*The principle is applied.*

**Comments of the Company :** *See explanation to I.Z.1.15.*

**II.R.3.** Functions on the management board of a company should be the main area of the professional activity of management board members. Additional professional activities of management board members must not require so much time and effort that they could adversely affect proper performance of functions in the company. Appointment of a member of the Supervisory Board that should fulfil the conditions specified under paragraph 1, takes place in a separate ballot. With the reservation of paragraph 4, the right to propose candidates for a member of the Supervisory Board fulfilling the conditions specified under paragraph 1 shall be given to the shareholders present at the General Meeting, whose aim is appointment of a member of the Supervisory Board referred to under paragraph 1. However, pursuant to § 21 paragraph 1 item 1 of the Statute, such resolutions include the resolutions concerning: "appointment of the entity performing audit or review of consolidated and standalone financial statements of the Company, giving consent to conclusion of agreements with a given entity or its subsidiaries, subordinate entities, holding companies or subsidiaries or subordinate entities of its holding companies and for any other actions which may negatively affect independence of such entity while performing the audit or review of the financial statements of the Company".

- II.Z.4.** Annex II to the European Commission Recommendation of 15 February 2005 on the role of non-executive or supervisory directors of listed companies and on the committees of the (supervisory) board applies to the independence criteria of supervisory board members. Irrespective of the provisions of point 1(b) of the said Annex, a person who is an employee of the company or its subsidiary or affiliate or has entered into a similar agreement with any of them cannot be deemed to meet the independence criteria. In addition, a relationship with a shareholder precluding the independence of a member of the supervisory board as understood in this principle is an actual and significant relationship with any shareholder who holds at least 5% of the total vote in the company.

The principle is applied.

- II.Z.5.** Each supervisory board member should provide the other members of the supervisory board as well as the company's management board with a statement of meeting the independence criteria referred to in principle II.Z.4.

The principle is applied.

- II.Z.6.** The supervisory board should identify any relationships or circumstances which may affect a supervisory board member's fulfilment of the independence criteria. The principle is applied.

- II.Z.7.** Annex I to the Commission Recommendation referred to in principle II.Z.4 applies to the tasks and the operation of the committees of the Supervisory Board. Where the functions of the audit committee are performed by the supervisory board, the foregoing should apply accordingly.

The principle is applied.

- II.Z.8.** The chair of the audit committee should meet the independence criteria referred to in principle II.Z.4.

The principle is applied.

- II.Z.9.** To enable the supervisory board to perform its duties, the company's management board should give the supervisory board access to information on matters concerning the company.

The principle is applied.

- II.Z.10.** In addition to its responsibilities laid down in the legislation, the supervisory board should prepare and present to the ordinary general meeting once per year the following:

**II.Z.10.1** an assessment of the company's standing including an assessment of the internal control, risk management and compliance systems and the internal audit function; such assessment should cover all significant controls, in particular financial reporting and operational controls;

The principle is applied.

**II.Z.10.2** a report on the activity of the supervisory board containing at least the following information:

The principle is applied.

**Comments of the Company :** *The Company shares the need to review and give opinions on matters being the subject matter of resolutions of the General Meeting by the Supervisory Board. However, the Company cannot guarantee, that it will obtain opinion of the Supervisory Board on each matter that is to be the subject matter of a resolution of the General Meeting in time sufficient to enable the shareholders to get acquainted with it. Sometimes, due to practical reasons, it may be required that a General Meeting is convened quickly and the Supervisory Board itself will not have enough time to issue opinion before the General Meeting or to consult experts prior to issuing the opinion.*

### **III. Internal Systems and Functions**

**Listed companies should maintain efficient internal control, risk management and compliance systems and an efficient internal audit function adequate to the size of the company and the type and scale of its activity.**

#### **Recommendations**

**III.R.1.** The company's structure should include separate units responsible for the performance of tasks in individual systems or functions, unless the separation of such units is not justified by the size or type of the company's activity.

The principle is not applied.

**Comments of the Company :** *The Company does not have in its structure distinguished entities responsible for execution of tasks consisting in internal control system, risk management, compliance and internal audit.*

#### **Detailed principles**

**III.Z.1.** The company's management board is responsible for the implementation and maintenance of efficient internal control, risk management and compliance systems and internal audit function.

The principle is applied.

**III.Z.2.** Subject to principle III.Z.3, persons responsible for risk management, internal audit and compliance should report directly to the president or other member of the management board and should be allowed to report directly to the supervisory board or the audit committee.

The principle is not applied.

**Comments of the Company :** *See explanation to III.R.1.*

**III.Z.3.** The independence rules defined in generally accepted international standards of the professional internal audit practice apply to the person heading the internal audit function and other persons responsible for such tasks.

The principle is not applied.

**Comments of the Company :** *See explanation to III.R.1.*

**III.Z.4.** The person responsible for internal audit (if the function is separated in the company) and the management board should report to the supervisory board at least once per year with their assessment of the efficiency of the systems and functions referred to in principle III.Z.1 and table a relevant report.

The principle is applied.

**Comments of the Company :** *See explanation to III.R.1.*

**III.Z.5.** The supervisory board should monitor the efficiency of the systems and functions referred to in principle III.Z.1 among others on the basis of reports provided periodically by the persons responsible for the functions and the company's management board, and make an annual assessment of the efficiency of such systems and functions according to principle II.Z.10.1. Where the company has an audit committee, it should monitor the efficiency of the systems and functions referred to in principle III.Z.1, which however does not release the supervisory board from the annual assessment of the efficiency of such systems and functions.

The principle is applied.

**III.Z.6.** Where the company has no separate internal audit function in its organisation, the audit committee (or the supervisory board if it performs the functions of the audit committee) should review on an annual basis whether such function needs to be separated.

The principle is applied.

## IV. General Meeting, Shareholder Relations

**The management board and the supervisory board of a listed company should encourage the engagement of shareholders in matters of the company, in particular through active participation in the general meeting.**

**The general meeting should proceed by respecting the rights of shareholders and ensuring that passed resolutions do not infringe on reasonable interests of different groups of shareholders.**

**Shareholders who participate in a general meeting should exercise their rights in accordance with the rules of good conduct.**

### Recommendations

**IV.R.1.** Companies should strive to hold an ordinary general meeting as soon as possible after the publication of an annual report and set the date in keeping with the applicable legislation.

*The principle is applied.*

**IV.R.2.** If justified by the structure of shareholders or expectations of shareholders notified to the company, and if the company is in a position to provide the technical infrastructure necessary for a general meeting to proceed efficiently using electronic communication means, the company should enable its shareholders to participate in a general meeting using such means, in particular through:

- 1) real-life broadcast of the general meeting;
- 2) real-time bilateral communication where shareholders may take the floor during a general meeting from a location other than the general meeting;
- 3) exercise of the right to vote during a general meeting either in person or  through a plenipotentiary.

*The principle is not applied.*

**Comments of the Company :** *In the opinion of the Company, the risk of disruption of the proper course of the session due to technical and logistics reasons, whose complete elimination cannot be guaranteed by the Company, shall go beyond the shareholders' benefits resulting from the use of the above mentioned rule. The Company's position is that the present rules of participation in General Meetings ensure proper and effective exercising of the rights resulting from the shares held and sufficiently secure the interests of all shareholders, including the minority shareholders.*

**IV.R.3.** Where securities issued by a company are traded in different countries (or in different markets) and in different legal systems, the company should strive to ensure that corporate events related to the acquisition of rights by shareholders take place on the same dates in all the countries where such securities are traded.

*The principle not applicable.*

**Comments of the Company :** *The Company shares are listed on Giełda Papierów Wartościowych w Warszawie S.A. [Warsaw Stock Exchange] only.*

### Detailed principles

**IV.Z.1.** Companies should set the place and date of a general meeting so as to enable the participation of the highest possible number of shareholders.

*The principle is applied.*

**IV.Z.2.** If justified by the structure of shareholders, companies should ensure publicly available real-time broadcasts of general meetings.

*The principle is not applied.*

**Comments of the Company :** *See explanation to IV.R.2.*

**IV.Z.3.** Presence of representatives of the media should be allowed at general meetings.

*The principle is applied.*

**Comments of the Company :** *In principle, the Company acknowledges the assumptions behind this rule and considers it a good corporate practice. In its operation the Company takes numerous actions aiming at maintaining good relations with mass media and carries out efficient information policy. However, one cannot exclude a situation where the Company does not provide the representatives of mass media with a possibility to attend a General Meeting due to the necessity to ensure efficient course of the session.*

**IV.Z.4.** If the management board becomes aware a general meeting being convened pursuant to Article 399 § 2 - 4 of the Commercial Companies Code, the management board should immediately take steps which it is required to take in order to organise and conduct the general meeting. The foregoing applies also where a general meeting is convened under authority granted by the registration court according to Article 400 § 3 of the Commercial Companies Code.

*The principle is applied.*

**IV.Z.5.** The rules of general meetings and the method of conducting the meeting and adopting resolutions must not restrict the participation of shareholders in general meetings and the exercising of their rights. Amendments of the rules of the general meeting should take effect at the earliest as of the next general meeting.

*The principle is applied.*

**Comments of the Company :** *The Company practice to date, as well as the practice of many public companies does not confirm the need to introduce the rules of the general meeting that would specify in details the rules of carrying out the general meeting. Therefore, it is Company's opinion that the appropriate regulations of the Code of Commercial Companies should be sufficient grounds to efficiently conduct the general meeting in the Company, including voting in separate groups.*

- IV.Z.6.** Companies should strive to ensure that the cancellation of a general meeting, change of its date or break in its proceedings do not prevent or limit the exercising of the shareholders' rights to participate in the general meeting.  
*The principle is applied.*
- IV.Z.7.** A break in the proceedings of the general meeting may only take place in special cases, defined at each time in the justification of the resolution announcing the break, drafted on the basis of reasons provided by the shareholder requesting the break.  
*The principle is applied.*
- IV.Z.8.** A resolution of the general meeting announcing a break should clearly set the date and time when the proceedings recommence, and such date and time must not be a barrier for most shareholders, including minority shareholders, to participate in the continuation of the proceedings.  
*The principle is applied.*
- IV.Z.9.** Companies should strive to ensure that draft resolutions of the general meeting contain a justification, if it helps shareholders to pass a resolution with adequate understanding. If a matter is put on the agenda of the general meeting at the request of a shareholder or shareholders, the management board or the chair of the general meeting should request presentation of the justification of the proposed resolution. In important matters and matters which may give rise to any doubt of shareholders, the company should provide a justification, unless it otherwise provides the shareholders with information necessary to pass a resolution with adequate understanding.  
*The principle is applied.*
- IV.Z.10.** Any exercise of the rights of shareholders or the way in which they exercise their rights must not hinder the proper functioning of the governing bodies of the company.  
*The principle is applied.*
- IV.Z.11.** Members of the management board and the supervisory board should participate in a general meeting as necessary to answer questions asked at the general meeting.  
*The principle is applied.*
- IV.Z.12.** The management board should present to participants of an ordinary general meeting the financial results of the company and other relevant information contained in the financial statements to be approved by the general meeting.  
*The principle is applied.*
- IV.Z.13.** If a shareholder request information about the company, the management board of the company should provide an answer to the shareholder's request within 30 days or inform the shareholder of its refusal to provide such information where the management board has made such decision pursuant to Article 428 § 2 or § 3 of the Commercial Companies Code  
*The principle is not applied.*  
**Comments of the Company:** Pursuant to Art. 428 par. 6 of the Commercial Companies Code, the Company is not required to answer to the shareholder questions asked outside the General Meeting, which means that Company may, but does not have to answer, questions asked in such a manner. In the opinion of the Management Board, the right to request information is sometimes abused by asking detailed questions aimed at actual control over the Company's bodies, to which a shareholder of a joint-stock company is not entitled. In the reality of the Company, it may also be used in disputes between shareholders, while the Company wants to maintain a neutral position.
- IV.Z.14.** Resolutions of the general meeting should allow for a sufficient period of time between decisions causing specific corporate events and the date of determination of the rights of shareholders pursuant to such events.  
*The principle is applied.*
- IV.Z.15.** A resolution of the general meeting concerning an issue of shares with subscription rights should specify the issue price or the mechanism of setting the price or authorise the competent governing body to set the price prior to the subscription right record date within the timeframe necessary for investors to make decisions.  
*The principle is applied.*
- IV.Z.16.** The dividend record date and the dividend payment date should be set so as to ensure that the period between them is not longer than 15 business days. A longer period between these dates requires a justification.  
*The principle is applied.*
- IV.Z.17.** A resolution of the general meeting concerning a conditional dividend payment may only contain such conditions whose potential fulfilment takes place before the dividend record date.  
*The principle is applied.*
- IV.Z.18.** A resolution of the general meeting to split the nominal value of shares should not set the new nominal value of the shares below PLN 0.50, which could result in a very low unit market value of the shares, and which could consequently pose a threat to the correct and reliable valuation of the company listed on the Exchange.  
*The principle is applied.*

## **V. Conflict of Interest, Related Party Transactions**

**For the purpose of this Section, 'related party' is defined under the International Accounting Standards approved in Regulation No (EU) 1606/2002 of the European Parliament and of the Council of 19 July 2002 on the application of international accounting standards.**

**Companies should have in place transparent procedures for preventing conflicts of interest and related party transactions where a conflict of interest may occur. The procedures should provide for ways to identify, disclose and manage such cases.**

## **Recommendations**

**V.R.1.** Members of the management board and the supervisory board should refrain from professional or other activities which might cause a conflict of interest or adversely affect their reputation as members of the governing bodies of the company, and where a conflict of interest arises, immediately disclose it.  
*The principle is applied.*

## **Detailed principles**

**V.Z.1.** No shareholder should have preference over other shareholders in transactions concluded by the company with shareholders or their related parties.

*The principle is applied.*

**V.Z.2.** Members of the management board or the supervisory board should notify the management board or the supervisory board, respectively, of any conflict of interest which has arisen or may arise, and should refrain from voting on a resolution on the issue which may give rise to such a conflict of interest in their case.

*The principle is applied.*

**V.Z.3.** Members of the management board or the supervisory board must not accept any benefits which might affect their impartiality and objectivism in making decisions or reflect unfavourably on the assessment of the independence of their opinions or judgements.

*The principle is applied.*

**V.Z.4.** Where a member of the management board or the supervisory board concludes that a decision of the management board or the supervisory board, respectively, is in conflict with the interest of the company, he or she may request that the minutes of the management board or the supervisory board meeting show his or her position.

*The principle is applied.*

**V.Z.5.** Before the company concludes a significant agreement with a shareholder who holds at least 5% of the total vote in the company or with a related party, the management board should request the supervisory board's approval of the transaction. Before giving its approval, the supervisory board should evaluate the impact of the transaction on the interest of the company. The foregoing does not apply to typical transactions and transactions at arm's-length made as part of the company's operations between the company and members of its group. If the decision concerning the company's significant agreement with a related party is made by the general meeting, the company should give all shareholders access to information necessary to assess the impact of the transaction on the interest of the company before the decision is made.

*The principle is applied.*

**Comments of the Company :** *The Company shares the opinion that the managing board should seek approval of the Supervisory Board for conclusion of a significant agreement with an affiliate. Due to detailed provisions in the Company's Statute, the Company may not accept the entire rule in question with the present reading. Pursuant to §21 paragraph 1 of the Statute, the competence of the Supervisory Board shall include: „2) granting approval to conclusion of agreements between Affiliates and the Company and performing other actions for Company's Affiliates, in case the value of such agreements or actions exceeds, during consecutive 12 (twelve months), the amount of 500,000 EUR or its equivalent in other currencies, except for typical and routine actions taken at arm's length basis between the affiliates, whose nature and conditions result from the current operating activity conducted by the Company or any of its affiliates.“*

**V.Z.6.** In its internal regulations, the company should define the criteria and circumstances under which a conflict of interest may arise in the company, as well as the rules of conduct where a conflict of interest has arisen or may arise. The company's internal regulations should among others provide for ways to prevent, identify and resolve conflicts of interest, as well as rules of excluding members of the management board or the supervisory board from participation in reviewing matters subject to a conflict of interest which has arisen or may arise.

*The principle is applied.*

## **VI. Remuneration**

**A company should have a remuneration policy applicable at least to members of the company's governing bodies and key managers. The remuneration policy should in particular determine the form, structure, and method of determining the remuneration of members of the company's governing bodies and key managers.**

## **Recommendations**

**VI.R.1.** The remuneration of members of the company's governing bodies and key managers should follow the approved remuneration policy.

The principle is applied.

**VI.R.2.** The remuneration policy should be closely tied to the company's strategy, its short- and long-term goals, long-term interests and results, taking into account solutions necessary to avoid discrimination on whatever grounds.

The principle is applied.
