Four reportable Group's business segments were influenced by seasonal movements on both summer and winter periods. The highest growth comes in summer-season (June-September) from aircraft ground handling and fuelling and private jet charter, flight and tour operations segments, and in the winter-season (October-April) increase of sales is recorded in aircraft and helicopters maintenance, repair and overhaul (MRO) and crew training segment. The Management motivates these seasonal movements to have a material effect on Group's consolidated revenue.

(All tabular amounts are in EUR '000 unless otherwise stated)

#### 7 Income tax and deferred income tax

Domestic income tax is calculated at 15 per cent of the annual profit for the year, in Poland income tax – 19 per cent, in the United Kingdom – 20 per cent, in Russian Federation – 20 per cent, in Ukraine – 18 per cent. Deferred income tax asset and liability related to the entities operating in Lithuania are calculated at 15% rate (2015: 15% rate), in Poland - at 19% rate (2015: 19% rate), in the United Kingdom – at 20% rate (2015: 20% rate), in Russian Federation – at 20% rate (2015: 20% rate), Ukraine – at 18% rate (2015: 18% rate). Deferred income tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when deferred income taxes relate to the same fiscal authority. The tax expenses from continuing operations for the period comprise current and deferred tax as follows:

	April - Jı	April - June		January - June

#### 8 Share capital

After euro adoption in 1 January 2015 and according to the Republic of Lithuania Law on redenomination to the euro of the capital and of the nominal value of securities of Public Limited Liability Companies and Private Limited Liability Companies and amendment of the Articles of Association of these Companies, the nominal value of the Company's shares were automatically converted from 1 LTL per share to 0.29 EUR per share in the Central Securities Depository of Lithuania. On 30 June 2016 the share capital of the Company amounts to EUR 2 255 555 and consists of 7 777 777 ordinary registered shares with a nominal value of 0.29 Euro each (on 31 December 2015 – 7 777 777 ordinary registered shares).

# 9 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to the parent entity's ordinary equity holders by the weighted average number of ordinary shares in issue during the period. The Group has no dilutive potential ordinary shares and therefore diluted earnings per share are the same as basic earnings per share.

## Main activities

Avia Solutions Group AB is a holding company together with its subsidiaries (hereinafter collectively – the 'Group') engaged in delivering our clients integrated aviation related services.

For management purposes, the Group is organized into business units based on the services provided, and has five reportable operating segments:

- Aircraft and Helicopter Maintenance, Repair and Overhaul (MRO);
- Aircraft Ground Handling and Fuelling;
- Crew Training and Staffing;
- Private Jet Charter, Flight and Tour Operations;
- Unallocated segment.

The Airport Infrastructure Management segment is no longer disclosed. It was reclassified to assets held for sale and was disposed on 30 September 2015. Information about discontinued operations is provided in Note 16 of the Group's Financial Statements for the six-month period ended 30 June 2016.

## Aircraft Maintenance, Repair and Overhaul (MRO)

Activities in our MRO business segment are conducted by FL Technics UAB (FL Technics), Jet Maintenance Solutions UAB (Jet Maintenance Solutions), FL Technics Line OOO (FL Technics Line), Locatory.com AB (Locatory.com), Helisota UAB (Helisota), Storm Aviation Limited (Storm Aviation), Storm Aviation (Cyprus) Limited (Storm Aviation Cyprus) and include: aircraft base and line maintenance; component management; engineering services; spare parts and consumable sales; technical training; consulting; engine maintenance management; defence aircraft component support; aircraft parts marketplace services; business jet maintenance and repair services and other related aircraft and helicopter maintenance services.

#### Base maintenance

FL Technics occupies 3 aircraft maintenance hangars together with administrative, warehouse and back shop facilities in Vilnius International Airport, Kaunas International Airport and Soekarno-Hatta International Airport, Jakarta – 31,200 sq. meters in total. The hangars are comprised of total 8 airframe maintenance bays with 3 more to come in Jakarta. Utilizing these hangars and the nearby premises FL Technics provides base maintenance services, including: aircraft base maintenance checks, structure inspection and structure repairs, routine maintenance, technical defect rectification, interior refurbishment, minor / major modifications (avionics, airframe), engine replacement, landing gear replacement and non-destructive testing.

CONSOLIDATED INTERIM REPORT

#### Line maintenance

Line maintenance is defined as maintenance that is carried out before each flight to ensure that the aircraft is airworthy and fit for the intended flight and includes: daily service and weekly checks, unscheduled checks, 24/7 AOG support troubleshooting, defect rectification and minor component replacements. As at 30 June 2016 FL Technics, Storm Aviation and Storm Aviation (Cyprus) collectively operated twenty five line stations (at 31 December 2015 - twenty one line stations).

## Continuing airworthiness management (engineering) services

FL Technics provides comprehensive engineering management services to the aircraft operators, airlines and leasing companies. Basic engineering services provided by FL Technics include: aircraft airworthiness review and renewal, engine condition monitoring, aircraft weighting, flight data read-out, monitoring and analysis and ageing aircraft programs.

## Spare parts and consumable sales

Spare parts and consumable sales are carried by the Group through FL Technics and FL Technics Line. The Group provides comprehensive spare parts management services including: planning / provisioning, purchasing, inventory control, asset management, warehousing and distribution of spare parts and consumables. One of the core competences of the Group is expanded own stock of spare parts and components in a number of locations, such as London, Vilnius, Warsaw, Moscow. Stock and in-house capabilities are listed in databases such as ILS, Parts Base and Locatory.com. The Group has offered online access to a warehouse and possibility of e-purchases to clients. FL Technics provides cost saving programmes for airlines, including engine material management and component repair management, which includes landing gear overhaul. In addition to ad hoc and pool agreements, the power-by-the-hour (PBH) and Consumable Support products have been introduced for existing and new customers.

#### Technical training and consulting services

FL Technics provides technical training for aviation specialists involved in the maintenance and repair of aircraft, as well as other specialized training programs and consulting services. The training programs, which are drawn up in accordance with the requirements of EASA, cover four main areas: basic maintenance training, aircraft type training, specialized aviation training and other consulting services. FL Technics has developed specialized online training program specifically for aircraft technical professionals worldwide: www.147training.com. Specialized aviation training includes auditors training (theory and practice), wheels and brakes training, avionics components maintenance training, implementing rules - PART-M and PART-145 training, human factors training, fuel tank safety training, quality systems training, aviation legislation training, aircraft structure repair training, engineering and planning procedures training, material management and logistics training, escape slides and life preservers maintenance training and engine borescope inspection (CFM56-3) training.

#### Engine and Components management services

FL Technics provides comprehensive engine and component management services aimed at saving its customers' time and money. Scrap replacement materials are provided during a shop visit. FL Technics also offers a number of alternative options to deal with the engine, landing gear, APU and other components' problems, including exchange, sale, purchase and lease of an engine or other components.

## Defence aircraft component support

FL Technics provides comprehensive spare parts support and overhaul of components for various types of defence aircraft.

FL Technics has possibilities to support defence vehicles with spare parts supply, overhaul and modernization services. Defence Aviation Department is approved NATO and NSPA supplier and has NATO Commercial and Government Entity Code (NCAGE) 0083R and International Traffic in Arms Regulations (ITAR) code and is a trusted service provider of MOD and MOI in Africa, Asia and CIS regions.

## Other MRO services

Other MRO services are mainly comprised of non-destructive testing (eddy current, magnetic particle, dye penetrate and ultrasonic) of airframes and components services provided by FL Technics, and of aircraft parts marketplace services provided by Locatory.com. Locatory.com develops and maintains its own trading platform catered specifically to the aircraft spare parts aftermarket while offering proactive customer support and enhancing the industry with effective supply chain management solutions.

#### Business jet MRO

Business jet MRO operations are carried by the Group through Jet Maintenance Solutions. The subsidiary is a global provider of tailor-made maintenance, repair and overhaul services for business aviation. Certified as an EASA Part-145 organization, Jet Maintenance Solutions serves business aircraft registered in the Russian Federation, Kazakhstan, Ukraine, Aruba, Bermuda and Cayman Islands. CONSOLIDATED INTERIM REPORT

FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2016

#### Revenue related to continuing operations

The total consolidated Group's revenue from continuing operations for the six-month period ended 30 June 2016 was EUR 136 million, an increase by 30 per cent over the total revenue of EUR 105 million for the six-month period ended 30 June 2015.

During the period revenue growth was noticed in all business segments as compared to the same period in 2015. *Aircraft and helicopter maintenance, repair and overhaul segment* revenue to external customers increased by EUR 16.3 million and amounted to EUR 71.7 million in 2016 as compared to EUR 55.4 million during the same period in 2015, which is a 29% increase. The growth was driven primarily by increase in spare parts and consumables sales, line maintenance services. The most significant increase (more than 360%) was noted in helicopter maintenance, repair and overhaul services, where revenue to external customers increased by almost EUR 11 million and amounted to EUR 14 million during six-month period ended 30 June 2016 as compared to EUR 3 million during the same period in 2015.

In first half-year of 2016 ground handling and fuelling segment revenue to external customers increased by EUR 11.9 million (increase of 28%) and amounted to EUR 54 million as compared to EUR 42 million during the same period in 2015. The increase was caused by increased revenue from aircraft fuel sales. Increased revenue was primarily driven by new contracts signed and significantly increased volume of fuel sold. *Baltic Ground Services* has started expansion to other countries and significantly increased position in existing airports.

*Crew training and staffing business segment's* revenue to external customers has increased by EUR 1 million (increase of 23%). During the six-month period ended 30 June 2016 subsidiaries offering training services generated revenue in amount of EUR 5.9 million. The most significant amount in this segment was generated from TRTO sales.

During the six-month period ended 30 June 2016 *private jet charter, flight and tour operations* segment generated revenue in amount of EUR 3.5 million, increase of 79% comparing to the same period in 2015. Starting its tour operator activity in April, *KIDY Tour* generated EUR 0.8 million revenue contributing to the segment's revenue.

#### Operating expenses related to continuing operations

During six-month period ended 30 June 2016 the most significant nominal change in operating expenses was due to the higher amounts sold. The most significant element in expenses is aircraft fuel expenses which totalled to EUR 45.3 million (increase of EUR 9.6 million compared to EUR 35.7 million during the same period in 2015).

Due to higher volume of sales, cost of goods purchased during first half of a year increased by EUR 5.2 million (increase of almost 28%) to EUR 24.1 million as to compare with EUR 18.9 million in the first half of 2015. In addition to that, costs of purchased services increased by EUR 6.1 million to EUR 23.3 million during the six-month period ended 30 June 2016 (almost 36% increase comparing to the same period in 2015). The most significant increase of these expenses was noted in MRO and ground handling and fuelling business segments.

The Group is constantly expanding its operations to other countries as well as developing current activities. This led to an increase of rent and maintenance of premises expenses in the first half of 2016 by 33% to EUR 3 million as to compare with EUR 2.2 million during the same period in 2015. New locations increased business travel expenses by 44% up to EUR 1.3 million.

The Group expanded the number of employees, therefore, employee related expenses during the six-month period ended 30 June 2016 increased by 21% and equalled to EUR 22.8 million compared with EUR 18.8 million during the same period in 2015.

Net financial costs increased primarily as a result of foreign exchange loss on financing activities for the six-month period ended 30 June 2016.

## Balance sheet and cash flow

During first half of the 2016 total assets of the Group increased by EUR 15.6 million or almost 13% comparing with EUR 120 million as at 31 December 2015 primarily as a result of increased levels of trade receivables in ground handling and fuelling business segment (due to increased volumes of fuel sold) and cash and cash equivalents.

During the six-month period ended 30 June 2016 total liabilities increased by EUR 11.6 million up to EUR 80.5 million primarily due to increase in advances received as well as levels of trade payables.

During the six-month period ended 30 June 2016 net cash flow generated from operating activities from continuing operations increased up to EUR 4.2 million.

During the six-month period ended 30 June 2016 net cash flow used in investing activities was EUR 3 million. The Group invested EUR 1.4 million to purchase property, plant and equipment and intangible assets and granted loans in amount of more than EUR 1 million.

CONSOLIDATED INTERIM REPORT

FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2016

#### Risk management

The main risk factors associated with the activities of the Group are as follows:

- Strategic risk;
- Demand for aviation services;
- Changes in the legal regulation of the Group's activities;
- Competition with other market players;
- Currencies' exchange rates fluctuation;
- General economic situation in the Republic of Lithuania;
- Changes in the Lithuanian legislation;
- Safety, Health and Environmental (SHE) risks.

Strategic risk arises from adverse or erroneous business decisions, improper decisions implementation or lack of response to any political or regulatory developments. During the six-month period ended 30 June 2016 the Group was constantly monitoring its' strategic risk.

*Demand for aviation services risk* is a risk of getting lower profit than planned due to adverse changes in aviation services market. During the six-month period ended 30 June 2016 the Group partly experienced the effects of downsizing Russian market.

Changes in the legal regulation of the Group's activities risk is a risk of an increase in the loss and (or) loss of goodwill and a decrease of trust which can be due to external factors (such as law violations, regulatory non-compliance, failure to comply with contractual obligations with third parties) or internal factors (such as violations of ethical standards, failure to comply with internal regulations internal fraud, etc.). Legal department manages legal compliances risks – lawyers are involved in agreement review process.

Competition with other market players risk arises when price pressure and other competitive challenges may cause the profitability of the Group's activities to deviate from the projected levels. Companies' management is constantly monitoring the market and relevant decisions to increase competitiveness are being made.

An economic downturn could have a significant detrimental effect on the achievement of the targets. This effect could be aggravated by *volatility in currencies*. The sensitivities to variations in several key currencies are analysed at the end of the year. The Group will proceed with its profit protection plans, including further control on operating working capital.

The Group has strict safety policies which mitigate Safety, Health and Environmental (SHE) risks.

The Group's activities expose it to the following financial risks: market risk (including foreign exchange risk, and cash flow and fair value interest rate risk), credit risk, liquidity risk.

The Group's Policy for Treasury Management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects of the financial performance of the Group.

The Company's financial risk management is carried out by the CFO and the Management Board.
