

Governance structure

The information in this section refers to the date of 29 February 2024 (the approval date by the Board of Directors of the 2023 Report and Accounts - General Meeting Draft of UniCredit S.p.A. and of the 2023 Consolidated Report and Accounts of UniCredit group). Unless otherwise specified, such information refers to the Italian traditional management and control system in force at the above-mentioned date.

Introduction

UniCredit's overall corporate governance framework, i.e., the system of rules and procedures that its corporate bodies refer to steer the principles of their behavior and fulfil their various responsibilities towards the Group's stakeholders, has been defined in compliance with current national and European provisions, as well as the recommendations contained in the Italian Corporate Governance Code (hereinafter, also the "Code").

In line with practice on major international markets, the Code identifies goals for a sound corporate governance, as well as the behaviors deemed appropriate for their achievements recommended by the Italian Corporate Governance Committee to companies listed in Italy, to be applied according to the "comply or explain" principle that requires explanation in the corporate governance report of any reasons for failure to comply with one or more recommended best practices.

Moreover, UniCredit is subject to the provisions contained in the Supervisory Regulations issued by Banca d'Italia and, specifically with regards to corporate governance issues, to regulations on banks' corporate governance (Circular No.285/2013, First Part, Title IV, Chapter 1).

In compliance with the aforementioned Supervisory Regulations, as a significant bank subject to the direct prudential supervision of the European Central Bank, as well as being a listed bank, UniCredit qualifies as a bank of large size or operational complexity and consequently complies with provisions applicable to such banks.

Since 2001, UniCredit has adopted the Code, which is publicly available on the Italian Corporate Governance Committee website (<https://www.borsaitaliana.it/comitato-corporate-governance/codice/codice.en.htm>).

On an annual basis, UniCredit draws up a corporate governance report for its shareholders, institutional and non-institutional investors, and the market. The report conveys appropriate information about the UniCredit corporate governance system.

Consistently with applicable legal and regulatory obligations, and in line with the provisions of the Code, in its version as approved as at January 2020, the 2023 Report on corporate governance and ownership structure was drafted, in accordance with article 123/bis of the Legislative Decree No.58 dated 24 February 1998 (Consolidated Law on Finance, hereinafter also TUF).

The Report on corporate governance and ownership structure, approved by the Board of Directors in its meeting held on 29 February 2024, is disclosed at the same time as the Report on Operations via the Issuer's website (<https://www.unicreditgroup.eu/en/governance/our-governance-system.html>). For further information on the UniCredit corporate governance system see the first of the above documents.

As an issuer of shares that are also listed on the Frankfurt and Warsaw regulated markets, UniCredit also fulfils legal and regulatory obligations relating to listings on said markets, as well as the provisions on corporate governance stipulated under the Polish Corporate Governance Code issued by the Warsaw Stock Exchange.

Ever since its incorporation, UniCredit has adopted the Italian traditional management and control system, which is the default option envisaged by Italian law for corporations. The distinctive feature of the traditional model is that the strategic supervision and the management of the company, the overseeing of its management and the legal accounting supervision are separated. In particular, the Board of Directors is solely responsible for the strategic supervision and the management of the Company, while the Board of Statutory Auditors is entrusted with supervising its management. Legal accounting supervision is assigned to an external audit firm by the Shareholders' Meeting on the basis of a proposal from the Board of Statutory Auditors, in compliance with relevant current laws.

Moreover, the traditional management ascribes certain aspects to the sole responsibility of the Shareholders' Meeting, creating in this way an opportunity for dialogue and debate between shareholders and management about the fundamental elements of governance. These include the appointment and dismissal of directors, the appointment of the Board of Statutory Auditors members, the assignment of the mandate for the external auditing to an audit firm, the setting of the related remuneration, as well as the approval of the financial statements, the profit allocations, the resolutions on the remuneration and incentive policies and practices provided for by current provisions and the criteria to determine the compensation to be granted in the event of early termination of employment or early retirement from office.

Although this set-up has over time been efficient, the developments in the economic and regulatory context, the challenges that banks face today, the demands from market players and Regulators for an effective corporate governance ground the need for reassessing the Company's governance model.

Governance structure

As a result of the evaluations performed, the Board of Directors, in its meeting held on 31 July 2023, resolved to adopt the one-tier corporate governance system, in lieu of the traditional one. This model further improves the quality of the current governance, ensuring a greater effectiveness of controls through the integration of the control body within the Board and fully enhancing the role of the members of the control body through their direct participation in the Board's decision-making processes. The Board of Directors therefore resolved to submit to the approval of the UniCredit Shareholders' Meeting the adoption of the one-tier corporate governance system and the consequent amendments to the Articles of Association, which resolved them on 27 October 2023.

Such governance model is characterised by the presence of a Board of Directors, which performs the strategic supervision and management functions, and an Audit Committee, established within the Board, which performs control functions.

The above amendments to the Articles of Association shall become effective upon the first renewal of the corporate bodies to which they apply following the mentioned Shareholders' Meeting, except for Clause 20, concerning the procedures for the election of corporate bodies, which shall apply from the date of the notice convening the Shareholders' Meeting called to resolve on the appointment of the new corporate bodies. The first renewal of the Board of Directors will be resolved at the Shareholders' Meeting called to approve the financial statements for the year 2023.

Shareholders' Meeting

The ordinary Shareholders' Meeting of UniCredit is convened at least once a year within 180 days of the end of the financial year, to resolve upon the issues that current laws and the Articles of Association make it responsible for. An extraordinary Shareholders' Meeting is convened, instead, whenever it is necessary to resolve upon any of the matters that are exclusively attributed to it by current laws.

The Agenda of the Shareholders' Meeting is established pursuant to legal requirements and to the Articles of Association by whoever exercises the power to call a Meeting.

The ordinary Shareholders' Meeting has adopted Regulations governing ordinary and extraordinary Meetings in a functional and regular way. The Regulations are available on the Governance/Shareholders Section of the UniCredit website.

Board of Directors

The Board of Directors of UniCredit may be comprised of between a minimum of 9 up to a maximum of 24 members. At the approval date of this document, UniCredit has 12 Directors.

Directors' term in office is 3 financial years, unless a shorter term is established at the time they are appointed and ends on the date of the Shareholders' Meeting called to approve the financial statements relating to the last year in which they are in office.

The term in office of the current Board of Directors, which was appointed by the Shareholders' Meeting of 15 April 2021, will end on the date of the Shareholders' Meeting called upon to approve the 2023 financial statements.

According to the current legal and regulatory provisions, the Directors shall be appointed on the basis of a proportional representation mechanism ("voto di lista") abiding to the membership criteria concerning, inter alia, minority and independent Directors, as well as the balance between genders, pursuant to the procedures specified in Clause 20 of the Articles of Association. Legitimate parties entitled to submit slates of candidates are the Board of Directors and shareholders, who individually, or jointly with others, represent at least 0.5% of share capital in the form of shares with voting rights at ordinary Shareholders' Meetings.

The UniCredit Articles of Association envisage that, regardless of the total number of Board members, two Directors shall be appointed from the second slate receiving the highest votes, without any connection with the shareholders who, even jointly, filed, or voted for, the slate first by number of votes, to ensure that the minority shareholders have a greater presence on the Board of Directors.

The Board establishes its qualitative and quantitative composition deemed to be optimal for the effective fulfillment of the duties and responsibilities entrusted to the Board of Directors by law, by the Supervisory Provisions and by the Articles of Association, according to current provisions applicable on such topics, also concerning the time commitments and the limits upon the maximum number of offices UniCredit Directors may hold.

Moreover, Directors must take into account the provisions of Art.36 of Law Decree No.201/2011 ("ban on interlocking directorships"), approved as statute by Law No.214/2011, which establishes that holders of a seat on managerial, supervisory and controlling bodies, as well as top management officers in companies or group of companies active in banking, insurance and financial markets are forbidden from holding similar offices, or to exercise similar duties, in competing companies or groups of companies.

The function and competencies of the Board of Directors are set forth in the UniCredit Corporate Bodies and Committees Regulation, available on the Governance/Corporate Bodies Section of the UniCredit website.

Governance structure

Independence of Directors

In compliance with the provisions in force from time to time as well as in line with the criteria envisaged under the Italian Corporate Governance Code (corresponding with those envisaged under the UniCredit Articles of Association), non-executive Directors' independence shall be assessed by the Board of Directors upon their appointment, as well as during the mandate upon the occurrence of circumstances concerning their independence and, in any case, at least once a year, on the basis of information provided by the Directors themselves or however available to the Company, also considering any circumstance that affects or could affect such requirement. The outcome of these Board assessments shall be disclosed to the market after the appointment, through a press release and, subsequently, via the Corporate Governance Report.

The Corporate Governance & Nomination Committee and the Board of Directors assessed with a positive outcome the Directors' independence requirement based on statements made by the parties concerned and on information available to the Company. In 2023, the Board of Directors ascertained the Directors' independence requirements during its yearly evaluation (meeting held on 5 July).

With specific reference to the independence requirements laid down by the Italian Corporate Governance Code, due consideration was given to the information relating to the existence of direct or indirect relationships (credit, business/professional and employee relationships, as well as significant offices held) that Directors and their other connected subjects may have with UniCredit and Group companies.

In order to assess the potential significance of the above-mentioned relationships, the Board of Directors has decided not to proceed with merely identifying predefined economic thresholds above which independence would be "automatically" compromised, as such assessment requires an overall evaluation of both objective and subjective aspects. Therefore, for this purpose, the following criteria should be taken into account: (i) the nature and characteristics of the relationship; (ii) the amount in absolute and relative terms of the transactions; and (iii) the subjective profile of the relationship.

More specifically, when assessing the significance of such a relationship, the following information, where available, is considered by the Board:

- as far as credit relationships are concerned, the amount in absolute value of the credit granted, its weighting in relation to the system and, where appropriate, the economic and financial situation of the borrower;
- as far as business/professional relationships are concerned, the nature of the transaction/relationship, the amount of the consideration and, where appropriate, the economic and financial situation of the counterparty;
- as far as offices held in Group companies are concerned, the total amount of any additional remuneration.

In all of the above cases, all the parties involved (Director or family member; UniCredit or Group company) and, for relationships with companies/entities, the nature of the "connection" (post held/controlling interest) with the Director or the family member were taken into account.

At the approval date of this document, the number of independent Directors according to the provisions of the Code is equal to 9.

At its meeting held on 18 July 2023, the Board of Statutory Auditors ascertained, with a positive outcome, the proper application of the criteria and procedures adopted by the Board of Directors to assess the independence of its own members.

Committees of the Board of Directors

In order to foster an efficient information and advisory system to enable the Board of Directors better to assess the topics for which it is responsible, also in accordance with the provisions of the Code, the Board has established five Committees, vested with research, advisory and proposal-making powers diversified by sector of competence: the Internal Controls & Risks Committee, the Corporate Governance & Nomination Committee, the ESG Committee, the Remuneration Committee and the Related-Parties Committee. Their duties are undertaken based on terms of reference and procedures set forth by the Board.

The Committees consist, as a rule, of a number of members from 3 up to 5. More specifically, the Internal Controls & Risks Committee, the Corporate Governance & Nomination Committee, the ESG Committee and the Remuneration Committee, all set up in compliance with the provisions contained in the Banca d'Italia Supervisory Regulations on banks' corporate governance, are composed of non-executives Directors, mostly independent. Such Committees must be differentiated from each other by at least one member and, if a Director elected by the minorities is present, that Director is a member of at least one Committee. The Chair of each Committee shall be chosen from among the independent members. The Related-Parties Committee, set up for overseeing issues concerning transactions with related and associated parties, in compliance with the CONSOB regulatory provisions and the Banca d'Italia Supervisory Regulations, consists only of independent Directors pursuant to the Italian Corporate Governance Code.

None of the functions of one or more specialist committees on appointments, risks and remuneration envisaged by the Code has been reserved for the Board of Directors. Committee functions have been allocated among the various Committees consistently with the Code's provisions. None of these Committees, per se, performs the multiple functions of two or more committees as envisaged by the Code.

The Committee's tasks are coordinated by its Chair, who exercises all necessary powers for its proper functioning. Each Committee draws up an annual plan of activities to ensure the fulfillment of its tasks. Committee meetings are convened by the Chair with a frequency adequate to the fulfillment of its tasks and plan of activities, or when needed or requested in writing, with proper motivation, by at least two members of the Committee. The provisions set out for the Board of Directors' functioning shall apply, as compatible, to the Board Committees. In reference to the Related-Parties Committee's meetings, only for reasons of urgency, in specific cases dealing with transactions falling into the decision-making powers of the Board of Directors, a meeting may be convened at least twelve hours in advance.

Committee members have the necessary knowledge, skills and experience to perform the duties assigned to them and ensure that any other corporate positions they hold in other companies or entities (including non-Italian ones) are compatible with their availability and commitment to serve as a Committee member.

Upon invitation of each Committee Chair, the Chief Executive Officer, other Directors, the General Manager (when appointed), the Manager in charge of drafting the company financial reports, as well as personnel belonging to the Company and the Group, may attend Committee meetings on specific Agenda items. Without prejudice to the possibility for the other Statutory Auditors to attend the meetings, the Chair of the Board of Statutory Auditors, or any other Auditor designated by the latter, attends Board Committee meetings. Always at the invitation of each Committee Chair, personnel or externals appointed in the corporate bodies of the Group's subsidiaries may be called upon to attend Committee meetings.

To perform their duties, Board Committees have access to the financial resources necessary to guarantee their operational independence and, within the limitations of the budget approved by the Board of Directors, may consult independent external experts and invite them to attend meetings; in the event of specific requirements, the relevant budget may be supplemented.

The Chair of each Committee, at the first available Board of Directors meeting, reports on the activities carried out during the Committee meetings, with the support of specific documentation.

The Board Committees' composition, functions and competencies are set forth in the Corporate Bodies and Committees Regulation, available on the Governance/Corporate bodies Section of the UniCredit website.

b) Temporary replacement of unavailable members in the event of an urgent transaction

For transactions that need to be finalised urgently and require the intervention of the Related-Parties Committee during negotiations and due diligence and/or during the issue of opinions, having acknowledged the urgency and noted that the majority or all members are unable to meet or carry out the required activities in time to conclude the transaction, the Committee Chair shall promptly inform the Chair of the Board of Directors of this situation.

In any event, these circumstances must be communicated no later than the day after the Committee Chair was informed that the majority or all Committee members were not available.

Governance structure

Having consulted with the Chief Executive Officer and determined that the transaction cannot be delayed, the Chair of the Board of Directors immediately takes steps to find three Directors to sit on the Committee and follow the process for temporary substitutions in the event of conflicts of interest.

As regards sections a) and b) above, it should be noted that:

- replacements must be provided with all available information in good time before the meeting at which the Committee is called upon to express its opinion regarding the transaction;
- replacements undertake the duties allocated to them until the conclusion of the decision-making process regarding the specific transaction in question and remain involved in the decisions taken by the Committee.
