Plaza Centers N.V. ([www.plazacenters.com](http://www.plazacenters.com)) is listed on the Main Board of the London Stock Exchange, as of 19 October 2007, on the Warsaw Stock Exchange (LSE: "PLAZ", WSE: "PLZ/PLAZACNTR") and, on the Tel Aviv Stock Exchange.

## **Forward-looking statements**

This press release may contain forward-looking statements with respect to Plaza Centers N.V. future (financial) performance and position. Such statements are based on current expectations, estimates and projections of Plaza Centers N.V. and information currently available to the company. Plaza Centers N.V. cautions readers that such statements involve certain risks and uncertainties that are difficult to predict and therefore it should be understood that many factors can cause actual performance and position to differ materially from these statements.

## **MANAGEMENT STATEMENT**

During first half of 2024 the Company also continued cost reductions in administrative expenses and costs of operations. In connection with Casa Radio Project, as stated above, the Company issued a Notice of Dispute and Acceptance of Offer and Consent to Arbitrate to Romania with respect to the Project and we hope this will help us to unblock the current status of the Project. In addition, on December 4, 2023 the Company and AFI Europe N.V. ("AFI Europe") agreed to extend the Long Stop Date, which is the date on which the parties will execute a share purchase agreement, subject to the satisfaction of conditions precedent (the "SPA"), until December 31, 2024.

Due to the board and management estimation that the Company is unable to serve its entire debt according to the current redemption date (January 1, 2025) in its current liquidity position, the Company intends to request from the bondholders of both series (Series A and Series B) postponement of the repayment of the remaining balance of the bonds.

## **Results**

During the first half of the year, Plaza recorded a €8.9 million loss attributable to the shareholders of the Company (30 June 2023: €0.6 million). Total result of operations excluding finance income and finance cost was a loss of €0.9 million in 2024 compared to reported loss of €0.9 million in the first half of 2023. The losses were mainly due to administrative expenses and arbitration costs.

## **Liquidity & Financing**

Plaza ended the period with a consolidated cash position of circa €4.6 million, compared to €5.7 million at the end of 2023.

As of June 30, 2024, the Group's outstanding obligation to bondholders (including accrued interests) are app. €142.3 million.

As disclosed in Note 6(d) below the Company was not able to meet its final redemption obligation to its (Series A and Series B) bondholders, due on July 1, 2024, and the bondholders approved to postpone the final redemption date to January 1, 2025.

Due to the board and management estimation that the Company is unable to serve its entire debt according to the current bond's repayment schedule in its current liquidity position, the Company intends to request the bondholders of both series to postpone the repayment of the remaining balance of the bonds. However, there is an uncertainty if the bondholders will approve the request. In the case that the bondholders would declare their remaining claims to become immediately due and payable, the Company would not be in a position to settle those claims and would need to enter into an additional debt restructuring or might cease to be a going concern.

## Strategy and Outlook

The Company's priorities are focused on efforts to sign definitive sale agreement of Casa Radio project. The Company also intends to seek for bondholders' approval for postponement of the repayment of the bonds. In addition, the Company intends to continue the cost-cutting of its operational cost.

## OPERATIONAL REVIEW

The Company's current assets are summarised in the table below (as of balance sheet date):

Asset/ Project	Location	Nature of asset	Size sqm (GLA)	Plaza's effective ownership %	Status
Casa Radio	Bucharest, Romania	Mixed-use retail, hotel and leisure plus office scheme	467,000 (GBA including parking spaces)	75	Pre-sale agreement signed

## FINANCIAL REVIEW

### Results

In 2024, the administrative expenses amounted to €0.9 million, which was comparable to the first half of 2023. Administrative expenses for both periods include expenses for legal services in respect to initiated by the Company of an arbitration process in Romania as states above in connection with Casa Radio Project.

Net finance result changed from €0.3 million gain in the first 6 months of 2023 to €8.9 million loss in the first 6 months of 2024. The main components of net finance incomes were foreign currency gain on bonds (including inflation) and interests' expenses accrued on the debentures which includes also penalty interest calculated on the deferred principal.

As a result, the loss for the period amounted to circa €8.9 million in the first 6 months of 2024, representing a basic and diluted loss per share for the period of €1.30 (H1 2022: €0.09 loss).

### **Balance sheet and cash flow**

The balance sheet as of 30 June 2024 showed total assets of €4.7 million compared to total assets of €5.8 million at the end of 2023, mainly as a result of administrative expenses and costs of operations.

The consolidated cash position (cash on standalone basis as well as fully owned subsidiaries) as of 30 June 2024 decreased to €4.6 million (31 December 2023: €5.7 million).

As of 30 June 2024, the Company has a balance sheet liability of €97.2 million from issuing bonds on the Tel Aviv Stock Exchange. Additionally, the Company recorded provision for interests on bonds as of June 30, 2024, in an amount of €45.1 million (31 December 2023: €38.8 million).

### **Disclosure in accordance with Regulation 10(B)14 of the Israeli Securities Regulations (periodic and immediate reports), 5730-1970**

#### **1. General Background**

According to the abovementioned regulation, upon existence of warning signs as defined in the regulation, the Company is obliged to attach its report's projected cash flow for a period of two years, commencing with the date of approval of the reports ("Projected Cash Flow").

The material uncertainty related to going concern was included in Note 1(b). In light of the material uncertainty that the SPA between the Company and AFI Europe N.V. will eventually be executed and/or that the transaction will be consummated as presented above or at all (refer to Note 5), the board and management estimates that the Company is unable to serve its entire debt according to the due date the bondholders approved to postpone the final redemption date. Accordingly, it is expected that the Company will not be able to meet its entire contractual obligations in the following 12 months.

With such warning signs, the Company is providing projected cash flow for the period of 24 months following for the coming two years.

#### **2. Projected cash flow**

The Company has implemented the restructuring plan that was approved by the Dutch court on July 9, 2014 (the "Restructuring Plan"). Under the Restructuring Plan, principal payments under the bonds issued by the Company and originally due in the years 2013 to 2015 were deferred for a period of four and a half years, and principal payments originally due in 2016 and 2017 were deferred for a period of one year. During first three months of 2017, the Company paid to its bondholders a total amount of NIS 191.7 million (EUR 49.2 million)

as an early redemption. Upon such payments, the Company complied with the Early Prepayment Term (early redemption at the total sum of at least NIS 382 million) and thus obtained a deferral of one year for the remaining contractual obligations of the bonds.

In January 2018, a settlement agreement was signed by and among the Company and the two Israeli Series of Bonds.

On November 22, 2018 the Company announced based on its current forecasts, that the Company expected to pay the accrued interest on Series A and Series B Bonds on December 31, 2018, in accordance with the repayment schedule determined in the Company's Restructuring Plan and Settlement Agreement with Series A and Series B Bondholders from 11 January 2018 (the "Settlement Agreement"). The Company noted that it will not meet its principal repayment due on December 31, 2018 as provided for in the Settlement Agreement. On February 18, 2019 the Company paid principal of circa EUR 250,000 and Penalty interest on arrears of EUR 150,000 following the bondholder's approval to defer principal repayment to July 1, 2019.

In addition, during June 2019 the bondholders approved the deferral of the full payment of principal due on July 1, 2019 and of 58% ("deferred interest amount") of the sum of interest (consisting of the total interest accrued for the outstanding balance of the principal, including interest for part of the principal payment which was deferred as of February 18, 2019, plus interest arrears for part of the principal which was fixed on February 18, 2019 and was not paid by the Company and all in accordance with the provisions of the trust deed; "the full amount of interest"), the effective date of which is June 19, 2019, and the payment date was fixed as of July 1, 2019. The company paid on the said date a total amount of circa EUR 1.17 million, which is only 42% of the full amount of interest.

On July 11, 2019, the Company announced that its Romanian subsidiary had signed a binding agreement to sell land in Romania (refer to Note 5(3)(f) of the consolidated financial statements as of December 31, 2020), and that the Company would use part of the proceeds now received by it EUR 0.75 million (hereinafter: "the amount payable"), in order to make a partial interest payment to the bondholders (Series A) and (Series B) issued by the Company. The payment required changes in the repayment schedule and amendments of the trust deeds which was approved unanimously by the Bondholders. The amount payable was paid on August 14, 2019 and reflects 30% of accrued interest as of that date.

On November 17, 2019, the bondholders of Series A and Series B approved a deferral of all the scheduled Principal payment and app. 87% of deferral of the scheduled Interest payment, both, as of December 31, 2019 to July 1, 2020.

Following receiving the Settlement Amount related to the final price adjustment of the sale of Belgrade Plaza and in light of the potential negative impact of the Covid-19 on the possibility to receive future proceeds from the Company's plots in India, the Company decided to increase the amount to be paid to the bondholders on

July 1, 2020, from EUR 250,000 to EUR 500,000. The amount reflected 6.74% of accrued interest as of that date.

The materialisation, occurrence consummation and execution of the events and transactions and of the assumptions on which the projected cash flow is based, including with respect to the proceeds and timing thereof, although probable, are not certain and are subject to factors beyond the Company's control as well as to the consents and approvals of third parties and certain risks factors. Therefore, delays in the realisation of the Company's assets and investments or realisation at a lower price than expected by the Company, as well as any other deviation from the Company's assumptions (such as additional expenses due to suspension of

trading, delay in submitting the statutory reports etc.), could have an adverse effect on the Company's cash flow and the Company's ability to service its indebtedness in a timely manner.

### NOTE 1: - CORPORATE INFORMATION

- a. Plaza Centers N.V. ("the Company" and together with its subsidiaries, "the Group") was incorporated and is registered in the Netherlands. The Company's registered office is at Tolstraat 112, 1074 VK, Amsterdam, the Netherlands. In the past the Company conducted its activities in the field of establishing, operating and selling of shopping and entertainment centres, as well as other mixed-use projects (retail, office, residential) in Central and Eastern Europe (starting 1996) and India (from 2006). Following debt restructuring plan approved in 2014 the Group's main focus is to reduce corporate debt by early repayments following sale of assets and to continue with efficiency measures and cost reduction where possible.

The condensed interim consolidated financial statements for each of the periods presented comprise the Company and its subsidiaries (together referred to as the "Group") and the Group's interest in jointly controlled entities.

The Company is listed on the premium segment of the Official List of the UK Listing Authority and to trading on the main market of the London Stock Exchange ("LSE"), the Warsaw Stock Exchange ("WSE") and on the Tel Aviv Stock Exchange ("TASE").

Until December 19, 2018 the Company's immediate parent company was Elbit Ultrasound (Luxemburg) B.V./ s.a.r.l ("EUL"), which held 44.9% of the Company's shares. At that date EUL informed the Company that it had signed a trust agreement according to which EUL will deposit all of its outstanding investment with a trustee and no longer consider itself to be the controlling shareholder of the Company. As of December 31, 2023 EUL had sold all of the Company's shares and therefore ceased to be a related party.

- b. Going concern and liquidity position of the Company:

As of June 30, 2024, the Company's outstanding obligations to bondholders (including accrued interests) are app. EUR 142.3 million due date of which was postponed to January 1, 2025 (the "**Current Due date**") (please refer to Note 6(d)).

Due to the above the Company's primary need is for liquidity. The Company's current and future resources include the following:

1. Cash and cash equivalents (including the cash of fully owned subsidiaries) of approximately EUR 4.6 million.
2. The Company and AFI Europe N.V. ("AFI Europe") entered into an addendum to the pre-sale agreement entered into between the Parties in connection with the sale of its subsidiary (the "SPV") which holds 75% in the Casa Radio Project (the "Project") (the "Addendum" and the "Agreement", respectively) pursuant to which the Parties agreed to extend the Long Stop Date, which is the date on which the parties will execute a share purchase agreement, subject to the satisfaction of conditions precedent (the "SPA"), until December 31, 2024. There can be no certainty that the SPA will eventually be executed and/or that the transaction will be consummated as presented above or at all.
3. In addition, as detailed in note 5(2) of the annual financial statements as of December 31, 2023, the Company has submitted with the International Centre for Settlement of Investment Disputes ("ICSID") a Request for Arbitration (the "Request") against Romania for compensation of losses incurred due to failure of the Romanian authorities to cooperate, negotiate and adjust the PPP agreement as described in the note 5(1)(c) of the annual financial statements as of December 31, 2023 which

### **NOTE 1: - CORPORATE INFORMATION (Cont.)**

include the Company's investment in the Project SPV, loss of potential profit, and costs and expenses of the arbitration.

At this stage there is no certainty about the result of the dispute, hence no resources are expected to be available in the foreseeable future.

As of June 30, 2024, the Company is not in compliance with the main Covenants as defined in the restructuring plan (for more details refer also to Note 8 of the annual financial statements as of December 31, 2023), hence under defaulted which could also trigger early repayment clause by the bondholders.

Due to the abovementioned and due to the board and management estimation that the Company is unable to serve its entire debt on the Current Due Date, the Company intends to request the bondholders of both series an additional postponement of the repayment of the remaining balance of the bonds. However, there is an uncertainty if the bondholders will approve the request. In the case that the bondholders would declare their remaining claims to become immediately due and payable, the Company would not be in a position to settle those claims and would need to enter to an additional debt restructuring or might cease to be a going concern basis.

Due to the abovementioned conditions a material uncertainty exists that casts significant doubt about the Company's ability to continue as a going concern.

The interim condensed consolidated financial statements have been prepared on a going concern basis, which assumes that the Group will be able to meet the mandatory repayment obligations of its bonds and other working capital requirements.
