Assessment of the motion of the Management Board of the Bank concerning the distribution of net profit for the year 2017

The Supervisory Board of Bank Pekao S.A. assessed the motion of the Management Board of the Bank concerning the distribution of net profit of Bank Pekao S.A. for the year 2017.

The Supervisory Board gave its positive opinion on this motion having considered:

- 1) that the Bank has a strong capital position; the Common Equity Tier 1 capital ratio (CET1) of the Bank Pekao S.A. Group in December 2017, without incorporating net profit for 2017, reached the level of 16.1% (and for the Bank the CET1 amounted to 17.3%). The capital buffer of the Group above the minimum regulatory requirements of the Polish Financial Supervision Authority for Tier 1 capital amounts to 5.3 pp. The level of Tier 1 capital is above the average for the European banking sector, which amounts to 15.3%. Such a strong capital base ensures the safe position of the Bank, even in the event of volatility on the market, and it allows to pursue development plans,
- 2) that the Bank meets the criteria laid down by the Office of the Polish Financial Supervision Authority regarding the conditions and restrictions in profit distribution,
- 3) that the Bank has a low exposure to mortgage loans denominated in CHF,
- 4) compliance with the Financial Plan and Capital Management Strategy for the year 2018.

Considering the above, the Supervisory Board decided to recommend to the General Meeting to adopt the resolution on the distribution of net profit of Bank Polska Kasa Opieki Spółka Akcyjna for 2017 in the amount of PLN 2,088,128,692.79 in accordance with the motion of the Management Board of the Bank, i.e.:

- 1) the amount of PLN 2,073,513,268.60 to be allocated to the dividend,
- 2) the amount of PLN 14,615,424.19 to be allocated to reserve capitals.

According to the above-mentioned recommendation, the payment of dividend shall amount to PLN 7.90 per share, which translates into a payout ratio of 99.30% of the Bank's net profit for 2017.
