International Personal Finance

Repayment of debt

International Personal Finance plc (the “Company”) confirms that its £44,098,100 6.125% bonds due May 2020 (XS0919406800) were repaid yesterday upon their maturity.

Further details of the Company’s outstanding bond issues can be found at <https://www.ipfin.co.uk/en/investors/debt-funding-information.htm>. As part of ordinary course liability management exercises, the Company has made, and may in the future make, on-market purchases of its outstanding bonds.

International Personal Finance specialises in providing unsecured consumer credit to more than two million customers across 11 markets. The Company, via its subsidiaries, operates the world's largest home credit business and a leading fintech business, IPF Digital. A copy of this statement can be found on our website – www.ipfin.co.uk.
