due to the long-term nature of investments in Eleven by Telewizja Polsat and sufficient financial liquidity to settle the payment obligation for the purchase of the remaining Eleven shares owned by ESN LTD in the event of the above put and call options resulting in such an obligation.

a) Provisional consideration transferred

	Provisional value of consideration transferred consideration
Cash transferred for the 50% plus one share of Eleven	154.4
Deferred payment and estimated additional payment	21.5
Provisional value	175.9

b) Reconciliation of transactional cash flow

Cash transferred	(154.4)
Cash and cash equivalents received	0.3
Cash decrease in the period of 9 months ended 30 September 2018	(154.1)

c) Provisional fair value valuation of net assets as at acquisition date

The table below presents provisional fair values of identified assets and liabilities of the acquired companies, as at the acquisition date, and goodwill accounted for an acquisition.

Provisional fair values of assets and liabilities acquired as at 25 May 2018:

	Provisional fair value as at the acquisition date (25 May 2018)
Net assets:	
Other property, plant and equipment	2.7
Other intangible assets	0.1
Programming assets	143.8
Trade receivables and other receivables	56.8
Other current assets	1.2
Cash and cash equivalents	0.3
Other liabilities and provisions	(6.0)
Deferred income	(38.1)
Trade liabilities and other liabilities	(166.6)

Consideration transferred	175.9
Provisional goodwill	178.8

Goodwill is allocated to the "Broadcasting and television production" operating segment.

The revenue and net profit included in the interim consolidated income statement for the reporting period since 25 May 2018 contributed by Eleven amounted to PLN 45.9 and PLN 5.2, respectively. Had it been acquired on 1 January 2018 the proforma revenue and net income included in the interim consolidated income statement for the 9 months ended 30 September 2018 would have amounted to PLN 7,721.4 and PLN 733.6, respectively.

Acquisition of shares in Superstacja Sp. z o.o.

On 4 June 2018 Telewizja Polsat Sp. z o.o. (Company's subsidiary) acquired 100% shares of Superstacja Sp. z o.o. („Superstacja”) from Ster Sp. z o.o., Karswell Limited and Sensor Overseas Limited.

The consideration for the 100% shares of Superstacja amounted to PLN 13.0.

a) Provisional consideration transferred

	Provisional value of consideration transferred consideration
Cash transferred for the 100% shares of Superstacja	13.0
Provisional value as at 4 June 2018	13.0

b) Reconciliation of transactional cash flow

Cash transferred	(13.0)
Cash and cash equivalents received	3.8
Cash decrease in the period of 9 months ended 30 September 2018	(9.2)

c) Provisional fair value valuation of net assets as at acquisition date

The table below presents provisional fair values of identified assets and liabilities of the acquired companies, as at the acquisition date, and goodwill accounted for an acquisition.

Provisional fair values of assets and liabilities acquired as at 4 June 2018:

	Provisional fair value as at the acquisition date (4 June 2018)
Net assets:	
Other property, plant and equipment	0.7
Trade receivables and other receivables	2.8
Cash and cash equivalents	3.8
Loans and borrowings	(7.7)
Trade liabilities and other liabilities	(1.6)
Provisional value of net assets	(2.0)
Consideration transferred as at 4 June 2018	13.0
Provisional goodwill	15.0

Goodwill is allocated to the "Broadcasting and television production" operating segment.

The revenue and net loss included in the interim consolidated income statement for the reporting period since 4 June 2018 contributed by Superstacja amounted to PLN 3.4 and PLN 0.7, respectively. Had it been acquired on 1 January 2018 the proforma revenue and net income included in the interim consolidated income statement for the 9 months ended 30 September 2018 would have amounted to PLN 7,687.7 and PLN 750.9, respectively.

Acquisition of shares in Netshare Media Group Sp. z o.o.

On 25 June 2018 Cyfrowy Polsat S.A. acquired 100% shares of Netshare Media Group Sp. z o.o. („NMG”) from Mr. Michał Jordan and Mr. Paweł Ossowski.

The consideration for the 100% shares of NMG amounted to PLN 50,000 (not in millions).

a) Provisional consideration transferred

	Provisional value of consideration transferred consideration
Cash transferred for the 100% shares of NMG	0.1
Provisional value as at 25 June 2018	0.1

b) Reconciliation of transactional cash flow

Cash transferred	(0.1)
Cash and cash equivalents received	0.0
Cash decrease in the period of 9 months ended 30 September 2018	(0.1)

c) Provisional fair value valuation of net assets as at acquisition date

The table below presents provisional fair values of identified assets and liabilities of the acquired companies, as at the acquisition date, and goodwill accounted for an acquisition.

Provisional fair values of assets and liabilities acquired as at 25 June 2018:

	Provisional fair value as at the acquisition date (25 June 2018)
Net assets:	
Trade receivables and other receivables	0.5
Cash and cash equivalents	0.0

Consideration transferred as at 25 June 2018	0.1
Provisional goodwill	1.6

Goodwill is allocated to the "Services to individual and business customers" operating segment.

The revenue and net loss included in the interim consolidated income statement for the reporting period since 25 June 2018 contributed by NMG amounted to PLN 0.0 and PLN 0.0, respectively. Had it been acquired on 1 January 2018 the proforma revenue and net income included in the interim consolidated income statement for the 9 months ended 30 September 2018 would have amounted to PLN 7,684.1 and PLN 750.6, respectively.

Additional payments for shares in ESKA TV S.A. and Lemon Records Sp. z o.o.

During 9 months ended 30 September 2018 Telewizja Polsat Sp. z o.o. (Company's subsidiary) made additional payments for shares in ESKA TV S.A. and Lemon Records Sp. z o.o. in amount of PLN 2 (above mentioned entities were acquired on 4 December 2017).

17. Operating segments

The Group operates in the following two segments:

1. services to individual and business customers segment which relates to the provision of services to the general public, including digital television transmission signal, mobile services, the Internet access services, the mobile TV services, the online TV services and production of set-top boxes,
2. broadcasting and television production segment.

The Group conducts its operating activities primarily in Poland.

The activities of the Group are grouped into segment with distinguishable scope of operations where services are rendered and merchandise delivered in a specific economic environment. Activities of defined segments are characterized by different risk levels and different investment returns from those of the Group's other segments. The operating segments also represent reportable segments of the Group.

Services to individual and business customers segment includes:

- digital pay television services which primarily relate to direct distribution of technologically advanced pay-TV services and revenues are generated mainly by pay-TV subscription fees;
- mobile telecommunication services (postpaid and mix) which generate revenues mainly from interconnection revenues, settlements with mobile network operators and subscription fees;
- mobile telecommunication prepaid services which generate revenues mainly from interconnection revenues and settlements with mobile network operators;
- fixed telecommunication services, which generate revenues mainly from subscription fees, interconnection and settlements with operators;
- providing access to broadband Internet in mobile and fixed-line technologies which generates revenues mainly from traffic and subscription fees;
- telecommunication wholesale services, including international and domestic roaming as well as telecommunication infrastructure sharing services;
- lease of optical fibers and infrastructure;
- online TV services (IPLA) available on computers, smartphones, tablets, SmartTV, game consoles and other TV equipment which generate revenues mainly from subscription fees and advertising on the Internet;
- Premium Rate services based on SMS/IVR/MMS/WAP technology;
- production of set-top boxes;
- sale of telecommunication equipment;
- sale of electric energy and other media to retail customers.

Broadcasting and television production segment consists mainly of production, acquisition and broadcasting of information and entertainment programs as well as TV series and feature films broadcasted on television and radio channels in Poland. The revenues generated by the broadcasting and television production segment relate mainly to advertising and sponsorship revenues as well as revenues from cable and satellite operators.

Management evaluates the operating segments' results based on EBITDA. The EBITDA reflects the Group's ability to generate cash in a stable environment. The Group defines EBITDA as profit from operating activities increased by depreciation, amortization, impairment and liquidation. The EBITDA is not an EU IFRS measure and thus its calculations may differ among the entities.

The table below presents a summary of the Group's revenues, expenses, acquisition of property, plant and equipment, reception equipment and other intangible assets as well as assets by operating segment for the 9 months ended 30 September 2018:

The 9 months ended 30 September 2018 (unaudited) – <i>IFRS 15 basis</i>	Services to individual and business customers	Broadcasting and television production	Consolidation adjustments	Total
Revenues from sales to third parties	6,635.9	1,048.2	-	7,684.1
Inter-segment revenues	90.5	89.3	(179.8)	-
Revenues	6,726.4	1,137.5	(179.8)	7,684.1
EBITDA (unaudited)	2,375.9	380.5	-	2,756.4
Depreciation, amortization, impairment and liquidation	1,418.1	30.7	-	1,448.8
Profit from operating activities	957.8	349.8	-	1,307.6
Acquisition of property, plant and equipment, reception equipment and other intangible assets	651.8*	43.4	-	695.2
Balance as at 30 September 2018 (unaudited)				
Assets, including:	25,033.7	5,598.4**	(236.8)	30,395.3
Investments in joint venture	3.8	33.1	-	36.9

* This item also includes the acquisition of reception equipment for operating lease purposes.

** Includes non-current assets located outside of Poland in the amount of PLN 20.4.

All material revenues are generated in Poland.

It should be noted that the data for 9 months ended 30 September 2018 allocated to the "Services to individual and business customers" segment are not comparable to the 9 months ended 30 September 2017 as LTE Holdings Limited was disposed on 19 June 2017, 51% shares in Plus Flota Sp. z o.o. (formerly Paszport Korzyści Sp. z o.o.) were acquired on 7 September 2017, 31.76% shares in Netia S.A. were acquired on 5 December 2017 and additional shares in Netia S.A. were acquired on 22 May 2018 and 3 July 2018, shares in New Media Ventures Sp. z o.o. were disposed on 8 December 2017, Coltex ST Sp. z o.o. were acquired on 1 March 2018, 45.1% shares in TVO Sp. z o.o. were acquired on 29 May 2018 and 100% shares in Netshare Media Group Sp. z o.o. were acquired on 25 June 2018.

It should be noted also that the data for 9 months ended 30 September 2018 allocated to the "Broadcasting and television production" are not comparable to the 9 months ended 30 September 2017 as Eska TV S.A. and Lemon Records Sp. z o.o. were acquired on 4 December 2017, 34.02% shares in TV Spektrum Sp. z o.o. were acquired on 4 December 2017 and additional 15.46% shares in TV Spectrum Sp. z o.o. on 2 February 2018, 50% plus one share in Eleven Sports Network Sp. z o.o. were acquired on 25 May 2018 and 100% shares in Superstacja Sp. z o.o. were acquired on 4 June 2018.

19. Contingent liabilities

Management believes that the provisions as at 30 September 2018 are sufficient to cover potential future outflows and the adverse outcome of the disputes will not have a significant negative impact on the Group's financial situation.

Proceedings before the Office of Competition and Consumer („UOKiK”)

On 27 December 2012 the President of UOKiK issued a decision ending investigations related to Polkomtel's (Company's indirect subsidiary) alleged practices which infringed upon the collective interests of consumers by presenting misleading slogans in advertising campaigns. Pursuant to the decision of the President of UOKiK Polkomtel was charged with a penalty in the amount of PLN 4.5. The company appealed to SOKiK against the decision. On 15 October 2014 SOKiK issued a decision where the penalty has been reduced to PLN 1.5. On 10 February 2016 SOKiK's decision has been revoked thus re-establishing the penalty back at PLN 4.5. On 15 March 2016 Polkomtel made a payment in the amount of PLN 1.8. On 23 March 2018, SOKiK dismissed Polkomtel's appeal by upholding the decision of the President of UOKiK. On 13 July 2018 Polkomtel made a payment in the amount of PLN 2.7. The case is finally closed.

On 23 December 2014 the President of UOKiK issued a decision ending investigations related to Polkomtel's (Company's indirect subsidiary) alleged practices which infringed upon the collective interests of consumers by including certain clauses in the terms and conditions of the online shop and including certain clauses in the equipment return policy when telecommunication agreements are terminated by the subscriber. Pursuant to the decision of the President of UOKiK Polkomtel was charged with a penalty in the amount of PLN 8.8. The company appealed to SOKiK against the decision. On 24 October 2017 the appeal has been rejected by SOKiK. The company appealed against the SOKiK verdict. On 30 August 2018 Court of Appeals issued a decision where the penalty has been reduced to PLN 1.5.

On 30 December 2014 the President of UOKiK issued a decision ending investigations related to Polkomtel's (Company's indirect subsidiary) alleged practices which infringed upon the collective interests of consumers by not providing its telecommunication clients (which entered into a written agreement) with terms and conditions of the preferential sales offer as well as not informing about the termination of the preferential sales offer. Pursuant to the decision of the President of UOKiK Polkomtel was charged with a penalty in the amount of PLN 6.0. The company appealed to SOKiK against the decision. On 5 March 2018, SOKiK issued a decision where the penalty has been annulled and dismissed the appeal in remaining scope. Both parties appealed to the Court of Appeals in Warsaw.

Other proceedings

On 28 April 2017, ZASP filed a lawsuit against Cyfrowy Polsat for payment of PLN 20.3. The Company issued an objection in the writ-of-payment proceedings and filed for its dismissal entirety. On 10 January 2018 the Court issued a decision to refer the case to mediation proceedings. Mediation ended without a settlement. Date of hearing was scheduled for 14 November 2018.

In addition to the matters described above, there are also other proceedings, for which provisions have been made according the best estimates of the management board members as to potential future outflows of the economic benefits required for their settlement. Information regarding the amount of provisions was not separately disclosed, as in the opinion of the Group's Management, such disclosure could prejudice the outcome of the pending cases. Other significant proceedings described in the consolidated financial statements for the year ended 31 December 2017 remained unchanged.

20. Risk and fair value

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk.

The interim condensed consolidated financial statements do not include all financial risk management information and disclosures required in the annual consolidated financial statements. These interim condensed consolidated financial statements should be read in conjunction with the Group's annual consolidated financial statements for the year ended as at 31 December 2017. There have been no significant changes in any risk management policies since the end of year 2017.

Liquidity risk

Pursuant to Second Amendment and Restatement Deed entered into on 2 March 2018 (see note 21) the contractual cash flows related to bank loans has changed, as compared to 31 December 2017.

Fair value

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities,

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly,

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Presented below are fair values and carrying amounts of financial instruments not measured in fair value.

	Category according to IFRS 9	The level of the fair value hierarchy	30 September 2018 unaudited (IFRS 15 basis)		31 December 2017 (IAS 18 basis)	
			Fair value	Carrying amount	Fair value	Carrying amount
Loans granted	A	2	15.9	15.9	4.5	4.5
Trade and other receivables	A	*	2,675.8	2,675.8	2,454.5	2,454.5
Contract assets	A	*	655.2	655.2	-	-
Cash and cash equivalents and short-term deposits	A	*	1,151.5	1,151.5	1,161.5	1,161.5
Restricted cash	A	*	11.6	11.6	10.5	10.5
Loans and borrowings	B	2	(10,471.4)	(10,412.7)	(10,692.0)	(10,633.3)
Issued bonds	B	1	(1,011.8)	(1,007.4)	(1,036.7)	(1,018.2)
UMTS licence liabilities	B	2	(490.2)	(460.2)	(594.2)	(555.3)
Finance lease liabilities	B	2	(25.7)	(25.7)	(28.3)	(28.3)
Accruals	B	*	(803.4)	(803.4)	(760.5)	(760.5)
Trade and other payables and deposits ^[1]	B	*	(1,595.2)	(1,595.2)	(665.3)	(665.3)
Total			(9,887.7)	(9,794.6)	(10,146.0)	(10,029.9)
Unrecognized loss				(93.1)		(116.1)

A – assets subsequently measured at amortised cost

B – liabilities subsequently measured at amortised cost

* It is assumed that the fair value of these financial assets and liabilities is equal to their nominal value, therefore no evaluation methods were used in order to calculate their fair value

[1] Includes payables due to Karswell Ltd. in amount of PLN 342.8 relating to the planned purchase of Netia's shares as pursuant to the agreement entered into between Cyfrowy Polsat and Karswell Ltd.

When determining the fair value of finance lease liabilities, forecasted cash flows from the reporting date to assumed dates of lease agreements termination were analyzed. The discount rate for each payment was calculated as a WIBOR interest rate plus a margin regarding the Group's credit risk.

Trade and other receivables, trade and other payables and deposits comprise mainly receivables and payables which will be settled no later than at the end of the first month after the reporting date. It was therefore assumed that the effect of their valuation, taking into account the time value of money, would approximately be equal to their nominal value.

When determining the fair value of UMTS license liability, forecasted cash flows from the reporting date to September 2022 were discounted at EURIBOR market rate.

When determining the fair value of loans granted, forecasted cash flows from the reporting date to assumed dates of repayments of the loans were analyzed. The discount rate for each payment was calculated as an applicable WIBOR interest rate plus a margin regarding the credit risk.

As at 30 September 2018 loans and borrowings comprised bank loans and other loans. As at 31 December 2017 loans and borrowings comprised bank loans. The discount rate for each payment was calculated as a sum of implied WIBOR or EURIBOR interest rate and a margin regarding the credit risk. When determining the fair value of bank loans granted to

Cyfrowy Polsat S.A., Polkomtel Sp. z o.o. and Netia S.A. as at 30 September 2018, forecasted cash flows from the reporting date to 30 September 2022 (assumed dates of repayment of the loans) were analyzed. When determining the fair value of bank loans granted to Cyfrowy Polsat S.A. and Polkomtel Sp. z o.o. as at 31 December 2017, forecasted cash flows from the reporting date to 21 September 2020 (assumed dates of repayment of the loans as at 31 December 2017) were analyzed.

The fair value of bonds issued by Cyfrowy Polsat S.A. as at 30 September 2018 and 31 December 2017 was estimated as a last purchase price at the balance sheet date according to GPW Catalyst quotations.

As at 30 September 2018, the Group held the following financial instruments carried at fair value on the statement of financial position:

Assets measured at fair value

	30 September 2018 unaudited	Level 1	Level 2	Level 3
Derivative instruments not designated as hedging instruments		-	2.9	-
<i>Forward transactions</i>		-	0.1	-
<i>Interest rate swaps</i>		-	2.8	-
Hedging derivative instruments		-	0.2	-
<i>Interest rate swaps</i>		-	0.2	-
Investments in equity instruments		-	0.4	-
Total		-	3.5	-

Liabilities measured at fair value

	30 September 2018 unaudited	Level 1	Level 2	Level 3
Derivative instruments not designated as hedging instruments		-	(5.3)	(204.5)
<i>Forward transactions</i>		-	(0.1)	-
<i>Interest rate swaps</i>		-	(5.2)	-
<i>Put option</i>		-	-	(204.5)
Hedging derivative instruments		-	(0.7)	-
<i>Interest rate swaps</i>		-	(0.7)	-
Total		-	(6.0)	(204.5)

As at 31 December 2017, the Group held the following financial instruments carried at fair value on the statement of financial position:

Assets measured at fair value

	31 December 2017	Level 1	Level 2	Level 3
Derivative instruments not designated as hedging instruments		-	6.4	-
<i>Interest rate swaps</i>		-	6.4	-
Hedging derivative instruments		-	0.6	-
<i>Interest rate swaps</i>		-	0.6	-
Total		-	7.0	-

Liabilities measured at fair value

	31 December 2017	Level 1	Level 2	Level 3
Derivative instruments not designated as hedging instruments		-	(3.1)	-
<i>Forward transactions</i>		-	(1.5)	-
<i>Interest rate swaps</i>		-	(1.6)	-
Hedging derivative instruments		-	(0.5)	-
<i>Interest rate swaps</i>		-	(0.5)	-
Total		-	(3.6)	-

The fair value of forwards and interest rate swaps is determined using financial instruments valuation models, based on generally published currency exchange rates, interest rates, forward rate curves and volatility curves for foreign currencies taken from active markets. Fair value of derivatives is determined based on the discounted future cash flows from transactions, calculated based on the difference between the forward price and the transaction price.

21. Important agreements and events

Cross-border merger

On 9 January 2018 the Extraordinary General Meeting of the Company adopted a resolution concerning the cross-border merger by acquisition of Cyfrowy Polsat (Acquiring Company) and Eileme 1 AB (Ceasing Company). The merger was completed by transferring all of the assets and liabilities of the Ceasing Company to the Acquiring Company and dissolving the Ceasing Company without liquidation. On 28 April 2018 the cross-border merger of Cyfrowy Polsat S.A. and Eileme 1 AB (publ) was registered. The surviving entity is Cyfrowy Polsat S.A.

Decision of the Head of the Małopolska Tax Office in Cracow

On 15 February 2018 the Head of the Małopolska Tax Office in Cracow ("Tax Office") issued the decision assessing the tax liability from uncollected withholding corporate income tax in 2012 in the amount of PLN 24.2 increased by interest on tax arrears.

In the issued decision the Tax Office contested the Company's right to an exemption from the obligation to withhold income tax on certain interest payments in 2012. The Company appealed against the decision of the Tax Authority on the basis of acquired opinions issued by renowned entities. The Company has not created any provisions encumbering its financial results.

On 10 July 2018 the Tax Office upheld the previous decision dated 15 February 2018. The Company does not agree with the decision of the Tax Office in question and appealed against it to the Voivodship Administrative Court in Cracow.

The Tax Office control activities in the aforesaid matter were in progress in relation to 2013 and 2014. Custom and tax control activities has not been transformed into tax proceedings. However, if an unfavorable and, in the opinion of the Company, incorrect interpretation of tax regulations relating to disputed matter is upheld, the Tax Authority may issue a decision assessing additional tax liabilities respect for 2013 and 2014.

At present the Company does not intend to create any provisions encumbering its financial results.

Decision of the Head of the Mazovian Tax Office in Warsaw

On 30 April 2018 the Director of the Revenue Administration Regional Office in Warsaw issued a decision upholding the appealed decision of the Head of the Mazovian Tax Office in Warsaw ("Tax Office") dated 25 May 2017. The Tax Office's decision dated 25 May 2017 determines the value of tax obligation in relation to corporate income tax for the year 2011 at a higher level than the declared value, by PLN 40.6 plus accrued penalty. The Company informed about the decision in its financial statements for the year 2017.

The Company does not agree with the decision of the Director of the Revenue Administration Regional Office in Warsaw in question and appealed against it to the Voivodship Administrative Court.

At present the Company does not intend to create any provisions encumbering its financial results.

Acquisition of shares

On 2 February 2018 Company's subsidiary acquired 15.46% of shares in TV Spektrum Sp. z o.o. for the amount of PLN 11.0

On 1 March 2018 Company's indirect subsidiary acquired 100% of shares in Coltex ST Sp. z o.o. (see note 16).

On 22 May 2018 purchase transactions of shares of Netia S.A. were concluded. After the Tender Offer Settlement Cyfrowy Polsat and Karswell Ltd. hold jointly 66% of the company's share capital representing 66% of the total number of votes at the company's general meeting. For detail please refer to note 16.

On 25 May 2018 Company's subsidiary acquired 50% plus one share in Eleven Sports Network Sp. z o.o. (see note 16).

On 29 May 2018 Company's subsidiary acquired 45.1% of shares in TVO Sp. z o.o. for the amount of PLN 4.5.

On 4 June 2018 Company's subsidiary acquired 100% share in Superstacja Sp. z o.o. (see note 16).

On 25 June 2018 Cyfrowy Polsat acquired 100% shares in Netshare Media Group Sp. z o.o. (see note 16).

Amendments and restatement deed to the facilities agreement

On 2 March 2018 the Company (acting as the obligors' agent) and UniCredit Bank AG (acting as finance parties' agent) entered into Second Amendment and Restatement Deed to the Facilities Agreement dated 21 September 2015 and amended by the Amendment, Restatement and Consolidation Deed dated 21 September 2015. The Second Amendment and Restatement Deed amends *inter alia* the termination date of the Term Facility and the Revolving Facility to 30 September 2022 (originally set on 21 September 2020). Pursuant to the agreement the repayment schedule has been changed as follows:

- in years 2019-2021 the Term Facility annual payments amount to PLN 1,017.6,
- in 2022 the Term Facility payments amount to PLN 6,626.7.

The Second Amendment and Restatement Deed also amends the level of the ratio of consolidated net debt to consolidated EBITDA, upon achieving of which the Company may request the release of security established in connection with the Facilities Agreement (excluding the release of guarantees granted pursuant to the Facilities Agreement) or after exceeding of which the Company shall re-establish the released security, is revised to 3.00:1 (originally 1.75:1).

The primary objective of the capital resources management policy of Cyfrowy Polsat Capital Group remains the continued reduction of indebtedness below the level of 1.75x consolidated net debt/consolidated EBITDA.

The legal dispute in respect to the telecommunication concession

There is a pending legal dispute in respect to the telecommunication concession for the 1800 MHz frequency granted in 2007 to Mobyland Sp. z o.o. (now Aero 2 Sp. z o.o.) and CenterNet S.A. (now Aero 2 Sp. z o.o.). Proceedings to invalidate the 1800 MHz frequency allocation tender have been instigated by T-Mobile and Orange. Supreme Administrative Court (NSA), in its ruling dated 8 May 2014, sustained the decision of the Court of First Instance and repealed the decision issued by the President of the Office of Electronic Communications (UKE) on 23 September 2011 which partially invalidated the above mentioned tender. Following the decision of the Supreme Administrative Court, UKE informed that "the decisions regarding re-running the tender will be taken by the Office upon careful analysis of the written justification of NSA's rulings and the Court's guidelines regarding further procedure as well as upon analysis of the legal situation". UKE also stated that the 'reservation decisions issued by UKE President remained valid while the operators could continue providing their services while using these frequencies'. On 23 December 2016 President of UKE notified the parties that the tender annulment proceedings relating to the 1800 MHz frequency have been adopted. Pursuant to the decision dated 4 August 2017 President of UKE notified the parties that the tender dated 2007 has been annulled. On 13 October 2017 Aero 2 Sp. z o.o. (a successor of CenterNet S.A. and Mobyland Sp. z o.o.) filed a motion to reconsider the decision of the President of UKE dated 4 August 2017 concerning the annulment of the tender procedure. On 31 January 2018 the President of UKE upheld its decision dated 4 August 2017. On 7 March 2018 Aero2 filed a complaint with the Provincial Administrative Court in Warsaw, on 4 October 2018 complaint was dismissed. After receiving the justification of the judgment, Aero2 will decide whether to file a cassation appeal to the Supreme Administrative Court.

The decision issued by UKE President does not affect reservation decisions issued following the administrative tender. In accordance with President of UKE's press release, these reservation decisions remain valid and telecommunication operators may continue to provide their services based on these reservation decisions. In management's opinion this issue should have no negative impact on the results and financial condition of the Group. Accordingly, no valuation adjustment has been made in these consolidated financial statements.

Changes in shareholder structure

On 29 January 2018, Sensor Overseas Limited disposed of 21,041,375 shares of the Company, constituting 3.29% of the share capital and representing 5.14% of the total number of the votes at the General Meeting of the Company.

On 26 January 2018, Karswell Limited ("Karswell") disposed of 16,577,107 shares of the Company, constituting 2.59% of the share capital and representing 2.02% of the total number of the votes at the General Meeting of the Company. On 26 April 2018, Karswell disposed of 123,411,161 shares of the Company, constituting 19.30% of the share capital and representing 15.07% of the total number of the votes at the General Meeting of the Company.

On 29 January 2018 Reddev Investments Limited (“Reddev”) acquired 21,041,375 shares of the Company, constituting 3.29% of the share capital and representing 5.14% of the total number of the votes at the General Meeting of the Company. On 26 April 2018 Reddev acquired 123,411,161 shares of the Company, constituting 19.30% of the share capital and representing 15.07% of the total number of the votes at the General Meeting of the Company.

22. Events subsequent to the reporting date

Acquisition of shares of Netia S.A.

On 2 October 2018 the Company purchased from Karswell Ltd. 58,709,376 shares in Netia S.A. for the total amount of PLN 338.8. Following the transaction Cyfrowy Polsat directly holds 65.98% of Netia’s share capital.

Merger

On 31 October 2018 the Extraordinary General Meeting of the Company adopted a resolution concerning the merger by acquisition of Cyfrowy Polsat (Acquiring Company) and Cyfrowy Polsat Trade Marks Sp. z o.o. (Ceasing Company). The merger will be completed by transferring all of the assets and liabilities of the Ceasing Company to the Acquiring Company and dissolving the Ceasing Company without liquidation.

23. Other disclosures

Security relating to loans and borrowings

Establishment of security for loan facilities

The Group entered into a series of agreements establishing collateral under the SFA Agreement, Senior Notes and loans acquired upon acquisition of Litenite. Detailed information in respect to the agreements is presented in the Management Report in note 4.3.6.

Commitments to purchase programming assets

As at 30 September 2018 the Group had outstanding contractual commitments in relation to purchases of programming assets. The table below presents a maturity analysis for such commitments:

	30 September 2018	31 December 2017
	unaudited	
within one year	310.0	192.6
between 1 to 5 years	458.0	612.1
more than 5 years	19.3	15.0
Total	787.3	819.7

The table below presents commitments to purchase programming assets from related parties not included in the consolidated financial statements:

	30 September 2018 unaudited	31 December 2017
within one year	0.8	0.2
Total	0.8	0.2

Contractual liabilities related to purchases of non-current assets

Total amount of contractual liabilities resulting from agreements on the production and purchasing of property, plant and equipment was PLN 251.7 as at 30 September 2018 (PLN 110.4 as at 31 December 2017). Total amount of contractual liabilities resulting from agreements for the purchases of intangible assets as at 30 September 2018 was PLN 230.5 (PLN 272.5 as at 31 December 2017).

Other

The tax authorities may at any time inspect the books and records within 5 years from the end of the year when a tax declaration was submitted, and may impose additional tax assessments with penalty interest and penalties. Furthermore, on 15 July 2016 provisions of General Anti-Avoidance Rule (GAAR) were introduced, which aim at preventing establishing and using artificial legal arrangements with tax savings as its principal purpose. Frequent amendments in the tax laws and contradicting legal interpretations among the tax authorities result in uncertainties and lack of consistency in the tax system, which in fact lead to difficulties in the judgement of the tax consequences in the foreseeable future.

24. Judgments, financial estimates and assumptions

The preparation of consolidated financial statements in conformity with IFRS EU requires the Management Board to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenues and costs. Estimates and underlying assumptions are based on historical data and other factors considered as reliable under the circumstances, and their results provide grounds for an assessment of the carrying amounts of assets and liabilities which cannot be based directly on any other sources. Actual results may differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Detailed description of the accounting estimates is presented in the annual consolidated financial statements. Detailed description of the accounting estimates relating to the implementation of the new standards is included in note 4.

Notes to the Interim Condensed Financial Statements

General information

1. The Company

Cyfrowy Polsat S.A. ('the Company', 'Cyfrowy Polsat') was incorporated in Poland as a joint stock company. The Company's shares are traded on the Warsaw Stock Exchange. The Company's registered head office is located at 4a Łubinowa Street in Warsaw.

The Company operates in Poland as a provider of a paid digital satellite platform under the name of 'Cyfrowy Polsat' and paid digital terrestrial television as well as telecommunication services provider.

The Company was incorporated under the Notary Deed dated 30 October 1996.

The Company is the Parent Company of Cyfrowy Polsat S.A. Capital Group (the 'Group').

On 28 April 2018 the cross-border merger of Cyfrowy Polsat S.A. and Eileme 1 AB (publ) was registered.

On 22 May 2018 the tender offer settlement for the sale of shares in Netia S.A. ('Netia') have been settled and on 3 July 2018 the Company acquired from Karswell Ltd. the first installment of shares in Netia. As at 30 September 2018 Cyfrowy Polsat holds 48.48% of the share capital of Netia and Karswell Limited holds 17.49% of the share capital of Netia. According to agreement signed between Cyfrowy Polsat and Karswell Limited ('Karswell') on 5 December 2017, Cyfrowy Polsat controls 66% of votes at the general meeting of Netia since 22 May 2018.

On 25 June 2018 Cyfrowy Polsat acquired 100% shares in Netshare Media Group Sp. z o.o.

As at 30 September 2018, the Group encompasses the Company, Polkomtel Sp. z o.o. and its subsidiaries and joint ventures, Polkomtel Infrastruktura Sp. z o.o. Telewizja Polsat Sp. z o.o. and its subsidiaries and joint ventures, Netia S.A. and its subsidiaries, Cyfrowy Polsat Trade Marks Sp. z o.o. and its subsidiaries, INFO-TV-FM Sp. z o.o., Interphone Service Sp. z o.o., Teleaudio Dwa Sp. z o.o. Sp.k., Orsen Holding Limited and its subsidiaries and Netshare Media Group Sp. z o.o.

2. Composition of the Management Board of the Company

- Tobiasz Solorz	President of the Management Board,
- Dariusz Działkowski	Member of the Management Board,
- Tomasz Gillner-Gorywoda	Member of the Management Board,
- Aneta Jaskólska	Member of the Management Board,
- Agnieszka Odorowicz	Member of the Management Board,
- Katarzyna Ostap-Tomann	Member of the Management Board,
- Maciej Stec	Member of the Management Board.

3. Composition of the Supervisory Board of the Company

- Marek Kapuściński	President of the Supervisory Board,
- Józef Birka	Member of the Supervisory Board,
- Robert Gwiazdowski	Member of the Supervisory Board,
- Aleksander Myszka	Member of the Supervisory Board,
- Leszek Reksa	Member of the Supervisory Board,
- Tomasz Szelaąg	Member of the Supervisory Board,
- Piotr Żak	Member of the Supervisory Board (from 28 June 2018).

4. Basis of preparation of the interim condensed financial statements

Statement of compliance

These interim condensed financial statements for the 9 months ended 30 September 2018 have been prepared in accordance with the International Accounting Standard 34 *Interim Financial Reporting*. These interim condensed financial statements should be read together with the annual financial statements for the year ended 31 December 2017, which have been prepared in accordance with International Financial Reporting Standards as adopted by the EU (IFRS EU). These interim condensed financial statements have been prepared on a going concern basis.

The Company as the Parent Company prepared the interim condensed consolidated financial statements (approved on 7 November 2018). These interim condensed financial statements should be read together with the interim condensed consolidated financial statements.

The Company applies, for the first time, IFRS 15 Revenue from Contracts with Customers ("IFRS 15") and IFRS 9 Financial Instruments ("IFRS 9"). As required in IAS 34 Interim Financial Reporting, the nature and effect of these changes are disclosed below.

Several other amendments and interpretations apply for the first time in 2018, but do not have material impact on the interim condensed financial statements of the Company.

The accounting policies adopted in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31 December 2017, except for the adoption of new, amended Standards or Interpretations that apply to the annual reporting periods beginning on or after 1 January 2018.

IFRS 9 Financial Instruments

IFRS 9 *Financial Instruments* sets out requirements for recognizing and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items. This standard replaced IAS 39 Financial Instruments: Recognition and Measurement.

IFRS 9 contains a new classification and measurement approach for financial assets that reflects the business model in which assets are managed and their cash flow characteristics. IFRS 9 contains following principal classification categories for financial assets: measured at amortised cost, at fair value through other comprehensive income and at fair value through profit or loss. The new classification requirements didn't have material impact on its accounting for trade receivables, loans, investments in debt securities and investments in equity securities that are managed on a fair value basis.

Loans as well as trade and other receivables are held to collect contractual cash flows and are expected to give rise to cash flows representing solely payments of principal and interest. The Company analysed the contractual cash flow characteristic of those instruments and concluded that they meet the criteria for amortised cost measurement under IFRS 9.

IFRS 9 replaced the 'incurred loss' model in IAS 39 with a forward-looking 'expected credit loss' ('ECL') model. This requires considerable judgement about how changes in economic factors affect ECLs, which will be determined on a probability-weighted basis. Implementation of the forward-looking model did not have a significant effect on the Company's bad debt allowance.

In addition IFRS 9 includes optional hedge accounting requirements. The Company chose as its accounting policy choice to continue to apply the hedge accounting requirements of IAS 39 instead of the requirements of IFRS 9.

As at 1 January 2018 the classification and carrying amount of the Company's financial instruments were as follows:

			IAS 39	IFRS 9
	IAS 39 classification	IFRS 9 classification	Carrying amount	Carrying amount
Loans granted	loans and receivables	amortised cost	2.5	2.5
Trade and other receivables	loans and receivables	amortised cost	278.1	278.1
Cash and cash equivalents	loans and receivables	amortised cost	29.5	29.5
Loans and borrowings	other liabilities	amortised cost	(914.9)	(914.9)
Issued bonds	other liabilities	amortised cost	(1,018.2)	(1,018.2)
Accruals	other liabilities	amortised cost	(157.7)	(157.7)
Trade and other payables and deposits	other liabilities	amortised cost	(168.9)	(168.9)
Total			(1,949.6)	(1,949.6)

IFRS 15 Revenue from Contracts with Customers

IFRS 15 provides a single, principles-based five-step model for the determination and recognition of revenue to be applied to all contracts with customers. It replaced in particular the existing standards IAS 18 *Revenue* and IAS 11 *Construction Contracts*.

In the case of the Company, the biggest change caused by the implementation of the standard concerns the recognition of revenues from multi-element contracts, where the range of services is diversified (e.g. providing a wider range of services during the promotional period, when the subscriber is not required to pay subscription fees): the cumulative amount of revenues over the

contract term didn't change, but there was a change in the period when the revenue for the services shall be recognised and a change in the allocation of revenues between revenues from the sale of equipment and revenues from services rendered.

Earlier revenue recognition resulted in the recognition of contract assets in the balance sheet representing the Company's right to future remuneration for the products and services provided to the customer. The contract assets are presented as current assets as the Company expects the contracts to be fulfilled within a normal operating cycle.

The implementation of IFRS 15 resulted in a recognition of contract liabilities in the balance sheet. Contract liabilities represent the Company's obligation to transfer goods or services to customers, for which the Company received consideration or an amount of the consideration is due from the customer.

The Company has not identified any material rights in the contracts which should have been separately presented as Company's obligations.

The Company usually sells its services and goods through distributors who act as an agent, which means that they do not assume all the risks associated with the delivery of goods and services, therefore sales revenue are recognized at the time of sale to the end customer.

The implementation of IFRS 15 resulted in a change in the accounting policy regarding the revenue recognition. The Company's process for revenue recognition from multi-element contracts consists of:

- a) assessment of all goods and services provided to the client under the contract and identifying separate performance obligations in that contract
- b) determining and allocating the transaction prices to separate performance obligations in the contract; the allocation is based on the reference to their relative standalone selling prices that could be obtained if the promised goods and services were sold individually in a separate transaction.

IFRS 15 is applied by the Company using the "modified retrospective approach" in which the cumulative effect of initially applying the standard is recognised as an adjustment to retained earnings at the date of initial application.

The implementation of IFRS 15 had the following impact on the balance sheet as at 1 January 2018:

	1 January 2018 unaudited in accordance with IAS 18	Adjustments	1 January 2018 unaudited in accordance with IFRS 15
Reception equipment	357.9	-	357.9

Entities controlled by a person (or a close member of that person's family) who has control, joint control or significant influence over Cyfrowy Polsat S.A.	4.1	-
Total	7.7	3.8

Finance costs comprise mostly of guarantee fees in respect to the term facilities and finance costs related to the agreement on the acquisition of Netia, concluded between the Company and Karswell.

Other notes

16. Litigations

Management believes that the provisions for litigations as at 30 September 2018 are sufficient to cover potential future outflows and the adverse outcome of the disputes will not have a significant negative impact on the Company's financial situation. Information regarding the amount of provisions was not separately disclosed, as in the opinion of the Group's Management, such disclosure could prejudice the outcome of the pending cases.

On 28 April 2017, ZASP filed a lawsuit against Cyfrowy Polsat for payment of PLN 20.3. The Company issued an objection in the writ-of-payment proceedings and filed for its dismissal entirety. On 10 January 2018 the Court issued a decision to refer the case to mediation proceedings. Mediation ended without a settlement. Date of hearing was scheduled for 14 November 2018.

Other significant proceedings described in the financial statements for the year ended 31 December 2017 remained unchanged.

17. Risk and fair value

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, the risk of changes in cash flows related to interest rate risk and price risk), credit risk and liquidity risk.

The interim condensed financial statements do not include all financial risk management information and disclosures required in the annual financial statements. These interim condensed financial statements should be read in conjunction with the Company's annual financial statements for the year ended as at 31 December 2017. There have been no significant changes in any risk management policies since the end of year 2017.

Liquidity risk

Compared to 31 December 2017, the loan agreements' contractual cash flows changed pursuant to the new agreement entered into on 2 March 2018 (see note 18 for details).

Fair value

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities,

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly,

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Presented below are fair values and carrying amounts of financial instruments not measured in fair value.

	Category according to IFRS 9	Level of the fair value hierarchy	30 September 2018 unaudited (IFRS 15 basis)		31 December 2017 (IAS 18 basis)	
			Fair value	Carrying amount	Fair value	Carrying amount
Loans granted	A	2	2.0	2.0	2.5	2.5
Trade and other receivables	A	*	310.2	310.2	278.1	278.1
Contract assets	A	*	178.6	178.6	-	-
Cash and cash equivalents	A	*	356.9	356.9	29.5	29.5
Loans and borrowings	B	2	(1,297.2)	(1,290.0)	(918.7)	(914.9)
Issued bonds	B	1	(1,011.8)	(1,007.4)	(1,036.7)	(1,018.2)
Lease liability	B	2	(1.3)	(1.3)	-	-
Accruals	B	*	(155.6)	(155.6)	(157.7)	(157.7)
Trade and other payables and deposits ^[1]	B	*	(461.0)	(461.0)	(168.9)	(168.9)
Total			(2,079.2)	(2,067.6)	(1,971.9)	(1,949.6)
Unrecognized loss				(11.6)		(22.3)

A – Assets subsequently measured at amortised cost

B – Liabilities subsequently measured at amortised cost

* It is assumed that the fair value of these financial assets and liabilities is equal to their nominal value, therefore no evaluation methods were used in order to calculate their fair value.

^[1] Includes payables due to Karswell Ltd. in amount of PLN 342.8 relating to the planned purchase of Netia's shares as pursuant to the agreement entered into between Cyfrowy Polsat and Karswell Ltd.

When determining the fair value of loans granted, forecasted cash flows from the reporting date to assumed dates of repayments of the loans were analyzed. The discount rate for each payment was calculated as an applicable WIBOR or EURIBOR interest rate plus a margin regarding the credit risk.

Trade and other receivables, accruals and trade and other payables and deposits comprise mainly receivables and payables which will be settled no later than at the end of the first month after the reporting date. It was therefore assumed that the effect of their valuation, taking the effect of time value of money into account, would approximately be equal to their nominal value.

As at 30 September 2018 and 31 December 2017 loans and borrowings comprised term facility loan and cash from the Cash Management System Agreement with interest paid. The discount rate for each payment was calculated as a sum of implied WIBOR interest rate and a margin regarding the Company's credit risk. When determining the fair value of senior facility as at 30 September 2018, forecasted cash flows from the reporting date to 30 September 2022 (assumed date of repayment of the loan) were analyzed. When determining the fair value of senior facility as at 31 December 2017, forecasted cash flows from the

reporting date to 21 September 2020 (assumed as at 31 December 2017 date of repayment of the loan) were analyzed. The fair value of the Cash Management System Agreement is set as the nominal value, which is equal to carrying amount.

The fair value of bonds as at 30 September 2018 and 31 December 2017 is calculated based on the last bid price as at the balance sheet date as quoted on the Catalyst market.

As at 30 September 2018, the Company held the following financial instruments measured at fair value:

Assets measured at fair value	30 September 2018 unaudited	Level 1	Level 2	Level 3
IRS		-	0.2	-
Total		-	0.2	-

Liabilities measured at fair value	30 September 2018 unaudited	Level 1	Level 2	Level 3
IRS		-	(0.7)	-
Total		-	(0.7)	-

The fair value of interest rate swaps is determined using financial instruments valuation models, based on generally published interest rates. Fair value of derivatives is determined based on the discounted future cash flows from transactions, calculated based on the difference between the forward price and the transaction price.

As at 31 December 2017, the Company held the following financial instruments measured at fair value:

Assets measured at fair value	31 December 2017	Level 1	Level 2	Level 3
IRS		-	0.6	-
Total		-	0.6	-

Liabilities measured at fair value	31 December 2017	Level 1	Level 2	Level 3
IRS		-	(0.5)	-
Total		-	(0.5)	-

18. Important agreements and events

Cross-border merger

On 9 January 2018 the Extraordinary General Meeting of the Company adopted a resolution concerning the cross-border merger by acquisition of Cyfrowy Polsat (Acquiring Company) and Eileme 1 AB (Ceasing Company). The merger was completed by transferring all of the assets and liabilities of the Ceasing Company to the Acquiring Company and dissolving the Ceasing Company without liquidation. On 28 April 2018 the cross-border merger of Cyfrowy Polsat S.A. and Eileme 1 AB (publ) was registered. The surviving entity is Cyfrowy Polsat S.A.

Amendments and restatement deed to the facilities agreement

On 2 March 2018 the Company (acting as the obligors' agent) and UniCredit Bank AG (acting as finance parties' agent) entered into Second Amendment and Restatement Deed to the Facilities Agreement dated 21 September 2015 and amended by the Amendment, Restatement and Consolidation Deed dated 21 September 2015. The Second Amendment and Restatement Deed amends *inter alia* the termination date of the CP Term Facility and the CP Revolving Facility to 30 September 2022 (originally set on 21 September 2020). Pursuant to the agreement the repayment schedule has been changed - for details please refer to interim condensed consolidated financial statements for the period ended 30 September 2018 (note 21).

Decision of the Head of the Mazovian Tax Office in Warsaw

On 30 April 2018 the Director of the Revenue Administration Regional Office in Warsaw issued a decision upholding the appealed decision of the Head of the Mazovian Tax Office in Warsaw ("Tax Office") dated 25 May 2017. The Tax Office's decision dated 25 May 2017 determines the value of tax obligation in relation to corporate income tax for the year 2011 at a higher level than the declared value, by PLN 40.6 plus accrued penalty. The Company informed about the decision in its financial statements for the year 2017.

The Company does not agree with the decision of the Director of the Revenue Administration Regional Office in Warsaw in question and appealed against it to the Voivodship Administrative Court.

At present the Company does not intend to create any provisions encumbering its financial results.

Decision of the Head of the Małopolska Tax Office in Cracow

On 15 February 2018 the Head of the Małopolska Tax Office in Cracow ("Tax Office") issued the decision assessing the tax liability from uncollected withholding corporate income tax in 2012 in the amount of PLN 24.2 increased by interest on tax arrears.

In the issued decision the Tax Office contested the Company's right to an exemption from the obligation to withhold income tax on certain interest payments in 2012. The Company appealed against the decision of the Tax Authority on the basis of acquired opinions issued by renowned entities. The Company has not created any provisions encumbering its financial results.

On 10 July 2018 the Tax Office upheld the previous decision dated 15 February 2018. The Company does not agree with the decision of the Tax Office in question and appealed against it to the Voivodship Administrative Court in Cracow.

The Tax Office control activities in the aforesaid matter were in progress in relation to 2013 and 2014. Custom and tax control activities has not been transformed into tax proceedings. However, if an unfavorable and, in the opinion of the Company, incorrect interpretation of tax regulations relating to disputed matter is upheld, the Tax Authority may issue a decision assessing additional tax liabilities respect for 2013 and 2014.

At present the Company does not intend to create any provisions encumbering its financial results.

Acquisition of shares of Netia S.A.

The subscription for the shares of Netia S.A. under the tender offer to place subscriptions for the sale of shares of Netia S.A. as announced by Cyfrowy Polsat on 5 December 2017 ("Tender Offer"), was terminated on 14 May 2018. On 22 May 2018 the Tender Offer Settlement has been completed resulting in:

- (i) Cyfrowy Polsat acquired 34,662,045 shares of Netia S.A. constituting in total 10.33% of the company's share capital and carrying the right to 34,662,045 votes at the company's general meeting as well as representing 10.33% of the total number of votes at the company's general meeting;
- (ii) Karswell Ltd acquired 76,040,399 shares of Netia S.A. constituting in total 22.67% of the company's share capital and carrying the right to 76,040,399 votes at the company's general meeting as well as representing 22.67% of the total number of votes at the company's general meeting;
- (iii) Cyfrowy Polsat and Karswell Ltd., which entered into an agreement, acquired jointly 110,702,444 shares in Netia S.A. constituting in total 33% of the company's share capital and carrying the right to 110,702,444 votes at the company's general meeting.

Directly prior to the Tender Offer Settlement, Cyfrowy Polsat held directly 110,702,441 shares in Netia S.A. constituting in total 33% of the company's share capital and carrying the right to 110,702,441 votes at the company's general meeting as well as representing 33% of the total number of votes at the company's general meeting.

After the Tender Offer Settlement Cyfrowy Polsat and Karswell Ltd. hold jointly 221,404,885 shares of Netia S.A. constituting in total 66% of the company's share capital and carrying the right to the total of 221,404,885 votes at the company's general meeting as well as representing 66% of the total number of votes at the company's general meeting.

Pursuant to the agreement entered into on 5 December 2017, Karswell shall sell all the shares to the Company acquired for the price paid by Karswell for shares under the tender offer. Karswell shall receive an additional premium for the period between the settlement date on which Karswell acquired the last share under the tender offer and a date on which the shares acquired by Karswell under the tender offer will be sold to the Company (the "Interim Period") in an amount equivalent to the average weighted cost of financing of the Company's capital group provided by financial institutions, prorated to the specific portion of the price paid by Karswell for shares under the tender offer for each day of the Interim Period. Additionally, during the Interim Period Karswell shall exercise the voting rights attached to the Netia shares acquired in the Tender Offer as instructed by the Company.

On 2 July 2018 an amendment to the agreement on the joint acquisition of shares in a tender offer and preliminary share purchase agreement of 5 December 2017 was entered into with Karswell Ltd., which amends the acquirers' agreement in such way that the obligation of Cyfrowy Polsat to effect one-off acquisition of all the shares in Netia S.A. acquired by Karswell Ltd. under the tender offer was replaced by the obligation of Cyfrowy Polsat to acquire said shares in subsequent instalments.

On 3 July 2018 the Company purchased from Karswell Ltd. 17,331,023 shares in Netia S.A. for the total amount of PLN 100.0. Following the transaction as at 30 September 2018 Cyfrowy Polsat directly held 48.48% of Netia's share capital.

As at 30 September 2018 Cyfrowy Polsat presents liability due to Karswell in Trade and other payables.

Changes in shareholder structure

On 29 January 2018, Sensor Overseas Limited disposed of 21,041,375 shares of the Company, constituting 3.29% of the share capital and representing 5.14% of the total number of the votes at the General Meeting of the Company.

On 26 January 2018, Karswell Limited ("Karswell") disposed of 16,577,107 shares of the Company, constituting 2.59% of the share capital and representing 2.02% of the total number of the votes at the General Meeting of the Company. On 26 April 2018, Karswell disposed of 123,411,161 shares of the Company, constituting 19.30% of the share capital and representing 15.07% of the total number of the votes at the General Meeting of the Company.

On 29 January 2018 Reddev Investements Limited ("Reddev") acquired 21,041,375 shares of the Company, constituting 3.29% of the share capital and representing 5.14% of the total number of the votes at the General Meeting of the Company. On 26 April 2018 Reddev acquired 123,411,161 shares of the Company, constituting 19.30% of the share capital and representing 15.07% of the total number of the votes at the General Meeting of the Company.

19. Other disclosures

Security relating to loans and borrowings

Establishment of collateral for loan facilities

The Company entered into a series of agreements establishing collateral under the facilities agreement. Detailed information in respect to the agreements is presented in the Management Report in note 4.3.6.

Other securities

The Company provided guarantees and surety to its subsidiaries in respect to purchase contracts. Information regarding the amounts of guarantees provided was not separately disclosed, as in the opinion of the Group's Management, such disclosure could have a negative impact on the relations with the third parties.

Contractual liabilities related to purchases of non-current assets

Total amount of capital commitments resulting from agreements on property construction and improvements was PLN 3.2 as at 30 September 2018 (PLN 0.4 as at 31 December 2017). Additionally the amount of deliveries and services committed to under agreements for the purchases of licences and software as at 30 September 2018 was PLN 0.7 (PLN 0.3 as at 31 December 2017).

Contractual liabilities related to purchase of data transfer services

Total amount of capital commitments resulting from agreements on data transfer services as at 30 September 2018 was PLN 88.3 (PLN 353.2 as at 31 December 2017).

Other

The tax authorities may at any time inspect the books and records within 5 years from the end of the year when a tax declaration was submitted, and may impose additional tax assessments with penalty interest and penalties. Furthermore, on 15 July 2016 provisions of General Anti-Avoidance Rule (GAAR) were introduced, which aim at preventing establishing and using artificial legal arrangements with tax savings as its principal purpose. Frequent amendments in the tax laws and contradicting legal interpretations among the tax authorities result in uncertainties and lack of consistency in the tax system, which in fact lead to difficulties in the judgement of the tax consequences in the foreseeable future.

20. Events subsequent to the reporting date

Acquisition of shares of Netia S.A.

On 2 October 2018 the Company purchased from Karswell Ltd. 58,709,376 shares in Netia S.A. for the total amount of PLN 338.8. Following the transaction Cyfrowy Polsat directly holds 65.98% of Netia's share capital.

Merger

On 31 October 2018 the Extraordinary General Meeting of the Company adopted a resolution concerning the merger by acquisition of Cyfrowy Polsat (Acquiring Company) and Cyfrowy Polsat Trade Marks Sp. z o.o. (Ceasing Company). The merger will be completed by transferring all of the assets and liabilities of the Ceasing Company to the Acquiring Company and dissolving the Ceasing Company without liquidation.

21. Judgments, financial estimates and assumptions

The preparation of interim condensed financial statements in conformity with IFRS EU requires the Management Board to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets,

liabilities, revenues and costs. Estimates and underlying assumptions are based on historical data and other factors considered as reliable under the circumstances, and their results provide grounds for an assessment of the carrying amounts of assets and liabilities which cannot be based directly on any other sources. Actual results may differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Detailed description of the accounting estimates is presented in the annual financial statements. Detailed description of the accounting estimates relating to the implementation of the new standards is included in note 4.
